PITTSBURG DISPATCH, TUESDAY, JANUARY 6, 1891.

GIVEN A BLACK EYE.

The City Fares Poorly at the Bands of the State Supreme Court.

A DECISION KNOCKS OUT \$200,000.

Other Judgments Affecting People Living in or Near Pittsburg.

YESTI RDAY IN THE COUNTY COURTS

Parhaps the most interesting case to the city of Pittsburg, decided by the Supreme Court and reported yesterday, was that of the appeal of Louis Beinhauer et al., over 80 other people, certiorari to the Common Pleas No. 1, and in which the city gets a very black eye.

It is stated that it knocks the municipality out of a clean \$200,000 in the cases of the paving of Boggs avenue, Wyoming and Shiloh streets, Thirty-second ward, and elsewhere. The decision is held to nullify the act of Assembly of June 14, 1887, entitled, "An act authorizing and directing Councils of cities of the second class to pro-vide for the improvement of streets," etc.,

vide for the improvement of streets," etc., and also to involve the street act of 1889. Charles A. O'Brien and M. A. Wood-ward were the attorneys for the appellants, An abstreet of their petition is the setting forth that the act of June 14, 1887, is uncon-stitutional and void. Second—Li the acts were not unconstitu-tional, the assessment was illegal and void, awyhow, for the reason that the city and its agents in making the improvement did not comply with the provisions of the act. Triority of the Board of Viewers. Third—That the act of the city in ordering and directing the improvement was illegal.

he city denied the plea that the act of Asmult was void for unconstitutionality. It is denied all the eight specifications of the lannific and went further, holding that a ma-sity in interest abutting ou Boggs avenue had med for the improvement; held that the mers had no right to a trial by jury; that within arreshad no right to a trial by jury; that hence providing that an owner sustaining amages could petition Councils, the petition a let referred to the Board of Viewers to an-arase diamages; the petition should be pre-oned to Councils within 30 days after com-lation of the improvement; that before com-dencement Councils may refer the assessmen-id any damages and benefits to the Board of Viewers, to whom all claims for damages could be submitted, and none other shall dereafter be received or allowed and that in consequence the petitioners were provided with mple remedy and could not be heard on the ppeal.

What Was Held by the City.

The city held that under the ordinance and ction 12 of the act the petitioners had power to be heard; that section 21 of the act provides that hens shall not be defeated for want of any the required by law, or for informality or in-egularity in proceedings; but this language is out to be construed to prevent any defense, howing want of authority in the city or its offithe series of the work, or any other matter affect-ing the merits of the claim. The court below dismissed plaintiff's appeal from the Board of Viewers, and was per-

towaried. Counsel for appellants speaking of the ne-cossity of safeguards to the legislative mind, say that "nothing better proves the realizing need than their growth in the laws from 1556 to the time of this act, although our act of May 16, 1858, also shows how the rulers of our cities can sometimes manage legislatures to the great detriment of every citizen's rights and safety."
