WOULD BRIBE THE NEW SHERIFF.

Prospects of a Mammoth Catmeal Trust Centering at Akron.

A NEW MARLATT TRIAL IS PROBABLE.

PETECIAL TELEGRAM TO THE DISPATCH. SOMERSET, Jan. 8 .- A letter has just come to light which was written by Joe Nicely, and which he never had an opportunity to mail. The letter was for his friends outside, and states in plain words that they shall go to Sheriff Good, he being the first sheriff to come into office, and bribe him to favor the Nicelys, so that when the Sheriff took charge January 1 there would be no suspicion of his going into any scheme

The plan of the writer was to have a man The plan of the writer was to have a man go to the Sheriff and arrange to have the latter sitting in his office at a certain time with the jail keys in his hands. Eight of Nicely's friends were to enter the office, pretend to overpower him and free the two, so that there would be no blame attached to the Sheriff. The letter was found concealed in the attic, and contains one sentence, which, if written in good faith, might bear out the idea some have that the two men are innocent. The sentence is this:

"If the Sheriff will do this, and I think he will, then it is no use to look much more for evidence."

A PROPOSED NEW TRUST.

It Will Be Organized on the Plan of the Great Harvester Combine.

SPECIAL TELEGRAM TO THE DISPATCH. AKRON, Jan. 8.—The largest oatmeal mills in the country are located in this place, and to this fact is due the statement given; out that a gigantic ontmeal trust is forming here. Information has been received that as a result of the many meetings held in this and other cities, a combination of the oatmeal manufacturers will meet in Chicago, Tuesday, where they will form the "American Oatmeal Company," with Ferdinand Schumacher, of this city, as President. The result of the cambine will be the probable closing down of the smaller mills, which, however, will not affect the mills at this place. The combine is to be on the plan of the American Harvester Company trust, each mill losing its identity in the general concern, the capital stock of which will be several millions of dollars.

As the trust will use immense quantities of grain, it is expected they will be able to control the prices in certain cereals, while by running certain mills with great economy, they will be able to control the prices of their product down. It is said that the general offices of the combine will be located here. other cities, a combination of the outmeal man-

SETTLING THE DUEBER FAILURE.

A Conference Between the Company and Creditors Will Probably Do It. PEPECIAL TELEGRAM TO THE DISPATCH.1

CANTON, Jan. 8 .- A conference was held this afternoon between Manager Moore, of the Dueber Company; Assignee Douglass, Mr. Rood, the ex-President of the Hamden Works; Judge Weils, of Springfield, Mass.; Judge Day and the local Board of Trade. The meeting and the local Board of Trade. The meeting was called with a view of settling satisfactorily the present difficulties in the Dueber Company, and with a view of an early resumption of work in the factories. The result of the conference is not known, but it is understood that a proposition was submitted to the Board of Trade that will bring about this result.

The failure of the company fell heaviest on the 2,000 employes. As a result, many of them are in bad circumstances, and though they are promised a resumption of work during the present month, this does not satisfy present needs. Many of them are leaving the place for their former homes, while the majority of them, who are destinte, must remain behind.

MARLATT'S NEW TRIAL PROBABLE.

His Counsel Submits Many Arguments for Another Hearing.

PEPECIAL TELEGRAM TO THE DISPATCH. NEW LISBON, Jan. 8.-In court before Judge Nichols to-day, the counsel for Marlatt, the ondemned murderer of the old Quaker, made rguments for a new trial. The reasons given by counsel for moving for a new trial were: That the verdict was not sustained by the evi-dence; that it is contrary to the law and the charges of the Court; misconduct on the part of some members of the jury, in having expressed an opinion upon the merits of the case primilicial to the defendant before being sworn in as jurors, and of other misconduct of jurors; also the deafness of a member or menbers of the jury; newly discovered evidence material to the defendant, which he could not with reasonable diligence have discovered and produced at the trial. The general opinion here is that a new trial will be granted.

Causes of Scrofula

First of all, Scrofula is inherited. The large majority of people suffer more or less from impure blood given them by their parents. A STRUGGLE WITH DIRT Goes on in civilized society from the cradle to the grave. Dirt is degradation-and degradation is destruction. Women, especially, are judged by their habits of household cleanliness, and no stronger condemnation can be expressed than "she keeps a dirty house and a filthy kitchen." But the struggle with dirt is often unequal. The woman's weakness or the worthlessness of the soaps she uses make it impossible to overcome the demon of dirt. By the use of SAPOLIO she wins easily.
