HERE'S THE CIRCUIT.

Vice President Walz, of Baltimore, Maps Out the American Association Cities.

SAYS SALARIES MUST COME DOWN.

Harry O. Price Busy With a Great Scheme to Establish a New Circuit for Eunning Meetings.

PITTSBURG ON THE PROJECTED LIST.

Interesting Local Shooting Match at Live Pigeons-General Sporting News of the Day.

John M. Walz. Vice President of the Baltimore Association ball club, arrived in the city yesterday. As usual, the genial young magnate had much of a very interesting kind to say about baseball affairs. He has no fear of the future now and emphatically stated that two things were sure, viz,; That the Association would have a good circuit and that fancy salaries would cease. During a long and frank conversation, he

"Our new circuit will be Boston, Philadelphis, Baltimore and Washington in the East, and Columbus, Chicago, St. Louis and Louisville in the West. We will have this circuit, depend upon it. Of course, 1 am aware of the opposition of the Boston National League club, but the Boston gentlemen must remember that they cannot rule the country. We stood by the side of the League last year when desertion meant ruin to it; we belped then fight the battle that killed the enemy, and surely we have some claim for recogniti Regarding Chicago, there will be no trouble there. The city League there may try and interfere with us playing Sunday ball, but if

interfere with us playing Sunday ball, but if that League can play on Sundays, so can we. If that League stops us we will still stay in Chicago, because even without Sunday ball, we think it better than Milwaukee."

Mr. Walz continued: "Certainly, we are aware about the obsticacy of Toledo. We don't want to have any law trouble over the matter, but Toledo must go, Why, time and time again we played there, when there wasn't money enough taken in to pay our guarantee. Of course, we got it, but the city cannot, by any means, support a good team that is a team class enough for the American Association. If Teledo restres quietly, all right, and if it does not, it will still have to go, that is all there is about it. Regarding the price of admission to out it. Regarding the price of admission to I can say is that as far as I cities that want to charge 50 cents, can think we will continue at 25 cents. Mr. Prince be allowed to do so. President Taurman has everything all arranged and I don't think his plans will be changed. Mr. Thurman is an able man and devotes cansiderable time to baseball affairs. Of course, Mr. Phelps would have still been President had he desired the position."

solution."

Speaking about the players' salaries, Mr. Wair said: "They will have to come down. I'm going to try and sign Cunninghain on this trip and I'll do with him what we intend to do with Griffin, Smidle and Kilroy. We will offer them our terms and they do as they choose with them. We won't change. I would like to see Tommy Quinn before I leave this city. Of course we expect to have Tommy. We will have a good team, and I think we will all make money this year. I may add that there is no possibility whatever of Blerbauer playing in Pittsburg, or with any other League team. He will remain in the American Association, and will likely play with the Athletics."

A NEW RUNNING CIRCUIT.

Pittsburg, Cleveland, Detroit and Buffalo the Citie: Comprising It.

H. O. Price, well-known in Pittsburg as one of the most popular pool sellers in the country. has been in the city for a few days, and left for Cleveland last evening. Harry is quietly working on a scheme, which, if successful, will result in a new running circuit of four cities, including Pittsburg. He is at present extremely enthusiastic about the prospects of the scheme, and is certain that it will be carried on to a successful issue. During a conversation with the writer yesterday, he

"We have, in Cleveland, been talking over very quietly a plan which will make a very promising circuit of running meetings during the spring or fail. Colonel Edwards is much interested in it. Our idea is to make a circuit of Detroit, Cleveland, Buffale and Pittsburg. know that Detroit is willing to make the enture, and I feel certain that if Buffalo and Pittsburg get in line Cleveland will follow suit. From what I have learned in Pittsburg during the last few days, I think it safe to say

soil. From what I have learned in Pittsburg during the last few days, I think it safe to say that everything will be all right here. A few of us have had the matter discussed, and we see no great difficulty in the way."

Alf: Price was asked when the proposed race meetings would be held, and he said: "We can fix that later on. We will have to see whether the spring or fall would be the more suitable. We would have to catch the horses either coming to or from the East. My idea is to have eight weeks' raving at the four cities; that is two weeks at each place. The bookmakers' fees would pay the expenses, and we could get a good list of horses. Beside, the way we have figured the matter out we could give good purses; purses that would attract the attention of owners. I am certain that a running meeting at Homewood during May or June would pay. At any rate we are going to do our best to make the thing a go. We have been promised lots of help, and most certainly do our best to make the thing a go. We have been promised lots of help, and most certainly the circuit mapped out is a cood one."

Fitzsimmons in Training. BAY St. Louis, Jan. 9 .- Your correspondent

called at the training quarters of Rob Fitzsimmons to-day, and found him in the best of health and spirits. He talks but little, and takes life as easy as possible. He has nothing to say about his opponent, and is as modest about his pugilistic powers as he is strong and active. He was just in from one of his 12 mile 40 seconds, and he came in with a bright eve. do seconds, and he came in with a bright eye, a laugh, and looked as fresh as when he started out. His work agrees with him: his appetite is splendid and his digestion of the very best. Soon after rising in the morning he takes two eggs and a small glass of sherry. For breakfast he has dry toost, 3 or 4 lamb chops, 4 eggs fried or boiled. After his long run he dirinks his 2½ pounds of beef tea, sits for 15 minutes with heavy aweaters, after which he minutes with beavy sweaters, after which he gets a good rubbing; and for dinner he has broited chicken or rare roast beef or lamb, with plenty of vegetables. He finishes with custard and fruit. Supper consists of cold meats or chicken, dry toast, weak tea, stewed pruner and other fruit. After tea a stroll, a game of cards, and to bed at 8 o'clock. Mr. O'Neill's Philosophy.

The bewildering period of baseball is just being entered upon. It has commenced with the signing of George Miller. As stated in yesterday's DISPATCH, Miller claims that he is to receive \$3,500 for next season. President O'Neill says he is not, and Miller sticks to O'Neill says he is not, and Miller sticks to his own statement. The magnate, however, ex-plains it this way: Miller has signed to play for \$2.100 and is to receive a bonus of \$1,400. This is very tunny. The object of this piece of artifice is to give the balance of ball players to understand that \$2.000 is quite a big salary. But the fact remains that George Miller is to get \$3,500, whether it be in the shape of "bonus" or salary.

The backers of Abe Smith and Ed. Nikirk met last evening and made final arrangements for the foot race which is to take place be tween the two men named at Exposition Park tween the two men named at Exposition Park to-day. The men will run 150 yards for \$150 a side, and will be on the mark at 3:30. George Smith, the well-known sprinter, has been chosen referee, and the pistol firer will be selected to-day. Abe Smith was in the city yesterday, and was in very good condition. The race promises to be an interesting one.

A Change for Peter Priddy.

There is now an excellent chance for a sens tional sweepstake foot race between Darrin, Lou Meyers and Peter Priddy. Meyers has ssued a definite challenge to Darrin offering to run the latter either a quarter, half or three-quarters mile race for \$0,000 a side and all the gate receipts. Local sporting men think that Priddy would do well to join in and make a sweepstake race of three-quariers of a mile for about \$1,000 each. If such a race were to take place it would be a great one.

Athletes Will Meet To-Day. An important meeting of the Allegheny Ath-letic Association will be held to-day. The ob-

ject of the meeting is to get everything ready for the meeting to be held next Saturday, when the Association is to be thoroughly organized into an athletic association. The fittention is to have the organization chartered and then apply for membership in the A. A. U. When this is done arrangements will be made for a big apring athletic meeting here.

An Interesting Shooting Match. An interesting shooting contest at live birds took place yesterday at Brunot's Island. Messrs S. S. Shaner and George Snyder contested against Jim Crow and E. E. Shaner. The conditions were each man to shoot 14 pigeons for \$100 a side. After an exciting contest Messrs S. S. Shaner and Snyder won by 1 bird. The scores were: S. S. Shaner, 10; George Snyder, 14. Total, 24. E. E. Shaner, 9; Jim Crow, 14. Total, 23.

McClelland's Big Challenge. E. C. McClelland requested John Quinn yes-terday to send the following challenge to Peter Hegelman. McClelland will join in a 25-mile race with Hegelman, Cartwright, Howarth, Guerrero and anybody else for the champion-ship of America. Each contestant has to put up a small stake, and the winner to take all or half the gate receipts.

The Homestead Shoot. tinued all day. The principal prize will be a silver cup, and there will also be money prizes. Blue rocks will be used and American Association rules will govern.

Sporting Notes.

THE local magnates will hold another meeting MR. WALZ thinks John M. Ward will play in Brooklyn. ED. HANLON is expected in the city to-day. He was in New York yesterday. MR. WALE says some very interesting things regarding the baseball situation.

OUR chances of getting Bierbauer, if we ever had any, look extremely small now. THE Chicago City League threatens to play Sunday games without charge for admission if the Association puts a team in that city.

A MATCHED contest is talked of between Sher-rill of Yale, Lee of Harvard and Carry of Prince-ton, the distance to be run being 50, 190, 190 and 220 yards, for the intercollegiate championship of America.

THE make-up of the St. Louis Browns next year will be as follows: Catchers. Munyan and Boyle; pitchers, Crane. King and Stivetts; Comiskey, Bierbauer and Lyons on the bases; Ralph John-son. left field; Hugh Duffee, center field; Mc-Carthy, right, and Fuller, shortstop.

SCHENECTADY has a prodigy in the shape of a I7-year-old checker player, who is undombtedly able to cope with "Ajech" of the famous Eden Musec. He is Waiter Myers, and has defeated all comers. He has lust played ten games with Joseph Sweeney, a famous draught player of Utica. Seven were draws, two were won by Myers and one by Sweeney.

A NATCH has been arranged in London between the Earls of Shrewsbury and Lousdale for a 20-mile driving contest from Leicester to Melton. It will take place early in March. The first five miles are to be with single harness, the next five with pairs, the next five with riding postillons and pairs, and the last five miles with four-in-hand mail coaches. The stake is a large one.

A VICTORY FOR THE ROCK ISLAND. A Temporary Injunction Against the Union

Pacific at Omaha, OMAHA, Jan. 9 .- Another restraining order was issued from the District Court today, enjoining the Union Pacific Railroad and the Omaha and Republican Valley Railroad Company from interfering with the traffic of the Rock Island Company between Council Bluffs, Omaha, South Omaha, Lincoln, Beatrice and all intervening points. Application for the order was

made yesterday. Proper papers were served on Union Pacific officials vesterday at Lincoln and Beatrice, and in Omaha this morning. The order holds good until January fering with the Rock Island on all switches. sidetracks and stations. In brief, the order means that the Rock Island, according to contract, must be per-

mitted to run from Council Bluffs neros the bridge, through Omaha and Lincoln to Beatrice. The contract between the Rock Island and the Union Pacific is almost identically the same as the one between the Milwaukee and the Union Pacific. The Rock Island made no move to bring over any trains or to profit in any way by the in juction. It was given out by local officials of the road that nothing could be done be fore to-morrow, and even then no physical demonstration would take place, although some informal movement may be made,

INDIANA STATE TOPICS

Governor Hovey Opposes Features of the Australian Ballot System.

INDIANAPOLIS, Jan. 9 .- Governor Hovey's message was transmitted to the Legislature this morning. In referring to the new election law the document says that, in depriving the elector of the right to vote for any man for any office, whether he has been nominated or not, the law robs him of his constitutional right. The Chief Executive suggests that the law be so amended as to make the ballot "free." He also deplores the cost of elections, and recommends that the assessment of candidates for office by

committees be made criminal.

The Governor calls attention to the fact that great preparations are being made by several States to make exhibits at the World's Fair, several Legislatures having appropriated \$500,000 for the purpose. Indiana, he says, should not be behind her sister States. The message recommends the appropriation of no particular amount. The message concludes with the suggestion that, in view of the financial condition, the Legislature will be compelled to raise the taxes to at least 25 cents to \$100, or to authorize the State officers to borrow more money for future expenses.

PLANS OF A TRUST The Inside Facts of the New Glass Tableware Combination.

PLANTS GRADUALLY SHUT DOWN.

A Wooster Merchant Sells His Encumbered Store and Flies.

WHEELING, W. VA., Jab. 9 .- The very nside of the new glass tableware combination has been obtained from an entirely reliable source, and there can be no denial, as the authority is from the center of the com-

hine. The combination is a trust, pure and simple. Nearly all, but not quite all, of the present factories will be continued under The Homestead Gun Club will hold a big shoot to-day at the club grounds. Shooting factories, at least, and perhaps others, will be conbe disposed of by the new combination. As they are very well located, they will doubtless be converted into other manufacturing establishments. The other factories will be retained, but will only be operated when trade is brisk enough to warrant it.

The whole plot of the affair, however, is that the present factories will be finally abolished. The intention of the company is to purchase, somewhere outside of any city or town, in the natural gas field, as large or town, in the natural gas held, as large a tract of ground as may be required, and there sink its gas wells, erect hundreds of houses for its employes, and with churches, school houses and husiness blocks, erect a town, to be supported by their 30 or 40 furnaces, or even more, if the trade requires it. This final result is only a matter of time with the combine, if it prospers.

a matter of time with the commine, if it prospers.

It is expected by the members of the trust
that all of the factories now in existence will
either sell out or come into the combine, and
the few that are left are only delayed by a few
legal formalities. The trust sees, as is well
known to others, that the location of many of
the present tableware factories is very detrimental to their interests in the way of coal or
gas, or sand shipments for their goods, and proposes to remedy this state of affairs by a central location of sufficient factories to supply
the trade, and at the same time be in the very
midst of the best raw material that can be had.

A DOG'S MAD CAREER.

A Boy and Many Head of Live Stock and Poultry Bitten

PPECIAL TELEGRAN TO THE DISPATORS YORK, Jan. 9.—Last Saturday evening Elmer Wanner, aged 15, residing near Felton, and a grandson of ex-Judge Valentine Trout, was bit ten by a mad dog. The dog was first seen in Maryland and passed this way. On the farm of Albert Kauffman he bit another dog and tried to leap lifto a barnyard, but was unsuccessful. He then attacked Benjamy. Bail, who finally drove the furious animal off. Mr. Bail says the animal was large and white, and as furious as a mad tiger. The dog then played havee with Mr. Trout's chickens.

When the animal reached the farm of Mr. Wanner young Elmer was engaged in putting away the horses. The dog smelled around the horses, and then laid down, apparently exhausted. Elmer started to drive the dog out, when he was furiously attacked and bitten in the right breast. The father, hearing an outery, picked up an ax and while killing the brute the boy was bitten a second time, this time on the arm. Dr. Posey was immediately called, and cauterized the wounds and said that the boy should be sent to New York for treatment, Mr. Wanner, with his son, passed through this city to-day on their way to that city. The boy will be placed in the Bellevue Hospital under the treatment of a well-known student of Pasteur. tried to leap into a barnyard, but was unsuc

Prominent Merchant Sells Encumbered Property and Disappears.

SPECIAL TELEGRAM TO THE DISPATCH. WOOSTER, Jan. 9.—Rumors have been rife for the past few days in the business circles of this place over the strange actions of one of the most prominent men in the place. A few days ago H. E. Stanley disposed of his large clothing establishment to R. A. Christy, of Orr ville, and has since been mysteriously absent from the city. Since his disappearance claims aggregating \$15,000 have been received by dif-

ferent attorneys for collection.

It was found that an invoice on the Stanley they amounted to \$25,000 in value. The entire place was then sold to Mr.Christy for \$16,000, only \$6,000 being paid down, and the remainder was in notes, secured by real estate in Orrville. Mr. in notes, secured by real estate in Orrville. Mr. Christy claims that he bought the stock under the impression that all was paid for. THE BRADDOCK STRIKE OVER.

The Wire Mill Probably to Resume Operations Next Week.

PRECIAL TELEGUAN TO THE DISPATCH. BRADDOCK, Jan. 9 .- The strike at the Brad lock Wire mill is off. The men will return to work on condition that the two nail workers work on condition that the two nail workers, who were discharged, are reinstated, which they claim the company has promised to do.

The works were closed down for the ostensible purpose of making repairs, the difficulty or discharge of the men occurring about the same time, and it is alleyed by the strikers that the rea-on for dismissing these men had no other foundation than their supposed action in connection with the organization of the Amalgamated Association of Iron and Steel Workers here. It is almost certain that work will be resumed next week.

DON'T CARP AT THIS.

Mansfield Valley Comes Out With the Lates Fishing Yarn.

PPECIAL TELEGRAN TO THE DISPATOR. MANSFIELD VALLEY, Jan. 9 .- An excitin fishing episode happened here to-day. A large crowd gathered on the Main street bridge and were watching the efforts of a German carp to free itself from the bank, when W. E. Yates, ex-Postmaster, dashed into the water and cap ex-Postmaster, dashed into the water and cap-tured the fish after a hard struggle.

It was taken to a pair of scales and weighed is pounds, measuring over three feet and as broad as it was long. It is thought the carp es-caped from a pond at Canonsburg during the recent high tide and got this far, when it was stranded. After the fish was weighed it was thrown into the water again and so now on its way down the river.

ATTACKED BY A DRUNKEN SON.

The Timely Arrival of Assistance Prevents

THE GREAT BRADDOCK STRIKE ENDED coke man, was attacked by his son, A. B. Moore, with a butcher knife and terribly slashed. The evidence showed that young Moore had been away from town and came home under the influence of liquor, when he proceeded to raise a row with the family. His father pleaded with him, but this only seemed to exasperate him all the more, and drawing a huge knife from his pocket, he rushed at the

buge knife from his pocket, as I had build and cold gentleman.

Seizing the arm that held the knife, Mr. Moore hutfied the boy aside, but in doing so was cut on the leg. Bert then regained his feet, and was about to make another plenge at his father when Attorney A. M. Sloan, hearing the cries of the family, rushed in and felled the young man with a blow. SPECIAL WEATHER BULLETIN.

An Area of Rain and Snow Is Moving This noved slowly yesterday to the Gulf. In the States bordering on the Gulf and extending up the Mississippi Valley to Memphis, heavy rain was falling. From Cairo, north to the southern lake region, and west to North Platte snow fell. The area of rain and snow was increasing and will extend to-day to

the Atlantic States, the lake region and part of New England. A high barometric area, attended by cool, pleasant weather, was moving eastward to-day from Montreal. The temperature was below zero in New Hampshire and Maine. It was warmer in other sections. ISPECIAL TELEGRAMS TO THE DISPATCH.
