choose that which is warm and yet more or less open in texture. Take off your overcenat when you enter a warm place, whether office or private dwelling, even it your visit is to last only three minutes. If you eatch cold or develop a couch, get rid of it at once. This is better than feeling "bine" and thinking that pneumonia or consumption has marked you as a victim. The best remedy for a cough or cold (how-ever stubborn), or a sudden chill, is pure whis-key. A dose of whiskey in water will impart a generous warmth to the whole body and keep off the diseases of the seasof. Don't forget that only pure whiskey should be taken.
