FOR SALE-MISCELLANEOUS. Machinery and Metals.

J. W. Johnston et al Ys.

The Markle Paper Co. et al Inequity.

TO THE CREDITORS AND ALL OTHER parties interested in the Markle Paper Company, a corporation of the Commonwealth of Pennsylvania.

You are hereby notified that, pursuant to the order of Court herewith published, the undersiened, duly appointed master in said cause, will attend to the duties of his appointment on THURSDAY, January 29, 1851, at 3 o'clock P. M., at his office, No. 149 Fourth av., Pittsburg, when and where you may attend and prove your claims against said Markle Paper Company, on complying with the terms of said order of Court.

GEORGE P. HAMILTON, Master.

And now to wit: January 3, 1891, on motion

your claims against said Markie Faper Company, on complying with the terms of said order of Court.

GEORGE P. HAMILTON, Master.

And now to wit: January 3, 1891, on motion of Joseph Stadtelt, Cassidy & Richardson and Jacob H. Miller, counsel for intervening creditors, the above case is referred back to George P. Hamilton, Esq., master, to hear and determine the claims of the intervening plaintiffs upon their demands as stated in their respective petitions for leave to intervene; and also the claims of any other creditors of the Markle Paper Company who may present claims, and comply with the terms of this order. And the master is to cause notice to be given of the time and place of meeting for the purposes of this order by advertisement once a week for three weeks in the Pittsburg Disnatch; and such persons not original plaintiffs, or intervening plaintiffs hereinlacfore mentioned, who shall come in before the said master, to prove their claims shall, before being admitted to prove the same, file a stipulation to pay their reasonable shares of the costs and expenses, including counsel fees already incurred by the complainants in said case as shall bereafter he decreed by the court, and also to abide the further order of the Court as to costs and expenses to be incurred.

And it is further ordered that the decree heretofore entered in this case on the 2d day of November, 1883, approving the master's report, appointing S. A. McClang, Esq., receiver of the Markle Paper Company, and adjudging Margaret A. McMasters to pay said receiver the sum of eleven thousand four hundred and thirty-four dollars and twenty-nine cen z, with interest from September 2, 1889, be opened so far as to permit said Margaret A. McMasters to pay said receiver the sum of eleven thousand four hundred and thirty-four dollars and twenty-nine cen z, with interest from September 2, 1889, be opened so far as to permit said Margaret A. McMasters to introduce before the said master any competent and relevant testimony tending to relieve shall stand,

satisty said decree until the further order of the Conrt.

And the Master shall hear all competent and relevant testimony, which may be offered before him by any of the parties relative to the claims of the present intervenors, or any other creditors who hereafter may present their claims before the Master; either in proof of such claims or to establish the liability of defendant therefor and also any further testimony that the original plantiffs may produce in further support of their respective claims; or of the hability of the defendants therefor. And upon the conclusion of the taking of all testimony authorized to be taken under this order, the Muster shall make a report to the Court, of all the facts denove, with his opinion thereon together with the form of the decree.

PER CURIAM.

AN IMPORTANT TEST.

Carbon Iron Company Trying to Improve the Quality of Steel.

ADDING A PORTION OF ALUMINUM.

A Monopoly in the Making of Electric

Light Bulbs Broken. EIGHT-HOUR MOVEMENT DEPEATED

An important experiment, by which it is intended to demonstrate the practicability of making aluminum steel is now in progress at the Carbon Iron Company's Works on

Thirty-second street. The company has recently received a valuable contract for steel from the Government, the material which is known as protective deck steel, to be used in the construction of cruisers. It has long been regarded as a fact that aluminum improves they would take away over 60 men from the quality of sicel, and the company has Coroling to put them in another factory where started out to discover to what extent this

improvement can be carried. nolds was reached. Here, instead of using a top cast, a bottom cast was substituted; and, instead of pouring the metal direct into each mold separately, it was poured until they would be able to prove to the firm at Corning that it will be to their adwindle group of 12 molds. rect into each mold separately, it was poured

An Unexpected Outcome of the Affair. The experiment worked all right until a quantity of aluminum was thrown into one of the molds when the whole mass of metal. which was rapidly filling up the molds and was in a state of chullition, came in contact and heard the report of the vote on the eightwith the aluminum, its progress was arrested and the liquid steel set, or became solid.

This, of course, did not produce the results aimed at and another experiment was made with greater success. The aluminum was added earlier in the subsequent test and an ago the operation. with greater success. The aluminum was added earlier in the subsequent test and an immediate and thorough union of both substances resulted.

Mr. H. W. Lash, superintendent of the Carbon Iron Company, was seen at the works yesterday afternson. At first he was inclined to be non-committal in regard to not been carried through yet and he was satisfied that all the results attainable by

the process he had followed had not yet been reached. But he said they had gone tar enough to demonstrate beyond a doubt that aluminum steel is a success. "What we want to do," Mr. Lash continued, "is to improve the quality of sicel. it has been accepted for some time that about one-tenth of 1 per cent of sluminum added to the steel, increases its strength and

Large Contracts Almost Within Sight. "We have gone farther. We have used from two-tenths to three-tenths per cent, and and it increases the quality in proportion We use the aluminum manufactured by the Pittsburg Reduction Company, and I am satisfied we can raise the grade of steel, and while we are only beginning to do work for the Government, it will not be long until we will get larger contracts. The Goveroment is very particular about the quality of steel, and will always place contracts where the best material can be furnished What we are aiming at is to harden our steel with carbon and toughen it by the use of the aluminum, and I think before long

we will have the process perfected and can produce astonishing results."

MEETING OF ENGINEERS

The Committee on Road Legislation Con tinued With Power to Act. The recular meeting of the Western Penn rylvania Engineers' Society, last evening, vas well attended. Mr. W. L. Scalle presided. A. E. Frost, Treasure, reported the city for a site for his large establishment. The expenditures were \$1,610 61, leaving a balance on bands of \$119 69. The report of S. M. Wickersham. Socretary of the report of S. M. Wickersham. S. M. Wickersham, Secretary, showed that during the year 46 members were admitted

and 12 resigned or died leaving the mem-bership at present 370.

At the suggestion of Colonel T. P. Roberts, the committee appointed in reference o securing legislation on the question coads was continued with power to act. President W. L. Scaile at this point fered his retiring address. He referred to

the matter of success in life and the assistance the Eugineers' Society could give its Mr. Stringer is a friend of Thomas Liggett, members by their papers, discussions, adwine, etc.

When Mr. Scaife had concluded, on moion of Mr. Demoster, a resolution tendering the thanks of the society to him for his services as President was adopted. The officers for the coming year, nominated at the previous meeting, were then elected. They

were: President, T. P. Roberts; Vice President, A. E. Hunt; Directors: George S. Duvidson, Thomas H. Johnston; Secretary, H. Harlow; Treasurer, A. E. Hunt.
The meeting concluded with the reading of a paper by Charles F. Scott, giving a description of a coal mining electric plant. The plant described is in control one. The plant described is in operation in a mine of the First Pool Monongahela River

SCHEMING FOR PLACE

The Curative Bills Introduced in the Senate Are Only Flyers. BETTER ONES TO BE SUBSTITUTED.

Plan Is Suggested. WHO WILL DETERMINE THE MILLAGE

Street Improvements on the Installment

The Finance Committee of Councils met in secret session yesterday. It did not do much of anything but talk and be mys-

The members present were Messrs, Keating, Binder, Robertson, Anderson, Paul, King, Dunn, McGuire, Delaney, Bigham, McGonnigle, Angloch, Donley, Wallace, Magee, Holliday, Ford and Controller Mor-The first action was to confirm the ap-

pointment of D. T. Watson and W. B. Rodgers to drait new street bills for the city. The compensation already fixed by the sub-committee was also indersed. When the matter of levying taxes, assess ing water rents, and making appropriations for the fiscal year beginning February 1, 1891, was called up only a skeleton appropriation ordinance was presented. The matter was not discussed, but referred to a sub-committee composed of the following

day, Magee and McGonnigle. A. F. Keating will be chairman of the committee. The Mayor's Message Again Referred, The Mayor's message was presented and referred to the sub-committee without being

of the bills presented in the State Senate by Senator Flinn, relating to assessments for street improvements.

Chairman Magee volunteered the information that the bills were only what is known as "flyers" in legislative parlance. They are presented simply to secure a place on the bill calendar of the Senate, and when the bill calendar of the Senate, and when the time comes for action on them, different bills will be substituted for the present ones under the same caption. It is intended that more time will be taken in their preparation

stitution. Mr. Magee, however, thought it might be impossible to prepare any better Mr. Bigham immediately took exception

Mr. Bigham said this made no difference.

Mr. Bigham said this made no difference.
To be constitutional, in his judgment, the
bill should provide simply for assessments
by the Viewers, leaving to their discretion
the plan of assessment, to be determined by
the surrounding circumstances in each case. A general talk upon the street act question followed, and was entered into by all the members present. Mr. Robertson said that he knew of a new street bill that had been prepared for presentation, which pro-vided that improvements shatt be paid for on the installment plan, so much per year, as was done under the Penn avenue act, the city to issue certificates of indebtedness for

make any report on the street act muddle, but the committee responded that it had nothing to report, the matter being at present entirely in the hands of the attorneys.

allowed, but after a lengthy discussion the matter was referred to a sub-committee.
