If the local dog show, under the auspices of the Duquesne Kennel Club, is not a great success, it will be no fault of the gentlemen who are busying themselves in making the arrangements. Probably no lot of gentlemen were ever more energetic than the officials of the Duquesoe Kennel Club, and it may safely be predicted that success will attend their efforts. Vesterday the annual meeting of the club

was held at the Hotel Schlosser, and some important business was transacted. Judges for the coming show were selected and the officials of the club for the next 12 months were chosen. There was a good attendance of members, and the meeting was an elected officials of the club: President, S. L. Boggs; Vice President, J. O'H. Denny; W. E.

Denny, John Moorhead, Jr., W. E. Littell The reports of the officials for the past year were all of the unust satisfactory kind and the prospects are exceedingly bright. The mem-ber-hip is increasing rapidly. After the recular business of the annual meeting had been dis-posed of the commission was introduced, and the following well-known cauine judges se-lected: John Davidson will judge the English, Irish

James Mortimer will judge the mastiffs, St. Bernards, Great Danes, Newfoundlands, Cnes-apreake Ray dogs, chumber, heid and Cockney spaniels: collies, bulldogs, bull terriers, machimides, fox terriers, pugs, Italian grey-hounds and miscellaneous classes unds and miscellaneous classes, loseph Lewis will judge the beagles, fox-

aries and Irish water spaniels. The judges are certainly well selected. Not The judges are certainly well selected. Not a dog fancier in the country is without a knowledge of Mr. Mortmer, of the Westmin-ster Kennets, New York. He is a great judge, and has been in this city before. All Pitts-burgers who fancy dogs know Joe Lewis, and Mr. Davidson is equally known. During a con-versation yesterday, Secretary Littell said: "I think we have secured three of the ablest judges in the country, and that will insure good entries. The indicatious are that we will have the best bench show ever held outside of New York. The best dogs in the world will be here, and we are offering excellent prizes."

THE DISQUALIFIED SCULLER.

What Is Thought of Corbett's Case by the Chicago Authorities.

CHICAGO, Jan, 19 .- News that James P. Corbett, of the Iroquois Boat Club, was convicted of crookedness and professionalism by the Executive Committee of the National Association caused no surprise in local aquatic circles. Corbett was expelled on an ex parte hearing, for he made uo attempt to defend himself. There is much to substantiate the claims of his friends that the expulsion of the famous Chi-cago sculler grew out of a bad factional feeling between two organizations here. It is even said that Presuent Garfield, of the National Association, was induced to take sides against Corbett, and that in face of such an alleged cut and dried affair Corbett was wise in declining

o make a defense. Corbett was not allowed to know who his accusers were Not only was this denied, but he Cusers were. Not only was this denied, but he could not learn the exact nature of the charges, although he asked information on this point and he refused to go to New York on a fool's errand. Under the circumstances the convic-tion is no disgrace to Corbett, whose loss is not

The Western Pugilist Thinks He Will Defeat Jackson When They Meet. This under our Constitution is guaranteed to be free and equal. The free exercise of this right carries with it absolute secrecy of the ballot. In my judgement this is not secured under our present law. Nor can it be without a modification of article & section 4, of our Constitution, which modification should be ac-companied by a proper safeguard as to the reg-istration of voters. The people in whom all governmental power is motive and expedient, but incumbent upon a faithful public officer to make it possible for them by submitting to them the question of holding a constitutional convention to change their fundamental law, if they desire the better to secure their rights and liberties and to pro-mote the general weifare. He will reach 'Frisco about April 1, and will then go into actual training for his fight with Peter Jackson. The match is for a purse of \$10,000, of which the winner will receive \$3,500. This is unquestiona-bly one of the greatest contexts for the heavy-weight class ever arranged. Jackson and Cor-bett are known as the most skillful boxers that the ring has ever produced. The battle will not be a slugging affair, but one for scientific points until the referee can declare a winner. The match will not be decided until May because of Corbett's Eastern tour and in order to allow Jackson, who is ill, to get into condition. The style of these gladiators varies in boxing. Cor-bett is an exponent of the Dempsey school, while Jackson follows more closely the manner of Jem Mace. Speaking of the match yester-day. Corbett said: "I feel every confidence in meeting Jackson, but prefer to give him plenty of time to get strong. I do not want it a meet him while be is ill, for should he defeat me I don't want it said I was whipped by a sick man; should I defeat him I don't want it claimed that he was pot in proper condition." Corbet the fought only one prize fight, that

Corbett has fought only one prize fight, that against Choynski, when, with practically two broken hands, he made one of the gamest and hardest fought battles on record. Last year Corbett outboxed Jake Kilrain.

SECRETARY BLAINE EXPLAINS.

Denial of the Report of War Vessels Being Ordered to the Pacific. WASHINGTON, Jan. 20-Secretary Blain was asked by a representative of the Associated Press to-day if the State Department had learned what was the cause of the war excitement a fortnight since in London. He replied that he had just received a copy of the London Times of January 6. in which he found a dispatch from its regular Ameri-can correspondent, dated Philadelphia, Jan-uary 5, as follows: uary 5, as follows: Naval orders recently issued indicate the gathering of a formidable American fleet in the Pacific waters before the Bering Sea fishing season opens. Eleven warships and five reve-nue cutters are now, or will soon be, there having been 96 runs and 2,625 men. Seven other steamers, it is rumored, will also be char-tered for revenue duty, thereby increasing the fleet to 23 ships, with 115 runs and 3,000 men, including two of the fastest and most powerful of the new cruisers—the San Francisco and the Charleston. All these can arrive at Port Town-send by May. Six are at San Francisco and nine others in the Pacific. whole time Governor Pattison gave his whole attention to the "boys." In conclusion, Mr. De Young said the ob-jection to the National Commission is based principally upon the prejudice of Mr. Flower, of New York, and Mr. Franks, of Missouri. to-day-that not one of them shall grow up within its borders, either by reason of poverty, avarice or neglect, withont a good common school education. They should be taken from the mines, the factories and workshops, from the sand alleys by compulsion, if necessary, and matriculated in the people's college-the common schools of the Commonwealth. There is a manifest inequality in our tax laws which requires that the burden now rest-ing upon farm lands and real estate should be lessened and personal property be made to bear its true proportion. This inequality might in some degree be removed by diverting from the State funds to the proper county school and municipal treasuries all moneys not necessary to the honest and economical administration of the State government, to be applied to the schools, the care of the indigent insane, roads, the expense of the jury system and for the bolding of general elections. In the last decade of the nineteenth century there should be no strife between capital and labor. But if men are not just, they cannot be made so by legislation. Otherwise, an act to compel employer and employe to sign and ob serve the goiden rule would forever settle the conflict. Money estates and labor are alike capital of the people. They should alike be treated justly and without favorilism. I am opposed to class legislation in whatever form or guise it may appear. Our Government does not recognize it, and it is toreign to its spirit. **REVIEWING THE PARADE.** FINE DISPLAY IN HONOR OF THE NEWLY CHOSEN GOVERNOR.

O'Nell Talks About Ward.

"I obtained the release of Ward from President Day two months ago," says President O'Neil, "It was a verbal release, but it holds under the National agreement. We need Ward. His accession to our team will mean thousands of dollars in the treasuries of the other League clubs, as our team will be a great drawing card then. All the teams excepting Pittsburg and one or two other clubs have a great star as a one or two other clubs have a great star as a leader. Of course, if Warn does not want to come to Pittsburg, that settles it. If Brooklyn should claim him, and make a fight for him, I should interpose no objections whatever. Han-lon and Ward have a perfect understanding, provided Ward comes to our city." A person who is in a position to know said yesterday that Slattery and Johnston will be the outfielders of the New York team to be re-leased to other clubs, and that the New York's outfield will be Tiernan, Gore and O'Hourke,-New York Sun.

The Senate, true to its intention, had gone into executive session for the purpose of passing on the appointments hanging over from Governor Beaver's term. These were all confirmed without any objection on the part of the Democrats before the appoint-ments of Governor Pattison were announced. Therefore, there was no clash nor disposi-tion for one.
