The Management of Another Institution to Be Investigated.

A STATE PENITENTIARY FOR SALE.

Iron Manufacturers Organize to Fight High Freight Rates.

UNITED MINE WORKERS IN COUNCIL

[SPECIAL TELEGRAM TO THE DISPATCH.]

COLUMBUS, Jan. 20.—Among the numerous other investigations of the management of State institutions, are charges preferred with Governor Campbell to-day against Dr. Doren, Superintendent of the Institute for Feeble Minded Youths. He has been at the head of the institution a great many years, and is charged with having used the patronage of the State to build up a private fortune.

Among other things, he has a drove of ponies on a private farm adjoining the institution, which, it is stated, have been raised at the expense of the state. He is charged with appropriating a herd of Shorthorn cattle which were purchased with the money of the State, and replenishing his private library with books to the number of several hundred, which were intended for the pupils of the school.

Ohio Senators and Representatives in Congress have been requested by Senate resolution, adopted to-day, to do all in their power to defeat the force bill.

The Legislature wants to sell the unfinished intermediate penitentiary at Mansfield to the general Government as a prison for United States convicts.

An Ohio Penitentiary for Sale.

A Senate resolution providing for this, which came over from last session, was discussed, with sentiment about equally divided. Several hundred thousand dollars have been spent on the enterprise, and not more than one story is completed, and the work is at a standstill for want of appropriations. It is argued that the Legislature owes it to Mansfield that the prison be finished, while other members insist that there is no need of such an institution, and it would be a waste of money to finish it. While a vote on the proposition to sell was not reached, it is thought it will carry without doubt.

A resolution to investigate the managment of the Ohio penitentiary was adopted, and the appointment of the committee was taken out of the hands of the Speaker of the House, as he is presumed to be an interested party and made the charges. The committee will begin work in a few days.

A Senate bill called forth a long discussion in that body, requiring that foreign national building and loan associations shall make a deposit of $100,000 with the State Treasurer as an assurance of good faith with the depositors, before being allowed to do business in the State.

No More State Board of Pardons.

The bill was defeated owing to the absence of members, and will be called up again to-morrow.

A Senate bill providing for the abolishment of the State Board of Pardons has been recommended by the Judiciary Committee of that body for passage. It is thought the board will be blotted out, because of the bad repute in which it is held by the people all over the State.

FIGHTING RAILROADS AND COKE MEN.

Iron Manufacturers Strengthen Their Union to Secure Better Rates.

[SPECIAL TELEGRAM TO THE DISPATCH.]

YOUNGSTOWN, Jan. 20.—The decision of the Association of the Blast Furnacemen, of the Mahoning and Shenango Valleys in the matter of shutting down their plants until the railroads and coke men make the concessions they desire, has resulted in the formation of an organization which will be the strongest of any in the iron interest in the United States. It will supersede the Mahoning Valley Iron Manufacturers' Association, and include with in its membership all the iron manufacturers of the two valleys.

A preliminary organization has been effected, and an Executive Committee appointed for the purpose of carrying out the details of organization. It has been decided to call it the Mahoning and Shenango Valley Iron Manufacturers' Association. The membership complete will include every iron interest in both valleys except Brown, Bonnell & Company, which is operated by a receiver. The mammoth character of the organization will make its influence felt in adding to the prosperity of both valleys.

THE UNITED MINE WORKERS.

But Little of Importance Done at the First Day's Session.

[SPECIAL TELEGRAM TO THE DISPATCH.]

SCOTTDALE, Jan. 20.—The annual convention of the United Mine Workers opened here to-day. It is the largest and most important convention of the year. About 75 delegates are present. At to-day's session the financial condition of the order was reviewed, which was found to be entirely satisfactory. The order has been increasing wonderfully in membership on account of the uncertain outcome of the wage problem.

At this afternoon's meeting it was decided to defer the election of district officers until April. This caused several lively tilts. Many of the delegates opposed the motion on the grounds that it was unconstitutional. Secretary Robert Watchorn, of the United Mine Workers, and R. McBryde, a member of the Executive Board, arrived here this afternoon, and will try to arrange a conference with the coke operators.

AN OFFICE QUICKLY SECURED.

A Route Agent Between Pittsburg and Cleveland Now a P. M.

[SPECIAL TELEGRAM TO THE DISPATCH.]

EAST LIVERPOOL, Jan. 20.—The nomination of H. L. Simms to be postmaster at this place, which was made yesterday, was one of the quickest on record. Hon. William McKinley personally took the papers to the President shortly before noon, and, after securing his indorsement, carried the papers to the Senate, where the confirmation was made at the afternoon session.

H. L. Simms has been postal clerk between Pittsburg and Cleveland for 16 years, except when he was "fired" for rejoicing over the election of Harrison, which kept him out of the service until after President Harrison was in, when he was promptly reinstated, and this morning brings his car into Pittsburg on the night run on the Cleveland and Pittsburg Railroad.

WILL TRY ONCE MORE.

Public Opinion Disgusted Over the Failure to Incorporate McKee's Rocks.

[SPECIAL TELEGRAM TO THE DISPATCH.]

MANSFIELD VALLEY, Jan. 20.—Public opinion is still warm over the refusal of the late grand jury to issue a charter for the proposed borough of McKee's Rocks. The vote was 2,544 to 49 bona fide property owners in favor of the measure.

Esplen, with a population of 2,500 or less, was incorporated, while McKee's Rocks borough has 4,500 souls, and was refused. At the March session of the grand jury a new petition will be presented, and a determination to win is expressed.

A DANGEROUS BLAST.

It Bombards Mansfield Valley and Wounds an Inhabitant.

[SPECIAL TELEGRAM TO THE DISPATCH.]

MANSFIELD VALLEY, Pa., Jan. 20.—Lennie, a daughter of W. W. Albert, was badly cut about the face and head by a piece of stone from a blast made on the Beechwood Park place.

Several pieces of glass were broken on Main street, and many large pieces of stone thundered on neighboring roofs. The little girl is in a dangerous condition, but will probably recover.

VICTORY FOR STRIKING MOLDERS.

One of Three Foundries at Salem Surrender Unconditionally.

[SPECIAL TELEGRAM TO THE DISPATCH.]

SALEM, O., Jan. 20.—The strike of the stove molders, which has been on here since September 15, has been settled in one of the three shops. The molders of the Victor Stove Works have received an advance of 10 per cent unconditionally.

It is thought the other two will not be long out.

Cambria Iron Wages Reduced.

[SPECIAL TELEGRAM TO THE DISPATCH.]

JOHNSTOWN, Jan. 20.—Notices have been posted ordering a general reduction of wages in the Cambria Iron Company of 10 per cent, to go into effect February 1. This order has caused a depressed feeling among the business men here.

A CANDIDATE'S CLOSE CALL.

Opposition Was Sprung on Him the Night Before the Election.

[SPECIAL TELEGRAM TO THE DISPATCH.]

SCRANTON, Jan. 20.—The Democrats to-day made a bold and nearly successful effort to secure control of the Select Council, which is the branch of the city goverment controlling the patronage. At present the Council is a tie, with a vacancy to fill.

A week ago Victor Koch, a very wealthy business man, was nominated by the Republicans, and, as the Democrats feared that they could not defeat him, they indorsed him. This caused a great deal of dissatisfaction. The election was held to-day. Mr. Koch, who expected no opposition, had made no effort in his own behalf. Great was the astonishment of the Republicans during the middle of the forenoon to find that Henry O'Hara, a saloon keeper, had been nominated by the Democrats during the night and was running well for the office. He was indorsed by the Bartenders' Association, and nearly every beer-slinger in the city was in the ward helping him. The response of the Republicans to the call of Mr. Koch's friends was prompt and after a very warm fight, which continued all day, the Republican candidate was elected by a small but safe majority.

THE IRONY OF FORTUNE.

A Temperance Philanthropist the Beneficiary of a Wealthy Brewer.

[SPECIAL TELEGRAM TO THE DISPATCH.]

WHEELING, Jan. 20.—The fact that Mrs. Rosa Woods, of Belmont county, O., has just been admitted to the Old Ladies' Home in this city, has a peculiar significance. Mrs. Wood was possessed of considerable property, but spent it all in conscientious efforts for 20 years to advance the cause of temperance.

In her old age, penniless, and forsaken by friends, she has accepted a home in the institution founded by Anton Reyman, the millionaire brewer of this city, who still maintains the home.

HE KILLED HIS LANDLADY.

After the Murder the Impecunious Boarder Commits Suicide.

FINDLAY, O., Jan. 20.—A terrible tragedy occurred here this afternoon at the Wickham Hotel, which resulted in the instant death of Mrs. D. W. Austin, the landlady of the house, at the hands of Wharton Sharkey, a boarder, who then took his own life, dying five minutes after his victim.

The cause of the double shooting is involved in mystery, as nothing preceded the murder beyond the supposition that Mrs. Austin demanded money, which had long been due the house for board and lodging.

A CHESAPEAKE AND OHIO vestibule train was wrecked at Winifred, Monday night, by an obstruction placed in the frog of the switch. The train caught fire and burned. The engineer and fireman were injured.

CAPTAIN THOMAS F. MALONEY, Captain of the National Guard, and Superintendent of the State Arsenal, was found dead at Harrisburg yesterday morning along the river shore, floating in low water, with a deep gash in his head.

A DOUBLE accident occurred on the Lehigh Valley Railroad, at Athens, Monday. A passenger train ran into a misplaced switch, collided with an engine thereon and knocked off the latter's engineer. The single engine, left without control, rushed down the main track and collided with a coal train. Brakeman Sherwood was killed and others were injured.

A TEMPTING OFFER.

The Strange Letter of a Michigan Man to a New York Judge.

NEW YORK, Jan. 20.—The following letter was to-day received by Recorder Smyth, Senior Judge in General Sessions Court, and whose salary is $14,000 per year:

DETROIT, MICH., Jan. 18.

DEAR SIR—Please inform me if you have the name of John Jacob Buffe on the records of your office. He came to this country in 1865, and I think he took up some land in the vicinity of your city. Buffe may have spelled his name just a little different from the way I spelled it in my letter. If you do not know anything about this man Buffe, I wish you would find some one who does. Enclosed find a $1 bill for your trouble. Sincerely, J. H. FONDA.

PSORIASIS 20 YEARS

Body a Mass of Disease. Suffering Fearful. All Thought He Must Die. Cured in Six Weeks by Cuticura Remedies.

I have been afflicted for 20 years with an obstinate skin disease, called by some M. D.s Psoriasis, and others Leprosy, commencing on my scalp; and, in spite of all I could do, with the help of the most skillful doctors, it slowly but surely extended, until a year ago this winter it covered my entire person in the form of dry scales. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there could be nearly a dustpanful of scales taken from the sheet on my bed, some of them half as large as the envelope containing this letter. In the latter part of winter my skin commenced cracking open. I tried everything, almost, that could be thought of, without any relief. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached Detroit, and was so low I thought I should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sister living. One Dr. —— treated me about two weeks, but did me no good. All thought I had but a short time to live. I earnestly prayed to die. Cracked through the skin all over my back, across my ribs, arms, hands, limbs; feet badly swollen: toe nails came off; finger nails dead and hard as a bone; hair dead, dry, and lifeless as old straw. O my God! how I did suffer. My sister, Mrs. E. H. Davis, had a small part of a box of CUTICURA in the house. She wouldn't give up, said, "We will try CUTICURA." Some was applied on one hand and arm. Eureka! there was relief; stopped the terrible burning sensation from the word go. They immediately got the CUTICURA, CUTICURA RESOLVENT and SOAP. I commenced by taking one tablespoonful of RESOLVENT three times a day, after meals; had a bath once a day, water about blood heat; used CUTICURA SOAP freely; applied CUTICURA morning and evening. Result: returned to my home in just six weeks from the time I left, and my skin as smooth as this sheet of paper. HIRAM E. CARPENTER,
