Local Football Matches Arranged—General Spring News of Our Day.

A definite effort is to be made within a few days to have John Tener, the well-known baseball pitcher of this city, reinstated as an amateur. The Allegheny Athletic Association is going to make the application and Mr. Tener is in hearty accord with the move.

"We have made up our minds to compete next season for the baseball amateur championship, and we want Messrs. Tener and Gray into our fold. According to precedent I think the A. A. will reinstate both men because they have not in any way gone beyond the rules except in ball playing. I am now preparing statements to forward the A. A. A. not only making an application for membership, but asking that Messrs. Tener and Gray be recognized as amateurs so that they can play on our team. With these two men we will have a great team, as we expect to secure the services of Mr. Schoyer as catcher. Messrs. Tener and Gray are well known to our fans, and I am sure they will soon get the balance of the nine."

"We are figuring on playing the amateur teams of Detroit, Chicago, St. Paul, Jersey City, Manhattan Club and the Boston team. At any rate we are going in for the amateur championship. That is the only way in which we cannot play against any local clubs, because they are not amateurs. We are going to play of some kind in it. Bona fide amateur ball playing is what will count in America and by Messrs. Tener and Gray."

Before the conversation ended Mr. Tener appeared on the scene, and after being told of the plan he said he would like to see the application in his hands, but he would not be an amateur, but I wouldn't like any application in my behalf to be refused. I am sure that if the A. A. A. were to be reinstated as amateurs, and therefore, there was much hope of the reinstatement of Messrs. Tener and Gray."

President Thurman Looks Up in Baltimore and Talks About Baseball Affairs.

BALTIMORE, Jan. 21.—President W. M. Thurman of the American League, who has returned to Baltimore today, and stopped with his brother-in-law, Frank L. Webb. His son has just recovered from a bad case of pneumonia, and was able to get out of his room for the first time in several weeks ago. They will leave for Columbus tomorrow. President Thurman was in consultation with President Vonderhock and Manager Hargrave for some time. He stated that there was nothing doing of a special character. He conveyed the facts of an interview he had with Secretary Nick Young in Washington yesterday. The board of directors of the American League has decided to appoint A. G. Mills, ex-president of the National League, Chairman of the board, and Nick Young, Secretary. The board will have a vote in the control of the affairs of the league. The board will have the appointment, upon recommendation of the umpires. Secretary Young's power will be reduced to that of an umpire. In case any club is dissatisfied with the board, it can be transferred, and for regular season the league will continue until the end of the year. The board will have a vote in the control of the affairs of the league.

Mr. Washington's Settlers Capture the Big Prizes at New Orleans.

SPECIAL TELEGRAM TO THE DISPATCH.

NEW ORLEANS, La., Jan. 21.—The big success of the Washington Artillery in the Washington Artillery daily. The Northern dogs are doing most of the winning. The Kilted Scots are the next best, and the Washington, of Pittsburgh, Pa., is the center of attraction, and Champion Ruby Glenore is the queen of them all. These dogs have won all the cash in the city, and the prizes for the cups and special prizes. Champion Ruby Glenore defeated Champion Molly Bawn, and Champion Molly Bawn was bought by W. L. Washington today at a figure that will not be learned, but it is certainly a long one. This gives the Washington Artillery the lead in the Irish setter classes in America. Champion Molly Bawn's winnings are as follows: First prize, \$1,000; second prize, \$500; third prize, \$250; fourth prize, \$125; fifth prize, \$62.50; sixth prize, \$31.25; seventh prize, \$15.62; eighth prize, \$7.81; ninth prize, \$3.90; tenth prize, \$1.95.

DIMPSEY'S OPINION.

He Appears on the Street and Tells of His Late Battle.

Jack Dempsey appeared on the streets of New Orleans for the first time on Tuesday. A friend asked him how he felt, and rolling up his left sleeve he exposed his arm, which was still discolored as far as the elbow. "Just look at that," he said. "The left side of my chest from the amputation to the waist, is in the same condition. My legs also, near the knees, are covered from coming in contact with the ground. And with a good-natured smile he remarked: 'I know I've been in a fight. I never saw Fitzsimmons until I saw him in the ring. He is a tough one. I know nothing about the fight after the eighth or ninth round, and I was surprised when I was told that I had fought 15 rounds. I didn't hit him more than five times. He was too tall, and when I tried to hit him he would stand up, bend his chest out so as to save his stomach and I could never reach him. All I know after the eighth and ninth rounds, and I have only a slight recollection of that is that Fitzsimmons was reaching me on the shoulders and attacking me up to light.'"

A BILL FOR ALLEGHENY'S BENEFIT.

FROM A STAFF CORRESPONDENT.

HARRISBURG, Jan. 21.—The ambitious statesman got in his work today. Exactly 80 bills were introduced in the House in 85 minutes. After Speaker Thompson announced his standing committee, he stated that the House was ready for the introduction of legislation. Instantly there was a chorus of cries of "Mr. Speaker, and perhaps a dozen gentlemen got the floor at once. Jesse Baker, of Delaware, and J. L. Graham, of Allegheny, were the first two men on their feet, both waving bills. But the Speaker put a stop to this scramble for recognition by announcing that the roll would be called by counties.

Adams county came first and then Allegheny county. This assures a good place on the calendar for all bills affecting Pittsburgh, Allegheny and Westmoreland counties. The hour for adjournment, had expired, not more than one-third of the State had been covered by the roll call. Philadelphia is well down on the list, so that the 80 bills for the third of the State will be continued to-morrow.

Bills for Pittsburg and Allegheny.

B. F. Rynd, of Allegheny, introduced a bill having important bearing on the condition of the State. It provides for the increase of population, a city changes from one class to another, the local laws shall remain in full force for a period of two years, by which time all preparations for a change will have to be concluded. Officials now serving shall finish out their term for which they were elected, and those persons who are elected after that time shall serve for the term of two years. The transition will begin with an entire new election.

FROM A STAFF CORRESPONDENT.

HARRISBURG, Jan. 21.—The Democratic State Committee held its annual meeting here this afternoon. Chairman Kerr presided. A contest was reported from Elk county and one from Montour. The Elk contestants were A. Swartz Ross, representing the Hall faction, and Dr. C. R. Early, representing the Early faction. The contest was a hot one, and the result was a tie, which to present their claims. Senator Harry Hall, speaking for Ross, said that the Early people siding themselves in a minority in convention, had bolted and set up shop for themselves, and during the campaign had voted and worked against the regular Democratic ticket. "And they now have the face to come here and ask for recognition," said young Hall.

NEW IDEAS FOR THE FAIR.

Irrigation Systems to be Illustrated Upon a Two-Acre Flat.

CHICAGO, Jan. 21.—W. J. Buchanan, chief of the department of agriculture of the World's Fair, returned today from Washington, where he has been in consultation with Secretary Root. The board intends to ask for appropriation of \$250,000, which is to be expended in getting matters in shape, not exactly for a display such as would be given by a corporation, but as an appropriation of the ideas by which the Government departments are engaged. Some thing is to be done for the fair, and the irrigation idea is to be extended into a two-acre flat. The flora of a desert spot will be shown.
