The Two Big Scranton Mills Have Not Iet
Been Consolidated.

STATE OF FOREIGN METAL MARKETS

STATE OF FOREIGN METAL MARKETS

ISPECIAL TRLEGRAM TO THE DISPATCH.
NEW YORK, Jan. 22.—The Iron Age of loo-day quotes the American iron and metal markets as follows:
American Pig—Business has been on a moderate scale, without any important change of prices. The famous "opening prices" of the lending Lehigh company have motyet been promulgated, but it must be noted that they excite little interest now as compared to the attention they commanded five years ago. Southern furnaces seem to have made very little No. 1 and 2 foundry iron lately, their offerings being principally of silver gray, No. 1 soft has been sold on the basis of 3 shade over \$15. No. 1 soft has been sold on the basis of a shade over \$15. No. 1 soft has been sold on the basis of a shade over \$15. No. 2 foundry warrants are being offered on the basis of \$10 75 at Birmingham, which is equivalent to a shade over \$15. No. 1 soft has been sold on the basis of a shade over \$15. No. 2 foundry sarrants are being offered on the basis of 50 75 at Birmingham, which is equivalent to a shade over \$15. No. 1 soft has been sold on the basis of 5 a bande over \$15. No. 2 foundry arrants are being offered on the basis of 50 pt 52 at Birmingham, which is equivalent to a shade over \$15. No. 1 soft has been sold on the basis of 5 a bande over \$15. No. 1 soft has been sold on the basis of 5 for No. 2, and \$14. 60 for No. 2 foundry, and \$15. 75@ 14. 60. 1 later pool to No. 2 foundry surrants are being offered on the basis of 50 for No. 2 and \$14. 50 for No. 2 for gray force, in which there has been some business. No. 2 foundry warrants are being offered on the basis of 50 for No. 2 and \$14. 60 for No. 2 for gray force, in which there has been so for both the solution of a surrants are being offered on the basis of 50 for No. 2 and \$14. 60 for No. 2 for gray force. Southern for no. 2 for gray @15 50 for gray forge. Southern from is \$15 50 @16 00 for No. 2 foundry, and \$13 75@14 00 for

Ferro Manganese-Interior markets are being supplied now by Pittsburg, where sales have been made at \$62.50. We quote tide-water lots

Billets and Rods-There is some inquiry for round lots, both of sort and high carbon billets, round lots, both of sort and high carbon billets, On the fermer at least one Eastern mill is quoting close to parity on Western prices, which are a shade under \$25.50 at Pittsburg, with the majority of large sellets asking \$25.50 for delivery, including March, equal to a shade over \$25.00, delivered at buyers' mill, Eastern Pennsylvania. The lower figures alluded to last week were current only a short time, although sales were made at \$24.50. The market has alterefore improved somewhat. In rods there derefore improved somewhat. In rods there s some business, but competition is prety onding from quarters even in which it is ally expected. We quote \$38.50 at

estern sellers mill. Steel Rails—At the meeting of representaminary arrangements were perfected, r of details must still be adjusted bere the Lackawanna Iron and Steel Company comes the successor of the Lackawanna Coal my. It is highly probable that the consoi-will be effected, but there is a remote

e mill unquestionably occupies first rank as a reducer in this country, and with Cornwali as the chief raw material, the quality the company has virtually controlled the ole of the New England market, has taken business of roads like the New York stral and a number of leading coal roads, held the trade of many Southern lines and surroil frequently important Western and addian orders. To speak of an "absorb" under such circumstances in to imple on" under such circumstances is to imply int the other participant in the undertaking with creater. As a matter of fact, the de-veries in 1800 of the "absorbed" member of idation were 40,000 tons greater than

Sales during the week have appregated about 20,000 tons by Eastern mills, the bulk being for bastern roads at private terms. The market is difficult to quote. The majority of sellers name to 005,2000 according to time of delivery, but all lower offers have not yet been withdrawn. Manufactured from and Steel—The only large business to be closed at an early date is a building at Alfanta Ga. for which I 200 tons. lusiness to be closed at an early date is a building at Atlanta, Ga., for which 1,500 tons of beaus will be required. Some very low prices a cheing named in Belgian beams, which have been clored as one as 2,25c. The Abbott gun lift for Sandy Hook was taken to-day by the Continental Iron Works at 20,75c, the other indexes being south Brooklyn Iron Works, \$110,50c. Morgan Engineering Company, \$18,105,00c. Morgan Engineering Company, \$18,105,00c. A. Gray, New York, \$103,00c; Quintard Iron Works, \$110,00c.

1 Intes are weaker. We quote: Angles, 205,62,10c; theared plates, 2,205,22,5c; tens, 2,66.

2.10s; theared plates, 2.206,2.25c; tees, 2.66 for, and beaus and channels, 3.1c, on dock, teel plates are 2.252,2.06 for tank 2.502,2.65 or shell, and 2.853,3c for flange, on dock. Bars or 1.756,1.9c, on dock. Track Fastenines—The market is irregular, special prices being readily made for any large noder. We quote: Spikes, \$2,0002,05; fish phres, 17051.75c, and bolts and nuts, 285@3c. Old Material—The market shows no more ment whatever. The only lot of any come quence offering is one of 1.500 tons American Holders of foreign rails, of which there are: fair quantity, are asking from \$25 upward, while buvers do not readily name more than \$21.308.22.00. wild steel rails are held higher, but there has been no business.

### NARROW RANGE OF PRICES

The Principal Feature in the Foreign Metal Market.

SPECIAL TELEGRAN TO THE DISPATCH. NEW YORK, Jan. 22.—The Iron Age of to-day M. and S. Valleys... quotes the foreign iron and metal markets as allows: London pig iron warrants have been raded in moderately, and prices have fluctuated within a narrow range. Latest sales were at 47- 20ff 47s 4d for Scotch, 42s@42s 3d for Cleveand and sistings 2n for hematite. Holders of carrants are calling for delivery of iron, making promots scarce. The rumor has circu-lation that a London clique is endeavoring to make a "corner," but nothing definite comes to the surface regarding the alleged movement, scotch stocks decreased 5,508 tons has tweek, making a reduction of 9,769 tons the past fort-night. Fig iron has been dull throughout the week. Straits shipments the first half of the month were heavier than anticipated, but the morthwest during the last half is expected to be smaller. The trade demand continues very steady.

smaller. The trade demand continues very steady.

A large business has been done in copper warrants at about £55 is for prompts, and there is a decided revival of "bull" speculation. Americans are selling freely, however, and all buying orders here are promptly met. Prines, therefore, do not rise, as the statistical position would warrant. There is still an uncertain feeling in some quarters, owing to doubts as to the amount of supply that may come forward from America and the designs of large European holders. Stocks decreased List tons and the visible supply 610 tons during the first half of the month. Transactions in formace materials have been heavy latterly, including 1,100 tons Montana matte at 10s, 100 tons Anaconda at the same price, 250 tons Montana and 800 tons Anaconda argentiferous on tons Anaconda at the same price, 250 tons Mon-tage and 800 tons Anaconda argentiferous on private terms. The trarket for the plate has continued active, large orders having been placed at the higher prices established last week, while the demand is still brisk. The Lewydarth works are about restarting. Hat-ton & Sons have failed, with habilities estimat-ed at 25,000. In Scotch pig there is no change in the market for makers' iron, very few brands offering and demand light.

Scotch Pig-Connai's stocks have decreased nearly 10,000 tons thus far this month and warrants are becoming scarce. Prices, however, have advanced but little. Makers' iron remains

hrands you. A. a. of quotes at one of the sampling point.

## A BETTER DEMAND.

A Gratifying Increase in Coke Shipments Furnacemen Are Beginning to Fill Up Their Stocks-Shipping Facilities in Satisfactory Condition. PEPECIAL TELEGRAM TO THE DISPATCE.

SCOTTDALE, Jan. 22.-The coke market is tottering along at the rate of four and five days per week with about one-third of the entire re-gion out of blast. The demand was a triffe better last week and shipments took a spurt upward, increasing several hundred cars in consequence. The increased demand was caused by furnacemen, who have sufficient Steel Rails—At the meeting of representatives of steel rail manufacturers, held in this city last week, the plan outlined in the past in the Iron Age was adopted, except that a modification was made in the amount payable per too for excess over percentages allotted. It is reported that percentages of one of the group of mills are not finally adjusted. The antonnocement that the combination had been formed and is now effective is, however, decidely premature, and some time may clapse before it is. While the chances are in favor of the ultimate adoption of the pans, the possibility still exists that the efforts made may come to nothing. The positive statements concerning the negotiations of two Semuton mills which have gone the rounds are similarly premature. As we reported last week, only preliminary arrangements were perfected, only preliminary arrangements were perfected, only preliminary arrangements were perfected. for several months. At different points covering the West, the furnace men are making like preparations for any emergency. It is thought that the difficulties arising from the miners' demands will be hardered as for the products of her mills, and so certainly profit-yielding that, wherever within this field a selection of property may be made, the present cost will appear small compared with the value a few years hence." conceded that the prospects for such a consumation are none too bright. The valley furnaces are still idle, with no indications for early resumption. Some Eastern furnacemen the treatment of the present at least. Shipping facilities were in a satisfactory condition last week and nothing in this line hindered the smooth running of the region. The demand was fairly active from the West, due to increase orders from the Illinois Steel Company. The Pittsburg demand was brisk, while the Eastern demand fell off somewhat. A gentleman, conversant with the present surrounding conditions of the coke trade, said to your correspondent to day. There are no special features in trade. I am of the opinion that if it maintains the present gait until spring it will do well. Of the furnaces idle, there are not the remotest ideas when they can be resumed. The iron market is not gliding along under auspicious conditions, and as poor prices are ruling, the producers are reluctant to starting up their plants, and are marketing their stocked production. There may be something good in store for trade, but it is certainly not in view just now."

There was more regularly. The Frick Company operated four and five days at all their works. The Schoon-maker and Southwest Company, five days, Rainey, six, and the Cambria Company operated four and five days. The smaller companies all operated five and six days. The number of inactive ovens is estimated at \$700. The Hecia Company has closed over 100 ovens at its Nos. I and 2 plants per notice served. There have been no other suspensions or notices for the same. There are about 10,400 ovens at its Nos. I and 2 plants per notice served. There have been no other suspensions or notices for the same. There are about 10,400 ovens at its Nos. I and 2 plants per notice served. The Hecia Company has closed over 100 ovens at its Nos. I and 2 plants per notice served. ## A Plentiful Supply of Cheap Build-

ing Lots in the Market. COUNTRY PROPERTY AWAY DOWN.

Active Trading in Local Stocks, With Better Prices for Most Things.

A BUSINESS CHANGE OUT OF THE USUAL

Home-seekers of moderate means need not despair. There is an abundance of cheap lots on the market, and more will be added in the spring. There is no danger that the supply will be exhausted for many years. In the Eighteenth ward lots are offered at from \$100 to \$600; in the Herron Hill district from \$600 to \$1,000; near Wilkinsburg and Brushton from \$200 to \$300; on the Southside from \$200 to \$500; on the Northside, along the line of California avenue, from \$300 to \$600. There are cheap lots in other localities, out enough has been said to show that there is no danger of a famine in this grade of real estate.

In New Hands. A business stand, as well known, perhaps, to ousiness men as any other in the city, has just changed proprietorship. J. B. Larkin & Co. have sold the lesse and furnishment of the old Spencer Cafe, for many years one of the most popular resorts of the kind in the city. It was popular resorts of the kind in the city. It was originally started by Mr. Spencer, who spared neither time nor money to make it a symposium of high art. It subsequently passed into the hands of Mr. Pickert, who has just transferred it to Mr. Ferdinand Schmidt, on private terms. He will refurnish and conduct the house on the best model to meet the wants and tastes of the husiness community.

Swapping Real Estate. Considerable is going on in the way of exchanging country for city property, and vice versa, of which no reports are made. Country versa, of which no reports are made. Country properties, as a rule, are abnormally cheap, and for this reason are attracting many home seekers as well as speculators. A broker remarked resterday: "I think there is money in country property at present prices. Rapid transit and the spread of the city are overcoming the objection to distance."

An Expert Opinion In their "Real Estate Annual." Chas. Somers & Co. well and truly say: "Pittsburg's progress is assured beyond a doubt, and every man within her limits or influence may enjoy a share of her prosperity. In her irresusible growth and steady expansion she is destined soon to absorb the outlying towns and cities now known as her suburbs, and an almost limitless field is presented in her surroundings for investments as substantial in character as are

A Growing Retail Quarter. Fifth avenue, from the Court House out to Soho, is showing significant improvement in these days. For a while there was a fear that the cable cars would bring the trade past the stores in that quarter and down to the lower part of the city, but the reverse has taken place. Many new stores are being built. While not pretentious, they are in every instance bet-ter than those formerly on the street. Handsome show windows and a tasteful display of goods in not a few instances attract the atention of the cable car passengers. As the upper part of most of the buildings on Fifth avenue are occupied as flats, the owners find it possible to make easy rents for the stores below. At the same time they add by their flats to the number of local buyers. The hill district, extending on each side from Bluff street and Wylie, also find on this part of Fifth avenue a local market. Property owners, however, could add largely to the desirability of their holdings by removing the unsatisfactory and ill-kept brick sidewalks and substituting for them

heavy flagstone. It is surprising that this has not been more generally done. It would invest the street with a business-like air and quicken its desirability as a retail quarter. Business News and Gossip. Defendants in the Homewood Cemetery property ejectment cases will file their answer about February I. The trial will not take place

Buyers complain that owners of property on the Allegheny river front are too steep in their demands. Offers for two or three large lots in that locality have been made recently, but prices could not be modified to suit,

Van Gorder & Lioyd report a good demand for East End property. The inquiry for dweilings denotes quite an increase in the popula-The Buffalo men, mentioned a few days ago,

are at work, and will be able to report something important in a short time.

Of 28 mortgages on file yesterday, each of 14 was for less than \$1,000. The largest was for \$20,000.

A gentleman said yesterday that he believed Jarrett, the absent Southside real estate man, was in concealment not over 50 miles from the city.

This is the way a real estate broker put it yes:erday: "Inquiry is active, but sales are slower than we like. This is due to the fact that many buyers are holding out for lower prices as a result of the money scare, while owners refuse concessions. This keeps them apart. Money is easing up and business is bound to revive."

Lohr's Hall, Wilkinsburg, was opened to the public Wednesday night for the first time.

The Building Record.

The following permits were taken out yesterday, all, with one exception, being for dwellings of a good class:

H. B. Flanders, frame two story dwelling,
21x42 feet, on Maple avenue, Twenty-first
ward. Cost, \$1,550.

Isaac O, McMinn, frame two-story and attic

dwelling, 19x44 feet, on Mayflower street, Twenty-first ward. Cost, \$2,000. Richard Gilkeson, brick two-story and attic

Hichard Gilkeson, brick two-story and attic dwelling, 19x20 feet, on Flowers avenue, Twenty-third ward. Cost, \$1,000.

George G. Gibson, frame two-story dwelling, 20x44 feet, on Caryon street, Twentieth ward. Cost, \$1,000.

J. M. Boren, frame two-story and attic dwelling, 20x44 feet, on Larimer arenue, Twenty-first ward. Cost, \$2,800.

Frederick A. Austin, frame two-story stable, 16x22 feet, on rear Frankstown avenue, Twenty-first ward. Cost, \$110.

Movements in Realty.

Samuel W. Black & Co. sold the fine three-story stone front ten-roomed dwelling, No. 67 Allegheny avenue, Allegheny, lot 24x121 feet, at a price approximating \$22,500. M. F. Hipple & Co. sold a farm of 45 acres, located at Haysville station, Pittsburg, Ft. Wayne and Chicago Railroad, to a prominent business firm for \$12,000. The property will be sub-divided and put on the market in the near

W. A. Herron & Sons sold the last of those \$11,000 houses on Forbes street, Oakland, being No. 3423, near Coltart square. The lot is 23x150 feet, with a new house of 13 rooms, handsomely finished and all the most modern conveniences to the smallest detail.

John K. Ewing & Co. sold for C. F. Hagerman to D. M. Kammerer a vacant lot, 24x130, on the east side of Perrysville avenue, near Wilson avenue, Allegheny, for \$1,300 cash.

William Petty & Co. sold No. 23 Mercer street, a six-roomed brick dwelling, with all modern improvements, to Jacob Littler for \$3,500.

Black & Baird sold to Joseph Steel for the Germania Savings Bank a two-story brick building, being No. 609 Wylie avenue, Thirteenth ward, for \$2,500.

W. A. Herron & Sons sold the last of those

HOME SECURITIES.

siness Continues Active and Gains Largely in the Majority. A good volume of business in local stocks was transacted yesterday, and covered a larger number of interests than for some time, indi-cating that buyers are breaking away from the cating that buyers are breaking away from the stocks that have monopolized attention for the past few weeks. Total sales were 635 shares. Fhiladelphia Gas continued its upward movement, selling up to 10½ and closing at 10% with the demand largely unsupplied. Electric weakened at the last call and fluished at the lowest point of the day. This was due to the disposition of humans. lowest point of the day. This was the disposition of buyers to await the outcome of pending financial negotiations. Central Traction, Pleasant Valley and Switch and Signal were stronger. Airbrake made further progress, but Luster was fractionally shaded.

Speaking of Luster a broker said: "I think it is aisted for an advance in a short time on prospects for a dividend. Work at the mine is proceeding satisfactorily." Two gold bricks, of

MONEY MARKET.

Scarcely a Trace of the Recent Stringency Now Visible.

Reports of financial institutions yesterda Reports of financial institutions yesterday concurred that the monetary stringency had almost entirely disappeared, there being plenty of funds for almost all purposes. The demand was fair, and no one with good collateral was refused the accommodation sought. Routine business showed an increase, Checking was about the same as on the previous day. Clearings were \$2.32.312.25 and balances \$387.245.68.

Money on call at New York yesterday was easy, ranging from 2 to 3 per cent, last loan 2, closing offered at 2. Prime mercantile paper, 668. Sterling exchange quiet and steady at \$4.81% for 60-day bills and \$4.87% for demand.

## NEW YORK STOCKS.

An Extremely Stagnant Share Market-A Heavy Drop in Chicago Gas the Only Feature-Bonds Also Dull, but Firmer Than Stocks.

NEW YORK, Jan. 22.-The stock market was again most extremely dull to-day, and had it not been for the little flurry in Chicago Gas the trading would have been utterly featureless, There was a dearth of orders either to buy or sell from London, and the whole list shared in the duliness, not a single railroad stock showing a fluctuation of more than 34 per cent. The

ing a fluctuation of more than % per cent. The dealings were made at the same dead level throughout the entire session.

Chicago Gas, however, was quite active though weak, and dropped in the first hour to 2 from 45% last evening, and recovered only a portion of this drop during the remainder of the day, closing at but a fraction better than the lowest price, and scoring a net loss for the day of 3% per cent. The reason given for the selling was that the statement had been made by the President of the trust that there would be no dividends this year, but insiders denied selling, and said that it was a bear raid pure and simple, and that a full recovery would be made in a few days. The stock gave no sign of strength during the day, however.

Sugar Refinerie: receipts were quite strong at one time, but an early decline and a reaction from the best figures late in the day left it at close to last night's price. The market closed as it had remained all day, dull and stagnant, at insignificant changes for the day.

Almost the same conditions existed in the

and stagnant, at insignificant changes for the day.

Almost the same conditions existed in the railroad bond market, duliness and aparthy being the only features of the dealings. The sales aggregated only \$505,000, and no animation was visible anywhere in the list. Unlike stocks, however, there was a firm tone, and a few marked gains over last sales of some days ago were scored. There were a few losses, and San Francisco consolidated 68 deelffied to 108.

The following table shows the prices of active tocks on the New York Stock Exchange vesterday. Corrected daily for The Distance by Whitney & Sugribussion, oldest Pittsburg members of the New York Stock Fxchange, 57 Fourth avenue:

DOMESTIC MARKETS. Cheese and Fancy Creamery Butter Are Tending Higher.

POULTRY SUPPLY OVER DEMAND.

Liberal Cereal Receipts, and Markets Are Barely Steady.

SUGARS STEADY AT LATE ADVANCE

OFFICE OF PITTSBURG DISPATCH. | THURSDAY, Jan. 22 Country Produce—Jobbing Prices. The cheese market is very firm and prospect are for higher prices. Prices here are already relatively lower than anywhere in the land for the reason that our jobbers have been carrying very heavy stocks. New York markets have been wild for the past few days, and prices there are about the same as here. Choice creamery butter is firm at quotations, but country butter is very slow and prices are only nom-inal. Strictly fresh nearby eggs are firm. Southern and Western eggs are coming in freely and marke's are quiet. Supply of poul-try is in excess of demand, and markets are Mining Quotations.

> attuation in favor of the buyer.

#### MARKETS BY WIRE.

Considerable of the Snap Taken Out of Wheat-No Fresh Export Business-Corn Weak and Oats Lower-Pork Gives Way a Trifle.

CHICAGO - There was a fair amount of activity in wheat at the opening of the market to-day at about % decline since the previous afternoon. The first quotation for May was 91%c, compared with 95%c at the close of yes-37%c, compared with 35%c at the close of yesterday's session. It fluctuated between 34%c and 35%c for about an hour, dwelling very shortly upon the extremes. Later there was a dip to 94%c, and a reaction from that to 94%c and a reaction from that to 94%c. Toward 12 the backbone was completely taken out of the market by the selling of Pardridge and the readiness of the crowd to chop over to the side which appeared the strongest at the mondent.

There was no great amount of factivity in corn, the business for the most part being apweak at inside figures. Commission merchants report slow trade all slong the line, with the

at the mondent.

There was no great amount of factivity in corn, the business for the most part being apparently in the hands of the scalpers. Some changing over from May to July at 2½c premium in favor of the latter mon'h was a minor feature of the business. The May future opened at 51½c, declined to 51½c, and ruled weak thereafter, declining to 51½c and closing at the lowest point.

The trade in oats was light and mostly local. The market fluctuated within a narrow range and closed ½c lower for May.

The slumu following the selling out of the long wheat referred to carried the price of May to 33% 399½c, or about 1½c under the highest price made earlier in the day. There was an absence of any fresh export business of any importance, which was looked upon as a good point with the advocates of lower prices. New York reported sales of a few boatloads to miliers, but only two more loads to shimpers. The market did not recover more than ½d1½c after the decline above referred to and again ruled weak, selling off to 94½c, and closing at 94½c.

Heaviness characterized the opening of the provision market. The receipt of 45,000 hogs was too much for it, and the packers appear to be losing ground in their efforts to uphold the market while at the same time disposing of the product of such heavy receipts of hogs. There was good buying on the call, which braced up the market considerably. The price rested at \$10.57½c) 60, or within a narrow fraction of yesteruay's closing price.

Lard closed 2½c lower for May, and ribs show no change in price for that month, and closed with a firm tone.

The leading tutures ranged as follows, as cor-

with a firm tone.

The leading futures ranged as follows, as corrected by John M. Oakley & Co., 45 Sixth street, members Chicago Board of Trade: | Open- | High- | Low- | Clos-

## A clear skin

Boils, pimples, blotches on the skin, eruptions, etc., evidence the fact that the blood is not in good condition.

These symptons result from the effort of nature to throw off the impurities, in which she should assisted by

## Swift's Specific

This will remedy the disturbance, and bring speedy and permanent relief by forcing out the poison, and will build up the system from the first dose.
