MANSFIELD VALLEY MINERS KICKING

BEDFORD, Jan. 26 .- It leaked out this evening that McClelland Pennell alias Jesse James, the young desperado who is awaiting trial on several charges of larceny, the goods being lound in his possession when arrested, made a desperate break for liberty on Saturday night. Deputy Sheriff Chamberlain, preparatory to locking the prisoners up for the night, went into the room used as a sitting room to see one of the prisoners who was sick, leaving the key sticking in the door

leading to the street.

While there he heard a noise at the door, and running out, noticed tracks in the snow. Looking up the alley he saw a man, who, when Chamberlain moved toward him, started to run. This aroused the suspicions of the officer. who started in pursuit, gaining on the man and evertaking him about three squares from the jail. The fellow begged the Sheriff to let him off, offering him money, but he hustled him off

to jail.

The carelessness of leaving the key in the door has kept the affair from the ears of the public until THE DISPATCH correspondent got on to the clew and ran it down. It is said by an ex-official of the prison that the spring in the door is broken and at times will not lock. The jail is unsafe and is a disgrace to the county.

MANSFIELD VALLEY, Jan. 26.-The miners of the several railroad mines in this vicinity will hold a mass meeting to-morrow afternoon at Melsor's Hall, on Main street, to talk over their business and prepare for a new scale in May. EDUCATION IN THE SOUTH. A Preacher Who Says Colored Children

Have No Opportunities. TPECIAL TELEGRAM TO THE DISPATCH.

Youngstown, Jan. 26.-Rev. J. S. Hill, of Morristown, Tenn., in a sermon at the First Presbyterian Church last night, on "The Edu-

cation of the Colored Race South," said:
"The system of educating colored children in many places through the South is little better than a farce. In few cases did the school last longer than five or seven weeks, and some counties only had school every other year. Others had not had any school for three years. The Presbyterian, Methodist and Congregational churches in the North have done more toward educating the blacks than all the South Teachers engaged in educating the colored children are estractized by the white but perceived to the colored of the colored the children are ostracized by the whites, but per sist in the good work."

SPECIAL TELEGRAM TO THE DISPATCE. WASHINGTON, Jan. 26.-A big stir has been

WASHINGTON, Jan. 28.—A big stir has been caused in Washington county by the recent action of the County Commissioners. The tax levy on the property in the county has been reduced to 3 mills, 1 mill less than the levy last year. The County Treasurer will receive 2 per cent on the first \$100,000 and 1 per cent of all tax over that amount.

The levy this year will probably amount to \$120,000. This would make the Treasurer's share about one-third as much as that received by the last Treasurer. The present Treasurer is the only county officer elected by the Democrats. The Commissioners are Republicans and the friends of Mr. Chambers allege that they are endeavoring to make him sick of his office by cutting down his salary.

Fair Appropriation Dependen Upon the Force Bill.

INDIANAPOLIS, Jan. 26 .- The House to day, after a long and vigorous debate adopted the following resolutions by a stric

party voie:

Whereas, A bill has been introduced into this General Assemby providing for the appropriation of \$200,000 to make a display of the industries and resources of this State at the World's Fair, to be held at Chicago in 1893; and Whereas, The measure now pending in the United States Senate known as the force bill is a revolutionary measure, which if it passes the Senate and becomes a law, will invoive the people of the Southern States in a race war, will prostrate the industries of many of the States of the Union, will disrupt the amicable commercial and social relations existing between the North and the South; and,

Whereas, If said bill shall become a law, and such conditions thereby brought about, the World's Fair will become a sectional instead of a National affair, will fail to adequately exhibit and display the magnitude and variety of our country's resources, will fall short of the purposes for which it was contemplated, and will bring a stain and reproach upon our whole country; and

Whereas, It is the sense of this General As-

country; and
Whereas, It is the sense of this General Assembly that no appropriation should be made by the State of Indiana to exhibit her resources at such Fair, or in any manner encour-age the same, unless it can be made in fact, as well as in name, a World's Fair, and can ex-hibit the magnitude and variety of our whole country's resources and advancement; there-

country's resources and advancement; there-fore Resolved, By the House of Representatives, the Senate concurring, that no further consid-eration of said appropriation bill be had until the Senate has finally disposed of said force bill, that this assembly may know what is to be the character of the exhibit of said World's Fair.

The Democratic members of the Senate caucussed on the resolutions, and at 3 e'clock de-cided to vote for them solidly to-morrow.

BISHOP ESHER'S STANDING.

A Chicago Judge Upholds the Result of the

Trial at Reading. CHICAGO, Jan. 26.-Judge Pleasants, o the Illinois Appellate Court, has rendered fixing things to knock out John B. Rae for a second term as President of the United Mine church differences. On the hearing of a motion to dissolve an injunction which had been obtained previously against the ad-

ence which refused to recognize Esher as Bishop and excluded nim from their session, acted legally and that their appointees were the only ones legally assigned to pastorates. The opinion is a most elaborate document and exhaustively discusses the whole controversy. The high rank of Judge Pleasants as a jurist and the strength of the opinion itself makes this a most decisive victory for the anti-Esherites.

NEW THROUGH FREIGHT LINE.

The Baltimore and Ohio and C., C., C. & St

L. Come to an Agreemen CINCINNATI, Jan. 26 .- A highly import ant combination of two great railway sys tems in the formation of a new through fast freight line was accomplished here to-day. The combination is between the Baltimore and Ohio and the Cleveland, Cincinnati, Chicago and St. Louis companies, with the Baltimore and Ohio Southwestern as a con-necting link.

The name of the new line has not been relected, but Thomas H. Noonan has been chosen as general manager, and he is charged with the organization of the new line. His headquarters will be at Indianapolis. The two great railway systems thus joined in this enterprise cover a vast extent of territory be-tween the seaboard and the Northwest, and will exert an emphatic influence on the freight movements in that territory. It will probably require some 60 days to organize the new line and put it in operation. No appointments, except that of general manager,

DOWN, DOWN

Certainly they do. We

have no alternative. Per-

haps you don't believe a dealer when he tells you that he will give you more than your money's worth. You are scarcely to be blamed for being incredulous. It does not look reasonable, does it? Men go into business for their own benefit and not for anybody else's benefit, you will say. So they do, but there comes a time when it is cheaper to sell below cost than to wait for another season. You can readily understand that even if you are not in the clothing line. That's what's the matter with our business just nowwe must clear off our stock. We want to sell at a sacrifice because it will pay us better than to keep our capital tied up. Under any other circumstances such prices as these would be ruinous: Think of it! \$8 will buy one of our elegant Overcoats, worth \$12; \$10 now for a handsome Cheviot or Kersey Overcoat worth \$15; \$12 for an Overcoat that is made and trimmed in princely style and well worth \$18. \$15 will give you choice of the grandest line of custom tailor-made Overcoats. Most of the above coats can be worn in spring
