

SOME ARE BAD HUNS. Several of the Braddock Rioters Admit They Were Out of Order DURING THAT NEW YEAR'S FIGHT.

THE CASE CLOSED AND THE LAWYERS NOW TALKING TO THE JURY.

YESTERDAY IN THE COUNTY COURTS

The trial of the Hungarians for rioting at Braddock on New Year's Day was continued in Criminal Court yesterday.

The defense was opened by putting Michael Gabor on the stand. He denied having taken part in the riot, and produced two witnesses who saw him at work on Thirtieth street.

Andrew Starnay, another defendant, admitted having taken part in the disturbance on New Year's eve, but on the following day, he also admitted having purchased a revolver and cartridges for the purpose of shooting, but was not used for any good.

Andrew Staska, John Gurtig, John Bucher, Stephen Zaro, all defendants, were placed on the stand, and denied any complicity in the rioting.

The next case was that of George Resnick, who is accused of having assaulted Michael Quinn with a club. Mrs. Anne Foster, Mrs. Elizabeth Foster, Mike Supler and Maria Itaniza testified that Resnick was at Jakob's boarding house on New Year's eve, and that he was in the room with Resnick at 11 o'clock until after 2 o'clock in the afternoon.

Resnick testified that he and the defendant were together in the room at the time of the assault, and that he was the one who struck the defendant with the club.

The case will be concluded to-day.

CASES TO BE TRIED TO-DAY.

List of Those Which Are on the List for Attention.

RENEWING THE BOOM. ANOTHER BIG OIL WELL BROUGHT IN AT WILDWOOD.

Other Promising Producers at That and Other Centers—The Monitor Producers Making the Best of a Sure Thing—A Large Disappointed Crowd at McCurdy.

SPECIAL TELEGRAM TO THE DISPATCH: WILDWOOD, Jan. 27.—The southwest extension of the Wildwood field still keeps up its reputation. To-day Barnard & Co. brought in their No. 8 Kress, and according to a late gauge tonight it is making 300 barrels an hour.

Contrary to expectation, McDevitt & Co. did not find the sand last night in Garton, but will most likely pay the pay to-night or in the morning. J. M. Guffy & Co. Range No. 1 was drilled a little deeper last night, and increased the wells' production to 300 barrels an hour.

Deeper drilling to-day in the Bowman gasser made but little improvement. At Gresham Griffiths & Co. have ceased their experimental ventures.

A Promising Producer at Bakerstown. BAKERSTOWN—P. C. Fredrick has not shot his Garrow farm well as was anticipated several days ago. The reason for not admitting a dose of high explosive was too much fluid in the hole. The well is now being tugged and will be pumped. It is thought that Mr. Fredrick will be able to get the well to produce 300 barrels a day.

Pittsburg parties about 4 1/2 miles southwest from Bakerstown are drilling a well on the Fisher Oil Company's land. The well is now being tugged and will be pumped. It is thought that Mr. Fisher will be able to get the well to produce 300 barrels a day.

Letting Well Enough Alone. MONTOUR—But very little new work is being done in the oil Montour pool. The old wells are holding to remarkably well. Operators are paying particular attention to their production, as there is more money in this than drilling new wells at the present prices of oil.

A False Report. MANNINGTON—An erroneous report gained circulation to-day that the Logan Oil Company's well in the Baker farm, 3 1/2 miles southwest from Mannington, had been drilled in and was flowing at the rate of 300 barrels a day. The fact is the well is still drilling and owing from 20 to 30 barrels a day.

A Large Sale of Oil Land. NEWPORT—It was rumored in oil circles this morning that the extensive producing farm of Ackery & Sammel had sold their Henderson farm, which lies in advance of their Newport developments in Ohio. The farm comprises 14 acres, with one producing well and one well in the sand, while the price alleged to have been paid was \$6,000. Later in the day this report was confirmed.

Progress of the Charters Wells. CHARTERS—The Fisher Oil Company's last well, completed at Dun's farm, is now producing 300 barrels a day, while the Echo Oil Company's well, just drilled through the sand, is making 300 barrels a day. Fisher Company has located another well which will soon be on the bubbling.

Prospects for a Good Well. GLADE MILLS—Wesley Webber & Co. are making good time in their well at Glade Mills, Butler county. The well is in the 100-foot, with a good show of oil.

An Expert Fishing Job Well Done. OKAHLA—Fatty Conkle, the expert fisher, has succeeded in taking the tools out of the Fisher Oil Company's well, on the Gornley farm, three and one-half miles from Okahla, on the Panhandle road. Drilling has been suspended in Ohio. The fisherman comprises 14 acres, with one producing well and one well in the sand, while the price alleged to have been paid was \$6,000. Later in the day this report was confirmed.

A Disappointed Crowd at McCurdy. McCURDY—All day there has been more than ordinary interest manifested concerning the result of the two wells expected due to the McCurdy pool. This field for the past three or four days has been the center of attention in the Southwest, and upon the wells now being drilled in the sand in a measure hangs the fate of McCurdy. There was quite a large crowd gathered around the well to witness the drilling of the well, and many practical oil men left the well late to-night, with feeling of anxiety. At 5 o'clock it was drilled at a depth of 2,100 feet and four bits in the sand, with only a small showing of oil. It is questioned whether or not the well will be drilled to a depth of 2,100 feet, and it is expected, will be found at 2,175 to 2,200 feet.

MESSRS. J. F. MARQUARDT & SON, prominent druggists of Toledo, O., say that Chamberlain's Cough Remedy gives the best of satisfaction and takes the lead.

A Good Thing to Have. This is a good time of year for water crackers; Marv's's charm waters for instance, they are the best and should be on every table. Your grocer keeps them.

MR. J. F. MASTERS, cashier for Emmit & Co.'s Bank, Waverly, O., says: "I consider Chamberlain's Cough Remedy the best I have ever used. After trying several other kinds without benefit I tried it, and it quickly cured me after years of suffering with an obstinate cough and throat trouble."
