### PARNELL'S POPUL ARITY.

THY DUNLAP'S CABLE COMPANY. LONDON, Feb. 2 .- Seven times within the past seven weeks has Ireland pronounced emphatically in favor of Charles Stewart Parnell. The meetings at Cork, Dublin, Limerick, Tralee, Athlone, Waterford and Ennis have been remarkable for sustained enthusiasm for the deposed leader. and the Nationalist demonstrations have had great effect in England, as proving the activity of the man who has been of late

The members of that division of the party. The members of that division of the party led by Justin McCarthy stated this atternoon that an arrangement had been reached by which Dillou will become Chairman of the Irish party, and Parnell will for the time efface himselt, and O'Brien will return to America to resume the collection of funds. A less sanguine spirit prevails this evening. owing to the refusal of Gladstone to give the assurances demanded by Parnell as the condition of his present retirement, which will only last until the general election.

#### BAD FOR T.HE REBELS.

The Defeat of the Chilean Insurgents a Sad Blow for Them.

BT DUNLAP'S CABLE COMPANY). LONDON, Feb. 2 .- The latest advices from Chile are that an engagement has been

fought off Anoud, the principal port of the Archipelago on the north coast of Chile, between the Government fleet and the insurgent warships, which ended in the complete defeat of the latter. This leads to the inference that the Archipelago, which is the most important strategical position which the insurgents occupied, has again fallen into the hands of the Government.

Coming after the recapture of Pisagua by the Government, the loss means another severe blow to the insurgents. Communi-ention with Santingo and other powers, which was restored for the moment, has been again interrupted.

elections were accompanied by rioting at many of the polling places. The rioters attacked the officials guarding the polling stations and succeeded in getting possession of the ballot boxes which they smashed. Some of the rioters were arrested. The re-turns from the provinces still continue to show gains for the Government. This is the cause of much congratulation on the part of the Conservatives, as yesterday's elections the Conservatives, as yesterday's elections were the first held under the law establishing universal suffrage.

LONDON-Justin McCarthy, speaking at Liverpool on the Irish question, said that if the minority would not yield to the ma-jority it might be well for Ireland to be pre-pared to accept a settlement making pared to accept a settlement making peace and union. The prospects of an agree-ment being reached were hopeful. The imperial Parliament must settle the land question before or concurrent with the home rule question or never settle it at all. The Irish, said Mr. McCarthy, were quite competent to reorganize the constabulary as a civil force.

She caucht a severe cold in under the new revenue law of 1889. The court says, in an opinion delivered by Judge Mitchell: "We conclude that by Judge Mitchell: We conclude that the intent of the act was to tax all mortgages three mills on the dollar, but not to tax any of them twice. As to individuals, the tax is levied by Section 1 directly on the mortgages at their face value. But on the morigages at their later value. But as to such morigages are included in the capital stock of such corporations, the three mills are levied, not directly on the mori-gages themselves, but under Section 21 on their value as part of the stock as estimated by the profits earned."

"Ed Nikirk has been wanting to run me a race of three-quarters of a mile for a long time, while I have been holding out for one mile. Now, I will make a fair proposition to him. I will split the difference and run him a race of seven-eighths of a mile for \$250 a side. If he thinks well of this, I will meet him at THE DISPATCH office Saturday night at 8 o'clock prepared to make a match." The above challenge seems in all respects a fair one.
