A Good Day at the Stock Exchange-Elec tric Stronger.

Business at the Stock Exchange yesterday was brisk at the two early calls, but it fell off in the afternoon on the exhaustion of orders, or to give operators time to take the bearings preparatory to a fresh campaign. Total sales were 1,686 shares, Electric furnishing the bulk. As usual for some time, Electric was the at-

As usual for some time, Electric was the al-traction. It opened in good shape and was picked up rapidly at 13. It reacted a little and then moved up by easy stagss to 13%. This was the climax of the day. The close was 13% bld and 13½ asked. Philadelphia Gas was strong at II at the opening, but weakened a triffe and closed at 10% bid. Luster closed a fraction be-low the opening. There were no other features of importance.

The Homeliest Man in Pittsburg

bilt and Gould Buying. NEW YORK, Feb. 4.-The stock market continued to show great strength to-day and re-versed the temper of yesterday completely, while there was an increased volume of husi-

ness, though the aggregate is still small. Railroad earnings reported now are showing up much better than was expected, and commission houses report again an increased inquiry from outsiders. The general belief is that should the present movement continue without serious sefback for a little while longer, there will be more sutsiders in the market, as well as good buying for London account. The buying to-day was apparently from Van-derbilt and Gould sources, but there were rumors of pools in several stocks, among which St. Paol and Lake Shore were conspicu-ous and both made handsome advances to day. sion houses report again an increased inquiry

rumors of pools in several stocks, among which St. Paul and Lake Shore were conspicu-ous, and both made handsome advances to-day, the latter being helped materially by the report of its earnings for the fough week in January. Other especially strong Stocks to-day were Lackawanna, Wheeling and Lake Erie and Pacific Mail in the general list, while among the specialties there were some large cause made, Jersey Central, Delaware and Hudson, Edison General Electric and Great Northern preferred being especially prominent. The market opened with a firm tone, but re-mained dull except for those stocks which had the advantage of clique support: but a stronger tone was soon developed, and late in the day the upward movement became most pro-nonneed all through the list. Outside of St. Paul and Lead Trust, however, there was not at any time any real activity. The long-ex-pected declaration of the dividend on Lead Trust came to-day, and was a great disappoint-ment to many who have been expecting one of l per cent, whereas the dividend was only 3/ of l per cent, whereas the dividend was only 3/ of l per cent, whereas the dividend was only 3/ of l per cent, whereas the dividend was only 3/ of l per cent, whereas the dividend was neavy selling by the splisappointed speculators, and this near-tralized the buying, which was indulged in by those who have been waiting for the dividend or other good news before purchasing. The stock rose only a small fraction in the early trading, but lost all the improvement lager in the day with something in addition. The other industrials were affected to a large extent, and the material advances made in the Sucar stocks in the forenoon was alterward entirely lost.

lost. The market showed increased strength as the

The market showed increased strength as the day wore along, outside of the industrials, and while there was, as usual, some realizing in the last hour upon the advance scored, there was no sechack, and the close, while quiet, was strong at the best figures of the day. The list is upost invariably higher, and Jersey Central is up 3½; St. Paol, 1½; Nothwestern and Lack-awanna, each 1½; Nock Island, 1½; Lake Shore, 1½; Paolite Mail and Louisville and Nashville, each 1½; And Burlington, 1per cent. Raitroad bonds were more active and stronger, with some marked gains among tho active issues. The sales reached \$1725,000, out of which Kausas and Texas 4s contributed \$113, 000, and Rio Grande Western 45 \$120,000, the re-wainder of the husiness being very well distributed. Among the advances of note were Louisville, New Albany and Chicago con-sols 2 to 55. New York and Ohio Sonthern is 3 to 68.
