Receipts of Cattle Larger Than Last Week and Quality

OF OFFERINGS NOT OUITE SO GOOD.

Good Butcher Beeves Stronger, and Low Grades Advanced.

OFFICE OF PITTSBURG DISPATCH, ) WEDNESDAY, Feb. 11.

There were 80 leads of cattle on the marwhen setters had readed their demands to specific and \$7.3\(\chi\_c\) which they did immediately, against 68 loads the previous Moaday, and \$55 the week before. About five loads have been received since Monday, making a total of \$5 loads for the week. One-half of this week's offerings were from Chicago and the other half mainly from Ohio. Very few ludiana beeves have been coming to this market of late. The quality of cattle on sale this week was a shade below that of last week, but was a fair average. Markets opened slow on Monday morning, but as the day advanced there was a decided improvement, for the reason that there were not enough cattle at the allegheny yards to go round. One Allegheny butcher who seldom buys at East Liberty bought is head on Monday because his required.

\*\*Soft Had reduced thery did immediately, the remainder of the crowd jumped for it, and it was selling within a few seconds of the opening a 183/cc. Bane and antidote, both of dilated strength, were alternately administered in the slange of the news, and the subsequent fluctuations swung slowly back and forth in a narrow range in lazy response; from \$73/c\$ to 85/cc was the range. Every time the price would show have 88c, after it had gradually worked off from the high point in the first hour's trading, there was enough offered to keep it from getting above 85/cc, and on every occasion when a decline to \$75/cc took place there were buyers enough to again send it back to 85c. During the last ten minutes trading price of May broke to and closed at \$73/cc.

The trading in the general price was governed mainly by Hutchinson's supporting orders, which absorbed the offerings of the crowd. Transactions were light and the range narrow.

The oats market was a good deal of activity in the proket at East Liberty Monday morning, his week were 8 to 10 loads of good 1,500 to 1650 B beeves, close to prime, which were sold thosely at retail. They would have found ready buyers in carload lots at \$5.25. The latter was the highest price paid this week at the East Liberty yards, by the car. One load is known to have brought this figure. All butcher grades of cattle were strong at last week's prices, while common and low grades were active at

much better supply than last week, and prices | diminution. were well maintained, the range being \$25 to \$40. Veal calves were in moderate supply and in active demand, at a range of 636c to 756c, the latter being paid for a few extras. All offer

latter being paid for a few extras. All offerings of cattle were well cleared up to-day. Only a few odds and ends are left in the yards. The rain of hogs on Monday was light, there being 30 foods on sale, against 45 loads the previous Monday, and 50 the Monday before.

Owing to the light run markets opened active and strong, with \$3 90 to \$1 00 as the top price for Philadelphias. Later on in the day news came of an immense run at Chicago, one of the very largest on record, and that prices dropped to \$0 45 for tops. This had the effect of weakening markets at East Liberty, and prices dropped back to \$3 90 as the outside. Since Monday receipts have been light, and markets partially regained some of their lost strength. Total receipts of hogs during the week were less than 50 loads, against 70 loads last week, bemand is principally for light hogs. Heavyweights go slow. neep and Lambs-There have been, all told, about a dozen loads on sale this week. General quality below par. Good sheep were strong at last week's prices. Top price for wethers and lambs was \$5.50 and \$6.50.

McCall & Co.'s Weekly Review. The surply of cattle fair. Prime grades strong at last week's prices. Common to fair add 10c to 20c per cwt. higher, but medium grades were very dull and shade lower. We give the following as roling prices: Prime, 1500 to 1600 ha, \$1 300 50 5; good, 1200 to 1400 to 1500 ha, \$1 200 5 5; good, 1200 to 1400 to 1500 ha, \$1 200 5 60; dry alted sounders (boxed), \$1 300 50; short clear sides (boxed), \$1 300 50; shor \$5 24@3 75; common to fair stockers and teeders, 600 to 1000 lbs, \$2 50@3 20; mixed lots, | 21c.

Special To Let Lists This Morning,

## MARKETS BY WIRE.

Wheat Swings Back and Forth and Finishes at a Loss-Corn and Oats Neglected-Provisions Active,

but Prices Let Go. CHICAGO-The wheat market lost the buying snap which characterized it yesterday after noon, and the bears succeeded in depressing the price of May to 97% toward the close of the session, and it rested at the lowest point of the day and Me lower than on the day before. There were no particular features in the trad-ing beyond the steady support which a few SHEEP AND HOGS FAIRLY STEADY of the side they advocated and the lukewarmness of the adherents of the rival faith. Cables

were only mildly encouraging and the weather was clear and spring-like.

The May delivery at the start was freely offered at 98c with no buyers to speak of, but when sellers had reduced their demands to 96%c and 97%c, which they did immediately, the remainder of the crowd immediately.

ing nature.

There was a good deal of activity in the pro-

vision marker, and weakness, with free seiling out by country holders, was the feature. The Government estimate of 50,600,000 hogs in the Government estimate of 50,600,000 hogs in the country or January 1, or only 1,000,000 less than at the East Liberty yards, by the car. One load is known to have brought this flurre. All burcher grades of cattle were strong at last week's prices, while common and low grades were active at an advance of about 10c per cwt.

Fresh Cows in Better Supply.

There were very few good stockers on sale. A few fairly good, weighing about 900 flex, were sold at \$5.40 to \$3.50. Fresh cows were in much better supply than last week, and prices

Government estimate of 50,600,000 hogs in the country on January 1, or only 1,000 less than at the corresponding time a year ago, appeared to carry the conclusion to the minds of holders that they had played into the packers' hands long enough. Outsiders were the sellers; packers were also putting out heavier lines, and local scalping shorts gave the market the only support it received. The receipts of hogs were also putting out heavier lines, and local scalping shorts gave the market the only support it received. The receipts of hogs were also putting out heavier lines, and local scalping shorts gave the market the only support it received. # TO BE MODERNIZED.

Beginning of Extensive Improvements to the Hostetter Block.

GRADING CALIFORNIA AVENUE. Electric Stock Works Up and Down Without Gaining or Losing Much.

THE NEWS AND GOSSIP OF THE CITY

The work of putting in a new front and otherwise remodeling the Fort Pitt Bank building, or Hostetter block, on Fourth avenue, was begun yesterday. The front will be lighter than the present one, more glass being used, and will be one of the handsomest in the city. The improvement of most importance to the business public will be an elevator.

### Pushing It Ahead.

Work on California avenue is progressing as fast as the weather will permit. It is being graded on the Witmer, Oliver and Walker roperties, almost to Jack's run. Nothing has been done toward bridging the run, which is the heaviest part of the work, but this will be done the coming summer. It is thought the road will be opened next fall.

People of Bellevue are anxiously awaiting the extension of the road to that borough, to facilitate which Council has granted right of way as

Two of the Finest.

The new building of the National Bank of Commerce is nearing completion. Some of the upper floors are occupied. In plan and execu-tion the object has been to put up a good, substantial business house that will be a credit to the city at as reasonable cost as possible. Therefore the useful has been given precedence over the merely ornamental. It is provided with all modern improvements and appliances for busi-ness and comfort, and is as nearly fire-proof as

possible. The German National, in the same locality. is being hurried along as fast as possible. In describing it yesterday a gentleman said: "It is a symphony in stone; a symposium of the finest effects that can be wrought in granite and wood by the most skillful hands." The cost of this building will be about \$300,000.

### No Place for Grumblers.

Some people are enthusiastic or nothing. They are dissatisfied with the regular course of things. If business be good they want it better. Conditions are nothing to them. They think recovery from financial depression should be instantaneous. These people are now growling because trade is not up to the pitch of the same time last year. It is true there is no boom in anything in Pittsburg, but there is something better-substantial, permanen growth, growth that inspires confidence and invites capital, growth that assures good returns to investors in almost any line of activity, a safe, healthy growth that can be depended upon. Pittsburg is full of opportunities to capitalists at home and abroad for safe and profitable investment.

Business News and Gossip.

A large brick schoolhouse on Beaver avenue near Garfield, Bellevue, is nearing completion. The track of the electric railroad on Brown's roperty, at Bellevue, is in a dilapidated condiion. The road seems to have been permanently abandoned for want of patronage.
Charles Schaeffer has purchased a lot fronting 150 feet on Atlantic avenue, and will begin the erection thereon of two line dwellings as

the erection thereon of two fine dwellings as soon at the weather will permit.

At the annual meeting of the New York and Cleveland Gas Coal Compary, at the office on Wood street yesterday, the old Board of Directors was re-elected, as follows: John Walker, J. J. Domeli, J. T. Colvin, W. P. De Armit, Frank Semple, J. T. Hamitton, Henry Phipps, Jr., J. Umbstaetter and W. H. Berger. W. P. De Armit was re-elected President, Frank Sem ple Treasurer and C. L. Dixon Secretary.

Contractor Bowersmith, of Lawrenceville, has bought a lot on Rebecca street, near Liberty, upon which he will put up a fine residence for himself the coming spring.

The two most important of 29 mortgages on file for record yesterday were for \$15,000 each—both purchase money.

The Building Record. Four permits were taken out yesterday for improvements, descriptions and cost of which

Henry Schnupp, frame two-story dwelling, lzx12 feet, on Joseph alley, Twenty-seventh ward. Cost, \$400. Mrs. Elizabeth Powell, frame addition, onestory kitchen, 14x16 feet, on rear Keystone street, Eighteenth ward. Cost, \$200 C. W. Green, frame one-story wagon shed, 12x18 feet, on Arthur street, Eleventh ward. Cost, \$55.
Thomas Cadwallader, frame two-story stable, 20x40 feet, on Braddock avenue, Twenty-second

20x40 feet, on ward. Cost, \$200.

Samuel W. Black & Co. sold a property on Carolina street, opposite Niagara street, Four-teenth ward, lot 50 by about 186, with a large well built frame dwelling, for \$6,000. A. J. Pentecost sold a lot corner of Garfield and Rodgers avenue, Bellview, 64x82, with a

and Rodgers avenue, Bellview, 64x82, with a new two-story frame dwelling containing six rooms, for \$2,400. It belonged to the estate of Jane L. Mercer.

Charles Somers & Co. sold to Miss E. Armstrong the residence property of J. N. Lawver, situated on North street, Wilkinsburg, consisting of los 40x110 leet, with modern sayle frame house of six rooms, reception, bath, etc., for \$3,300.

S. A. Diekie & Co. sold for Thomas N. M. A. 83.300.
S. A. Dickie & Co. sold for Thomas M. Madden to George Baker a vacant lot on Carson street, Twentieth ward, 22x125, for \$800.
Black & Baird sold to Charles Frank a two-story frame dwelling. No. 203 Howard street, Allecheny City, with lot 22 feet front and extending through to Compromise street, for \$600.

Total sales, 42,000 barrels.

### NEW YORK STOCKS.

Shares Less Active—Bulls Rule the Day in the Early Morning, Followed by Bear Raids, but Only One Change or Note.

NEW YORK, Feb. Il.-The stock market was less active to-day than for two weeks. While it was firm to strong, as usual of late, in the forenoon, it reacted later in the day. All the forenoon, it reacted later in the day. All the early improvement was lost, with something in addition in most cases. The market, however, was more than usual of late a traders' market, and the selling was of a purely professional character, the bears selling on a further agitation of the silver question and upon an allegation that Mr. Cammack was advising his friends to go short of the market. Unless all reliable information is at fault there is nothing in either rumor.

The day opened with some support apparent in many of the leading shares, but later this was withdrawn, and the bears attacked several specialities, with the effect of weakening them. The Oregon improvement Company bonds which have been offered to stockholders are being taken up rapidly and the receivarishing being taken up rapidly, and the receivership, it is expected, will therefore soon be brought to

which have been offered to stockholders are being taken up rapidly, and the receivership, it is expected, will therefore soon be brought to an end.

The temper of the room in the early dealings was moderately bullish, but there was no disposition to trade, and the transactions in the market were the smallest for some time, which had the usual effect of encouraging bear attacks, and the traders fell in behind. A drooping tendency was first noticed in Union Pacific and Atchison, which afterward spread to the first hour were wived out.

A special attack was made upon Chicago Gas in the afternoon, and it was depressed 1½ per centro 4%, from which it recovered only a slight fraction. The changes in the rest of the first hour were wived out.

A special attack was made upon Chicago Gas in the afternoon, and it was depressed 1½ per centro 4%, from which it recovered only a slight fraction. The changes in the rest of the first hour were wived out.

A special attack was made upon Chicago Gas in the afternoon, and it was depressed 1½ per centro 4%, from which it recovered only a slight fraction. The changes in the rest of the first hour were wired out.

A special attack was made upon Chicago Gas, which is down 1½ per centre 1½, from which it recovered only a slight fraction. The changes in the rest of the first hour were wired out.

Railroad bonds were more quiet and displayed a great lack of ione and leature, while sympathizing closely with the transactions in stocks. There were a few important advances, however, while the losses were insignificant. The total business done was only \$1,30,000. Chilling Midland generals 2 to 89, and the stamped bonds 3 to 90.

The following table shows the prices of active stocks on the New York Stock Exchange yesterday. Corrected daily for Title Distracture by with the exception of Chicago Gas, which is down the new York Stock Exchange yesterday. Corrected daily for Title Distracture by with the case of the New York Stock Exchange yesterday. Corrected daily for Title Distracture by the pr

DOMESTIC MARKETS.

Eggs Are Weak and Lower, and Creamery Butter Advanced.

VEGETABLES GOING DOWNWARD. Light Receipts and Demand for Cereals, With Prices Firm.

THE MOVEMENT OF GROCERIES SLOW

OFFICE OF PITTSBURG DISPATCH. | WEDNESDAY, Feb. 11, Country Produce-Jobbing Prices. Though the weather was all that could be deired yesterday, produce trade gave no signs of

revival. Eggs found a lower level, top price being quoted at 22c by commission men, with an occasional sale of a single case at 23c. At the decline eggs are not active. Retailers buy only for immediate wants, being apprehensive of still lower prices. Our quotations on Elgin creamery butter are advanced in accordance with markets at headquarters. Goshen cheese is scarce and firm, with a prospect of higher prices at an early day, as speculators have of late been gathering in all available stock. Factories are well cleaned up, according to reliable reports. Vegetables of all kinds are slow. Some commission men report top price of potatoes at \$1 10 per bushel. Cabbage is dull

### STEALING THE WATER.

Coal Operators Protest Against Encros ments Upon the Channel-Bridge Building to Be Stopped-A Government Investigation-High Water in the Allegheny-River Drift.

A meeting was held yesterday morning in the office of the Advance Coal Company. Colonel W. E. Merrill, Chief Engineer of the Ohio river, and representatives from the coal firms of Joseph Walton & Co., W. W. O'Neil Coal Company, Wood & Sons, the Advauce Coal Company and Brown's Sons. The meeting was the result of a petition sent to the Secretary of War by the coal operators pro-Secretary of War by the coal operators protesting against the Bessemer bridge, the location of the Beaver dam and the encroachments in the Pittsburg harbor. Colonel Merrill has been instructed to investigate the complaints and report to the War Department.

The river men presented a statement that the bridge was nearly a foot too low, and would seriously obstruct navigation. They also protested against the location of the Beaver dam. They claim that if built at the point indicated navigation would be exceedingly dangerous, at the channel of the Ohio would be constantly shifting. The most important complaint was in relation to the eneroachments in the Pittsburg harbors. They presented plans showing the prescribed nautical lines and surveys and said he would immediately investigate and report them to Washington. He also intimated that he would stop the construction of the Beaver bridge pending investigation.

THE WATERS RECEDING.

e Allegheny River Over the Pitts and Western Railroad Tracks. The highest stage reached by the river yesterday was 19 feet 8 inches and stationary, with indications of it falling slowly during the might. The highest reached at Parkersburg yesterday was 24 feet 2 inches; at Cincinnati, 41

yesterday was 24 feet 2 inches; at Cincinnati, 41 feet 3 inches; at Louisville, 18 feet 9 inches. Notwithstanding the stage of water, not one tew of coal has gon out, owing to the strike of the upriver miners.

But once before this winter has the Allegheny river been so high at this point as during the past few days. Yesterday afternoon it registered 20 feet and, was failing. The engines on the Pittsburg and Western could barely move along the river bank beneath the Ninth street bridge without putting out their fires. The water was way over the strip of land between the tracks and the river from the station to just above the bridge.

The boat houses seemed to be a good distance out in the river and connection with some of them had to be made by means of skiffs. Considerable difficulty was experienced in unloading coal barges, owing to the high water.

Harbor and River News. THE steamer Bedford left at noon yesterday for Parkersburg with a good trip.
THE steamer Hudson arrived at 12 o'clock Tues-

day night with a fair cargo, and left yesterday afternoon at 5 o'clock for Cincinnati. A LARGE cargo of cypress shingles arrived yes-terday via Gray's Iron Line. It is said that there are enough shingles to last the State of Pennsylvaniz for an entire year.

CAPTAIN MICHAEL KELLY, of the Anchor Line, at St. Louis, is visiting for a few days in the city. Captain Kelly is an old Pittsburger, and well known along the river front. CAPTAIN DAVID L. HENDRICKSON, father-in-law of Captain I. N. Bunton, of Joseph Walton & Co., died at the residence of Captain Bunton on Tuesday night of pacumonia. Captain Hendrick rae-may night of pacumons. Captain Hendrick son was 71 years of age, and was one of the old time rivermen. He was formerly an engineer and afterward commanded the steamer blacks also the Maggie Hays, which blew up some 2 years ago. His body will be interred to-day a McKeesport.

Drygoods Market.

NEW YORK, Feb. II.—The leading drygoods commission houses report a fair general demand for goods, with urgent request from customers for the delivery of anything due on orders. The demand and movement are most prominent in dress cottons, especially wash fabrics. The market all through is very steady to firm. Drygoods Market.

SPECIAL TELFGRAM TO THE DISPATCH. NEW YORK, Feb. 11.—Bar silver in London was 46/4d per ounce: New York selling price, as reported by builton dealers, \$1 01%.

The Wool Market.

ST. LOUIS-Wool market continues active and firm, but light orders prevent any con-siderable business; prices unchanged. Metal Market. NEW YORK-Pig iron quiet. Copper nominal. Lead duil; domestic, \$4 57%. Tin quiet and steady; straits, \$20 10.

LATE NEWS IN BRIEF.

-California's lower House appropriates \$300,-000 for a World's Fair exhibit. -The Freeman's Journal says that negotia-tions between the two Irish factions have broken off.

-Senator Brice donles that he is interested in the purchase of the Monon Railroad, or that he is contemplating a resignation. —A sealed cave has been disclosed in Harrison county, Ind., by the falling in of a piece of ground. Human skeletons and many flint tools were discovered there.

-lu a collision between a freight train and an extra on the Wabash Railroad at Ingleside, near St. Louis, both engines and ten cars were wrecked, two men killed and six injured. —"Now you must die!" playfully exclaimed Ethelinda Bolding, at Bridgeport, Ill., pointing a revolver at Mrs. Samuel Rigley. The weapon went off, and Mrs. Rigley will die of the wound accidentally inflicted.
