Electric Weaker in Sympathy With Lower

Prices in Boston. There seemed to be a lack of confidence in Electric yesterday, to judge from the way the value of the stock was clipped off. It was weak all day, and closed nearly \$2 below the

Both sides fought shy, as if they did not fully

understand the situation, or were holding back for something which might have an important

for something which might have an important bearing on the market. The stock was lower at Boston, and this was, no doubt, the cause of the decline here. Most of the buying by the local crowd was to cover shorts.

Philadelphia Gas was down a triffle from the previous close. Pittsburg Traction improved a shade and Pleasant Valley submitted to a small concession. Luster was the weakest stock on the list, closing at a loss of \$1.50 for the day. New York and Cleveland Coal was wanted, at \$7. There was nothing new of importance in other parts of the list. Total sales were 1,545 shares.

GRAY'S SPECIFIC MEDICINE

VERY LOW FIGURES

St. Louis.... East St. Louis. Baitimore

The General Rule in All Branches of the Iron Business. PRICES ARE ALSO RULING LOW.

Only a Moderate Amount of Trade Reported in Steel Rails.

STATE OF THE FOREIGN METAL MARKET

ISPECIAL TELEGRAM TO THE DISPATCE. NEW YORK Esh 12 -The Iron Age reports the condition of the iron and metal

narket as follows: American Pig-Sellers report a light business. Very low prices have been made recently in the New England market, nearly every salesman referring to the very close figures being made in that section. Alabama and Virginia irons seem to be pressing in that quarter, No. 1 selling as low as \$16. In this section the movement is not notable. We quote Northern No. 1 foundry, \$16 50@ \$17 50; No. 2, \$15 75@16 50; forge, \$14 25@15 60.

tidewater, and Southern fron, \$15 23@16 00 for No. 2, with little No. 1 offering. Spiegeleisen and Ferro Manganess—The sale of spiegeleisen referred to in our last was 20 per cent metal. The same concern has bought per cent metal. The same concern has bought since then 5,000 tons of 10 per cent German spiegeleisen. Ferro manganese is dull and neminal at 561 50000, while 20 per cent spiegel may be quoted at \$25 500038 for English. Billets—Open hearth billets have sold at low figu. a lately in Eastern Pennsylvania. Rods center is just a steady. We note some small sales of foreign billets for re-export at \$11 000000.

-Sales are reported by one East mill of a number of lots, aggregating t 17,000 tons, including one lot for the d Trunk at \$51 60, Portland, Me. Although is in affirmed in some quarters, the Pennsylvania contract has not yet been placed wholly or c. part, there is a moderate amount of lequiry, and the Eastern mills are now generally asking \$30.75 at indewater, which is somewhat less than \$30.87 at mill for some of the works. A meeting of stockholders of the two Scranton mills was held last week, and at both the vote was in favor of consolidation.

milis was held last week, and at both the vote was in favor of consolidation.

Manufactured from and Steel—Prices in all lines continue to be very unsatisfactory, and the volume of business is moderate. It is reported that a part at least of the elevates work jending has been taken. We also note some round sales of steel plates. The latter have been low, at least one large contract having been blaced in Eastern Penusylvania for delivery at a structural mill in that section at less than 2 cents. We quote angles, 202 10c; sheared plates, 206 2.25c; tees, 2.5g 2.7cc, and beams and channels, ble on dock. Steel plates are 2.05g 2.7cc for tank, 2.35g 2.6c for shell, and 2.6g 2.7cc for flange, on dock. Hars are 1.7g 1.9c on dock.

old Materials-Very little has been done in old ralls, for which the leading sellers ask \$23, while buyers' views are \$22@22 50. Old steel rails are offered at \$20, delivered in small quantities, but melting stock in the form of cropends is too cheap to allow of business being done. A moderate sized amount of foreign

### THE FOREIGN METAL MARKET.

A Big Demand for Tin Plate the Most Dis tinguishing Feature This Week.

SPECIAL TELEGRAM TO THE DISPATCH. NEW YORK, Feb. 12.-The foreign fron and metal market is thus reported by the Iron Age: In London the market for pig iron warrants has shown little change during the past week. Speculators who sold freely of Scotch have manifested a desire to lessen their commit-ments, and buyers found difficulty in getting their wants supplied although four fur-naces are soon to be relighted, and masters are arranging for employprices for warrants in the face of these facts, is looked upon as indicating that the restarting of furnaces has been fully disconnted. Official returns show that spring second recombines by the factor of the fac prices for warrants, in the face of these

siderable covering of short accounts, and en have reacted 17s. 5d. in face of the fact that straight shipments last month were larger than was generally expected, adding 1,600 tons to the visible supply. The low price reached attracted outside speculative interest, that as-sisted in moving prices upward. The copper market has been irregular but is attracted outside speculative interest, that asested in moving prices upward. The copper
market has been irregular, but is
showing a firmer tendency. Although recently depressed business with consumers
shows great development, due in good part to
continued jurchase of American supplies at
low prices, the statistical position seems to
have little effect upon prices. Increased suppites from America appear to be needed to prevent a troublesome depiction of stocks here,
The struggie for control of copper companies'
shares in Paris continues, with buths succeeding an ascuring a large amount of Rio Tintos.
One banking firm has taken up 1,500 shares.
Tin plate is held at 6d advance by nearly all
makers, owing to increasing demand and eagerness of buyers. Many makers are booked four
months alread. Negotiations are under way for
supplies for delivery further ahead than July
for other than American markets. This causes
decided confidence. Exports last month were
20,000 tons, again-132,000 tons during January,
1800. Spring facilities at Swansea have been
greatly improved curing the past fortnight.
Six steamers will leave the port this week with
plates for America. The finished from trade is
still in a depressed condition. Three prominent
sheet from works in Bilston are about to close
down. Steel ship plates are lower, being
offered now at 16 2s 6d, and slow of sale at the
decline.

Metal Market. NEW YORK-Pig iron steady. Copper un-changed, Lead dull; domestic, \$4.50. Tim easy straits, \$20.10.

## A STAGNANT SPELL.

The Coke Market Strikes a Snag-Shipments Increased, However, Over Those of the Previous Week-The Idle Ovens Now Amount to 15.281.

SPECIAL TELEGRAM TO THE DISPATOR :

COTTDALE, Feb. 12.-The coke market has been dashed against the rocks and splintered into fragments. Business has become staguant. The shundown to restrict the output has been coatemplated by operators for some time, employes and the derangement in the pag from and other markets. Among the consumers the most notable is the Edgar Thutnson Steel Works, where the stockyards are full of coke. The immense stacks of coke present the appearance of small mountains.
The Illinois Seel Company in the West also has an abundant supply on hand, and will hardly want for fuel for sometime.
The Eastern consumers are fully supplied, so

and will hardly want for fuel for sometime. The Eastern consumers are fully supplied, so there are no prospects of orders originally intended for the coke region being diverted to other districts of less note. Trade last week was more active than has characterized it for a few weeks past. The demand was heavier from all consumptive points. Western shipments increased a comple of hundred cars.

Speaking on the situation, an operator said to-day: "The outlook has not been so discouraging for some years. The iron trade is badly shattered and seems to be on its last lerg. Until it improves we cannot hope for a revival in the coke trade. There is nothing like a vasiles sign for a favorable turn. As to the question of resumption of work in the regions, I am unpressed to make a statement." The chipping facilities were again all that could be desired. There was no barrier in this streetion, and all consignments were quickly disposed of on all lines. The works of Frick, Schoonmaker, Southwest, McClure. Rainey, Cochran, Pontsyille and nearly all of the smaller computates are reported as having run six days. As near as can be stated, the list of idle ovens at present is 15.281, or all but \$38 of the entire region. All the ovens are being chilled, save Raibers's. Last week the active list embraced over 2,000 wrons. During the idleness repairs will be made to various plants. Work is being shoved on the new Juniata plant of 150 ovens. Shipments last week averaged almost \$00 cars per day, against 782 cars; to Pittsburg and river tipples, 1850 cars; to points west of Pittsburg, 2,226 cars; to Pittsburg and river tipples, 1,750 cars; to points east of Pittsburg, 2,145 cars; to Pittsburg, and river tipples, 1,750 cars; to points east of Pittsburg, and river tipples, 1,750 cars; to Pittsburg, and river tipples, 1,750 cars; to points east of Pittsburg, 2,145 cars; to Pittsburg, and river tipples, 1,750 cars; to points east of Pittsburg, 2,145 cars; to Pittsburg, and river tipples, 1,750 cars; to all 4,750 cars. Prices remain the s

GUSHERS ARE SCARCE.

BUT LITTLE CHANGE IN THE FIELDS, AND THAT FOR WORSE.

Still Gloomy at Wildwood-Wells Looked for at McCurdy-Good Producers at Fairview-Some Bad Fishing Jobs-News From the Oil Fields Near By.

The general situation in the field from every source shows but little change. Upon the whole, if snything may said of importance, the production is falling off. The week so far has not been noted for big wells, but, on the contrary, small ones have been found where prolific producers were looked for. Especially is this the case at Wildwood, and the far-famed southwest line is fast losing its glorious reputation. There has nothing materialized as yet at McCuruy, but the result of three or four wells that should soon reach the sand is anxiously awaited.

Still Gloomy at Wildwood.

SPECIAL TELEGRAN TO THE DISPATCE, 1 WILDWOOD, Feb.12.-Aspointed out by THE DISPATCH, the production at Wildwood is tumbling lower every day, and a conservative estimate here for the past 24 hours makes the output at about 8,000 barrels. The Ringheisen No. 3 found a little more oil on deeper drilling to-day, but the increase has not changed the aspect of the venture, as reported in yester-day's DISPATCH. The Kennedy well, on the Pittsburg and Western lot, has declined to 20 barrels an hour, while the Bowman gasser, its near neighbor, is only an ordinary pumper. The Runga No. 3 is through the sand, notwithstanding reports to the contrary, and, as it now appears, is good for only a small well.

Some Good Fairview Wells. FAIRVIEW-A special to THE DISPATCH from Fairview to-night says that Fisher No. 1, Z. F. Yost, has struck the second pay, and the well, in its present condition, is good for 250 barrels a day. The South Penn Oil Company's barrels a day. The South Penn Oil Company's well, which came in about a week ago on the James Yost farm at 500 barrels, is still holding up at that figure. McLeod & Davis, at their No. 2, Sutton farm, have put in the last string of casing, and by the last of the week will get the sand. On the M. Wilson farm, the South Penn are down 1,350 feet with their wildcat venture, and their experimental well on Plum run, between Mannington and Fairview, will most likely get in some time next week.

A Well at New Wilmington Dry.

NEW CASTLE, Feb. 12.-Work has been NEW CASTLE, Feb. 12—Work has been abandoned on the oil well on the Thompson farm at New Wilmington. The hole was put down 2,400 feet, and at the time there was a good showing for oil, but the tools were withdrawn to-day and a dry hole is the result. On the Hamilton farm, near New Wilmington, where the boiler explosion took place a few days ago, work has been susnended, but drilling will be commenced as soon as a new boiler and engine arrives. A location has been fixed for a well at Wampum and the derrick and machinery contracted for.

Two Rad Fishing Jobs at Crafton. CRAFTON-Bennett & Co. completed their well on the Thornburg farm yesterday, which well on the Thoroburg farm yesterday, which will make a 15 or 20 barrel well. The Forest Oil Company, which has been fishing for the past two years on the Phillips No. 1, has finally got the hole clear, and if no more bad inck occurs, will bring the well in the latter part of the week. It is also still fishing for a set of jars in No. 3 Hartly, at a depth of 2.100 feet. At Duff's station this company is drilling in the One Hundred-foot on the Duff farm.

The Forest Oil Company's Wells. CORAOPOLIS-The Forest Oil Company's No. 3, Neely, is down 800 feet; No. 5, Kern, 1,950 feet; No. 2, McClinton, spudding, and No. 2, Getty, spudding. On the Neely farm they are building Nos. 4, 5, 6 and 7 rigs, and one on the S. Neely and another on the Eherbart property. The well started some time ago on the Hogbar, in the middle of the Ohio river, has been shut down again on account of high water.

Two Wells at Oakdale. is fishing for a set of broken jars on the Ewing

farm at 1,900 feet, and the well on the Wright property is down 1,250 feet. Disappointment at Sheffield Japetics SHEFFIELD JUNCTION-O'Donald & Co. brought in a dry hole yesterday on lot 25, where they expected at least a small producer.

MCC.

PASSED A DIVIDEND. Serene and Harmonious Meeting of Telephone Stockholders-Extraordinary Expense Made Necessary by the December Blizzard-Work of the Company for a

Year. The Central District Printing and Telephone Company stockholders held their annual meeting at the company's office, corner of Fifth avenue and Wood street, yesterday and got through their business with

serenity. It was explained that the January dividend was passed, owing to the extraordinary expense for repairs incident to the December blizzard, when the snow broke down lines gen-

General Manager Metzger reported that the company now operates 59 regular telephone exchanges and 155 toll stations. During the year new lines were built between Cambridge and Zanesville, O.; from Etna to Butler, Pa.; from Callery Junction, Pa., to Columbiana, O., 55 miles; from Greenville to Meadville, 25 miles; from Washington to Waynesburg, 25 miles; from Washington to Waynesburg, 17 miles; from Grafton to Fairmount, W. Va., and other lines of less importance.

Telephone exchanges were established at Rochester, Pa.; Lectonia, New Lisbon and Cadix, O., and at Grafton, W. Va. The company now operate 2850 underground, 3,575 pole, 203 housetop and 5½ miles submarine wire, and has pole lines to 1,756 outside points. It has in all 9,1459 miles of wire and 7,725 subscribers.

Operating expenses for the year on business outside of Pittsburg amounted to 73,18 per cent of recepts, and on the total business 59,89 per cent.

The meeting wound up by the election of the General Manager Metzger reported that the

of receipts, and on the total business of or percent.

The meeting wound up by the election of the following Board of Directors: D. Leet Wilson, John E. Hudson, H. S. Huidekoper, George G. Hail, James Merrihew, C. O. Rowe, John L. George, George I. Whitney and L. H. Williams, Messrs, Metzger, L. H. Williams and others stated that all was harmonious.

New York Coffee Market.

NEW YORK, Feb. 12.—Coffee—Ontions opened firm, unchanged to 10 points up, closed steady; sales, 24,250 bags, including February, 17.05@17.10; March, 18.85; May, 18.40@18.50; June, 18,15@18.20; July, 18.85; September, 15.10@18.15; October, 14.80; December, 12.00; spot Rio quiet and firm; fair cargoes, 19c; No. 7, 17%c. Drygoods Market. NEW YORK, Feb. 12.-There was no change

in the drygoods market though the tendencies are in the direction of improvement. Demand for goods was fair, and the movement from agents' hands a satisfactory one. Price of Bar Silver. SPECIAL TELEGRAM TO THE DISPATCH.

NEW YORK, Feb. 12—Bar silver in London was 46% d per ounce: New York selling price, as reported by bullion dealers, \$1 01%. LATE NEWS IN BRIEF.

-The Chicago, Burlington and Quincy Rail-road will build a steel bridge across the Missis-sippi at Alron.

-An explosion of natural gas, caused by a leak, injuried four persons at West Lafayette, Ind., yesterday morning, two of them fatally. -At the meeting of the United States Bak-ing Company, held in Richmond, Ind., Wednes-day, S. S. Marvin was elected President, and C. F. Rumsey, Secretary and Treasurer—both of Pittsburg.

Judge Wilson Lewis, of Pineville, Kv., has been active in prosecuting desperadoes engaged in bloody feuds, among them his own son. In a quarrel between the young man and his father Wednesday night, the latter was shot dead.

shot dead.

—In Minneapolis yesterday morning a robber leaped over the counter of the Citizens' Bank, covered the assistant cashier with a revolver, seized all the money in reach and ran. Several men, however, overpowered the fugitive, who is supposed to be a former janitor of the building, and he is now in jail.

# THINGS ARE MOVING.

Splane's Corner Still in the Market, but the Price Unknown.

THE SMITH HEIRS MAY BUILD. A Big Natural Gas Strike Just Back of the New Town of Kensington.

GREAT PROSPERITY ON THE SOUTHSIDE

A "For Sale" sign is again displayed on the Fifth avenue side of the Splane property. It was put up a month or two ago and taken down. Its reappearance shows that the property is still in the market. It will be remembered that a report of its sale last fall for \$400,000 obtained considerable currency, but turned out to be incorrect. Colonel Thomas was named as the purchaser. The price at which it is held seems to be a close secret. In the words of a Fourth avenue real estate broker: "The owners refuse to name figures. They are waiting for offers."

A Streak of Good Luck. The Kensington syndicate is in luck. W. C. Stewart, who represents these people, stated yesterday evening that one of the largest gas wells yet struck in the northwest Murraysville field had just been brought in. This field is just back of the new town of Kensington, and is known as one of the most reliable gas-stayis known as one of the most reliable gas-staying districts in the country. The syndicate
being thus assured of a large supply of this desirable fuel, and having inexhaustible quantities of coal, will at once proceed to make arrangements with manufacturers to locate.
Two large glass factories are about closing
negotiations for sites, and deals are under way
with several important outside concerns.

The Owners May Build. Considerable has been said one way and anther about the Smith property, at the corner of Sixth and Liberty streets. A week or two ago it was reported that a syndicate was after it for a hotel site. This scheme seems to have fallen through, for a gentleman said yesterday tation through, for a gentleman said yesterday that one of the owners informed him the early part of this week that they were considering the advisability of themselves putting up a large building on the property. There is no doubt this valuable site will be improved in keeping with the progressive ideas of the city within a year or two, and the probability is that a start will be made the coming summer.

The Southside Prospering. There is no quarter of the city except the East End that has improved so rapidly within the last two or three years as the Sonthside, credit for which is largely due to the business element on that side of the river, of whom Messrs, Hays & Noble are entitled to special mention. Not only have the improvements een on a large scale during the time indicated but they have been of a much better class than but they have been of a much better class than before. This good work, prosecuted very quietly, has converted the hilltops into one of the most desirable resident localities in the county and given real estate such an impulse as to bring a large amount of acreage into the market to meet the demand. Sales of building sites are as frequent as in any other locality in or about the city. It is thought improvements this year will break the record, good as it is, in

his year will break A Big Jump in Rent. The rental of a small house on Franklin street, Wilkinsburg, has been advanced from \$18 to \$22 within the last few days. Taking this rather remarkable jump for a text, a business man of that place talked in this wise yesterday: "It is poor policy on the part of an owner to charge more than his bouse is worth merely ecause he can get it. It is playing Shylock on because he can get it. It is playing Shylock on a small scale. But this is often done because the tenant dislikes to move or is unable to get another place. Houses are so scarce that renters are compelled to accept any terms. They have no recourse. In their greed, owners sometimes come out second best. Theyget the promise of a high rental, but sickness or accident prevents fulfillment and they find themselves out of pocket. My experience is that it pays owners to be reasonable."

Business News and Gossty. The large building of the Central District and Printing Telegraph Company, on Seventh avenue, is about ready for the roof.

There is not much of a building boom at Chicago, judging from the daily record of permits. Only 25 were issued on Tuesday. Officers and patrons of the Connecticut Life selves upon the excellent showing made by the forty fifth annual statement, just issued, and given in another column. The statement shows hat the company is stronger to-day than at any previous time in its long and honorable career, and the steady growth of its business is proof that it is firmly established in the estima-

tion of the public. The surplus amounts to \$5,572,000. This is practical evidence of judgment and integrity in the management.

An offer of over \$100 a foot front was made and retused yesterday for a large lot out Forbes street. This may serve to fix a higher standard of value in that locality. of value in that locality.

Alaska is said to be the coming gold mining country. A retureed Californian reports the gravel of the streams filled with the precions

gravel of the streams filled with the precious metal.

Real estate is the best investment. Buy land and build houses. This was the advice given yesterday by a prominent business man to a friend.

The most important of 19 mortgages on file for record yesterday was for \$12,000. Seven were for purchase money.

Application has been made to the Controller of the Currency by J. R. Coyle and others for a national bank at Shenaudah, Pa.

The Pittsburg Fire Insurance Secretaries' Club will give their annual dumer at the Monongabela House on the evening of the 19th first.

The Aspinwall Company will shortly begin the erection of 25 modern houses to be sold on easy payments.

the erection of 25 modern houses to be sold on easy payments.
Charles Somers & Co. sold for C. C. Dornhush to A. S. Dunn lots 50 and 51 in the East View plan, Bru-hton, each 40x125 feet, for \$300.
The firm of Brown & Saint, real estate brokers, has been dissolved. Mr. Brown will continue business at 151 Fourth avenue.

The Building Record.

Eight permits for new structures were taken out yesterday. Descriptions and cost follow: Mrs. Mitchell, frame two-story stable, 25x35 feet, on rear Peun avenue, Twentieth ward.

Cost, \$730. Nickolaus Eller, frame addition one-story dwelling, 10x26 feet, on rear Twenty-fifth street, Twenty-fifth ward. Cost, \$325.

Andrew Ubl., frame one-story shop, 10x14

feet, on Sarah street, Twenty-fifth ward. Cost, \$100. Joseph Driscoll, frame one-story dwelling, 12x24 feet, on Wicklow street, Nineteenth ward. Cost, \$100. E. F. Grayburn, brick two-story dwelling

E. F. Grayburn, brick two-story dwelling, 20\(\frac{1}{2}\text{45}\) feet, on Gillmore street, Fourteenth ward. Cost, \$2.200.

John Souder, frame two-story dwelling, 18x32 feet, on Farwell street, Nineteenth ward. Cost, \$1,000.

John Reisbeck, frame addition two-story dwelling, 12x16 feet, on rear of Twentieth street, Twenty-sixth ward. Cost, \$300.

Finlay Collender, frame two-story dwelling, 18x32 feet, on Gaskell street, Thirty-second ward. Cost, \$900.

Movements in Realty.

A. Z. Byers & Co. Sold for Mrs. Mary Behr.

A. Z. Byers & Co. sold for Mrs. Mary Behrhorst to Mr. J. Thompson, the property No. 61 West Jefferson street, Second ward, Allegheny City, being a two-story frame house of six rooms, hall, front and rear verandas and laun-

rooms, hall, front and rear verandas and laundry, with lot \$2x200 feet, for \$6,000 cash.

John K. Ewing & Co. sold for S. Shaub to Henry Thayer a lot \$60x120 feet, with a four-roomed frame house, on Ann street, Twelfth ward, Allegheny, for \$1,400.

Black & Baira sold for William Lindsay a lot on Shetland avenue, near Lowell street, Nineteenth ward, \$2x100 feet, for \$850.

S. J. Flemling & Co. sold lot \$65, 25x100 feet on Sixth avenue, Aspinwall, to Elizabeth Illig for \$300; also lot 27w, \$25x100 feet on Fourth avenue to an alley, to Ida E. and Anna I. Duncan for \$325: also lot \$60, corper Sixth and Center avenues, contaming about 2½ acres, to Fred. U. Sauer, a prominent architect, for \$3,000; also lot \$3,100x140 on Freeport avenue back to a 20-foot alley, to Harvey and Charles N. Patterson, for \$1,800. The above lots will be handsomely improved by new residences. N. Faterson, for \$1,000. The above lots will be handsomely improved by new residences.

S. A. Dickie & Co., East End, sold for J. H. McCune to J. H. Eichars, a two-story and attic frame house, with lot 24x100, on Carver street, for \$2,700.

for \$2,700.

Baltenspeiger & Wilhams sold for Albert Hill to M. Anderson, a frame house of five rooms on Labelle street, Mt. Washington, lot 20x80. for \$1,830 cash.

W. A. Herror & Sons sold No. 182 Bedford avenue, a brick house of two stories, six rooms, modera fixtures, lot 20x160 feet, city sewer, the second house sold in the plan in a short time, for \$4,000 cash.

MONEY MARKET. Liberal Supply, but No Prospect of a Drop in Rates. While money is easier than at any time within six months local bankers say the situation does

not warrant a lower rate of interest than 6677 per cent for the reason that the demand is picking up so fast as to warrant the belief that the call will soon assume a close relation to the supply. Under these circumstances there is no probability of a concession. It is a fact, however, that the market is weak at the outside figure. First-class paper fitds ready sale.

Bankers spoken to yesterday reported a good business in routine lines and a fair amount of discounting, the latter feature showing a healthy and gratifying improvement from day to day. Exchanges were \$1,906,412.39 and balances \$225.568.96.

Money on cail at New York yesterday was easy, ranging from 2 to 3 per cent, last loan 3, and closed offered at 3. Prime mercantile paper 5@7. Sterling exchange quiet but firm at 456 for 60-day bills, and 488 for demand. ing up so fast as to warrant the belief that the

NEW YORK STOCKS.

Pressure of Short Sales and Unfavorable News Depress the Share Market-A Slight Rally at the Close-Bonds

Sympathize Very Closely. New York, Feb. 12.—The stock market to-NEW YORK, Feb. 12.—The stock market to-day was inclined to be heavy, though displaying a firm undertone throughout the forenoon; but later in the day gave way materially under pressure of short sales, and closed lower. The room was inclined to the bear side, however, and nearly all the room traders were found on

cessions, however, failed to drag the rest of the list with them, and by noon a full recovery had been made.

At this juncture the announcement was made that \$1,00,000 in gold had been ordered for export, and immediately a drive was made at all the leading active stocks, which had the effect of depressing their prices from I to 1½ per cent. Later, however, it was seen that the shipment at the ruling rates for exchange was made at a lass, and the pressure was withdrawn as suddenly as it had been applied; but the market remained stagnant at the depression. The bears raided most of the leading shares, including Western Union, and attempted to extend the drive to other Gould stocks, but found Missouri Pacific so strongly supported that they were unable to make any impression upon it.

The downward movement had come completely to a standstill before delivery hour, and the traders began to cover in the last hour with the effect of causing a slight rally in the final dealings. There was developed no special feature whatever, and the close was duil and firm at better than the lowest prices. The final changes are all in the direction of lower prices, however, and Sugar receipts lost 1½: Lake Shore, 1½: Louisville and Nashville, which was also affected by the resignation of President Notton, 111½: St. Paul and Wheeling and Lake Erie preferred each I per cent, and others fractional angounts.

SLOW MOVEMENT IN GROCERY LINES Trade in this line continues quiet, with the situation favorable to the buyer all along the line. The egg market is still weak and inside line. The egg market is still weak and inside quotations prevail for cash job lots. The out-look for higher-priced vegetables is not the best. In a jobbing way, potatoes are now 20c per bushel below the highest point reached in

## MARKETS BY WIRE.

the early winter. Choice stock is quoted at \$1 15, but the cash buyer can, without doubt, do a little better than this. Cabbage and onlons are quiet at much lower rates than pre-Influence of the Weather in the Wheat valled a month ago. As the season for the arrival of the new crop of vegetables from the Pit-Considerable Activity and a Steady Close-Corn and Oats Tame-Pro-West Indies draws near, the old stock grows steadily weaker. Tropical fruits are in over-supply and demand is slow. Florida oranges are especially plentiful and inside quotations rule. Choice creamery butter is steady at the

CHICAGO-The brilliant sun responsiv smiled to the countenances of the bears in wheat ere the market opened and the same wheat ere the market opened and the same beams of heavenly light warmed up the hearts of the bulls. The former saw in prospective an early harvest, while the latter gave a warning shake of the head at the party of hope and predicted many alternations of heat and cold for at least six weeks to come, with apprehension in their hearts of the consequences of such changes to the wheat plant. Rumors of some such cash business done yesterday afternoon at New York and elsewhere was likewise passed around, and these, with easier cables, were the governing influences previous to the opening of the ression, when May sold at 87% 2007 20. The Cincinnati Price Current's report of a high average condition of the fall wheat, and only 20 per cent of the old crop remaining in farmers hands, favored lower prices for July and higher for May. The Northwestern receipts were again in excess of those of a year ago. New York wired an offer for 150,000 bushels of No. 2 red winter for immediate shipment at leper bushel under the May price, but no transaction resulted. Advices of cash sales at good prices were reported from various points, and these were the leading infuences on the market, which kept to a narrow range throughout the day closing steady. BEANS—New crop beans, navy. \$2 30@2 35; marrows, \$2 35@2 40; Lima beans, 55@66c, BEESWAX—25@30c # 2 for choice; low grade, BERSWAX—28@30c \$\Pi\$ for choice; low grade, 22@25c.

The oats market was a very tame affair and even duller than on the previous day. What little trading there was was all of a scalping nature, no orders being received from the country. There was a flurry in rye, the shorts becoming scared. It advanced 3c per bushel, the stay delivery closing to-day at 80c, compared with 77c yesterday.

The receipts of hogs were again liberal, 45,000 head being the number estimated the packing and the Price Current estimated the packing in the West for the past week as being 125,000 head in excess of that of the year before. There was an immediate slump in prices as soon as trading commenced, May pork opening at 9 60 and May ribs at \$4.80, as compared with \$9.70 and \$4.85 respectively, at the close yesterday. Lard was less week just at the opening, but it quickly sympathized. The feature oa the decline was the covering of considerable lines of shorts by the Cudahy Packing Company, about 2,000,000 pounds of ribs being bought on this account, and a good many small lots of long stuff were dumped by commission houses.

The leading futures ranged as follows, as cor-

houses.

The leading futures ranged as follows, as corrected by John M. Oakley & Co., 46 Sixth street members Chicago Board of Trade:

open- High- Low- Clos-The movement in this department of trade continues slow, a fact attributed by jobbers to the wretched condition of country roads and labor troubles in the coke regions. Prices of staples are unchanged. The looked-for rise in canned goods has talled to materialize to any great extent, and the prospect of further advances wanes as the season for fresh fruit approaches. ARTICLES.
