Senator Stanford's Scheme to Provide a Circulating Medium

IS SAT DOWN ON BY MR. MORRILL.

How the Government Was to Help Along the Farmers.

ADVOCATES OF FREE SILVER COINAGE

WASHINGTON, Feb. 17 .- Under instruction from the Committee on Finance, Senator Morrill, the Chairman of that committee, reported adversely to the Senate the Stanford bill, "To provide the Government with means sufficient to supply the national want of a sound circulation medium."

Senator Morrill, in his report, says the bill appears to be intended to supply a paper legal tender currency by permitting any owners of land to give a lien upon the same for 20 years to the United States Goveroment for which the mortgager is to recerve legal tender paper currency and be charged 2 per cent interest. The measure is of unlimited magnitude and demands serious consideration from the high and estimable character of its distinguished author. The report contends that land owners for the larger part, the only classes to be benefited, are too intelligent and prudent to cover their homesteads with mortgages, and even young men starting in life, when borrowing capital do not intend to remain 20 years in debt. But the low rate of interest offered to land owners might inspire improvident habits and extrava-gant speculation in a class of people now almost

might inspire improvident habits and extrava-gant speculation in a class of people now almost tree from such temptations.

The report says that the bill embodies the principle put forth more than a century ago by the notorious Joh * Law, that paper currency issued on land not exceeding its value will not depreciate. Experience has shown that when-ever such reckless experiments, intended to se-cure cheap money, have been tried, they have ended in commercial crisis, bankruptcy, and national disastir. The report compares the measure under dis-cussion to the Argentine Republic and colonial currency schemes, both of which, says the com-mittee, resulted in shame and disaster.

THE COPYRIGHT BILL.

Several Amendments Offered to the Pending Measure in the Senate,

WASHINGTON, Feb. 17 .- The Senate to-day devoted considerable time to the diplomatic and consular appropriation bill. The question of the Hawaiian cable came up, Mr. Carlisle contending that under the treaty with that country the United States bad a right to the occupation the United States had a right to the occupation of the harbor of Pearl river. The discussion ranged over the tariff act and its relation to the treaty, and the bill was then passed.

The copyright bill was then passed.

The copyright bill was then taken up, the pending question being on Mr. Daniel's amendment to insert in the proviso, that requires copyrighted books to be printed from type set in the United States, the words, "or shall be otherwise produced in the United States from processes executed in the United States," The amendment was rejected: Yeas, 18, nays, 27. Messrs. Ingalis, Mitchell, Power and Sherman voted in the affirmative, and Mr. Hampton in the negative.

and Sherman voted in the affirmative, and Mr. Hampton in the negative.

Mr. Edimunds moved to amend section 13, which provides that the act shall only apply to a citizen or subject of a foreign State, when that State permits to citizens of the United States benefit of copyright on substantially the same basis as to its own citizens by striking out the rest of the section and inserting the words "The existence of the constitutions aforesaid shall be determined by the President of the be determined by the President of the United States by proci m. tions made from time to time, as the purposes of this act may re-quire." The amendment was agreed to with-

quire." The amendment was agreed to without division.

Mr. Power offered an amendment, drawn up
by Mr. Sherman in co-operation with Mr. Carisle, providing that all books, maps, charts,
dramatic or musical composition, engraving,
etc. (the author, inventor, designer or proprietor of which is a citizen, subject or resident
of a foreign country) may be imported into the
United States on payment of the duties, if any,
imposed by the law. Without disposing of the
amendment the Senate adjourned.

FOR FREE SILVER COINAGE.

Advocates in Favor of More Money State Their Side,

WASHINGTON, Feb. 17 .- A. J. Warner, forlow the head of the Silver National Executive Committee, made a vigorous argument to-day before the House Committee on Coinage in advocacy of the bill for the free coinage of silver. He ridiculed the statement that silver from Europe and India would flood this country if a free coinage law were passed. The foreign ratio was from 3 to 7 per cent higher than only, so that silver could not come here. John Warner, Congressman-elect from New York, who was one of the delegation sent here from the Cooper Union meeting, protested against additional silver legislation. Free coinage, he said, would put us in the position of Hutchinson in Chicago in cornering wheat. The question of closing the hearings then arose, but without disposing of it, Stephen W. Nickerson, a Boston lawyer, who was at the Fanicul Hall meeting of last week, held in the interest of silver, took the stand. Mr. Nickerson insisted that it was true that England was a unit against free comage, and asserted that there had been a waking up and the the that silver from Europe and India would flood this son hisisted that it was true and asserted that a unit against free comage, and asserted that there had been a waking up and that the people of New England were many of them in layer of additional silver legislation and wanted

Quick Work.

From the Des Moines Mail and Times. A few days ago, while sitting in Elder A few days ago, while sitting in Elder Bros.' drugstore, at Tingley, I.a., Mr. T. L. Dyer, a well-known citizen, came in and asked for something for a severe cold which he had. Mr. Elder took down a bottle of Chamberlain's Cough Remedy and said: "Here is something I can recommend. It commands a large sale and gives genuine satisfaction. It is an excellent preparation and cheap." Mr. Dyer purchased a bottle, and the next day when we saw him he said he was much better, and the day following he was much better, and the day following appeared to be entirely restored. NO FEAR OF A WAR.

MANAGER HANLON SAYS THE ASSOCIA TION MAGNATES WON'T FIGHT.

New York Authorities State That Bob Fitz simmons Must Fight Farrell or Give Up the Belt-General Sporting News of the

Manager Hanlon is not at all concerned about Manager Hanlor is not stall concerned about the threats of the American Association fre-brands who deciare that another baseball war will be inaugurated. The manager returned from Chicago yesterday and stated that the Association magnates are only talking and have no real intention of breaking away from the League

On this question A. G. Spalding has also de-clared himself very emphatically. He states that every player who in the least assists in any disruption will have "his head taken off" for disruption will have "his head taken off" for all time. There will be no leniency such as was displayed at the collapse of the P. L. This ought to be a warning to baseball players. President Thurman, too, declares that while he may wash his hands of the American Association, he will still remain a member of the Board of Control. Altegether it is certain that the very worst step the Association can do is to make war against the League. The latter was in reality threatened by the P. L., but it cannot in any shape or form be threatened by an organization like the Association. The old officials of the latter ought to know this, and not allow themselves to be influenced by upstarts and little popinjays like Arthur Irwin.

President O'Neill has not returned, but will be home to-morrow. He is trying to effect a deal whereby Jimmy Rvan will play here. It is to be hoped he will succeed, as with Fogarty, Ryan and Hanlon Pittsburg will have the best outfield in the country. Fogarty has not signed yet, but is holding out for more money than has been offered, but Manager Hanlon thinks all will be right in a few days.

There is still a good prospect of securing two more good pitchers, and with those and a third baseman added the local club will be ready to do business with any aggregation.

MUST FIGHT FARRELL.

New Yorkers Think Fitzsimmons Canno Well Reject the Challenge.

NEW YORK, Feb. 17.-Patsy J. Farrell, of Pittsburg, Pa., who first came into public notice by defeating Dominick McCaffrey in Philadel-phia when McCaffrey was considered by many to be the next best man to John L. Sullivan, i eager to arrange a match with Bob Fitzsim-mons, the middle-weight champion, for \$5,000 a side and the middle-weight championship of America. Farrell has authorized a gentleman well-known in sporting circles in New York to arrange a match with Fitzsimmons. Farrell

"If I meet Fitzsimmons it will be at least 2 or "If I meet Fitzsimmons it will be at least 2 or 3 to 1 on his chances of winning, so that my backer can place his money to better advantage than fighting for a big stake. John C, Heenan and Tom Sayers only fought for \$1,000 a side, and \$5,000 a side is large enough for any man to risk. It is not fair for Fitzsimmons to claim he will only fight for \$10,000, and then select the pugilist to meet him. I will fight Fitzsimmons for \$5,000 a side and a purse, the winner to take everything, which shows I mean business. He holds the Police Gazette championship belt, which represents the micdleweight championship of America, and he must fight or give up the title. I will deposit \$1,000 when articles for a match are signed, and then if either weakens, the party willing to go ahead with the match will receive the \$1,000 for his trouble."

Fitzsimmmons on his arrival in New York, will be met by Farrell's representative, and if the champion will agree to arrange the match, articles will be signed and \$1,000 put up. Should Fitzsimmons refuse to meet Farrell, the Pitusburg puglists will claim the middle-weight championship and be ready at 24-hours' notice to arrange a match with Jack Dempsey, Jim Hall, Jimmy Carroll, Young Mitchell or any middle-weight in the world, for from \$2,500 to \$5,000 a side and the middle-weight championship. Fitzsimmons' manager now refuses to ship. Fitzsimmons' manager now refuses to allow the former to fight Farrell at all unti that Fitz might get beaten and he would ther cease to be a "drawing" card.

FITZSIMMONS AND FARRELL

The Former Will Take a Rest Before cepting Any Challenges.

ISPECIAL TELEGRAN TO THE DISPATORAL NEW YORK, Feb. 17.-Bob Fitzsimmon called at the Police Gazette office to-day, with his backer, Otto C. Floto, in reference to the challenge of Pat Farrell, of Pittsburg, who wants Fitzsimmons to meet him in the arena for \$6,000 a side, the Police Gazette champion-ship belt, and the championship of America Fitz said he would arrange no match at present with any purilist. He had fought three times since he had been in America, and he now needed a rest from training. Probably in six months' time he would fight anybody at 154 pounds for from \$5,000 to \$10,000 a side. At present he was under contract with Otto C. Floto, of Chicago, and would have to follow any programme his manager and backer mapped out.

The Veteran Resigns. PHILADELPHIA, Feb. 17.-Harry Wright has resigned his position as manager of the Phila-delphia League club.

JONATHAN HORSFIELD entered for the shooting

Good ball players will besitate now before join-ing another rebellion. JOHN TENER thinks that Jim Fogarty is the best outfielder in the country. PAT FARRELL is suffering from a severe cold, and is not able to be on duty. JAMES KELLY is promoting a rifle shoot to take place at Brushton Saturday. The distance is 100 yards, and six prizes will be offered.

The Smothers party did not appear at this office last evening to make a match with J. Priddy. The latter was here, and claimed the forfeit. JIM HALL, the Australian puglist, has arrived in San Francisco. He says he has defeated Fitz-simmons once, and has come here to fight him

THERE more entries were made yesterday for the Homewood shooting handicap. The names of the entries were: James Brooks, D. E. Dickey and Robert Hamilton. KNAPPE, of Allegheny, failed to appear against Nip Clarke in the mouth-organ contest at Homestead Monday night, and the latter was given the forfeit, \$10 each, resterday. Clarke defeated Marsh Burro, of Altoona, in a contest Monday

By the time all were rescued thousands of people had gathered on the Seventh street bridge and on those portions of Anderson street and River avenue that were not covered with water. The interest was unabated, and even after sightfall crowds gathered to catch a glimpse of the wreck by electric light. It is estimated that 75,000 to 100,000 people viewed the scene of the explosion during the day.

The two houses destroyed are Nos. 75 and 77 River avenue, and were owned by William Hazlett, a water inspector in Allecheny, and Samuel Hazlett, an ironworker. The loss on the two houses is estimated at from \$6,000 to \$7,000, about half of which is covered by insurance.

Both Mrs. William Harlett and James Beth Mrs. William Harlett and James Fletcher were interviewed yesterday afternoon. They both declared that there was no fire and not one of the injured persons was burned in the least. Natural gas was burned in William Harlett's house, but none was used in Samuel Harlett's residence, where the explosion was most violent.

UNCH says aught to be done? -Ought stands for nothing. The house ought to be cleanedwith Sapolio. Tryacake inyour next house-cleaning and be convinced

"IGNORANCE of the law excuses no man," and ignorance is no excuse for a dirty house or greasy kitchen. Better clean them in the old way than not at all; but the modern and sensible way is to use SAPOLIO on paint, on floors, on windows, on pots and pans, and even on statuary. To be ignorant-of-the-uses of SAROLIO is to be behind the age.
