Electric Suddenly Loses Interest as a Draw Bears Depress Wheat at the Opening, but Recommends the ing Card-The Reason Why. Creamery Butter Tending Upward the Bulls Recover Their Grip-Corn To Examine the Workings of the Real The sudden change which Kleotric under-went from activity to comparative duliness was the feature at the Stock Exchange yesterday. Sales of this stock yesterday were 156 shares, against 1,221 the previous day, with nothing done at the last call. There was little disposition on ei ther side to operate in the absence of information from heacquarters. While all hoped Mr. Westing-house's expectations would be realized, fears of a different result were expressed on all sides. The laster view, however, is the merest surmise. Still, it is sufficient to cause distruct, and to it is due the sudden loss of interest in the stock. The sudden change which Electric under-Memories of War Times When Old **Opens Firm and Closes Strong** and Eggs Slow at the Drop. Estate Exchange There. Tecumseh Drove Cotton -Oats Strong Also. that the belief was strong over there that the Government deal for a postoffice site on Stockton avenue would go through. Work on the bridge at Jack's Ran will begin early in April. The Allegheny end of Califor-nia avenue will then be hurried to completion.

The Controller of the Currency yesterday ap-756010%c. ST. LOUIS-Flour-Demand fair and prices

The Controller of the Currency yesterday ap-proved the selection of the Tradesmen's Na-tional Bank, of this city, as reserve agent for the Farmers and Mechanics' National Bank and the Sharon National Bank. Country roads are in such wretched condition that it is almost impossible to haul loaded wagons over them. The largest of 25 mortgages on file yesterday was for \$6,500. Twelve were for purchase mones.

was for \$6,500. Twelve were for purchase money. It was stated yesterday that the object of the trip of the Pittaburg business men to Alabama, mentioned in this column, is to purchase a large tract of mineral land. The monotony in real estate will be broken shortly by the consummation of several large deals. Brokers are not sawing wood in vain. W. A. Herron & Sons report that tenants are unusually promet in making payments, show-ing that the people have money. The Love Manufacturing Company's works, at Rochester, Pa., were disposed of finally ve-terday to William Miller & Sons for \$9,150. This includes the ground on which the works are located, two holiers and the shafting. The machinery was purchased by a New York agent named Comerford for \$5,550. The sale is not subject to the mortgage of \$8,000, which has been paid off. Miller & Sons will use the build-ing as a planing mill in place of the one de-stroyed by fire some weeks ago.

# The Building Record.

The following permits for new structures were taken out yesterday: C. S. Glunt, frame two-story dwelling, 18x30 feet, on Point View street, Twenty-first ward.

St 50. Sugar-cured hams, 10 1000 20; Morr clear, 55 50. Sugar-cured hams, 90 00011 50.

NEW YORK STOCKS.

#### A Day of Unusual Excitement on Wall Street-The Cutting Down of the Burlington Dividend Drives Down

## That Stock-Silver Down.

NEW YORK, Feb. 17 .- The market this morn ing was excited. The news from the West in regard to the railroad situation was considered very favorable, but the effect of this was merely to keep prices firm to strong without stimulating any activity anywhere in the list. The news that the directors of the Burlington and Quincy were in session in Boston, however, made a little life in that stock, es-

pecially toward noon, the general supposition being that the suspense in the matter of the dividend would be ended by the declar-ation of the usual 11/2 per cent for the quarter.

ation of the usual  $1\frac{1}{2}$  per cent for the quarter. On this there was a moderate amount of buy-jug for a turn, and the price was ran up  $1\frac{3}{2}$  per cent, but when the announcement was made that the dividend had been cut down to I per cent, there was a rash to get out, the buyers of the morning hours being specially anxious to throw overboard their loads. A great deal of long stock came out, however, from those who have been holding on for some time, and only one firm stood in the breach as buyers until late in the day, when, after a drop of 3 per cent from its best figure, a slight rally was had on the covering of the shorts put out earlier.

was had on the covering of the shorts put out earlier. The shortness of the corn crop receives the biame for the decrease in the earnings of the Burlington, and naturally the corn roads suf-fered most in the decline which followed, Rock Island in particular. All the Grangers, how-ever, were hurt materially, and outside of them and a few specialties, including Silver certili-cates, there was little or no interest in the deal-ings. The decline in Silver made further sub-stantial progress, and more activity was shown in them than for a long time. A loss of nearly 2 cents was the result of the operations of the day in them. land avenue for \$850 cash; also sold to Margaret A. Lefferets for John C. Krupp asix-room

ret A. Lefferets for John C. Krupp asix-roomed house and lot 24x100 on MayDower street; also sold to L. L. Lauzhlin for W. T. Dunn a house and lot 62x100 on Rural avenue, Nineteenth ward, for 54,000; also sold for J. C. Dick to R. E. Twyford three lots fronting 65 feet on Winslow street, running back 146 feet, for \$3,000. Alles & Bailey sold fur J. C. Alles to Mrs. Jane Hoimes, No. 547 Wille avenue, two brick houses, one of four rooms, the other of three, for \$3,000 cash. Magaw & Goff, Lim., sold to Mrs. Sarah E. Houfroy lot No. 31, with a four-roomed house thereon, in the Oak station plan, Pitt-burg and Castle Shannon Railroad, for \$1,230, on monthly payments. In them than for a roug time. A loss of hearly 2 cents was the result of the operations of the day in them. The general list was inclined to advance slowly until the break in Burlington came, when all the improvement of the forenoon was lost and fractions in addition; and while there was no activity outside of the stocks men-tioned, everything closed lower than last even-ing. The market closed quiet but weak at about the lowest prices of the day, Burlington losing 2 per cent: Bilver, 13; Hock Island. 15; Wheeling and Lake Erie, 13; Northwestern. 1, and Pacific Mail, I; Western Union and Union Pacific, each ½ per cent. The business in railroad bonds dwindles from day to day, and has now reached the usual mid-summer furnes. To-day the total transactions were only \$000. Among the losses scored to-day, Brookiyn Elevated declined 2 to 55 and C. C. C. & St. L. fasts ½ to 114%. The following table snows the prices of active

and Castle Shannon Railroad, for \$1,230, on monthly payments. S. A. Dickne & Co. sold for J. H. Rugg a lot on Bennett street, Twenty-first ward, 25x135 feet, for \$555. Black & Baird sold to Martin Walsh the south half of iot No. 37 in the John A. Roll plan at Linden station, Baltimore and Ohio Railroad, for \$255 cash. Thomas Liggett sold a lot 25x100 on Burrows street, Fourteenth ward, being lot No. 6 in Park View plan, for \$500 cash. Charles Somers & Ca. sold for Samuel Logan, to Timothy Barrett, a tract of land in the Nine-teenth ward containing 4 acres and 15 perches. The following table shows ine prices of active stocks on the New York Slock Exchange rester-day. Corrected daily for THE DispartUL by WHITNEY & STEPHENSON, eldest Pittaburg mem-bers of the New York Stock Exchange, of Fourth avenue:

to Timothy Barrett, a tract of land in the Nine-teenth ward containing 4 acres and 15 perchas: consideration \$1,000. They also placed a mort-gage of \$2,000 for three years at 6 per cent on a residence property situated on Superior ave-nue, Alleghouy, W. A. Herron & Sons sold on Second avenue between Wood and Market streets, a lot Dix80 feet, with a building used as a business house, being quits eig, for a price near \$1,000 cash.

Every firm engaged in this business was represented. There was no change in the schedule of price. The agents throughout the oil regions of the different firms also met at the Monongahela and transacted business of importance.

## Probably a Separate Pool.

SPECIAL TELEGRAM TO THE DISPATCE. CORAOPOLIS, Feb. 17 .- The recent develop

CORACTOLIS, Feb. 17.—The recent develop-ments at Moon postoffice, three miles west of the nearest producing well on the southwest of the Coracopolis or Finnegan field, has been at-tracting a good deal of attention. This new de-velopment may or may not be an extension of the Coracopolis field. Indications rather point to the conclusion that it is a separate pool, and the direction is against the theory of a con-nection.

The number of the terminal fubils (200), 48 of the t the direction is against the theory of a con-nection. The first well drilled here on the Goss farm by Harvey Bros, & Co. is closely estimated to be a 25 to 30 barrels per day pumper. The well on the McCutcheon farm, due south of the Goss well, not over 1,600 feet, which is also owned by Hervey & Co. was drilled in about the 7th in-stant, and has since been shot twice, and it is claimed is showing far a better well than the "Gost," having better and more sam. Hervey & Co. have a good deal of the unde-veloped territory in the vicinity of these wells, and good bonuses have been paid by other oil men for leases in the vicinity, of these wells drilled, but this is not convincing proof of the value or extent of the territory. Hervey & Co. have located a well on the Mc-Fadden farm, 30 rods southeast of heir Mc-Cutcheon well. They have also located two in be McCutcheon farm. Dirake & Co. have had a rig up on the Onstott farm for some time, and have now started operations for drilling. This well is located one mile east and about 2000 feet orith of the Goss well. Drake & Co. are also drilled southwest of the Goss, and this well should be no.

No New Wells In at Wildwood.

WILDWOOD-No new wells came in yester-day on the southwest line at Wildwood. The Evans & Mandeville well, on the Marks, did not improve on deeper drilling. The well is four bits in the sand, and last night was mak-ing four inches an hour. There is no change at the Ringheisen No. &

Slow Progress at McCurdy. SMCCURDY-Palmer No. 2 was not drilled any up to 2 o'clock yesterday afternoon, when THE DISPATCH scout left the well. The new venture is unkning 1,700 barrels a day. No other wells are in the sand here. The Drill's Work at Thorn Run.

THORN RUN-Mellon's well on the Duffy farm is through the sand and dry. They are arm is through the said and dry. They are drilling the well down to the said. It is located about half a mile east of Beggs' No. 1. The Cassiday No. 4 is making 80 barrels a day, and the Chess No. 4, 60 barrels a day. A 100-Barrel an Hour Well.

MCCURDY-A special to THE DISPATCH last night says the Palmer No. 2 was stirred up about 5 o'clock and responded at the rate of 100 barrels as honr. 26 cars, of which 16 cars were by Pittsburg, Cincinnati and St. Louis Railway, as follows: 100 barrels an hour. MCC. Cincinnati and St. Louis Railway, as follows: 8 cars of corn, 3 of hay, 5 of oats. By Pittsburg, Ft. Wayne and Chicago, 2 cars of hay, 2 of flour. By Pittsburg and Lake Erie, 1 car of wheat, 1 of mait, 1 of hay, 5 of flour. The cereal situa-tion has developed no new features in the past few days. Receipts are light and demand is light. The feeling among operators is that the bottom has been reached, and that any future changes are bound to be toward a higher level. Futures in the lines of corn and oats are strong. While transactions are light, tone of markets is strong.

SPRING SUGGESTIONS.

Avoid draughts and sudden changes of tem rature.

Do not discard your warm winter clothing too soon. It is better to suffer a little inconvenience than to take cold.

Remember that one is especially liable to con tract a bad cold or chill at this season of the

A cough or cold contracted between the sea-

A cough or cold contracted between the sea-nons is the most annoying kind, and may last through the summer. If you feel a cough or a cold coming on take drink of pure whiskey at once. It will keep the blood in circulation and is the best pre-ventive against the diseases of the season. Remember that only pure whiskey should be taken. Duffy's Pure Mait Whiskey has the strongest recommendations from the leading scientists and medical men. It is the only standard medicinal whiskey. Take no other from your druggist or grocer.
