

IRON TRADE REVIEW.

The improvement in tone previously noted still continues. The upward turn is no doubt largely due to the shut down of furnaces in the Mahoning and Shenango valleys...

IRON TRADE REVIEW.

The improvement in tone noted a week ago still continues, and the best prices of the season have been realized on raw iron from the past week.

IRON TRADE REVIEW.

A representative of one of the leading furnaces in the Connellsville coke region said, a day or two, that the furnace he represented was about to bank up, owing to the difficulty of securing coke.

IRON TRADE REVIEW.

Following are rates as given by iron brokers: Structural iron—Angles, 2 1/2; I-beams, 2 1/2; channels, 2 1/2; plates, 2 1/2; universal mill plates, 2 1/2; round iron, 2 1/2; wire, 2 1/2; etc.

IRON TRADE REVIEW.

Only moderate sales but a firm market at St. Louis. The market continues firm, with prices advancing. Sales of moderate amounts. The market is quiet.

IRON TRADE REVIEW.

A moderate amount of activity visible in the Chicago market. The market is quiet. The market is quiet.

A GRINDING MONOPOLY.

Controls the rapidly growing oil-grado oil field. A Pennsylvania producer who just arrived from the Florence oil field, in Colorado, says that the Boyer Home last week was seen at the Boyer Home last week.

A GRINDING MONOPOLY.

In that locality there are three refineries, which refine the oil into kerosene and lamp oil. Only about 50 per cent of this oil produces a good illuminant, with the remainder being used for fuel.

A GRINDING MONOPOLY.

It is expected that this order of the field, and will make this territory very valuable. The new corporation contemplates the building of a refinery at this place.

A GRINDING MONOPOLY.

An important second pay. The market is quiet. The market is quiet.

A GRINDING MONOPOLY.
