peror especially so.

upon diguified lines the blame would not fall upon his supporters. They would strain every point to accord their opponents a fair hearing, but if their opponents outraged the sense of the people by going outside the limits of de-cency the people would justly resent their con-duct A new European war railroad map has been published by the German General staff for circulation among army officers of the highest rank only. A friend permitted a Dunlan reporter to look over his conv. vesterday, and there are a few notes which he managed to write down. There are 16 dif-ferent railroad lines running from east to a the

duct. At Navan Mr. Parnell said: Some day in the distant future somebody would arise privileged to address them, not as men of royal Meath. Meath which first gave him an opportunity, 16 years ago, to serve Ireland in public life. At Strange Case That Is Exciting a Quiet years ago, to serve Ireland in public life. At what moment during that period had he ever been unfaithful to the principles then pledged? They had won a hundred skirmishes together and now he wauted to be allowed to hattle with them. Already they had but a smalle in the mouth of the iandlords. By and by, with a Parliament in College Green, they would fit these same mouths with bit and birdoon. In conclusion he expressed the hope that his opponents would take warning of the portents. A popular storm was likely to sweep them away. Instead of opposing the rally to his side, let them free themselves from the entangle-ments and English party alliances woven Connecticut Town. TAPECIAL TELEGRAM TO THE DISPATCH. STAFFORD SPRINGS, CONN., March 1.-This peaceful borough is greatly excited on account of a peculiar abduction a day or two ago. The daughter of Mr. and Mrs. R. H. Moulton is married to a man named Pease, a shooting gallery proprietor in New York, but she has not lived with him for years. She resides with relatives in another town. Their pretty 8ments and English party alliances wover around them by the "Grand Old Spider." The year-old daughter lived with her grandgate of repentance was still open. If they waited too late the gate would be shut, and they would become marked on the pages of his-tory as deliberate traitors to Ireland. parents in this place. For several months

ing the levee, The continued rise in the river necossities constant and active work in order to make sure that it will hold out against the water. The levee will require constant work until a decline sets in, and the utmost watchful-ness will be necessary to save it. ABDUCTED THE CHILD.

mistoriume, will admit. The night of less is how being repeated, with the rivers higher than last year, and still rising at an alarming rate. A repetition of the devastation and disaster of 1880 would mean a loss of millions to the States of Arkansas, Mississippi, and Louisiana and to the country.

the country. The Government steamer General Newton returned to-say to Natchez from the Kemp levee, whither she went with a barge of lum-ber and other materials to be used in strength-ing the levee. The continued rise in the river

Chicago, and the young lady was to meet him at the station where her parents lived. A minister was to board the train there, also, and they were to be married on board his train. Everything went off all right, and they were married according to the pro-gramme. The only trouble was that the marriage service was a little longer than he expected and he had to suspend operations for a couple of minutes for his train to make a station. They are now quietly living in Chicago and have a very pretty little home. The train crew furnished the witnesses to the ceremony, and altogether it was an ideal railroad man's wedding. Several presents were received by the young couple, and the passeugers took up a purse, which they gave to the bride."

left him to shape his future as he chooses. Holliday I signed to a binding contract and paid him \$366, which he claims as back dues. He agrees to stand by his first contract. I got a guarantee from McPhee to live up to his original contract. Realy I will meet to-mor-row and will sign him. The two last named have been paid an advance on 1891. My Cin-cinnati club is now assured and is the strongest

nave been paid an advance on 150. If the inner club is now assured and is the strongest in the association. "The following have been secured beyond re-call: Pitchers, Foreman, Duryes, Rhines and Mullane: infielders, Tebeau, Latham, McPhee and Reilly; catchers, Harrington and Mike Keily, who is also captain and manarer; out-fielders, Delehants, left; Holitday, center; Hoy, right. I had no difficulty in winning back the phyers seduced by the League in my absence, by clearly showing them the facts in the case. I visited the grounds on which the League chains an option and found water five feet deep all over them. My Western avenue grounds were dry. It will cost the League bi5,000 to put their grounds in order. I am clear out of sight ahead of them in every way." lowest temperature was at Northfield, Vt., 4º above sero, and the mercury was falling steadily in all the Middle Atlantic and New England States. In the States west of the Ohio there was a steady rise in temperature. Flurries of snow fell throughout the day in the upper part of New York, the lake regions, the Dakotas and Montana. The wind was steady from the northwest on the Middle Atlantic and New England coasts, with w

west which will enable the Fatherland to dispatch the armies across the French frontier, and the Rhine is bridged over 19 times to facili-tate rapid crossing at all seasons of the year. There are already ten railroad lines for for-warding troops against Russia, and four more

re being constructed with the same object. The Russian krugdom of Poland and the overnment of Wilua are already so encircled Government of WHUA are already so encircled by the German network of railroads that the Kaiser's armies can cross the frontier at 18 dif-ferent points, while Russia has only five lines of railroad converging upon the German fron-tier, and yet we are told that Russia is prepared to throute Germany

## OPENED HER EYES.

#### A Remarkable Case of Curing Blindnes Simply by Suggestion.

"BY DUNLAP'S CABLE COMPANY ].

BEBLIN, March 1.-The following remarkable case of cure by suggestion is given on the authority of a Berlin occulist: Some days age a woman was brought before him, who professed to be unable to open her eves. She and suffered, it was stated, from this novel form of blindness for a fortnight. The occulist tried several simple methons of cure without success and at last hit upon the following: He success, and at last hit upon the following: He hold the patient that he would cure her by magnetism by holding a powerful magnet in front of the obstinate members for 15 minutes. "If your evelose can resist this," he said, "you are incurable and must remain blind for life." The occulist then directed an assistant to hold two keys in front of the woman's errs for he rescribed time and at the same time he the prescribed time, and at the same time he told the patient that she must open her ever after 15 minutes had expired, which would be After 15 minutes nat express, which would be signaled by the striking of an alarm clock. When the alarm struck, which it did with the usual emphasis of such things, a nervous sen-sation seemed to the possession of the woman from head to foot, for she shock like an aspen leaf and finally opened the left eye, crying out as she did so, "Oh, the light; the light!" The From head to for, or you are a failed on the left eye, crying out as she did so, "Oh, the light; the light?" The right eve opened, and the woman seemed to be beside herself with joy. all right in the end.

### FINE WORK OF ART.

was the reception given to A merican residents of Rome last night by Mr. Porter, the United An Etching of Columbus That Is Attract-

ing Much Attention. BY DUNLAP'S CABLE COMPANY,

BERLIN, March 1.—Max Horn is giving the finishing strokes to an etching of "Columbus Before the Council of Salamanca," proofs of which are certain to be much sought after by American virtuosos. A preliminary proof was enhunitted to day to a select gathering of con noisseurs at the Jacques Caspart Art Gallery. folumins is represented seated in the richl orated council chamber. The con an and the members are in the act of ret

risen and the members are in the act of retir-ing, apparently for the purpose of considering their decision. A few are larging behind to gluice uncasily at the future discoverer of America, whom they rather suspect to be not altogether same. Columbus sits on a carved bench, his square mnecular frame draped in a mantle with velvet bell skeeves. It is the picture of a forlorn and disappoint d man. His long hair hangs disheveled about his lofty brow. His clear gar seems endeavoring to pierce futurity, and his arms are outstretched as if to seize some his arms are outstretched as if to seize some distant object which is cluding his grasp. The figures are intensely iffe-like and the descrip-tive power of the artist is shown in a remarkable degree.
