

AMERICA'S BIG EVIL.

Second of the Series of Sermons Upon the Cities' Ten Plagues. AN ATTACK UPON INTEMPERANCE.

With a Strong Appeal to the Churches to Arouse to Action.

DRINKING STEADILY ON THE INCREASE.

SPECIAL TELEGRAM TO THE DISPATCH. NEW YORK, March 1.—Dr. Talmage continued today the series of sermons he commenced last Sunday on the "Ten Plagues of New York and the Adjacent Cities." The plague which he placed first on his list of ten, and on that subject he discussed this morning in the Academy of Music, Brooklyn, and this evening in New York. At the close of the service in the New York Academy of Music, Dr. Talmage went over to the Union Square Theater, where his son, Mr. Frank DeWitt Talmage, was holding an over-flowing meeting, and briefly addressed the crowded house.

The text of the Doctor's sermon was taken from Genesis 1:20. "Noah planted a vineyard; he drank of the wine and was drunken."

This Noah did the best and the worst thing for the world. He built an ark against the deluge of water, but introduced a deluge against which the human race has ever since been trying to ward off the deluge of drunkenness.

He had ingredients without number. Then he poured into this caldron capsaicum, and emperas, and logwood, and deadly nightshade, and as-sult and battery, and vitriol, and opium, and rum, and murder, and sulphuric acid, and arsenic, and strychnine, and lead, and red-carrots, and poverty, and death and hope.

It will be seen by reference to domestic market column that receipts of cereals have been also abundant. Demand has been also abundant. The price of wheat has been higher than they were a week ago.

It is a fact that a drunken nation cannot long endure. It is a fact that a nation that is not sober is not a nation. It is a fact that a nation that is not sober is not a nation.
