RAN FROM A FORTUNE

A Missing Boy the Key That Will Secure to Himself and Friends Thousands of Dollars.

THE DEATH OF A WEALTHY UNCLE.

He Left a will of the Provisions of Which Every Hely Must Be Accounted for, Dead or Alive ...

PITITSBURG PEOPLE TO BE ENRICHED

By the Decease of an Old Gentleman in Keilenkirchen West Prussia.

Several hundred thousand dollars await the finding of a runaway boy before they can be distributed to numerous heirs. Four of these heirs reside in Pittsburg or vicinity, and Christian Hoffarth is the young culprit who thus stands in the way of wealth for himself and friends. A letter has just been received here from the executors of Joseph Kamps, who, until about a month ago, resided in West Prussia, in the town of Keilenkirchen. There he spent his life surrounded by relatives and friends and while one of his brothers wandered to this country in search of wealth, Joseph staved at home and amassed a fortune seldom surpassed in the Fatherland.

It was in 1865 that Christian Kamps with his little family bade adjeu to country and

(From a fintype taken four years ago.) friends and embarked for America. He soon reached Pittsburg, and, securing plenty of work, fixed happily until 1874, when he died, leaving his family to shift for themselves. He had several brothers and sisters, and during all these years the family ties have been kept up by as frequent communications by letter as the distance

A Will That Was Never Altered. Along about 1870 Joseph Kamps, who was a bachelor, decided that he was growing

old, and accordingly made his will. His brothers and sisters were named as his heirs. The only peculiar feature of the will was a section which makes it necessary to account for every heir before the division of the estate coutd be made, otherwise it would in time go to charitable institutions,

Though Joseph knew of the death of his brother Christian in this city in 1874 he did not consider it necessary to change his will, as that portion of the estate would go to Christian's family. Soon after the old gentleman's death a letter was written by his brother, Gottfried, to his nephew here, L. J. Kamps. Mr. Kamps was told that it was necessary for him to procure the signature of every heir in this country. At first it appeared all right, but he soon thought of young Christian Hoffarth. This puts the buy back to the city. He will be 20 years of age next June

The Young Man's Runaway Trip. Christian was of a roving disposition, though was really not a bad boy. He greatly liked to stay out at nights, and when his father ordered him to be in at a certain hour each evening he became angry. One night about the middle of last June Christian packed up a few clothes and going silently down the stairs quit his father's house, as he said, forever. He didn't like paternal interference and decided to go some place where

he would be out of the reach of it.

He had a comple of companions, whose names his father never knew. From the night he left nothing was heard directly from him. Several times his father got a trace of him, but it proved to be wrong. Each time an attempt was made to find him, but he had disappeared as completely as though he was swallowed up. First he was heard of in Alleghens, but when searched for was not to be found. Then he was said to be in Cleveland, but that proved to be wrong, as did several other stories that wrong, as did several other stories that reached the ears of his friends. Now that sell be made to bring him back that he may senst his friends in securing their wealth

Talks With the Local Heirs. I J Kamps and John Hoffarth the former me of the heirs and the latter the husband of another, was seen by a DISPATCH reporter vesterday afternoon, and from them was carned the facts, as above stated. The first canned the facts, as above stated. The first named represents the local heirs, and is attending to nil the business. He says that the letter received from termany does not convey any idea as to the amount to come to them, but it will doubtless be quite large.

Joseph Kamps was a thrifty man and always looked ahead. His fortune was very large, but a never anid much about the disposition of it

he never said much about the disposition of it before he died, nor what was to become of it before he died, nor what was to become of it when he was done with it. He was charitable when hving and therefore did not feel that it was necessary when he died to give all his memory to outside people, thus leaving out those to whom one should first show charity, near re-

latives.

The relatives here feel somewhat chagrinned that a headstrong boy should be able to keep them from money that should rightly be theirs, but there is no remedy but to hunt up young rioffarth, and should be turn up be will be received with open arms, while the proverbial tatted calf will send an appetizing oder from

Pittsburg People Who Will Be Benefited. There are four direct heirs in Pittsburg and vicinity and all have families so that more than

a dozen people will be benefited.

L. J. Kamps, a nephew, is the proprietor of a tinstore at \$250 Butler street and lives in that Mrs. Lizzie Wirt is a niece and lives in Mill.

vale berough with her busband, Gotlieb Wirt, who is a puddler employed at the Carnegie the Southside. Her husband is a puddler. Mrs. John Hoffarth, a third niece, is the nother of the runaway boy. She lives at Mill-vale borough, where her husband has a barber

At present nothing can be done toward securing passession of their share in the estate ex-cept look for the missing boy. The friends in the old country have been notified of the state of affairs, and there the matter now rests.

HUNTING HER LOVER

state Holland, of Uniontown, Tells a Pitiful Story to the Police.

Kate Holland, a young woman of Union town, called at Central Station last night for assistance. She claims that a young Unionown man named John Evans, with whom she was in love, enticed her to come to Pittsburg was in love, enliced her to come to Pittsburg with him to get married. Friday Evans left her, on pretense of bringing his relatives from the Southside to attend the wedding. He did not roturn, and having no money she was turned out of the boarding house Monday, she secured employment at Hecki Hotel as a waitess.

The girl claims to have searched the city gree for her faithless lover without success.

over for her faithless lover without success, and now wants the police to find him.

No Room Even for Pay Patients The Mercy Hospital had to refuse six medical patients yesterday, owing to the establishment being overcrowded. Four out of the six patients were pay patients.

THE COMING NEW COURT.

Canvassing the Probable Nominees-The Name of Marshall Brown, Esq., to Be Strongly Presented-A Strong Petition Preparing.

As the establishment of an additional court to expedite litigation in Allegheny county seems to be now quite certain, there is more or less quiet canvassing and exchange of opinions as to the probable percouncil of the new Bench. In most cases mention of probabilities has been made only in a casual way; but from this on, preferences are likely to centralize on particular aspirants. A very strong and respectable movement in this direction has taken place among leading members of the bar, both Dem-ocrats and Republicans, on behalf of Marshall Brown, Esq., as one of the appointers. It was talked of quite freely and encouragingly yes-terday in legal circles, with such expressions of appreciation of Mr. Brown's abilities and character as to make sure that he will have a

character as to make sure that he will have a hearty and earnest support.

Mr. Marshall Brown is the oldest son of Major A. M. Brown, and nophew of Thomas M. Marshall, Esq.—of the standing of both of whom with the profession and with the community no mention need be made—but it is by no reflected light he shines. By his own abilities, which are admitted to be of a very high order, Marshall Brown has won an honorable and valued place in the profession, and, with it, in no common degree the respect and—it is not an overstatement to sax—the universal good will of its statement to say-the universal good will of its

statement to say—the universal good will of its members.

Mr. Brown's temperament and qualifications are believed to fit bim exceptionally well for judicial work. From what is learned of the movement, it is quite sure that his name will be presented to the Governor with powerful support both from the bar and many influential elements of the community.

PREPARED IN EITHER CASE.

Ordinances to Comply With Any Decision

Made by the Supreme Court. The sub-committee to which the Finance Committee of Councils referred the appropria-tions ordinances, has been in session several times, and has manned out a course which it will pursue. Two ordinances are being prepared, one framed to meet a favorable, and one an adverse decision of the Supreme Court on the cases now pending. In one of these ordinances allowance is being made for the pay-ment of about one-fourth of the contractors' claims for street improvements that were made last summer. In order to do this and keep within reasonable bounds in the matter of tax millage, deep cuts are proposed in the approviations for the parks, highways and sewers, Water Bureau, Fire Bureau, printing, Electrical Bureau and various other items. The extent of the cuts could not be learned, but they are said to foot up enough to cover 2 mills taxes on the city's assessed valuation. The other ordinance allows nearly everything asked for by the chiefs of departments.

The Finance Committee will meet in a day or two after the Supreme Court decision is handed down, and the sub-committee will be roady with an ordinance meeting either a favorable or its unfavorable decision, and there will be no further delay. within reasonable bounds in the matter of tax

THE VERESTCHAGIN PAINTINGS.

They Are to Remain Eight Days More With

a Reduced Admission Fee. The Verestchagin paintings will remain at Carnegie Library for eight days more. The success of the exhibition has been so great that Messrs. D. T. Watson, A. M. Byers, W. N. Frew, Herbert Du Puy, H. C. Frick, C. B. Shea, James B. Scott, A. Herbert Hostetter. Charles Donnelly, Theodore R. Hostetter and John W. Beatty, who were the prime movers in having the collection brought here, thought it would be a pity to have it removed until all

pounds; length of stream, 200 feet.

One and three-quarters inch nozzle Slamese connection; steam, 100 pounds: water pressure, 85 pounds; length of stream, 192 feet.

In the next three tests not five minutes were given to each. The Silaby engine was then put to work with the following result:

One-inch nozzle; steam, 100 pounds; water pressure, 80; ten minutes' steam, 90 pounds; water pressure, 160; 15 minutes' steam, 109 pounds; water pressure, 160; 15 minutes' steam, 109 pounds; water pressure, 165; length of stream, 207 feet.

Jue and one-quarter-inch nozzle, Slamese it would be a pity to have it removed until all had been given an opportunity to see the paintings. They therefore, on Tue-day, sent the following message to James F. Sutton, President of the American Art Association:

"In view of the remarkable interest manifested in the Verestchagin exhibition in Carnegie Library, Allegheny, we respectfully request the American Art Association to continue the exhibition eight days longer, and to reduce the admission for this time to 25 cents, in order that all art lovers may enjoy the pictures."

President Sutton sent this reply yesterday:

"Mr. Verestchagin cables permission 25 cents. In deference to vony wish we will con-

"Mr. Verestchagin cables permission 25 cents. In deference to your wish we will continue exhibition until next Wednesday night. Sorry cannot give longer time. Must have collection here Monday, 16th."

JAY GOULD'S PLANS.

What a Railroad Man Says of His Southern

Projects. S. H. Thompson, of Cleveland, traveling matter at a standstill until he can be found, and every effort will be made to bring the road, came into town last night and put up at the stream from the Silsby was thrown the Seventh Avenue. Mr. Thompson says that at angle of 45 degrees by the firemen, his road is in fine shape and that there is nothhis road is in fine shape and that there is nothing to complain of on the score of business.

Asked if he knew anything of Jay Gould's intentions, Mr. Thompson said that Gould was
ant to keep people guessing as to what his pur-

ing to complain of on the score of business. Asked if he knew anything of Jay Gould's intentions, Mr. Thompson said that Gould was apt to keep people guessing as to what his purposes might be.

"Nobody supposed he was after the Union Pacific until he bought the road, and he is likely to sellit any minute if he can see his way to make money by doing so. The Missouri Pacific is his pet road and he will never part with that. The prevalent opinion is that he will secure the Southern roads he is looking after, but it is all guess work to say what he inafter, but it is all guess work to say what he i

tends."

Mr. Thomp*on says that the Baltimore and Ohio are making better Western connections than the Pennsylvania. The morning through train from Harrisburg over the Cumberland Valley, lands passengers in Chicago 12 hours ahead of the schedule time of the Pennsylvania

HIT WITH A BOTTLE.

Broken on Walter Kervo's Head.

A fight occured last night in the Eighteenth ward between several Italians that resulted in one of the participants being badly hurt. About 10 o'clock in the evening Walter Kervo entered Totten & Render's drug store Forty-eighth street, and asked to have several severe cuts on his head dressed. He said that he and two other Italians became involved in a fight over a bottle of whisky that they had found on Butler street, near Fifty-fifth street. Each of them claimed to have discovered the bottle first, and to settle the right of possession a fight began. Kervo seized the bottle, but one of the others took it from him and broke it over

men he was fighting.

his head, inflicting several scalp wounds, Kervo

WILL BE FAIR AND WARMER. After Studying the Map, That's What the

Weather Man Says. If the local Signal Service man keeps his word or at least if the weather doesnt' go back on him, it will be fair and warmer to-day. At no time vesterday would the thermometer go above 320, and though the force of the sun did above 32°, and though the force of the sun did melt the thin ice on some of the pavements where it had a good opportunity during the afternoon, streets that were in the shadow were as much ice bound as the day before. The lowest point reached by the thermometer was at an early hour in the morning, when it had dropped to 17. That was something of a cold wave, but it was not what had been ex-pected. A fall to at least 12° was anticipated.

PEOPLE WHO COME AND GO.

-T. M. Atkinson and Mrs. Atkinson, of Chicago, are guests at the Schlosser. Mr. Atkinson is one of the Windy City's leading iron manufacturers, and has taken a flying trip

here on business. -George H. Ebrens, of Jamestown, N. Y., who is concerned with the Allegheny ice manufactory plant, is at the Anderson, as is also C. S. Barrett, of Cleveland, O.

-Henry H. Kingston arrived on the limited last night and put up at the Duquesne. Mr. Kingston is receiver of the Pennsylvania, Poughkeepsie and Boston Railroad, -John B. Wright, a well-known resident of Lawrenceville, colebrated his 66th birthday at his home on Butler street, last night by a

-H. R. Van Tassel, of DuBois; N. W. Brockway, of Carrier, and John Braden and wife, of Washington, Pa., were at the Seventh Avenue last night.

-Henry Rea, Sr., and Mrs. Rea, Henry Rea, Jr., and Mrs. Rea and W. Rea, with several attendants, left last night for a sojourn in the South. -D. A. Wightman, Superintendent of

the Pittsburg Locomotive Works, was a passenger eastward on the fast line last night. -W. P. Ciarke, of Toronto, Can., and John Lee, of the Union depot restaurant, went East last night. -H. C. Litch, a lumberman of Brookville, was at the Seventh Avenue yesterday.

-H, R, Wilson, a son of Judge Wilson,

of Clarion is at the Seventh Avenue.

and Sewers met and transacted only routine business. The contract for the paving of Preble avenue from Stanton avenue to Adams street with irregular block was awarded to Joseph Hastings for \$1,235.00.

Resolutions for the purchase of the property of Augusta Burgdorf, at Spruce street and Cass avenue, and for the erection of a bridge over the Pittsburg, Ft. Wayne and Chicago Railway at Fulton street, were affirmatively recommended. The Street Commissioner was ordered to put in a crossing at the Western recommended. The Street Commissioner was ordered to put in a crossing at the Western avenue end of the bridge over the Ft. Wayne SMALL SCRAPS OF LOCAL NEWS.

BETWEEN 6 and 7 o'clock yesterday morning the business office of the Southside Review, on, South Fifteenth street, was discovered on fire by a policeman who broke open the door and, with assistance, soon extinguished the flames-which are supposed to have caught from a de fective flue. The damage was slight. THE annual examination of students of the

College of Pharmacy will be held in Municipal Hall on the evenings of March 9, 10 and 11. THE Pension Office was thronged yesterday by pensioners, 700 being paid off.

SILSBY SUITS THEM. GUARDING THE RIVERS.

Only a Slight Attendance at the Indignatio Meeting-Still, They Do a Large Amount Another One of That Make of Fire of Business-Plans for Fighting the Engines Chosen in Allegheny. Wharf Bills.

The Silsby made a great deal more noise than

The Silsby made a great deal more noise than the other engine.

One of the peculiar features of the test was that there was no bid in from the Amoskeag people and none of the real competitors were given an opportunity to show the workings of their respective engines.

Last night the committee met again at City Hall, and Mr. Hartman at once moved the contract be awarded to the Silsby Engine Company, Mr. Wertbeimer thought this was hurrying matters and declared that if such a recommendation was made to Councils he would see that it was defeated in the Select branch. Having delivered himself of this he withdrew to take his seat with the Gas Committee. Mr. Hartman had stroked his beard and was wandering off into a dissertation about the merits of the Silsby when Mr. Rudolph interrupted him with:

Councilmen who have to step out seem awfully

anxious for work so as not to lose any of the

perquisites.

Mr. Hunter—That's an insult.

Mr. Rudolph—It is simply the truth.

Mr. Hunter—I guess I could have come back if I had wanted to. 1 did not want to run

again. Mr. Rudolph—Heard that before. By this time a vote was called, and Messrs. Greeg, Rudolph and William Kennedy voted

in the negative. When the motion was an-nounced as carried Mr. Rudolph declared the intention of submitting a minority report and the committee adjourned.

WORRIED A COMMITTEE.

Can City Light Be Furnished to a Private

Family?

A meeting of the Gas Committee of Alle

gheny was held last night at which bills to the

amount of \$200,000 were approved. This includes the price of the original electric plant,

cludes the price of the original electric plant, which foots up \$159,000. A number of petitions and resolutions for electric lamps were laid over. A petition was received from Philip Hamburger, asking that the city supply his family residence on Fayette street with incandescent lights, for which he was willing to pay their price. This petition caused considerable talk, as it is the first of the kind ever handed in. There is no law to prevent the city from turnishing light to citizens, but it was deemed

furnishing light to citizens, but it was deemed inadvisable at present, and the petition was

inadvisable at present, and the petition was placed on file.

The report of Superintendent David Hunter shows that there are now 270 gaslamus, the gas for which costs 8:39 per lamp annually. There are 422 arc lamps, 100 miles of copper wire, 52 single pedestal towers, 253 most arms, and 2,500 incandescent lamps. The electric plant is re-ported to be in first-class condition.

ONLY A QUIET SESSION.

Work of the Allegheny Committee on Street

and Sewers.

Allegheny was blessed last night with a quiet

committee meeting. The Committee on Streets and Sewers met and transacted only routine

did the Silsby.

Springer had the running of both engines.

The indignation meeting to protest against ncroachments on the river wharves and against the passage of any second-class city legislation without Allegheny City having IT APPARENTLY WINS IN A TEST first been consulted, was held in Common In Which None of the Other Competing Council chamber last night. Commodore W. J. Kountz was the leading figure, and the J. Kountz was the leading figure, and the audience consisted of 7 voters 14 boys and 4 men from the Fourth ward. W. P. Price was Secretary. W. L. Cavitt led off with a talk on floods from the filling up of the rivers. He was followed by the Commodore, who denounced Senator Flinn's wharf bills as dangerous to Allegheny citizens. He said Pixsburg could fill in her wharves and drown Allegheny out. HOT WORDS PASSED IN THE COMMITTEE After two meetings of the Allegheny Fire Committee, and a test of one of the engines

nt. Mr. Cavett said that when Chief Bigelow was Kennedy, James P. Gregg, Jr., and George

out.

Mr. Cavett said that when Chief Bigelow was making his wharf improvements, before he was stopped by the court, he had said that he would fill ent the river to the first piers of the Union and Suspension bridges and make a straight line from one to the other. The result of such a displacement as this would, in time of floods, give is instead of 32 feet in the river.

Commodors Kouniz wanted a petition directed to the Allegheny Senator and Representatives in regard to second-class legislation. Where was the Allegheny Senator was putting in bills and stealing the benefit, and Allegheny was getting washed away, while nothing was heard from the Allegheny Senator. He understood Mr. Film had seven bills, in all of which there was a snake to rob the people. If the wharf bill was declared constitutional he would like to know what would prevent the Allegheny ring from having a bill passed to build a wall along the Allegheny wharf and remt it out to another railroad for the benefit of a few Councilmen.

On motion of W. L. Cavett a committee of five was appointed to act with the First Ward Committee in regard to the river encroachments. Those appointed were W. L. Cavett, W. J. Kounitz, James Shipman, Thomas I. Cavett and Joseph Craig.

Forms of petitions requesting the Legislature lively scenes, but prior to the meeting the test had been given as agreed upon Wednesday evening. The test commenced at 4 o'clock and lasted until after 6. The engines were second class Amoskeag and a second class Silsby. The former was the "Hope" engine, which is claimed to have seen 13 years of service, and has been in use in Alleghony since 1882. The "Enreka" was the name of the Silsby engine. It was the one specially built for tests, and was presented to the city six years ago by George heavier than the Amoskeag, had a larger

ett and Joseph Craig.

Forms of petitions requesting the Legislature not to pass tills Nos. 34 and 35, in regard to wharves, were adopted and the committee instructed to circulate them for signatures.

A petition was also adopted, addressed to the A petition was also adopted, addressed to the Senator and representatives from Allegheny City, requesting them to use their efforts in preventing the passage of any bills governing second-class cities without first consulting Allegheny City.

The committee was authorized, upon securing the necessary signatures, to send a subcommittee of three to Harrisburg to lay the petition before the Legislature.

TWO FT. WAYNE LOVERS

And Their Peculiar Meeting at the Union Depot Yesterday.

When the Atlantic Express arrived vesterday morning among the few passengers who alighted here was a couple who seemed to be in a great hurry to get off. The pair alighted from different sections of the train and were apparently strangers, for each went out by difand Councilmen Vogler and Emerich measured the streams.

The Amoskeag was tested first, the main condition being that the steam pressure should not exceed 100 pounds. It first worked for 15 minutes with two streams from 1-inch pozale, the stream and water pressure being taken every five minutes. The tests were as follows:

First test, 1-inch nozzle; steam, 100 pounds; water pressure, 70 pounds; 10 minutes; steam, 75 pounds; water pressure, 100 pounds; 15 minutes, steam, 85 pounds, water pressure, 170 pounds; length of streams, 205 feet.

One and one-quarter inch nozzle, Siamese connection; steam, 100 pounds; water pressure, 80 pounds; length of stream, 228 feet.

One and one-half inch nozzle, Siamese connection; steam, 50 pounds; water pressure, 150 pounds; length of stream, 200 feet.

One and three-quarters inch nozzle Siamese ferent ways. One was a young woman, stylishly dressed, whose bearing indicated refinement. She was about 28 years of age, tall and good looking, so far as could be discerned through the heavy veil which partially concealed her features. On alighting from the train she walked into the hall of the depot and passed swiftly through to the porch beyond.

The other was a man heavy set and with coarse features, intensified by the shining black features.

coarse features, intensified by the shining black hat which he carried jauntily on one side of his head. A diamond pin blazed from a crimson necktie only partly visible from out his closely fitting black coat, which exposed to view the ands of a pair of checked trousers and the No. 12 shoes of as shady looking a colored man as ever came in on a train. Grasping a couple of gripsacks in each hand he passed out through the exit and reached the porch. In another moment the soft, yielding form of the young girl was clasped in that of the ebony-hued character; his heavy lips were brought into contact with her rosy cheek, a few remarks quickly exchanged, and the ill assorted pair walked quickly away and disappeared from view. All the information that could be obtained about either was that they came from Fort Wayne, Ind.

PARTED ONCE MORE.

Jacob Rein and Wife Agree to Disagree, and Have Separated Forever.

The Jacob Rein case, about which so much has been published during the past few months bobbed up again on the Southside last night. This time it is reported that Mr. Rein and his wife have parted for keeps. A short time ago Mrs. Rein had agreed to live with her husband in Beltzhoover borough and is said to have gone so far as to start housekeeping again, Harmony reigned until Saturday night. During last week it is sald Mr. Rein and his wife decided to sell some property they owned in Steubenville, O. All arrangements were made Steubenville, O. All arrangements were made and Mr. Rein left his home in Beltzhoover to go to Steubenville. Instead of this it is said he stopped in Pittsburg, drank a little too much beer and returned home. When he presented himself to his wife she was not pleased with things. She requested Mr. Rein to make out the papers, and she would assign to him all the property that he had put in her name, on condition that he give \$1,000. Rein's pleadings with his wife to forgive him once more had no effect, and seeing no way out of it he agreed to her proposition.

Rein, shortly after he married, turned over the deeds of \$1,000 worth of land to her. This was all assigned back to him and he gave her a mortgage for \$1,000. On Tuesday last Mrs. Rein gathered her household effects together and sent them to New Castle, where her mother lives. Mrs. Rein is now living with her nephew on Sarah street, near South Twelfth street. She will remain there a few days and then go to her mother's home in New Castle.

AN EARLY START.

The St. David's Society Preparing for the Elsteddfod Next Christmas.

him with:
"You Councilmen are afraid something will At a meeting of the St. David's Society yes terday the following officers were elected President, Al. J. Edwards; Vice Presidents Ivor Zacharias, Joseph D. Jones; Secretary, Robert H. Davies; Financial Secretary, Tromas H. Lewis; Treasurer, Owen Jones; Conductor, David Roberts; Sentinel, Joseph B. Jones; Board of Directors, Daniel W. Richards, David W. Harris, Thomas W. Morcan, Thomas F. Jones, David J. Evans, William J. Jones, Howell Powell.

At the next regular meeting of the society a

committee will be appointed to prepare a programme for an Eisteddfod on next Caristmas Liberal prizes will be offered, and inducement will be made to the leading choral organiza-tions of the East and West.

CRACKER MEN MEET

And Discuss Routine Matters Along the

Line of the Trust, A number of cracker manufacturers were in the city vesterday to assist at a meeting of the United States Baking Company. The business United States Baking Company. The business was of a routine nature, and for the purpose of carrying out the intentions of the newly incorporated trust, of which they are members.

The out-of-town members stopped at the Anderson and included Henry Smith, G. W. Derrick, J. L. Brothers, J. F. Kuhn, Henry Zipp, H. B. Noble and M. N. Dake, of Buffalo; C. Stolzenbach of Zanesville, O.; R. B. Mitchell, of Portsmouth; Alexander Taggart, of Indianapolis; G. W. hieathman, of Dayton; Perrin Langdon, of Cincinnati; B. F. Crawford, of Mansfield, O., and W. S. Crane, of Detroit, Mr. Smith said that the meeting was without anything of general interest to the public.

TO SETTLE THE DISPUTE.

National Officers of the D. of L. Going to

Steubenville To-Day. The National Councilor, J. W. McCleary, of the Daughters of Liberty, of this city; ex.Na-tional Councilors G. B. Ludlam, of Jersey City, tional Councilors G. B. Ludlam, of Jersey City, and W. N. Simons, of New Haven, Conn., and other national officers will go to Steubenville to-day to settle the dispute over the organization of a new council at that place.

The trouble is a peculiar one and emanates from an ill feeling existing in Steubenville between the Jr. and Sr., O. U. A. M. Members of the latter raised an objection to a new council of the D. of L. securing a charter in Steubenville, and its right to the official document will be determined to-day.

BEGAN PULLING DOWN.

Mr. Davis Shows He Is in Earnest in Re gard to His Projected Theater. "Alvin Joslyn" yesterday demonstrated in a "Alvin Josiya" yesterday demonstrated in a practical manner that he was in earnest about his projected theater. He spent the day in supervising a force of 100 men, who commenced pulling down the stable on his property.

Mr. Davis has his architect here, and he purposes to go ahead with the work of building his house right vigorously. He said last night he would have it ready for opening by September next.

More Trouble for Allegheny. Chairman Hunter has called a special meeting of Common Council for to-night to consider the charter ordinances. The Select branch will also meet to take another turn at the appropriation ordinance.

arrived at. The carpenters are now confident of winning, while the masters deny in strong terms that they have any intention of granting the demands, which, according to their claims, amount to a 20 per cent advance. THE END OF HIS TOUR.

Arrangements Made to Receive President Gompers in Pittsburg.

May 1, and his address here will be chiefly directed to those interested in seeing the miners making a winning fight. On this line he will have something to say about how many men are involved in the prospective battle and the circumstances which will surround it. There are 280,000 coal miners in the United States, 200,000 of whom are in what is known as the competitive district—that is to say, Pennsylvania, Ohio, Indiana, Illinois and West Virginia. About half of these are in the United Mine Workers.

The strike will extend only to half the'organized men in the competitive district. The week and finished products have either ad-vanced in the same proportion or are held more JAMES CAVITY & Co. having affected a set ement with their insurance companies for the loss sustained by the recent fire, have started to clean up, and the work of rebuilding will be commenced as soon as the weather will per-

LOOKING UP THE LAW.

City Attorney Burleigh Preparing an Opinion on Cremations.

Mr. Samson Says Present Regulations Make Crime Possible.

PITTSBURG TO TAKE INITIAL STEPS

Assistant City Attorney Burleigh is looking up the law with a view to ascertaining what course can be taken toward bringing about the abolition of secret cremation

bodies. The publication yesterday in THE DISPATCH of the decided stand taken by Chief Brown in this matter, was the subjecof general comment about the city vesterday. It is generally conceded that the position taken by the Chief is perfectly correct. City officials and other persons interested in public matters agree with Mr. Brown that cremation is likely to become very popular as a method of disposing of corpses, and that in such event the present lax regulations will be utterly inadequate to prevent the easy accomplishment of crimes now sur-rounded by ugly difficulties. Chief Brown is determined to follow out his original ideas on the subject.

The Law Will Soon Be Known.

"I have just had a consultation with Attorney Burleigh," he said yesterday, "and have asked him to look up the law on the question. This he has agreed to do, and we will know before long just where we stand. The more I think of the question the more I am more I think of the question the more I am convinced that it is the just privilege and right of the Department of public Safety to have a full report of all of cremation. As a means of further protection to the public I think such reports indispensible."

In his efforts to establish more strict regulations of crematories, Chief Brown will have no opposition from Mr. Samson, proprietor of the only establishment of that kind in Pittsburg. Mr. Samson called on the Chief yesterday and informed him that he was heartily in accord with any movement for the prevention of crim-

Mr. Samson called on the Chief yesterday and informed him that he was heartily in accord with any movement for the prevention of criminal cremation. He said:

"I have always complied with the law and intend to in the future. The Bureau of Health never asked for a report of cases where the person cremated was not a resident of this city, but I am perfectly willing to furnish full reports in every case. I hope to see Chief Brown's idea carried out. At present there are not sufficient safeguards about cremation to make it safe. Under present regulations there are too many opportunities for dishonest crematory proprietors and physicians to cover up crimes, and the sooner more strict requirements are enacted the better." rimes, and the sooner more strict require Different Views of Different Men.

It will be several days before Attorney Bur leigh will have his opinion prepared, as it will take considerable time to ascertain the position take considerable time to ascertain the position of the law on the crematory question, which is a comparatively new one. Chief Brown had hoped to accomplish his aim by an ordinance of Councils, taking the ground that cremation is a burial and would come under the same provisions of the law.

The view is held by some, however, that the law governing burials does not pertain to cremations, and that a special act of assembly will be necessary to cover the point. This is one of the main points Attorney Burleigh has to decide, and on his decision will depend largely the course Chief Brown will pursue. The question is a new one in affairs of municipal government, and there are no precedents to go by. Pittsburg will take the initial step in the matter, and there are no precedents to with interest all over the country.
