READY FOR THE TEST

Carnegie, Phipps & Co. Have Five Nickel-Steel Plates Completed.

THOUGHT TO BE TOO EXPENSIVE.

Carriage Makers Demand a Reduction in Their Working Hours.

A DAT'S GRIST FROM LABOR CIRCLES

Carnegie, Phipps & Co. have completed the manufacture of five armor plates made from nickel steel, which in a few days will be shipped to Annapolis to be tested. The plates are made as an experiment, and the entire order of 6,000 tons of armor plate to be made for the Government by the firm depends upon the result of the test. These plates are each 3 inches thick and 6 by 8 feet in dimensions, and each weighs 5,400 pounds. Two are made from steel and three from nickel steel. If these plates, which are to undergo the use of a sixpounder Hotchkiss gun, prove inadequate, further tests will be made with plates ranging

from 8 to 10% inches in thickness.

The results of the experiments made with nickel steel by this firm have been noted in THE DISPATCH from time to time, since the first test was made. There is no doubt that the test was made. There is no doubt that the quality of the material is improved upon in a great measure by the addition of nickel.

There are some doubts as to its being adopted for armor plates by the Government. The tests that have been made have varied. The first one was with compound iron, the second with plain steel, and the third with nickel steel. The first test made with the nickel steel showed it to be of a superior quality in every respect as compared with either of the others. A later test put the plain steel on an equality with the nickel steel.

ckel -teel.

A naval officer made inquiries about the sev eral tests and the cost of production, but ex-pressed himself as being fearful that the nickel pressed himself as being learned that the nickel would not be adopted because of the additional cost. The cost of nickel is 75 to 80 cents a pound. The introduction of 1 per cent of nickel would make a difference of \$17 a ton in the price of the finished steel. In the plates that have been made, 3 per cent of the nickel was used, which increases the cost of the plates over \$100 cach. over \$100 each.

over \$100 each.

In regard to the claims set up by the English syndicate for a royalty of 2 cents a pound on all nicker-steel armor made, an official of Carnegie, Phipps & Co. said yesterday he was not surprised to hear of it, although they had not received any notice of any definite action being taken. He said he knew that Schneider & Co. held American patents on a process for making nickel-steel, but the question as to whether the patents have been infringed upon is to be determined.

BRICKLAYERS' VICTORY.

The International Union Will Help th Pittsburg Men.

Word was received in the city yesterday the effect that the stike, which was declared against Union No. 7 of the Bricklayers' International Union, of New York City, had been declared off, resulting in a complete victory for the International Union. Some time ago Union No. 7 declared their intention of fighting the International Union and refused to pay their assessments on the Toronto strike. A strike was ordered by the twenty-fifth annual convention held in Toronto in January, but was held off until the let of the present month, and declared off again last Thursday.

The victory has a local significance. The brioklayers here are clated/over the result, as it will benefit them in their demands for 50 cents a day. It is considered that the International linion is stronger and it will lend its influence now to the Pittsburg men.

THE HEARING CONTINUED.

Attorneys in the W. J. Rainey Case Are Granted a Postponement.

Both Judges Acheson and Reed were on the bench in the United States Court yesterday. There was to have been an argument in the case of W. J. Rainey vs. Peter Wise and others, asking for a preliminary injunction to restrai them from interfering with the miners at Rainey's coke works. By mutual consent of the atterneys on both sides the argument was continued until the 20th inst. There was an argument in the case of Turner Strobridge against the L. H. Smith Wooder

ware Company, to restrain them from infring-ing on a patent coffee mill. The defendants claimed there was no infringement and the AMONG THE PAINTERS.

Both Masters and Workmen Are Anxion for a Settlement.

The Master Painters met last night and re affirmed their position to refuse to grant cer tain clauses in the list of working rules sub mitted by the workmen. A conference committee was appointed, and will meet a similar committee from the men to day. National President Thompson (and not Na-tional Secretary) visited Local Union 15 of the carpenters last night, and began to take ev tence on the complaints against a number of the local members. The investigation may ast all week, and it is expected that there wi e a few spicy developments. The General eccretary. Elliott, of Philadelphia, is ex-

RAINEY'S MEN SATISFIED. He Claims His Employes

Grievances. W. J. Rainey, the coke operator was at the

Anderson yesterday. He was in a very amiable mood when he stated that his men had no grievances, and were working well satisfied with the wages paid. Mr. Rainey added that employes, and he would protect them and him-self. He defied unyone to find a dissatisfied man among his cokers.

He said he couldn't speak for the other operators, but he hadn't lost anything as a result of the shutdown in the valleys. He ships conelderable coke to Cleveland and to Eastern

TO HAUL SALT ON AN ISLAND.

A Local Firm Sending a Locomotive to the

Gulf of California. A local firm has under construction a small ocomotine for hanling salt on an island in the Gulf of California. The island has no springs or streams, and, as rain is unknown, the salt is piled in the open air without loss,

All the water for operating the locomotive is brought a long distance across the gulf, and the to comotive, in addition to hauling salt cheaper than it can be done by mules, will save a great deal in the less amount of water used and cheaper cost of fuel as compared with mule feed.

WORKING OUT DETAILS.

Local Laundrymen Still Considering the Plan to Combine.

The local laundrymen held another meeting at the Central Hotel last evening to further ousider the proposition to unite their property in one company. Nothing of importance was accomplished, but as all the laundrymen here except one are willing to combine, it will be done some time in the future, unless they should disagree on details.

They are moving slowly and trying to avoid trouble and blunders in the foundation of the organization. Meetings are held weekly.

THEY WANT NINE HOURS.

Carriage Makers Have Presented Demand for Shorter Time. The carriage builders met in Knights of

Labor Hall last night, and discussed the demands for more hours' work on ten bours' pay which they have presented to their employers, to take effect April 1. It was argued that the carriage makers are about the only workmen that labor ten hours a day, and as they have over 1,000 men in the two cities, they expect to win with case.

Miners Return to Work. The miners along Monongahela river re-

turned to work yesterday, after their three months' idleness, and in a few days large ship-ments of coal will be started down the Ohio river to the lower ports.

Local unions Nos. 142 and 506, composed of carpenters, met at their respective halls last

Ordered to Hold Off.

The Execuive Board of the Knights of

Labor met in Philadelphia yesterday. Some action on the Immsen matter was expected, but J. L. Evans telegraphed to the board to hold off a few days, as there were indications again of a settlement of a difficulty.

Damages for Eviction. Joseph Bartoick, John Hoosick and John Chezietsky yesterday entered suits for \$500 damages each against A. M. Byers & Co. for having evicted them from their houses on the Southside and damaged their furniture.

Industrial Notes

CONSIDERABLE excitement was created at the Hainsworth Steel Casting Company yesterday by a non-union rougher being ejected from the mill.

JAMES ORTH, a prominent lumber dealer of Media, Pa., was in the city yesterday. He says the lumber cutting along the Allegheny river has been unusually large this winter. THE caulkers in the shipyards along the donongahela river will organize shortly in the

American Federation of Labor. They will then have some demands for higher wages to DR. STEPHEN H. EMMENS, President of

PURITY VERSUS PRUDERY.

Pittsburg Artists Approve the Stand Taken By Philadelphia Painters. The artists of this city will to-day send to the Committee of Selection for the annual exhibi-tion of the Academy of Fine Arts of Philadel-

phia a paper which reads:
"GENTLEMEN-The undersigned, artists of "Gentlemen—The undersigned, artists of Pittisburg and Allegheny, heartily indorse the sentiments expressed in your reply to a protest against the admission of certain paintings from the nude at the annual exhibition in your city. Your answer will surely call general attention to the vast difference between 'purity' and 'prudery.' We feel certain that the ladies to whom the sight of the nude in art is fraught with, or gives rise to, impure thought, are in the minority in Philadelphia or eisewhere. Accept our expressions of sincere appreciation and regard."

The letter is being generally signed by leading local artists.

STATE BOARD OF TRADE.

Meeting for Such an Organization to Be Held April 8.

The Board of Directors of the Chamber of Commerce met yesterday afternoon. Reuben Miller occupied the chair, President Schmertz being absent. The following officers were unanimously elected: S. L. McHenry, Secretary; Charles Meyran, Treasurer, and G. Follansbee, Superintendent William M. Atwood, J. Morton Hall and E. T. Dravo were appointed an auditing committee. The other committees will be appointed by President

Schmertz.

A communication from the Scranton Beard of Trade was read. It was in relation to a meeting to be held there April 8 to take steps toward the organization of a State Board of Trade, and asked that the Pittsburg Chamber send one or two delegates. The matter will referred to the Executive Committee.

A DEAD MAN'S FORTUNE. Money for Kasper Borrow, Who Died at

nt a Few Months Ago.

Two men who did not give their names called at the Department of Charities yesterday inquiring about Kasper Borrow. They said they had received a letter from Borrow's relatives in Germany inquiring as to his whereabouts, as as he was heir to a fortune of no small amount. Borrow lived in the Tenth ward for a number of years and for a livelihood did chores about a Parm arone salose.

of years and for a livelihood did chores about a Penn avenue saloon.

In 1889 he became insane and was sent to Dixmont on August 25, where he remained until he died on August 25, 1890. The exact amount of the alleged fortune is not known. The men who were inquiring about him said they know Borrow when they lived in Germany, and supposed that was the reason they had been written in regard to the matter.

WAITING ON THE SECRETARY.

Mr. Proctor Has Not Yet Fixed the Height of the Hudson Bridge.

Colonel James P. Andrews went to New York last evening to attend a monthly meeting of the directors of the Hudson River Bridge Company. The Colonel stated that the Naval Commission appointed to take testimony fo and against the structure had finished its work. and the company was now waiting for the opin-ion of the Secretary of War who will fix the height. If it is not too high the bridge will be The Colonel said it didn't cost much to make

a bridge higher, but the trouble was that might become impossible to make approach that engines with trains could climb. T outsiders had no right to interfere with his Colonel claims the bridge is sure to be built sooner or later.

ROOMED FOR PROMOTION.

Captain A. J. Logan Indorsed by Both the Local Regiments.

The vacancy made in the staff of General Wiles, Commander of the Second Brigade of the National Guard, by the promotion of Major Greenland to Colonel and Quartermaster General, is causing considerable activity among local guardsmen. The many friends of Captain Albert J. Logan, of this city, are urging hi claums, and both the Pittsburg regiments have The officers of the Eighteenth Infantry passed

a resolution Saturday night, asking for his ap-pointment, and last night the Board of Officers of the Fourteenth Infantry took like action. The appointment is in the hands of General Wiley.

Mother and Babe Locked Up.

Mrs. Mary Sullivan, who lives on West Carson street, near the Lake Eric Railroad station, was arrested by Lieutenant Booker last night on a charge of keeping a speak-easy. She has been arrested several times before on the same charge, but was always released on account of having two small children which needed her care. Last night she and her youngest child, aged 7 months, were locked up in the Thirty-sixth ward police station.

Committed to Jall for Murder.

The Coroner's inquest on the body of Patrick Burns, who was killed by a blow from a pick in Burns, who was a fired by a blow from a pick in Upper St. Clair township last week, was con-cluded yetterday. John Blondin, who inflicted the blow, was committed to jail on a charge of murder, such being the verdict of the coroner's jury.
