

AN AWFUL BLIZZARD Sweeps Over England, Causing Almost Unparalleled Havoc Everywhere.

SEVERAL LIVES ARE LOST, While the Destruction Along the Coast is Simply Appalling.

LONDON BURIED UNDER THE SNOW. Telegraph Wires Down and Traffic in General Suspended.

THE WORST STORM OF THIS CENTURY.

LONDON, March 10.—A blizzard has been raging over England since 4 o'clock yesterday afternoon, which is generally admitted to be the worst storm of the century. On Friday the mercury had risen to such an extent that the temperature was summer-like, but today the country is again plunged into the depth of winter and its knee-deep in snow. Last evening the streets of the metropolis were deserted. The wind was blowing a gale and driving fine snow into the faces of pedestrians. Buses stopped running, no cabs could be had, telegraph communication with the continent was interrupted, and many of the streets were blocked or greatly delayed, many accidents being reported.

From the provinces come the information that the country roads are impassable on account of the drift. The state of affairs on the coast and in English and St. George's channels is simply appalling. Many vessels have been torn from their moorings at London, and along the whole coast the greatest excitement prevails. The loss in fishing boats and telegraph wires is immense.

London Buried Under Snow. London this morning looked like a city that had a fall through it and then been abandoned. Street traffic has been brought to a standstill, and only a stray pedestrian was here and there, either entirely blocked or greatly delayed, many accidents being reported.

London Buried Under Snow. London this morning looked like a city that had a fall through it and then been abandoned. Street traffic has been brought to a standstill, and only a stray pedestrian was here and there, either entirely blocked or greatly delayed, many accidents being reported.

WHAT THE TOWN WANTED. Citizens—So you think of leaving here? Physician—Yes, I thought some of practicing among you. Citizen—See here, young man, there is a good opening here for a man as understands his biz, but we don't want no practicing, or experimenting—doctoring's what we want!

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here or there, and in this way they all present alike to themselves and their easy-going and indifferent or over-giving doctor, separate and distinct diseases, for which he prescribes his pills and powders, assuming them to be such, when, in reality, they are all only symptoms caused by some womb disorder. The physician, ignorant of the cause of suffering, prescribes his "pills" until large bills are made. The suffering patient gets no better, probably worse by reason of the delay, wrong treatment and consequent complications. A proper medicine, like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It's the only medicine for the peculiar weakness, irregularities and painful arrangements incident to women, sold by druggists, under a positive guarantee that it will give satisfaction in every case, or price (\$1.00) paid for it will be promptly refunded. For a Book of 100 pages, on Woman: Her Diseases and their Self-cure, (written in plain English), send ten cents, in stamps, to WORLD'S DISPENSARY MEDICAL ASSOCIATION, 605 Main Street, Buffalo, N. Y.

SICK HEADACHE, Bilious Headache, Dizziness, Constipation, Indigestion, Heartburn, and all derangements of the stomach and bowels are promptly relieved and permanently cured by the use of DR. PIERCE'S PELLETS. They are Purely Vegetable and Perfectly Harmless. As a LIVER PILL, Unequaled! ONE PELLET A DOSE! SMALLEST, CHEAPEST, EASIEST TO TAKE.

A CUTAWAY. The United States Signal Service office in this city furnishes the following: Time, 10:00 a.m. to 4:00 p.m. Temperature, 40 to 60 degrees. Wind, 10 to 15 miles per hour. Direction, variable. Clouds, 5 to 10. Visibility, 10 miles. State of sky, Partly cloudy.
