A PROTEST ENTERED.

Poles Object to the Death Sentence of the Braddock Rioters

CONVICTED OF KILLING M. QUINN.

Judge White Receives a Peculiar Letter From Chicago.

AN INDIGNATION MEETING IN ST. LOUIS

Judge White yesterday received a letter | There is but sittle new to report from the wel from a Polish labor society of Chicago, protesting against the death sentence in the cases of the men convicted of the murder of Michael Quinn, which made him very indignant and he characterized the writers as 'moneters" and "assassins." The letter was There is no little speculation among the proaddressed to "The Hon. Justice of the ducing fraternity as to the probable caliber of the well. Some are of the opinion that it pre-

"GENTLEMAN-On a regular meeting held March I, Chicago, corner Holt avenue and W. Division street, by a Polist labor society. The New Life, the decree of death rendered recently by the Pittsburg Judges was consid-

The Pittsburg jurors pronounced the sentence of death upon three Slavs, George Rusnok, Michael Sabol and Andrew Todt, for injuries inflicted upon scab M. Quinn during the strike in the Connellsville coke region. After a careful consideration of the case stated above, the following conclusion was arrived at:

"The present condition of the laboring man is so deplorable, the way be is taken advantage of so inhuman, that in order to avoid starvation which threatees him and his family, he is compelled to defend himself by organizing

The Strike a Call for Justice.

"The strike of the laborers in Braddock was simply a call for justice. The owners of coke furnaces at Connelisville, unwilling to grant their men what they rightly claimed, set to work scales, by which measure the workingmen were brought to despair, and M. Quinn became victim of the ensuing trouble.

"The juriors at Pittaburg would not recognize that the strikers were compelled by the injustice of those who employed them to organize a strike.

Ine a strike.

The jurors would not consider that the injuries of M. Quien during such confusion might have been inflicted by many other workingmen besides the three condemned men.

The jurors ignored that M. Quinn died of his injuries some time after they were inflicted on him, which, according to the criminal law of this country, is considered as murder in the second degree and not as murder in the first degree.

gree.
"Such decree leads one to believe that this is simply a means of vengeance of the capitalist on the laboring man because he wants bread for himself and children.

A Protest Against the Decree. "On the strength of the former statement we, the members of the Polish labor society, 'New Life,' protest publicly against such decree, holding it as utterly unjust. We protest cree, holding it as ulterly unjust. We protest against the execution of the three condemned men, calling it an act of appalling injustice.

"We demand in the name of the law and justice that the case of the three condemned men be once more subject to the consideration of competent and honest judges.

"Resolved, That a copy of the above protest will be sent out to all the labor associations of the United States and Europe in order that they will also express their opinion in the matter.

"Resolved, That a copy of it will be sent to the Court of Justice at Pitsburg, and to the Secretary of Justice of the United States. "In the name of the Polish labor society "New Life." FE. SZOZERBOWSKI,

"New Life." FE. SZOZERIBOWSKI,
"Secretary."
The document was also signed by John, A.,

Autonomy to protest against the death sentence passed on the rioters. Soveral warm
speeches were made.

selves in the manner of making payments, You can pay all eash if convenient, if not, you can pay \$25 or more down, and \$10 or more per month, and get the plane immediately, or if you can pay only \$1 per week, and get the plane in a short time. The plan is so arranged that in any case members get the benefit of the wholesale cash price obtained by the club contracting to buy 350 pianos. It is a price that no retail dealer, buying in small quantities, can possibly give on the same grade of pianos. Our plan of organization and rules are copyrighted. Other dealers cannot use them without our consent. The opportunity is now open to secure a first-class piano at a price and on terms impossible to get outside of our sys-tem. Avail yourself of it before the list of Club B is completed. Call at 137 Federal street, Allegheny, and see the piano, or send for circular to the manager.

ALEX. Ross.

We will also continue the sale of the extra super Lowell ingrains at 60c and 65c. These are worth 85c everywhere.

EDWARD GROETZINGER, 627 and 629 Penn avenue.

How to Cure La Grippe.

From the Des Moines Mail and Times.] Mr. George Tennant, of this city, in co versation with a representative of the Mail d Times, one evening this week, said; "Yes, I took this prevailing influenza. I gave up work and went to bed. I had a dreadful cough and was very sick, but am all right now." We ventured to ask what remedy had proven successful in his case. "O, I took Chamberlain's Cough Remedy.
I used a whole bottle; it brought me out all
right; I seel first-rate now. We are never
without Chamberlain's medicines in our

family."
This testimony is only one of many that might be given to show the value of these preparations. Those who are afflicted with this malady would do well to use Chamberlain's Cough Remedy. If used as directed it will be found effectual. Fifty-cent bottles for sale by dengite. for sale by druggists.

LIKELIHOOD THAT THE M'GINNIS& SPEER

Beyond That There Is Little of Interest to Report in That Prolific Field-Matters Keeping the Even Tenor of Their Ways at McCurdy.

INTEGRAL TELEGRAM TO THE DISPATCH. WILDWOOD, March 10 .- The point of attraction at Wildwood to-day is on the southwest line in the locality of the McGinnis & Speer well on the August Kyle farm. to-night as no drilling has been done since our report this morning. The well has been making ten-minute flows during the day at intervals of a little over an hour. The owners expect to have tankage up and connections made ready to start the drilling again in the morning. sents all the antecedants of a southwest gusher while others do not share this rosy view and say it will make only an ordinary producer. The latter base their opinion on the fact that as there has yet been no big wells found as far east of a 45° line as the McGinnis & Co. well is located, it would be a very strange thing to see

this one come in big, and would knock all theories and geological calculations to smithereens. By this time to-morrow night we hope to be able to give a full account of this important venture. Queene & Co. on the Kretzer tapped the pay to-day at 18 feet in the sand and made several small flows. This well is located west of a 45° line, and would seem to indicate considerable width to the belt in this section. The well is shut down, moving out the boiler and getting up tankage. The Duva & Beers well on the August Kyle farm, located about 700 feet northwest from the McGinnis well, has been drilling to-day, but at this writing there is no improvement. It is 19 feet in the sand with no oil in the hole. On the Rolschouse farm Rolschouse & Co. are on top the sand and it will not be long before they will know what the well will be good for. On the Kohler farm Beers & Duva have lost the tools in the 30-toot, while Finnegan & Downing No. I, Joe Wallace, is 25 feet in the sand and flowing by heads on a small scale; their No, 3 Wallace heirs is drilling in the 100-foot. It is reported that Griffith & Co. are through the third sand on the Richie farm and dry. The good showing in the Kretzer well most likely has been an incentive to Messrs. Evans, Mandeville & Co. in starting Nos. 3 and 4 up on the Wright farm. It now looks as if the Kretzer will stimulate a batch of new work to the west of a 45° line. No. 2 Scott lot, Gibson & Gibson was shot to-day. The Roth Oil Company will start the drill to-morrow on the Peepble's heirs farm, and Ringheisen No. 7 is drilling in the bottom this one come in big, and would knock all

of a 45° line. No.2 Scott lot, Gibson & Gibson was shot to-day. The Roth Oil Company will start the drill to-morrow on the Peepble's heirs farm, and Ringheisen No. 7 is drilling in the bottom of the sand. It will make a light well. Smith Farm Oil Company, No. 8 Smith is eight or nine feet in the sand and doing seven inches an hour, and No. 9 is in about the same depth and making 20 barrels a day. Kennedy & Co.'s No. 2, P. & W. lot, located 350 feet a little east of north will find the sand to-morrow. The Aiston well is panning out 12 inches an hour to-night. A conservative estimate of the production for the past 24 hours is 7,250 barrels. St. Mary's—The drill has been started in the well on the Cunningham farm, a short distance from the mouth of NcKim creek. The Middle Island, well has reached a depth of about 1,200 feet, and if good lock continues it will not be many days before the well is completed. The stockholders in the Riggs lot well have got into a dispute, in consequence of which drilling for the present has been suspended. Little Gulch No. 2 and Dutton I have been cleared, and the drill is again bouncing in both wells. Some territory has recently been leased near the forks of French creek, and with the opening of spring several new wells are contemplated being drilled. The progress at the opening of spring several new wells are contemplated being drilled. The progress at the Laurel Point well has been impeded by a fishing to

contemplated being drilled. The progress at the Laurel Point well has been impeded by a fishing job.

McCURDY—Mellon, Gaily & Co.'s Riddle well is not at the present writing showing for much of a fifth sand well. It is now below the depth where the other big wells in this pool found their oil, and from one of the owners THE DISPATCH scout was informed the old Riddle would not make more than a 20-barrel pumper. A special to THE DISPATCH from McCurdy to-night says the well is about through the same parties, Scott No. 2 will probably hit the sand to-night, and by Friday or Saturday think they will reach the pay in Dougherty No. 1. To-day the drill was started in Riddle No. 2, while Dougherty No. 2 rig is about completed. Their No. 1 Palmer is making 360 barrels a day, and No. 2 Palmer 400 to six wells which are located on the McCurdy and Lloyd farms.

FAIRVIEW—Murphy & Gaffore's well on

Whether on pleasure bent or business, should take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For fale in 50c and \$1 bottles by all leading druggists.

THE ADVANTAGES

Of Being a Member of the Everett Piano Club

Are that you secure a piano that has no superior at a price impossible to obtain in no vother way. Members can suit themselves in the manner of making payments. You can pay all cash if convenient, if not, you can pay \$25 or more down and \$10 certain file and the filling again, and the tools have been lost in yould have been in by this time. Sutton No. 2 is expected to get the sand in a short time. Mannington field are keeping the even tenor of their way. There is nothing of special moment to chronicle, and some days will elapse before any important wells are due. Bent Bros. No. 9 has got started to drilling again, and the tools have been lost in the mannington field are keeping the even tenor of their way. There is nothing of special moment to chronicle, and some days will elapse before any important wells are due. Bent Bros. No. 9 has got started to drilling again, and the tools have been lost in young have been in by this time. Succeeding the even tenor of their way. There is nothing of special moment to chronicle, and some days will elapse before any important wells are due. Bent Bros. No. 9 has got started to drilling again, and the tools have been lost in you will have been in by this time. Succeeding the provided the pay Saturday, will make a good producer. Amos No. 1 is on top of the sand, and had not this accident happened it you will have been in by this time. Succeeding the provided the pay Saturday, will make a good producer. Amos No. 1 is on top of the sand, and had not this accident happened it you will have been in by this time. Mannington field are keeping the even tenor of their way. There is nothing of special moment to chronicle, and so the pay of the san

venture will soon find the interesting spot, the result of which is awaited with no little interest. Should it prove a paying investment considerable territory will be developed in this locality the coming summer. A member of the Logan Oil Company said to-day that his company contemplated doing quite a stroke of work this season.

CORAOFOLIS—Finegan & Downing No. 3 Neely is in with 300 feet of oil in the hole. The well is located 700 feet northwest of Logan 5. Black & Emerson's Snowhite No. 1 is good for 20 barrels a day, and their No. 2 Curry will make about the same kind of a well.

ANNSVILLE—John M. Patterson & Co. are reported as in the third sand with their well on the Daubenspeek farm, which is showing for a producer. This well is located three or four miles southeast from the Murrin field and is a wildcat of the first water.

West View—The Bowman well, on the Scheidic farm, which came in yesterday afternoon with flying colors and a record of 25 barrels an hour, has declined to 10 barrels an hour to-night.
