The F. M. B. A. Man Bursts Into Tears When Announcing His Vote.

THE FIGHT FOR HEARST'S PLACE IS ON

SPRINGFIELD, ILL., March 11 .- General John M. Palmer was elected United States Senator on the one hundred and fifty-fourth ballot. Previously the Republicans held a caucus to see if they couldn't at least kill off the Democratic candidate, and the steering committee was empowered to handle the matter as it might think best. That committee sent for Representative Moore, one of the F. M. B. A. men, and offered the solid Republican vote of 100 if he and his two conferees, Cockrell and Taubeneck, would join them. Moore, however, had decided to vote for General Palmer.

The steering committee, in discussing the situation, finally decided to give their vote to Senator Fuller, Chairman of the steering committee, in recognition of his services as a leader, in case every member would pledge himself to obey the committee.

The Decisive Moment at Hand. A few minutes before the meeting of the Assembly the Republicans joined in a chorus of "Auld Lang Syne" amid great coords of "Auld Lang Syne" amid great applause. The Democrats also struck up a melody, but of a rather more cheerful nature. The Republican Steering Committee ordered their members not to answer in the preliminary roll call. Senator Evans, however, disregarded the committee's injunction and answered "here" when his name was called. On the roll of the House both Moore and Cockrell answered "here," and were loudly applanded by the Democrats and visitors in the galleries. On Taubeneck's failure to answer to his name there was a slight ripple of applause on the Rethere was a slight ripple of applause on the Re-publican side, which was suppressed by the

steering committee.

"Twenty-five Senators and 79 members of the
House have answered to their names," said
the Speaker. "It is now in order to take another vote for United States Senator." When Cockrell's name was called he rose to his feet and said, "Mr. Speaker." "No speeches, no speeches, vote, vote!" shouted 40 Republican votes in unison.

Fandemonium reigned supreme for a minute, but the Republicans still stoutly objected to Cockrell explaining his vote. "If you will keep your mouths shut for a moment I will yote."

"No speeches! No speeches !" The Vote That Decided the Fight.

"I vote for John M. Palmer." said Cockrell. For a few moments the Democrats' shouts reverberating through the Capitol were deafening. After a lull they were renewed, and it was two minutes before order could be restored. was two minutes before order could be restored. The Republicans remained silent as the call proceeded. Moore's name was called. That gentleman arose deliberately and said: "John M. Palmer." Again Democratic enthusiasm found vent in cheers. When the name of Morris, the colored Republican, was called, he voted for Cicero J. Lindley. The programme now became for all the Republicans to vote for Lindley, it having been found impossible for Fuller or any other man to receive the full Republican vote.

Representative Taubeneck, when his name was called, voted for "A. J. Streeter, nominee of the F. M. R. A. party," and dropping into his

Seat burst into tears.

Sincere sorrow moved him, and cheer after cheer from the Republican side rewarded his loyalty to his party nominee.

The verification of the roll showed Republican voting for Lindley, every Democrat for Palmer, Moore and Cockrell for Palmer and Taubeneck for Streeter. The joy of the Democratic was so intense that some of them blew tin horns. General Palmer was introduced and made a brief speech of thanks.

The Contest in California Bearing.

The Contest in California Begun. A dispatch from Sacramento says: The State Legislature, in joint session to-day, balioted for United States Senator with the following result: M. M. Estes, 29; M. H. De Young, 24; Charles N. Felton, 13; scattering, 20. Goucher, Democrat, who under Democratic cancus arrangement was substituted to-day from Ostron, received the full Democratic

I HAVE no hesitation in recommending Dr. D. Jayne's medicines, having used them in my family for over 30 years, and always found them to act beneficially. They have indeed been a great help in raising my family. I experienced myself the remedial qualities of Dr. Jayne's Expectorant, being at one time troubled with an obstinate cough of long standing. Indeed I had gotten into such a state of health that my physician said nothing short of my taking up a residence during the winter in Cuba would do me any good. The Expectorant, however, first helped and eventually cured me; so that now some years have elapsed, and I have had no return of the bad symptoms. My cough is cured and my lungs are sound and healthy, and I am apparently well and hearty. — Mr. William Davis, Ashland, Kan., April 24, 1889.

OIL MEN ARRESTED.

THEY TELL THEIR SIDE OF THE STORY TO THE DISPATCH.

No News of Importance From Wildwood Considerable Activity at Cornop Mellon & Co. Laying a New Pipe Lin -News From Other Fields.

SPECIAL TELEGRAN TO THE DISPATOR. WILDWOOD, March 11 .- The arrest yesterday of Forest and Greenlee, two prominent operators in the southwest field, was the subject of considerable comment in oil circles to-day. The arrest was made at the instigation of McKinney Brothers, of Titusville, and the trouble grew out of the sale of Forest & Greenlee to the Midland Oil Com-pany of their half interest in 50 acres on the

Forest & Greenlee to the Midland Oil Company of their half interest in 50 acres on the Rolsehouse farm at Wildwood, with 12 producing wells and one well drilling, and for which was paid \$42,500.

Mr. Forest was seen by THE DISPATCH representative and said be was just as much surprised as anybody could be. "The McKinneys claim," continued Mr. Forest, "that when we sold out we misrepresented one of the wells and that we made the production much higher than is shown by the pipe line reports. At the time we made the sale McKinney Bros. owned a half interest in this property, kept the accounts and paid the bills, and they surely knew all about the wells and their production. We intend to fight the case for all it is worth."

But little of importance is to be reported from Wildwood to-night. It was expected that the August Kyle well would have been drilled in, but owing to the delay in making connections and getting up tankage the drill was not started until this evening. Since then no information from the well has been gained.

Gibson & Giles torpedoed their Scott lot well, which failed to respond, and the venture is classed as a duster. Christie & Co's, well, on the Nancy Gibson farm north of the Wildwood field, is renorted as through the sand and dry. The Smith Oil Company's No. 8, Smith farm, on deeper drilling found a better pay, and tonight is flowing 30 barrels an hour, while it No. 9, same farm, has been improved by further drilling, and has a record of 12 barrels an hour. The Sureline Oil Company is building a new rig on the Hardy farm, 1,300 feet north of the Kennedy well. The Forest Oil Company and the Queen & Co.'s No. 1 Kretzer has made 10 inches in the last 16 hours. They had not finished moving out the boller and making connections to

out the boiler and making connections tonight.
Greeniee & Forst's Alston well is holding up
at 12 inches an hour, and the Kanawha Oil
Company will soon finish their rig on the
Kennedy farm. This well is on a 45° line, and
is the farthest to the sonthwest, being
about a mile from the Alston producer.
The Forest Oil Company and J. M. Guffy have
located a well on the Swartz helrs' farm, about
450 feet north of the Kanawha Oil Company's
rig on the Kennedy, and also another on the
Lintz farm, half a mile west from the Kretzer
No. 1.

The Roth Oil Company made another loca-tion to-day on the Henry Kyle farm, 400 feet southwest of its gasser. A. C. Taggard and the Smith Drilling Company are building on the James McIntire farm, about half a mile southwest of the McGinnis & Speer well.

More Activity at Cornopolis. CORAOPOLIS-The Coraopolis field is characterized by activity, and as soon as the roads are in better condition the volume of new work will be quite large. Black & Emerson's No. 1, Snowhite, is eight feet in the sand, and, from Snowhite, is eight feet in the sand, and, from its present status, will be a light well. Their No. 2, Curry, is through the sand and will be shot to-morrow. On the Jolly farm they have a well down 1,200 feet, and are building Nos. 4 and 5 rigs, while their No. 8, Rider, is showing for a 20-barrel well.

Forest Oil Company's No. 3 Neely is through the sand. Their No. 4 is drilling, and No. 5 and 6 have rigs up, while No. 2, McClinton, is down 1,250 feet. Mellon's No. 9, Kerr, is producing 25 barrels a day, and their No. 5 same

ducing 35 barrels a day, and their No. 5, same farm, is light. No. 8, Logan, ss good for 25

farm, is light. No. 9, Logan, ss good for 25 barrels.

The Orion Oil Company has started drilling its No. 1 Schmerts, and the Forest Oil Company have a started the sand in its No. 2 Cooper by Saturday. Hervey Brothers' No. 2 McCutcheon is now being drilled. F. E. Boden has lost the tools at 1,800 teet in his Stevenson farm well.

Up Montour Run the Enlow Oil Company found a gasser on the Adams farm. The Fisher Oil Company is fishing for a stem in its No. 3 Stewart farm, and Ferguson & Co. are down 800 feet on the Jefferies, while Mechlin & Co. have reached a depth of 900 feet on the Johnson.

Mellon & Co. are laying a three-inch line from the Coraopolis field to the Ohio river.

A Stimulating Well at Westview.

A Stimulating Well at Westview. WESTVIEW-The Bowman well is still drilling, and when the head is exhausted it is thought by practical operators in this field it will not make more than 75 barrels a day. The new strike, however, has stimulated some new work in the immediate vicinity, which is being pushed forward as fast as possible, notwith-standing the present low price of oil and no great chances of it going higher for some time to come. The Westview Oil Com-pany is starting two rigs on the Ivory farm in blissful proximity to the Bowman, while parties who own the Roedel farm, west, are also con-templating drilling a well.

Some Ill Luck at Callery. CALLERY-Wahl & Bishop, at their No. 3 Marberger, are still fishing for the tools at 65 feet in the sand, with but little chance of ever getting them out. It looks like a plugged hole. The same company's well on the Staples is 35 feet in the sand, and occasionally makes a small flow. At best it will make only an ordinary pumper. Guckert & Leam will tube their Vanvoy well to-morrow.

A Failure at Glenfield. GLENFIELD-Herbert & Co. are through the sand on the Burkurt farm. The well is a fail-

THEIR WORK ENDS TO-NIGHT.

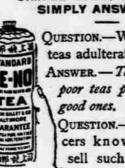

Ordinances to Come Before the Last Session of the Present Councils. The last regular session of Allegheny Conncils will be held to-night. The most work will be in Common Councils when the appropriation ordinance will be acted upon together with the ordinance for the purchase of a fire engine. The ordinance fixing the newspapers which are to receive the city printing will also be acted on

to-night.

It is supposed that the appropriation ordinance will pass without much trouble. If the Mayor will sign it on Friday the Controller will borrow the money to meet the pay rolls and the cuty employes will all be paid on Saturday. About \$100,000 will be needed.

SIMPLE QUESTIONS SIMPLY ANSWERED.

QUESTION.-Why are teas adulterated? Answer. - To make poor teas pass for

QUESTION .- Dogrocers knowingly sell such teas? Answer.-Not always. They are as much deceived

as the public. QUESTION.-How can these adulterations be avoided?

Answer.-By dealing with an honest grocer who understands his business, and paying a good price, and purchasing a recognized brand that bears the guarantee of a responsible house. QUESTION.-Of course you mean

HE-No by that?

Answer.-Not necessarily. There are other good teas besides He-No. But you don't know them when you see them. You may get a good one, but more likely a very much poorer one.

QUESTION.—Suppose I buy a package of HE-No at my grocer's and don't like it, what

Answer.—Give it a good chance first, for your cook may have spoiled it in the making. Try it again. If you continue not to like it, return the partly used package to us by mail. We will examine it, and if it proves to be genuine He-No, we will reiurn to you the price you paid or send you a fresh package free by mail.

We have opened our new Shoe Store at 402 Market Street, this city, for the exclusive sale of the Cele-brated Emerson Shoes for gentle-

men, and we desire that the public may know us and our record. We are the makers of the Celebrated Emerson shoes. Our factory is in Brockton, Mass. We make all our shoes and sell them direct and only to the consumer, through our own stores, at one profit. We carry the largest stock and most varied assortment in gentlemen's shoes to be found in this city. We make exclusive styles, which can be found nowhere else, and are a successful combination of comfort and style. We guarantee our Shoes to fit and wear. We use only the best grade

of stock, and employ the most skilled workmen in the construction of our Shoes. Our lasts and models are the result of years of careful study and experience. We guarantee satisfaction, and, as we make and sell, we can save the profits of the middle man.
