THE LOCAL BILLIARD TOURNAMENT.

Lord Lonsdale Sued for Furious Driving-General Sporting News of the Day.

(CORRESPONDENCE OF THE DISPATCH.) NEW YORK, March 14.-The President of the United States went duck hunting this week and was temporarily retired from the world. But there was no vacuum thereby. One Mr. Johnson, of Cleveland, came to the fore as a most important factor in the world of gossip.

Mr. Johnson is what the boys call a Lu Lu, with two big l's. His eccentricity has caused more trouble in the baseball muchinery of the country during the last few months than is produced by the proverbial bull in a china shop. I've never seen a bull in a china shop; but common sense tells me that a man of nerve with an ax or a gun could chase the bull out of the china shop in a few minutes. This baseball bull, fused to be brought down.

Mr. Johnson, I think, can be classed among the "A" hars of this broad and bountiful land without giving him one square foot of ground upon which to base a libel sur. He told Mr. Van der Horst that before he would sell out not sure that he stipulated in the bond which arm he would sacrifice, and it doesn't much matter. My latest advices from Clev-land are that the gentlemen's sleeves are full, both of arms and aces. He will probably repudiate his promise to Mr. Ven der Horst because he intends to get married after his visit to Hot

I should very much besitate before I permitted one of my children to become a member of Mr. Johnson's Sunday school class.

This sell out to the League was not a new idea with Albert. You may not be surprised when I tell you that never for one hour since he when I tell you that hever for one hour suce the plauned his way to a settlement with the League has Johnson had an mea of spending a dellar to run a Cincinnati club in Cincinnati. From the day he met Barnie and Irwin in Cleveland up to last Monday night, this man has had but one object in view—to get safely out of the business.

That is true as you live, and you know how true that is. Do not ask me bow I know it. My information is indisputable, and if it were not, circumstances would hear out the simple unsupported assertion.

It was a sorry day for the Association when Irwin and Barnie stopped off at Cleveland on their way to Chicago and walked into Mr. Johnson's parlor. He had no cause to love the League mee, and he had no reason to hone for a place in the hearts of the Association magnates. But if he saves anything from the wreck of his Players League venture he must do it at the expense of some third party, for he could not throw down the League.

His jimmy was clearly the American Asso ciation, and with it he broke into the League's treasury, but he almost ruined the jimmy in the

While in Cincinnati several weeks ago he, for business purposes, confidentially told a resident of that city that be expected a compromise with the League and that he was going to Europe for a three months' wedding trip.

I have been wondering what the good peo closure of the state secret that had the Asso clation been able to coax the Brooklyn club over to their circuit they would have dropped the national capital from their list. There is scarcely any doubt that this vote was taken just as Johnson claims it was.

I still theist that the Association would have been wise if it had swallowed its supposed it usage in the Stovey-lier baner cases and bided its time. The trouble with the Association has always been that a few hot-heads have rushed through its affairs without giving cool second thought to the outcome. Baseball business thought to the outcome. Basebail business probably more than any other requires conservative men at its head and conservative mensures behind it. It has been this be-sure-of-your-game method of the League which has brought that bedy out of so many difficult and dangerous situations.

The conservatives of the Association have

arly all dropped out since its organization I have but to mention such men as McKnight, Williams, Wikoff, Stern, Byrne and Colby to give a few examples.

It is my opinion that the conservative men of the Association at this time could save that body and soon make it powerful and profitable, if they would but step forward and take the reins from the hands of the three or four fire eaters. I don't want to see the old Association go to the wall, and it will not if reason takes the place of the madness which now reigns.

Let no one labor under the fallacious belief

that the League has paid for something in Cin-cional it couldn't get possession of, or that Johnson sold what he could not deliver. It was a case of "cinch" before the money was paid over. I know what I am saying, too, when I tell you this.

I cannot conscientiously subscribe my name to this manuscript without lining a little over the white surface in eulogy of that citizen of Pittsburg yelept J. Palmer O'Neill. There is no Pittsburg yelept J. Palmer O'Neill. There is no memora da before me to indicate the possessions in your city for which you all feel a swelling pride like unto an overheated grain of poporn. But whatever they are J. Palmer should head the list. His steel-blue eyes are beacon lights which all you Pattsburgers who love baseball should cherish more than the gas wells which flame and fintter and occasionally consume a few buildings.

Mr. O'Neill's mission on earth is made plain. He is to baseball what Bismarck was to Europe a few years ago. Long may his side whiskers

"LOCAL FOOTBALL GAMES.

Some Lively Contests and Lots of Kicking at Recreation Park.

It was excellent football weather yesterday and as a result there were two lively and exciting League games at Recreation Park. The ut was between the Pittsburg team and the Eurekas, of Allegheny. Few who knew any-thing about the respective merits of the teams expected the Eurekas to win and consequently their defeat was no surprise. But the vanquished team played a great game and al-though they were completely outmatched they kept the Pittsburgers pretty busy during the contest. Fred Goodwyn was referee and gave good satisfaction.
The result was 3 goals to 0 in favor of Pitts-

burg. These goals were made by good may and demonstrated the fact that the wir far team was decidedly superior to their opponents. Two of the goals were made by Woods, a member of the New Casile toam. He played center forward and played it well, indeed. Boyce, left wing forward, did good work and so did T. J. Smith, who played back. As usual the brothers Nameherson played an excellent same. The Macpherson played an excellent game. The general play of the Pittsburg team was such as o greatly inspire the players with strong bopes

winning the pennant, of winning the pennant.

The second contest was between the Allegieny Thisties and the Lawrenceville team.

Mr. Goodwyn again acting as reteree. The Thisties, to the surprise of everybody, played like demons and soon had the score standing to 0 in their favor. There was considerable do in their favor. There was considerable objecting and wrangling during the entire content. Finally a decision of the referee regarding a foul ball caused a hait ton minutes before the time was up. The score was then 4 to 1 in favor of the Thistles and it was impossible for the Lawrenceville's to win. They had been outplayed by the remarkable combination work of the Allegheny team and the decision of the referce concerning the foul ball was considered absolutely just by the spec-rators. In spite of all this Captain Powell very foolishly took his men from the field and the game was given against them by 4 to 1. There is no excuse for taking a team off the field, and it is not the way to conduct football games when a decision is given. when a decision is given.

The McDonald team went to Homestead, but the team of that place did not appear. The former club was, therefore, given the game. A game was scheduled to take place between Shaner and the East End teams, but the latter could not get their men together and a victory was awarded to Shaner.

CORBET WANTS TO ROW.

The Chicago Ex-Amateur Sculler Makes an Offer to Dennis Donohue.

CHICAGO, March 14.-Dennis Donohue, o Hamilton, Out., the ex-amateur champion oarsman of America, some time ago expressed a desire to make a sweepstakes match with John Corbet and Erastus Rogers for \$200 or \$300 a corner. Corbet and Rogers, like himself, were recently disqualified by the governing body in amateur aquatics, Rogers, who is now at Saratoga, has not been heard from on the subject, but Corbet stated vesterday that he would like nothing better than to meet his old rival in a match race of a mile and a half with a turn over the Pullman course.

"Donoine," said Corbet, "banks upon his endurance, and, therefore, fancies a three-mile

durance, and, therefore, fancies a three-mile distance, but as the amateur championship has always been decided in a mile and a half with a turn, and as both of us are accustomed to that distance. I don't think he can object either to Lake Calumet, as it was on that body of water he defeated me for the championship. We can secure just as advantageous terms at Pullman Decoration Day, the day I would stipulate, as at Burlington beach or any of the other courses that have been mentioned. I am not opposed to a three-cornered sweepstakes, but a race like that would be difficult to arrange. I don't think Donohue can beat me over the championship route; at any rate, I am willing to bet \$500 he can't."

ABOUT MIKE KELLY. A Rumor That He May Be Secured by the Cleveland Club. CLEVELAND, March 14.-At a meeting held

Before Johnson wired him to Cincinnati fused to be a delusive piece of game and re-fused to be brought down.

Nevertheless, a dispatch calling him here Friday was sent him. He was expected, but so far has not shown up. The Cleveland club's idea was that despite the King's eccentricities

Thursday morning the Cleveland club decided

he was a good drawing card, and would strengthen the team. The chances are that he is out of range. The Cincinnati League people on Tuesday offered him a blank contract to fill out, and Kelly agreed to sign it if George Siney was engaged as business manager and Tom Lattre soul to some other club. was engaged as business manager and Tom Laftus sent to some other club.

The Cincinnati people would have agreed even to this, but Kelly got away, and, after a lot of joilying, signed with the Association people. He may drift away yet, as his contract is probably in his pocket. He signed with the Players' Leage of 1890 and pocketed the contract, and agreed to go to the Boston League Club a wonth ago, but kept the agreement in his pocket. If he stays in the Association Kelly will probably play in Boston.

SUED THE NOBLE DRIVERS.

Lord Lonsdale's Sport Gets Him Into Trouble With a Magistrate.

IBY DUNLAF'S CABLE COMPANYA LONDON, March 14.-Lord Lonsdale's feat in driving and riding 20 miles in four different heats in something under one hour on snow covered ground, attracted some notice in sporting circles. But all genuine; interest was taken out of the performance when the match with Earl Shrewsbury fell through. The blame for the back-down has been variously apportioned but as Shrewsbury twice postponed the match for Lonsdale's convenience, the latter had little right to gramble when Shrewsbury declined to race upon the umpire's declaring the road un-fit. Lonsdale's communications on the subject were conched in a tone rather discourteous, even for a British peer, and aristocrats support Shrewsbury in declining to race under the cir-

consistances.

This afternoon a rural magistrate granted a summons against Lonsdale for "furious driving on a public road," and he will have to appear in answer to the charge next Saturday. Lonsdale, by the way, divided Shrewsbury's forfest of £100 among three charities of Reigate where the drive occurred and a London fund for disabled calcinets.

The Leaguet clubs contribute \$4,000 each toward buying Johnson out, to make good the deficiency left in the guarantee fund at Washington. The fund was down to \$18,000 last week. About \$30,000 was spen. in the fight of 1890.

Johnson has been paid his \$26,000. The \$4,000 per club goes back into the guarantee fund. Mike Keily can get \$6,000 or \$7,000 to go with the National League in either Cleveland or Cincinnati. The Cincinnati injunction suit will be answered in a startling way on Monday next.

The fight itself looked very much like acting, too. Burke got all the best of it in the first round, Pritchard not scoring a point, in the second round there was a change about and Pritchard knocked Burke down twice. When Burke was finally knocked out in the third round he lay on the floor and squirmed until the ton seconds allowed him to rise were over, and afterward seemed right enough. Again, Mitchell asked burke before he left the ring if the fight was square, to which he replied: "Yes, I was fairly beaten. I swear, by my wife and child, that I was honestly licked."

Burke says that he will now retire from the ring for good. Whether Pritchard is really a wonderful man remains to be seen when he meets Fitzsimmons.

THE NICELY CONSPIRACY CASE.

Alleged Conspirators Against the Murderers

Discharged by the Magistrate. SEPECIAL TELEGRAM TO THE DISPATCH. GREENSBURG, March 14.-The decision of dagistrate Keener, who presided over the earing in the Nicely conspiracy and larceny cases, was given to the press representatives tonight. After a thorough review of the evidence, he had decided that it was not sufficient to hold the defendants, and as a consequence will dis-

charge them. No case has attracted more interest in this county for years than this one. The opinion, however, seemed to be that the defendants would be released. The witnesses for the rosecution were all near relatives of the condemned boys. This fact alone seemed to weigh against the prosecution. People living in the Nicely neighborhood seemed to think that the law should take its course in the case of the Nicely boys, and they believe them guilty.

DEMURRER OVERRULED. Judge Ewing's Decision in the Case of W. J. Howard Against the City Handed Down Yesterday-The City Will File Its An

Judge Ewing yesterday handed down his opinion, overruling the demurrer in the case W. J. Howard against the city of Pittsburg, the Finance Committee and others

His opinion follows:

We do not deem it necessary to enter into ; discussion at length of the matters suggested on argument of these demurrers as to the demurrers filed by the banks named as co-de-fendants. We are of the opinion that, in case a final decree should be entered against the city or its officers named, these banks, being the depositories of the funds, are proper parties to the bill. Not that they would or could be decreed to set apart the money of the sinking fund as a special deposit not to be used by them as depositors or used by banks, but it may be come necessary to set apart and designate part of the deposit with each of these banks as belonging especially to the sinking fund and beionging especially to the sinking fund and subject to special checks only. It is alleged as cause for demurrer that the bill contains impertinent and scandalous matter. That question should be raised by exceptions to the bill and should be before demurrer or answercertainly before argument on demurrer. It is not ground for demurrer. It is to be observed that neither scandal nor impertinence, however gross it may be, is a ground of demurrer, it being a maxim of pleading that "utile per in utile non vitatur."

The demurrers admit all the material allegations contained in the bill, and all the inferences that can be fairly drawn from the facts charged. The bill sets forth the constitutional and statutory duty of the city to establish and keep up the sinking fund, and to invest in certain securities the mone raised for this sinking fund.

The fundamental and historical idea of the

The Coroner was called to hold an inquest. Allegations are made that the responsibility for the wreck may be placed on the railroad company for not making repairs known to be necessary.

HONORED BY HIS STATE.

Lieutenant Brown, a Hero of Samoa.

Presented With a Sword at Wheeling,

SPECIAL TELEGRAM TO THE DISPATCH.

WHEELING, March 14.—This afternoon, in the presence of a joint assemblage of the West Virginia Legislature. Lieutenant R. M. G.

Brown, of the United States Navy, the hero of Samoa, was presented with a beautiful and suitably inscribed sword, which was voted him by the Legislature this week as a testimenial

terested, and as a necessary consequence to the loss of the city and injury of every taxpayer.

The bill is filed against those officers and agents who have been derelict in their duties and others who seem to be necessary parties and who have been willing to perform their duties. The Councils might have been made parties but are not necessarily so under the facts alleged in the bill. We are unable to see any good reason for making the bondholders parties. It does not necessarily follow that a bill is multifarious because all the parties may not not be interested in all the questions raised or all the relief prayed for.

In this case the money belonging to the sinking fund, or that by law should be used therefor, and its management is the subject matter of the complaint. In one way or another all the parties defendant are connected therewith, though it seems to us very improbable that a final decree will be entered against the members of the Finance Committee whose terms as such before the filling of the bill. Yet we deem it better to have their answers. All the demurrers of the respective defendants are overruled.

And now, March 14, 1891, after argument, the demurrers of the respective defendants are overruled and said defendants are ordered to answer within 20 days otherwise judgment. The banks, depositories of the fund, however, are not required to answer further than as to the amount and dates of deposit of city funds with them respectively. Per curiam.

Controller Morrow, when asked yesterday what action would be taken by the defend-ants, replied that the city would file its au-swer within the prescribed time. Others in-
