Authorities Kick on a C. O. D. Package of Rope for the Hanging.

TWO NEW MYSTERIES OF THE CASE.

The United Mine Workers Hold a Very Important Convention.

GRINDINGS OF THE LICENSE COURTS

SEPECIAL TELEGRAM TO THE DISPATCH. SOMERSET, March 18 .- Quite a stir was caused in the County Commissioner's office to-day, when an expressman walked in with a package addressed to "Sheriff Good, C. O. D. \$50." The package, which was from Alderman Bopp, of Allegheny, and conclusions of this quarter of the contained two ropes for hanging the Nicely boys, had been first taken to the and Guffy & Queene's Kretzer has declined Sheriff, but he refused to put up the \$50. The Commissioners did some tall kicking in receiving and paying for the ropes, stat-

ing that they might not be needed.

The Nicely cases have cost the county up ward of \$9,000, and there is a great deal of ward of \$0,000, and there is a great deal of growling among the taxpayers. As a result the Commissioners are exceedingly careful as to all hills that might cause still further objections. This has led to the Commissioners giving notice to the Sheriff that if he maintains a death-watch over the prisoners, they will not obligate themselves to see that the bill is paid, and it is expected the death-watch will be discontinued after to-day. Meanwhile the ropes have not been paid for, but will likely be taken in, as their absence might make it very awk-

continued after to-day. Meanwhile are loves have not been paid for, but will likely be taken in, as their absence might make it very awkward on the Commissioners at the proper time. The filing of a judgment in Greensburg against A. A. Nicely, father of the Nicely boys, by A. H. Coffroth, one of the attorneys, has caused a great deal of talk, and the question is often asked, what did the men do with the money they took at the time of the murder? It is also asked what new move will be made in behalf of the condemned men, as judging from the movements of their counsel here something sensational is expected.

A disparch from McKeesport says: A. A. Nicely, of Ligonier, father of the condemned Nicely boys, in company with the wife of Joe Nicely, paid a mysterious visit to this city last evening and was closeted a greater part of the right at the Hotel White with a strange gentleman. Mr. Nicely refused to be interviewed, stating that he had been summoned to McKeesport by an anonymous letter, the writer of which said he had something of great kmport ance to reveal to bim. Nicely and his daughterin-law took an early train this morning for ance to reveal to him. Nicely and his daughter-in-law took an early train this morning for their homes and nothing definite is known of what transpired. It is believed there is another seems on foot to endeavor to stay the execution of the Nicelys.

BAD FOR THE APPLICANTS.

Judge Barker, of Cambria, Going Very Slov in Granting Licenses.

PEPECIAL TELEGRAM TO THE DISPATCH.1 JOHNSTOWN, March 18.—The action of Judge Barker in refusing license to some of the oldest houses in the city, has caused a great deal of speculation as to what he will do with the large number of cases that have been held over. The Judge has secured photographs of many of the buildings where licenses have been applied for, and, as in many cases, these were mere sheds erected after the flood, they were important in deciding against the applicants. There are a large number of applicants to-night on the narrow edge of despair, they being among the held-over cases.

GUSHERS REPORTED FROM ANY FIELD YESTERDAY.

Routine Reports From Wildwood, Coraopolis and Petersville-Two McDonald Wells Drilling, but No Irish Need Reply-The Vaunted Elizabeth Well

"SPECIAL TELEGRAM TO THE DISPATCE. WILDWOOD, March 18 .- The southwest line has not been characterized to-day by any gushers, and there is no material change from THE DISPATCH'S last report. Neither the Kretzer nor the Kyle wells show any improvements, and it is questionable whether they will do so when drilled through the sand. From present indications there is more truth than poetry in Mr. Preston's

from 30 barrels an hour to 25 barrels an hour from 30 barrels an hour to 25 barrels an hour, and the McGinnis well, on deeper drilling, has been increased to 200 barrels a day. Griffith & Co.'s No. 10 Whitesell is on top of the sand, but at present is not deep enough for results. Gibson & Giles are ready to start another well on the Scott lots, and Rolsehouse & Co. are still drilling in their No. 2, with indications of a light well. The Forest Oil Company and J. M. Guffy & Queene's No. 4 to night is doing 30 barrels an hour from the second pay. The same parties are putting in the first string of casing in their No. 5, and are building a rig on the Kohler 50 acres. They have also made a location on the Swartz tarm.

Greenlee & Forest shot their No. 2 McGeagh yesterday, which increased its production to 40

a location on the Swariz tarm.

Greenlee & Forest shot their No. 2 McGeagh yesterday, which increased its production to 40 inches an hour. Their Nos. 1 and 2 together are making 55 inches an hour. McDevitt & Co. shot their No. 2 Guyton; Finegan & Co. shot their No. 2 Wailace, and Barnsdall & Co. shot their No. 7 Kress, all of which were maternally increased. The Bear Creek Oil Company are ten feet in the fourth sand on the McClay farm with no showing of oil, but it has considerable gas. In the same locality, on the Whitney property, Spang & Co. are drilling at 855 feet. Greenlee & Forst are drilling their Allston well to the second pay, and Miller & Co., one mile and a half west of Glenshaw, have a well drilling at 1,600 feet. Kennedy & Co. are 15 feet in the sand on the P. & W. lot with their No. 2, and have found some oil and considerable gas. W. P. Black & Co. have shot their No. 1, Murray heirs, and increased its production. The Suoline Oil Company, on the Hardy farm, are drilling in the 30-foot with a little gas. Griffith & Co., are 15 feet in the sand with their No. 7, Smith, and to-night the well is flowing 15 barreis an hour.

Considerable Activity at Coraopolis. CORAGPOLIS-Mechlin & Co,'s well, drilled in Saturday in the Springer farm, is good for 40 barrels a day. Paltees Brothers have a rig 40 barrels a day. Paltees Brothers have a rig up on the F. Watson lot at Coraopolis, where they are hunting for a connecting link between Thorn Run and Montour. Meehling & Boggs, on the Johnson farm, are through the 100-foet and the well is dry. The Citizens Oil Company is getting timber on the ground for a rig, No. 2, on the John Watson farm. Carnahan & Young, on the Adams farm, up Montour Run, should get the sand to-night. Mellon & Galley Brothers are building a rig on the Chess helrs farm, and the Forest Oil Company are doing likewise on the John Brown farm.

Progress of the Petersville Wells. PETERSVILLE-The H. K. Dambach well is in the gas sand, and Hovis & Redd are in the 100-foot. Root & Armstrong No I, on the Me Kinney farm, is in the sand, while Reiber & Co., on the Rice property, are 25 feet in the sand, with no oil yet.

Two Mysteries at McDonald. McDonald-The Royal Gas Company, or the Robb farm, and the same company on the Sauters farm, are drilling at 1,900 and 1,750 feet respectively. Both ventures are being worked as mysteries. The derrick is closed up and no Irish need apply—for information. Great Noise, No Results
