DECREASE OF COMPLETED WELLS.

Symptoms of Drainage Shown By the Report, Taken as a Whole.

FACTS AND FIGURES OF THE FIELDS

A comprehensive and careful review of the field situation for the month just closed clearly indicates a healthy condition of the industry. In the natural way of looking at the trade better prices should prevail, but it is claimed that foreign competition has largely become a factor in establishing American prices. If this is true, then the less drilling that is done in this country for some time to come will most likely bring the producer a higher price for his product. Whether the influence upon the market is real or artificial we will not now stop to discuss. The condition of affairs at home is the subject at hand. It must be admitted on all sides that as far as territory is concerned there is nothing big in view, and another Wildwood and Hundredfoot may be a long time on the road. It is a singular fact at the present writing that the field situation is not characterized in any quarter by a gusher of any magnitude. It is also a significant fact that there is not one pool or field in the great oil domain but what has passed its zenith and is now retrograding. Wildwood, like Thorn Creek, will soon take its place in history. The 100-foot no longer ranks as a second Bradford, while McCurdy has so far failed to meet the expectations of the most sanguine.

There is a general inclination in most every section to use elycerine, and it is mainly due to this potent influence that the high rate of production is maintained. That new fields and pools are likely to be discovered at any time is not at all improbable, from the fact that there are many experimental wells now drilling. While the foregoing is correct, the volume of operation and production was over the month of February. The summary of the operations of the entire field shows a decrease of 34 completed wells, and increased production of 1,133 barrels. Following are the figures which tell the story:

BABY'S FACE WAS RAW

Distressing Itching Skin Disease Cured in One Month by the Cuticura Remedies.

When our boy was six weeks old he had a rash on his cheek. It spread on both cheeks and chin. His face was raw. I doctored with various remedies, but it got no better. My mother advised me to try the CUTICURA REMEDIES. I used them faithfully, and in one week the boy looked better. In one month he was cured, and now he is three years old and no signs of it returning. The child was so bad I had to tie him in a pillow-case, and pin his hands down so that he could not scratch his face. I cannot speak too highly of the CUTICURA REMEDIES. I recommend CUTICURA whenever I can. I would be pleased to see any one and talk to them of the good it has done my boy.

NEW ADVERTISEMENTS.

DO YOUR
SHOES PINCH?

Then you are, indeed, unhappy. But pain from ill-fitting shoes is a preventable trouble. Recent science has done much for the human foot in the making of humane shoes. If you suffer from improperly-shaped shoes the fault is, perhaps, your own.

Common sense, in the broad and not technical sense, anatomical shapes govern every proper modern shoe stock, and pre-eminently of the stock carried by

KAUFMANNS'

This is constantly more true. And that undoubtedly is the cause of the steadily increasing shoe sales here. Perhaps there is one single shoe business in this city as large as Kaufmanns', but only one.

Science in Shoes! Economy in Shoes! No Trash in Shoes!

These are the triune forces that being accepted because actual and true are winning confidence and respect. And so durability, comfort and low price go hand in hand at Kaufmanns'. A few specimens are appended:

LADIES' GOOD AND RELIABLE SHOES

We say good and reliable, because we don't keep the poor, trashy goods, commonly known as leatherette. Ladies' fine cloth tops, Liona kid vamps, in Common Sense and Opera Toe, with patent leather tips, smooth innersoles, solid leather counters, flexible soles, bearing the trade mark of and made by the famous Day-Sewed Shoe Mfg. Co., widths A to E, sizes 2½ to 7, guaranteed value $3 50, will be sold at ONLY $1 98.

Ladies' fine Amazon Kid Button Shoes, hand-turned, lined and trimmed with the best material, Spanish arch last, and a perfect fitter. Ladies who generally pay $4, $5 and $6 for their shoes will find these goods right up to their wants and requirements. AA to E, 2½ to 7; PRICE ONLY $2 50.

Ladies' genuine hand-sewed XXX French Kid Button Shoes, calf patent leather tips or plain toes, equal to any $6 shoe, AAA to E, sizes 2½ to 7; PRICE $3 75.

LADIES' TIES AND SLIPPERS.

Ladies' glaced Dongola Oxford Ties, patent leather tipped, looks fully as well but does not quite wear as well as regular $2 50 Oxfords; all sizes; PRICE 98c.

Ladies' Curacoa Kid Slippers, Opera and Common Sense, excellent quality; will give a new pair for every pair not coming up to our representation; worth $2 25; all lengths and all widths; PRICE ONLY $1 25.

Ladies' fine Amazon Oxford Ties, diamond shaped patent leather tips, very nobby; worth $3; all widths and all lengths; PRICE ONLY $1 50.

A lot of Ladies' patent leather, French Kid, Bright Dongola and Alligator Oxfords, with Louis XIV heels, worth all the way from $3 75 to $6, but, being broken in sizes, will be closed out at $2 PER PAIR.

FOR MEN'S FEET

None but thoroughly dependable shoes!

Men's A Calf Seamless Lace and Congress Shoes, plain or tipped toes, solid leather all through; PRICE $1 25.

Men's genuine Kangaroo Lace and Congress Shoes, plain or tipped toes, all sizes, worth $3 75; price $2.

Men's hand-welt Lace and Congress Fine Calf Shoes, plain or tipped toes, New York, London, Saratoga and French style toes, all sizes, guaranteed value $5; PRICE ONLY $3.

Complete assortment of Men's Patent Leather Dress Shoes at bottom prices. Our patent leather shoes are of the best quality and will not crack.

BOYS', YOUTHS', MISSES', CHILDREN'S AND INFANTS' SHOES.

A special and spacious department devoted to the sale of these goods. All sizes constantly on hand. A perfect fit always secured by trading with us. This is important, as children's feet, being tender and undeveloped, are frequently crippled for life by shoes that don't fit.

SPECIAL! During this week we will offer 2,000 pairs Men's Rubbers at 39c; 4,200 pairs Ladies' Rubbers at 11c.

☞We touch bottom on prices!
☞We reach the highest pinnacle in qualities!
