How Allegheny Has Suffered.

It is claimed by some that in proportion to population Allegheny has suffered more from the grip than Pittsburg. Very nearly every person one meets over there says he has had the grip, or has it, or at all events he knows some one who has been or is a sufferer. The deaths from the disease so far this month are reported as having been four. There is no doubt that during the month of March there were more funerals in Allegheny Cemetery than ever before during a similar period of time. The authority for this statement is the old sexton who for the past 23 years has piloted every hearse that entered its gate to the proper burial lot.

During the 28 days ending last Saturday the cemetery records show that 148 burials had taken place. All told there were 178 burials there during the month. This is about 50 more than had ever occurred dur-ing any one month. This constery is, or course, only one of half a dozen across the Mary's had an unusually large river. number of burials. On the Southside the hillside roads leading to the cemeteries have join his family abroad. been crowded with bearses and carriages for many days, but there is a perceptible diminution of their number now.

THEY ARE GETTING WELL.

Favorable Ecoports Received as to the Condition of Many Grip Sufferers-Some of the Secret Societies Badly Afflicted by the Epidemic.

There is increasing good news for the friends of the majority of those who have been suffering from the grip. They are made glad by the reports of their either being convalescent or having passed the danger point.

Bishop Pholan had a most stubborn attack of the disease, but is now pronounced convalescent, C. Steffin, cashier of the Enterprise National Bank, of Allegheny, who has been sick for two weeks, was again at his desk yesterday. George A. Kelly, Chairman of the Board of Managers of the

Western Penitentiary, is also convulescent, C. L. alagee returned from Philadelphia ysterday morning and was driven at once to his home. He has an attack of the grip in a mild form. Postmaster McKean is doing nicely. Judge Ewing, Dr. Frank Melbonald, Attorney J. K. Wallace and Secretary Goodwyn, of the Natatorium, are reported convalesco ent. Encouraging reports outline from the Department of Public Bufely.

Controller Brown, of Allegheny, is at his office again. He was confined to his home for two weeks. Alvis Winter and Wolf Winter, of Winter Brothers, Southside, will soon be able to be about, as will also Will Price, of Nixth street.

Charles Eria Veruer, who has been playing an engagement in "Shamus O'Brien" at Harris' Theater, has succumbed to the erip. He is confined to his room at the St. Charles, and as soon as he is able will leave for Glocinauti. His place in the company is very well filled by William Murphy, his truderstudy.

John Miller, druggist, Graut and Westera avenues, Allegheny, together with his clerk, are down with the grip. In another drugstore in the same city the places of three clerks have been taken by substitutes. The secret societies have been heavy suffer-ets.
