

OPINIONS EXPRESSED BY STATESMEN

CHICAGO, April 7 .- To-day, in the most exciting scramble of an election ever witnessed in Chicago, the Republican leader, Hempstead Washburne, came out on top of the heap, the first Republican, save one, elected Mayor of Chicago, in 15 years. This, at least, was the apparent result, as shown at 11:30 F. M., when 433 precincts out of 513 had been heard from, giving him a lead up to that hour of 2,962 over the Democratic candidate, DeWitt C. Cregier, the present Mayor of the city.

The Democrats had a formidable split in their ranks to contend with in the independent candidacy of ex-Mayor Carter H. Harrison, but the Republicans were little, if any, better off in that respect, owing to a "Citigens" movement, headed by Elmer Washburne, ex-chief of the United States Secret Service. Both Carter Harrison and Elmer Washburne, particularly the former, polled a vote that was amazing to the straight party politicians.

#### One Source of Harrison's Strength.

Harrison is said to have had the secret support of a large number of the wealthy men of the city who are backing the World's Fair. His old-time strength with the foreign-speaking population, especially the Germans and Bohemians, returned heavily to him also. Elmer Washburne's vote while a surprise to the machine politiciaus, was something of a disappointment to his riends, being confined more closely than was expected to the membership of the American

The turning point in the contest was, to a considerable extent, the Irish-American vote and this was exerted in a decidedly singular manner. Hempstead Washburne's wife is the daughter of the President of the Hibernian Bank, of Chicago, and large numbers of Irish-Americans, wearying of the first between the two Democratic leaders, Harrison and Cregier, and believing that Hempstead Washburne was being antagonized by certain elements solely on account of his wife, ralled to his support. The indications at 1130 P. M. were that, aside from Hempstead Washburne, the other suc-cessful candidates were about evenly divided between the Democrats and the Republicans, Socialist Morgan's vote was unexpectedly in-significant, about one-eighth of the number of Socialists popularly supposed to be in the city. Madison street and Fifth avenue, where thenewspaper building were to be seen, were blocked for hours by thousands of people, yelling themselves hoarse and blow-ing in horns till black in the face. Through-out the night the corridors of the City Hall were through to suffication, while in the theaters returns were read from the stage. The day was marked by a numiler of bloody offrays, culminating in several tragedies. Even the bootblacks fought over politics. Gallio's injuries are serious, Thomas Maskell, a switchnam, was shot and Istally wounded at the polling place at Furty-ninth street and Wentworth avenue by Hen Lupple, another switchman. Political differ-ences and whisky mused the shooting. In a Free-for-All Fight, James Scott, a colored laundryman, was shot through the shoulder at another polling place. His assailant escaped unknown in the confusion. Two policemen were participants in the affray. In the Thirtieth ward J. H. Clark became involved in a dispute, coding in his being knocked down and having his chest being indexed down and recover. Ex-County Commissioner Hemmelgram and Alderman McAbee were among those who took part in the many less fatal encounters that took place in other parts of the city. In one instance a ticket peddler named Quinn, who had had his bundle snatched away from him by an opponent, returned with a fresh bundle, and a revolver openly strapped to his belt. The revolver openly strapped to his belt. The noi produced quiet at that precinct for the mainder of the day. This, however, was the ly instance in which resort was made to such only instance in which resort was made to such extreme tactics of the frontier. At 12:30 Hemostead Washburne, the sup-posed Republican Mayor-elect, was enjoying himself with his friends at the Marquette Club, confident of his election, while at the Uity Hall the Democrats were claiming that their candi-inte, the present incumbent, was only 168 votes behind Washburne, with 15 precincts to hear At 1 A. M., Controller Onaban gave the fol-lowing figures, just completed, to a representative of the Associated Frees: Five hundred and six precincts with only seven recence's to hear from: Cregier, 45,628; Harri-son, 40,515; Hempsterd Washburne, 45,622; Elmer Washburne, 22,064; This gives Cregier, Demo-crat, a plurality of 6.

Citizens' Alliance did not cut much of a figure, excepting where it indorsed the Democratio nominees. In those places, they were successful in electing the Democratic nominees. Abilize is the only city reporting an Alliance victory. The roturns from Leaven-worth show that the entire Repub-lican ticket has been elected. This is the first Republicans victory for six years. At Lawrence the Republicans were also successful. At Clay Center the Republicans deteated the Citi-zens' Alliance, and at Wichita the Democrati-carried everything. > Local Opinion About Farrell-Mr. Levis, of Pittsburg, Wins the Big Shoot Among Experts of the Homestead Gun Club-General Sporting News of the Day.

Let nobody think that Pittsburg is going to be behind in the opening of the baseball season here. Yesterday the directors of the local club met and after the meeting Presi-dent O'Neil made the following statement:

"On April 22, the opening of the National League baseball senson will be celebrated in Pittsburg with an imposing parade. The pennant winners of 1891, that is, the Pittsburg team, will meet Anson's men, and we will show them the city that will own the great flag next fall. That is all I have to say."

Mr. O'Neil is a blessing to baseball and all that part of humanity that takes any interest in the national game, because he cheers every-body. But the fact is we are to have the usual parade celebration, and everybody will be in line this time.

No expense will be spared to make the opening day a grand success. Al Scandrett, that old and faithful person in local baseball history,
