#### SPALDING RETIRES.

The Chicago Magnate Leaves the Circle of Active Baseball Warfare.

CHICAGO, April 14.-At the annual meeting of the Chicago ball club this afternoon President A. G. Spalding declined a re-election, and S. A. Hart was unanimously chosen as his succonser. Mr. Hart has had a wide experience in all the departments of baseball management, is theroughly conversant with Mr. Spalding's methods, and it is unlikely that the policy of the club will be changed in any way. Captain Anson will, as heretofore, remain in absolute control of the playing department, selecting

and managing the team.

In a letter to N. E. Young, President of the National League, notifying him of his retire-tirement from active connection with baseball, Mr. Spalding says that the club and the League has occupied his time to the neglection. has occupied his time to the neglect of his per-sonal interest, and his intention had been to retire after his return from the ball tour around the world two years ago, but that the Brother-hood revolt seemed to necessitate his continuance is the League until the present time; and all of the troubles growing out of it having been settled, he feels that, without any it jus-tice to his co-workers, he can retire. He saids that the natural tendency of any professional aport is downward, and that without a strong fearless central organization, acting with other associations under an equitable national agreement, it is impossible to long retain the confidence of the public, which is necessary to success.

He has shared the fortunes of the local club in very dark moments and days. Nobody ever made more heroic attempts to get "a great team" than Mr. Nimick. A BIG PURSE WANTED. Mr. Fitzsimmons Talks Very Highly About

Ed. Smith and Others. Bob Fitzsimmons, 'the champion middle weight puglist of the world, was seen yester-day by a representative of this paper regarding the challenge of Ed. Smith to fight the Aus-

the challenge of Ed. Smith to fight the Australian.

The latter, no doubt, has a very high idea of Smith. He does not at all look like a fighter, but he talks like one of them in the show husiness. Like the bulk of prize fighters, Mr. Fitrsimmons has his own peculiar vernacular in exposing his ideas about other fighters, and he still leaves it in doubt as to whether or not he will meet Ed. Smith.

The latter has a forfeit in this office to fight Fitzsimmons under any rules he (Fitzsimmons wants. Yesterday the champion said he would nght Smith at 154 pounds under Queensberry rules for a satisfactory purse. This means that Fitzsimmons will not fight Smith at prize ring rules weight, but under Queensberry rules. Smith's party may agree to this, and that means that the pair will fight at 156 pounds under Queensberry rules.

Smith's backers wired three or four clubs yesterday on the matter of a purse, and received a favorable reply from two. But the question is, will Fitzsimmons fight? A substantial purse can be secured and outside of that many Pittsburgers think that Smith can defeat the Australian. The latter cannot possibly hold any title by drawing the line against anything but very high purses. If he won't fight Smith for a reasonable sum he must forfelt the title. Smith's party are anxious to match him against Fitzsimmon under any rules. There may be some party are anxious to match him against Fitz-simmons under any rules. There may be some more definite answers from clubs to-day, but the Smith party mean to try and make Fitz-Fitzsianmons stated that Billy Woods will fight Ed Smith. The latter states he is not talking about his friend Woods. He (Smith) wants to fight Fitzsiammons, and says he will win and then he will fight Woods.

#### WEST AGAINST THE EAST.

A Series of Cricket Games Which Will Attract Much Interest.

ISPECIAL TELEGRAM TO THE DISPATCH. PRILADELPHIA, April 14.-At the meeting of the Cricketers' Association of the United States in this city to-night an important step was taken in the adoption of a resolution ap-proving a proposition to arrange a series of games between the cities of Detroit, Chicago and Pittsburg for the West and Boston, New York, Philadelphia and Baltimore for the East, the series to be played for the national championship. The cities named were all repre ented and were heartly in favor of the proj-

Subject to ratification by the various clubs the following schedule was arranged: For the East, Boston versus New York, May 29 and 30; Philadelphia versus Baltimore, June 12 and 18. The winner of these two ties, presumably New York and Philadelphia, to meet on July 6 and 7. For the West, Detroit versus Chicago, May 29 and 30, and the winner of this tie to play Pittshurg on July 8 and 4. The winner of the Eastern matches will then play the winner of the Western matches on September 12 and 13. The grounds on which the matches are to be played were left to be agreed upon by the clubs interested. A few years ago such a schedule would have looked like a very easy thing for Philadelphia, but with the general increase of interest in the game that has lately been developed in other cities the result is by no means assured, as Boston, New York and Chicago all can show strength that is not to be despised. the following schedule was arranged: For the can show strength that is not to be despised.

INT DUNLAP'S CABLE COMPANT.1 NUREMBERG, April 14.—The grip is prevailing here to an alarming extent, the mortality being especially great among the old. The case of the Schmidts is a peculiarly sad one. John Schmidt, of California, arrived here recently from Chicago on a visit to his parents, who were residents of this city. The

Mr. Schmidt, who had been ill for a week, died yesterday, and several of the friends and relatives appear to have carried the disease to their homes, where there are cases more or less serious. Troops Ready for Instant Action, and the - Excitement Continues

LONDON April 14.-The disturbance of the day of the striking weavers at Bradford, Yorkshire, still continues. A large concourse of people is gathered this morning about the contested space, the Town Hall square, where the municipal authorities forbade the strikers yesterday from holding a meeting and thus caused the serious conflict with police. There is great excitement in the town. The police have as yet refrained from interference with the strikers, but the troops are kept confined to their barracks, and are under arms, ready for instant

action. Though the police have not made any attempt to disperse the crowds, they have been making a number of arrests of strikers, who are charged with intimidating weavers who are not out on strike. In spite of several offers made by persons desirous of putting an end to the present labor troubles, the directors of the mills refuse to allow the disputes between themselves and their employes to be decided by arbitration. The directors declare that the by arbitration. The directors declare that the weavers are perfectly willing to go back to work, but, they add, the men are terrerized by

"Since the Belgian delegates have returned to Belgium after attending the International Miners' Congress in Parls, and since they have commenced to face the real problems of a wholesale strike, they have become inclined to abandon the idea. Whatever their future aims may be the German Socialists' immediate demands are mederate. They will not yet make a demand for an eight-hour law if they are able to get a concession of ten hours a day. The freedom of the press and the right to hold open-air meetings will suffice in the meantime to satisfy the demands of the Socialists of Germany."

Yesterday, in the same paper, an article declared that any proposals addressed to the McCarthy party from America would be respectfully entertained. Fo-day it says that the time for negotiation is past and over. The fight must go on now. It will be bitter, but not likely to be long.

The Freeman's Journal, speaking for Mr. Parnell, says that it "cordually welcomes the suggestion of an arbitration as proposed by the Irish in America. They have a right to concern themselves in the dispute, by virtue of their sympathy and aid in the past." The paper also declares the readiness of the Parnell party to welcome any proposals, but the McCarthy faction is uncompromising.

In consideration of the unanimous and earnest recommendations of the jurors of the trial, the letters of the trial prosecutor, and the numerous petititions of the best citizens of Jefferson county, all asking that Executive clemency be extended to the applicant, the Board of Pardons in August, 1890, recommended the commutation of sentence se that he would come under the provisions of the parole law. PITTSBURG DISPATCH, WEDNESDAY, APRIL 15, 1891; NEW ADVERTISEMENTS.

For her matchless look of grace and motion, this regal beauty was indebted to perfect health, restored by the use of that unequaled, invigorating tonic and nervine, Dr. Pierce's Favorite Prescription, which set in healthy action every function and gave purity and richness to the blood. For delicate, feeble, nervous women, it is an inestimable boon, being unequaled as an appetizing cordial and restorative tonic. It is invaluable in subduing nervous excitability,

exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensitions, chronic congestion, inflammation and ulceration of the womb. 1 is guaranteed to give satisfaction in every case, or money refunded. SPECIAL WEATHER BULLETIN

The Present Warm Spell Likely to Be Followed by Lower Temperature. IPREPARED FOR THE DISPATCH. The storm that has been moving eastward from the Rocky Mountain States for the past two days was central yesterday over Illinois, with a rain area extending from Kansas east to the Ohio valley, and from Tennessee to Wisconsin. The storm is not very severe, and the high winds were principally on the and east of the storm center, the velocity varying from 20 to 28 eight miles an hour. A warm wave precedes the storm, and a cold area follows. The temperature east of the Mississippi ranged between 70° and 80°. West of the Mississippi river the temperature averaged 20° to 30° lower than on the east of it. Fair weather prevailed generally on the Atlantic coast, with fresh winds blowing from the south, and a
