

THE ONLY QUANTITY

For the Democratic Nomination in 1892 appears to be Cleveland. HE HAS THE LARGEST FOLLOWING. Tariff Reform Will Eclipse the Silver Question as an Issue. SPRINGER'S VIEWS OF THE SITUATION.

SPRINGERS VIEWS OF THE SITUATION

SPECIAL TELEGRAM TO THE DISPATCH.
RICHMOND, Va., April 15.—Hon. W. M. Springer, of Illinois, passed through this city today from Old Point. Being invited upon the political situation he said: "If the Democratic convention has held just after last fall's election Mr. Cleveland would have been nominated by acclamation. In Illinois we made the fight on tariff reform, and tariff reform was the chief issue nearly everywhere. But, of course, Mr. Cleveland's letter against free coinage, coming at the time it did, made a decided stir and provoked anti-Cleveland expressions among certain leaders."

"An excellent position has passed away, however, and to-day the party is simply in a state of earnest inquiry. The leaders are trying to find out how far Mr. Cleveland's views on silver will affect the interests of the party. They are perfectly willing to put aside all special issues for the general issue of tariff reform and for the party victory. For example, I am a silver man, but I do not think I should be elected for free silver, but if we find in 1892 that Mr. Cleveland will make the strongest candidate for the Democratic nomination, I will support him. Mr. Cleveland is the only man now who has a concentrated following, but as I have said, the party leaders are exactly inquiring and just the time to require until the time for the convention in 1892."

"It is impossible under the circumstances to make predictions so far ahead. To-day it looks like Cleveland and that is the nearest that anybody can come to it."

SEVERAL NEW GUSHERS.

WILDWOOD, McDONALD AND CHARITIES ARE FAVORED.
A Scheme to Sell Property at Gould Farm—Merckerville the Best of the Old Fields—The Southwest Company at Cornopolis Seeking a Franchise Again.

SPECIAL TELEGRAM TO THE DISPATCH.
WILDWOOD, April 15.—This field comes to the front today with another gusher on the extreme northeast of the field. The well belongs to Waterhouse & Hooker, on their Whitehall lease, recently purchased of Harley & Co., and the latest reports from the field this evening put its production at 30 barrels an hour, thus making it evident that the extreme northeast end of the field is a natural and passes out between the Southwest Oil Company's Hardy well and the No. 1 well on this same lease, which was drilled by Harley & Co. The No. 1 well on Whitehall lease was drilled as a gas well, and has within the last week ceased to gas and is showing some oil. It is the intention of Waterhouse & Hooker to test the well, as they think it will turn out a small producer.

The Oil Well Supply Company's well on the Pull farm has turned out a very fair gusher, and from a number of statements the assurance was put as being 500 pounds a minute, or about the caliber of the Whitney well at Semper's station which was drilled by Deane & Co. are drilling some tubing out of their Nancy No. 1 well which is within the boundaries of the undeveloped territory lying between the two wells.

The Royal Gas Company's well on the Pull farm has turned out a very fair gusher, and from a number of statements the assurance was put as being 500 pounds a minute, or about the caliber of the Whitney well at Semper's station which was drilled by Deane & Co. are drilling some tubing out of their Nancy No. 1 well which is within the boundaries of the undeveloped territory lying between the two wells.

The same company's well on the Pull farm has turned out a very fair gusher, and from a number of statements the assurance was put as being 500 pounds a minute, or about the caliber of the Whitney well at Semper's station which was drilled by Deane & Co. are drilling some tubing out of their Nancy No. 1 well which is within the boundaries of the undeveloped territory lying between the two wells.
