POOR RUSSIAN EMIGRANTS REFUSE TO RETURN

THE LIBERALS' CABLE COMPANY.
BERLIN, April 19.—Nearly every one of
the score or more European cables now
agitated by a scandal, usually several, with
which royal titles or aristocratic names
are directly connected. This state of af-
fairs is adding greatly to the popular dis-
content, and forms a strong
Socialists and other re-

formers.

One of the latest marvels is that Prince
Joseph de Rohan, Duc de Bouillon, and
Franklin Austin, Linck, the well-known
opera tenor singer, and sister of the com-
edian Linck, formerly of Amberg's Theater,
New York, were secretly married at Schloss
Pleschen, Austria, on Friday. The
Prince is an officer in an Austrian border
regiment. He is a widower, his former
wife, the Countess Palaschewicz, having died
some years ago. Franklin Linck, in addi-
tion being ten years his senior, has been
concerned in many scandals.

A Baroness on the Variety Stage.

The Baroness Alexandrina Boney is en-
tertaining the Berlin townships nightly at a
crescendo, with alleviated skits and
risque songs. She is the wife of one of the
proudest Hungarian magnates and was at
one time the most honored of the Austrian
Empress. She receives \$300 a month for
her performances and means to remain in
the profession unless her husband relents as
to the amount of pin money he will place at
her disposal.

Society is also greatly shocked by the an-
nouncement of the approaching marriage of
General Adjutant Count von der Goltz and
the widow of Professor Preyer, of Jena.
The latter not long ago celebrated the golden
wedding of herself and her husband, since
deceased. The widow is 69 years of age
and a millionairess. The Count will be
asked to resign his commission.

A Quarrel in the Royal Household.

The Kaiser is annoyed by the disre-
gard of his wishes shown by a number of
cavalry officers in attending the Harde So-
ciety's races. Last Sunday the Emperor's
brother-in-law, Duke Gunther of Schleswig-
Holstein, who was among the delinquents,
received the full measure of the imperial
reprimand.

So long and menacing was the language
in which it was conveyed that the Emper-
or ran into the room to protect her brother,
whom the Emperor was denouncing as a
blasphemous jockey. The Duke and his
partners in guilt spent this Sunday in bar-
rels deprived of tobacco and liquors and in
other respects treated as prisoners.

Pastor Hildon, of Hamburg, has given a
great deal of scandal to religious people by
openly professing disbelief in the doctrine
of original sin. Another Hamburg parson,
Pastor Strassky, of Great St. Thomas'
Church, has also been the occasion of much
grief and dissatisfaction to souls by pro-
moting the Gospel narrative of the resurrec-
tion legend. It is rumored that the
Emperor, on his part of the church, in ad-
dition to the other parts he plays, will shortly
issue a pastoral, in which the various reli-
gions will be reminded that it is not the
letter, but the spirit of Gospel that are to
be upheld. The Kaiser's uncle, the Prince
regent of Brunswick, caused such a man-
ifesto to be read from all the pulpits in the
Duchy on Sunday last.

At London the House of Commons is
rather under a cloud just at present in con-
sequence of the Verney-DeCobain-Storrey
scandal. The latter was charged with per-
jury and committed for trial yesterday. All
three belong to the "uncle guide" palm sing-
ing class. Storrey was a teacher in a Sun-
day school; DeCobain was a prominent ex-
ponent and organizer of the Moody and
Sankey meetings and has been a leader in
all religious functions since the great Chi-
cago evangelist and the reformed negro
minister made their hit in London some
years ago.

Verney is a member of the London County
Council and a born friend and a compa-
nion of the saintly Mr. McDougal, the modern
Stigitz. He was always among the first to
denounce immorality in music halls. Two
years ago he said at a meeting of the County
Council that it was duty of that worshipful
body to see that the music halls were not
being used to disgrace public morality and
to bring contempt upon the uprightest and
decency of this country and to lower the
name of Englishmen in the eyes of foreigners
who come to our shores.

The friends of Verney could hardly recog-
nize him as he stood in the dock yesterday,
"bearded like the pard." Miss Beckett,
whom it is alleged he attempted to abduct,
failed to pick him out among several others.
DeCobain, having sought "fresh fields and
pastures new," is not expected back.

THE FISHERY INFERIOR.

BERLIN, April 19.—Two hundred more
workmen have been thrown out of employ-

Chile and the instability of commercial
relations with Argentina.

The Driscoll did business exclusively
with South American firms, and their efforts
to terminate the war, which had been
having failed, they decided on Thursday to
shut down and await the return of peace.

BERLIN, April 19.—The Liberals are still
harping on what they call scandals in the
telegraph department and the handling
of press messages. The Freisinnige Deputy
Von Bardeleben, that the censorship exercised
by Dr. Von Stephens' clerks is becoming
daily more irritating. Reports of meetings
of the Reichstag have frequently been refused
transmission over the Government wires,
because, of perhaps, a single statement ob-
jectionable to the Kaiser. Telegrams from
foreign correspondents of news-
papers are scrutinized on the frontier, and
passages excised to meet the nice sense of
propriety of the censor.

I myself have frequently been summoned
to appear at the head telegraph office to an-
swer questions touching the sources of my
information, and to explain the reasons why
I had been prepared to confer upon private
corporations and individuals the power to
maintain local telegraph and tele-
phone systems, on the proof of the possi-
bility of their being operated for the benefit
of the municipal Government being exempted
from this condition; and last, but not least,
rendering the State telegraph and telephone
lines to the payment of damages for dis-

BERLIN, April 19.—The Bremen authori-
ties have been obliged by a new order of
Chancellor Caprivi to return to Russia sev-
eral hundred subjects of the Czar, who were
bound for Brazil but had not sufficient
money to pay for their passage. Most of
them had left Russia secretly, and rather
than go back to undergo the penalty some
decided to escape from the escort by leaping
upon the tracks. Several were killed in this
way and others were injured. Four hun-
dred people of both sexes and all ages, being
from Russia and Poland, are now being
sent back to their original homes. The
Bremen Steamship Company having refused
to carry them in their destitute
condition to Brazil, whither they were

5 per cent of the proceeds from concerts
