MONDAY, APRIL 20, 1891. THE PITTSBURG DISPATCH. DOMESTIC MARKETS. THE DRIFT OF TRADE. "Flats" among turf frequenters and "welchers" are to the fore, a discussion has sprung up in sporting circles and newspapers as to the spellare to the ore, a uncashed may spectra spectra sporting circles and newspapers as to the spell-ing and origin of that latter word. Descend-ants of the Druids in the principality object to the spelling with the letter "s," insisting on the letter "c." They remember the answer of the English Gloncester school lad who was asked: "What is a Welshman?" He instantly an-swered—his father being a turfite, and the lad mistakingly thinking of the turf phrase—"a Welshman is a man who bets and never pays." But it seems from a recent card of a deiver into antiquity and folk lore that about 1780 a turfman named David Welch became notorious in sporting circles for his cleverness as a con-fidence man, for his rash bets, and for his uter neglect to pay when he lost and indeed for his disregard of his own frauds. From him, as he found imitators in his bad ways, came the word "welching" or "welcher," and it has in time be-come so applicable and significant a turf word that it now appears in dictionaries. Neverthe-lese, even sporting writers write the word often "welsher." Within the past five years, how-ever, the "welcher," like the "thinble rigger," has been decidedly hunted from English racing fields.

on the advance, and advices from Chicago show that there will be a still further advance the week to come. The products were the last to join in the upward movement of prices, but they too have at last yielded to the pressure, and our quotations in this line are also ad-vanced. In lines of general produce there have been fow changes in the week past. Eggs and country butter are on the decline. Choice creamery holds its own. New homeraised vegetables begin to come in more freely. The season in this line is fully three weeks behind the average time. The hide market dealers re-port trade dull and quiet all along the line. There are few hopeful signs in the present out-look. Steer hides were the last to yield to the depression, but they too are now quoted dull and slow. Prices of last week still prevail. MINNEAPOLIS-The animated condition of the futures was a great drawback to the selling of cash wheat to-day. Millers and other cash buyers regarded the big advance as a purely speculative one and would not buy anything to sneak of until the market got settled. Sales of No. 1 Northern were made at the opening at \$1 105,621 H, and later principally at \$1 12. A few cars brought \$1 1361 1354, when May was the highest, but they were choice wheat and wanted for a special purpose. Beside, May broke so quick that no more sales could be made above \$1 12 and offered at about \$1 11. Country Produce-Jobbing Prices.

Contrary to general expectations the egg market is bare and prices are firmer than they were at the beginning of the week. In single case lots our outside quotations are the rule and some dealers report sales a shade higher. Country butter continues to come in freely and markets are weak. Choice creamory but-ter is in light supply and prices are firm. The stock of old cheese is practically cleaned up and the new is just beginning to show up. The

and the new is just beginning to show up. And first Ohlo cheese of the season will be to the front in the beginning of the week. So-called new cheese has been offered for a few days past, but the largest charity would not pro-nounce it good for much. Maple syrup, which has been a drug in our markets all this season, has grown firmer the past week. For pure stock outside quotations rule. APPLES-\$6 00@6 50 a barrel.

"PRESIDENT'S OFFICE

"PRESIDENT'S OFFICE " "THE AMINICAN TROTTING ASSOCIATION, "DENVER, COL., April 6 "DEAT. SIE -There seems to be a misunder-standing of the East as to the standing of Mr. Nelson , of his borse on the tracks of the American Trotting Association, as well as to the positor of this association in relation thereto, which has caused criticisms that are wholly newarranted.

CAL MCCARTHY, who was recently defeated by George Dixon for the bartamweight champion-ship of the world, has been advised to get on a match with Nune Wailace or George Camp, the English bantamweights. So Cal has issued a challenge to fight Wailace or Camp for a suitable purse-say \$1,500 and expenses-before the Feilcan or Ormonde Club, at 115 pounds. Spirit of the Times savs: A great deal of twaddle has recently appeared in the press, both East and West, with regard to the now celebrated Nelson case. As the Board of Review of the National Trotting Association disposed of the case at its last weting in December, 1890, in New York City, can only come up again on a request for a rehearing before the regular May board meet-ing, which will take place at Chicago. It is not at all likely that either the President, Secrery or members of the Board of Review of the National Trotting Association have expressed

either to the press or anyone else what may or may not be done at that meeting. What the ican Trotting Association would do has so confidently predicted in certain quar-hat it has provoked a distinctly worded from President Beaman, who thus de-the interview.

GENERAL SPORTING NEWS OF THE DAY

A large number of workmen are rapidly

getting the Homewood track in first-class

condition. Everything that can be done is

to be done to make it one of the best regula-

tion mile tracks in the country. The vari-

ous stands will also be improved, and the

directors of the track expect that their

spring meeting will be second to none. Al-

ready the track is excellent, but the ambition of the directors is to have it so fine that owners

will be induced to try and make records on it. -

The entries for the spring meeting close on May 18, and a good list is expected. Refer-ring to the matter last evening an official of the

rach said: "We already have some good

horses entered, and I feel confident that some of the best horses in the country will be here.

Our meeting will continue five days, but we will have plenty of horses to make good con-

texts every day. Our spring circuit opens at Baltimore on May 5, and we will be able to book

entries during that meeting and also during the meeting at fielmont Park, Philadelphia. This

There will be a large number of local horses this year, and that will cause great interest in

"Of course," continued the official, "we will have very large expenses this year, as we mean to give Pittsburgers a chance to patronize some of the best trotting races in the country. Cer-tains we expect to have a great success with out stake races. We had a notion of laying out a kite-shaped track, but we will not carry out that idea, this year at least. But we cer-tainly intend to make our track as fast as any currular track in the country. There is no doubt about this and we will try and have some of the fibers here to try and break some of the world's records."

this is going to be a great year for horse racing in and about Pittsburg. As a result they are all hard at work getting their champions into

The tanneries in the we ingland centers. The tanneries in the southern tier of New York counties are free purchasers. At \$6 a cord it costs about \$10 50 to lay bark down at the New England centers. It does not appear likely that much Pennsylvania bark will be shipped to Boston this season. One dealer, who stated that he had 1;200 cords of Pennsylvania hemlock on hand, says that he has only 500 this season. The spot bark on hand at Salem and Peanody. Mass, is being apparently largely reduced, and no surplus is likely to be found at the end of the present month. The bulk of bark which has been received at these two toyns was largely from Maine and New Brünswick. There is also some apprehension felt that freight rates on bark may be advanced this season. BALDWIN AND REILLY.

It Would Be Better if Their Columbus Case Was Settled at Once,

It will be interesting if during the baseball season Reilly and Baldwin have to travel clear of Ohio for fear of the Columbus club author-ities. The matter sooner or later will have to ities. The matter somer or later will have to come to an issue, and the sooner it is tested the better. The Cloveland etub is in a similar posi-tion with Knauss and according to some ac-counts the Columbus club means to push the case against Knauss as soon as possible. It is to be hoped that this will be done. The general ophion among the legal talent in this city is that Columbus has no claim what-ever on bither Reilly or Baldwin, It may be that the Columbus magnates are aware of this and are simply doing some "tall bluffing."

Baldwin and Rellly Return From the Prac tice Trip to Florida.

Mark Baldwin and Third Baseman Reilly reurned home last evening ahead of the local ball team over the Baltimore and Ohio road, Both players were looking "ont of sight," and spoke highly of their trip. Baldwin stated that the team is in good

condition and that the playing at Florida was no correct line of the team's strength. His arm is all right but he has not over-exerted. Staley also has been careful. Miller promises to be a good short stop and Reilly has so far given every satisfaction. The balance of the team will arrive this morning.
