Now that margins have become very narrow, they have come to an understanding and prices are uniform. Said a representative of one of our leading firms: "We have done a much better business both in seeds and agri-cultural implements than we had done at this stage last year. Our sales for the month of Aurti, 1981, are nearly double what they were for the corresponding period of 1898. If the amount of seed purchased is any sign, the yield of garden and farm products in the dis-trict of country tributary to Pittsburg, will this season collipse all former seasons." The Conl Trade.

A strange and rather funny feature of the labor complications is that coal miners should strike for eight hours a day when statistics prove that the miners of this district have worked the past year on an average 5 hours and 11 minutes daily. The company I repreent would be mighty glad if they would put n 8 hours out of the 24, for then we would be setter able to fil orders. We could sell all our output in Pattsburg alone. The present price paid to our miners is 70c per ton, and three tons per day is a good average, while some take out four tons and even more. If the eight-hour rule were adopted, and it is

Bears in Wheat Turn the Tables on the Bulls and Prices Go Scooting Downward-Other Speculative Pits

CHICAGO-For several days past the bulls in the wheat pit have had everything their own way and the unlucky bears have been gored and tossed numercifully. It was the bears' turn to-day, and they improved the opportunity by giving their opponents a rib cracking squeeze. The not result of the day's trading was a decline in May wheat of 13%c compared with the closing unice vesterday, and of Wee from the highest point reached to-day. July declined $B_{\rm AC}$ compared with yesterday's close and 3c from the highest of the day. Mc: pork, 30c; hard, 10c, and ribs, 20c. The day started in with a fine prospect for the consinuance of the bull campagin. The early cables indicated decidedly higher prices abroad and commission houses were ever-whelmed with buying orders. The result was that the opening prices were from he to 2c higher than at the close yesterday. That was the high point for the day, however. Once started downward the market showed small recompendive power, and, with a few rallies on recuperative power, and, with a few rallies on realizing purchases, continued to receile throughout the session. July, which started our with sales anywhere from \$1 IS to \$1 I35 and sold to \$1 I35, broke to \$1 I15 on \$2 Is by Bryant, Roche, Linn and Driver, and was then the start of 1 20. fied to \$1 12% by purchases by these sellers the were taking woff is and by Hutchinson and White & Co. of middlings. By Baltimore and Ohio, 1 car of hay. 1 of oats. By Pittsburg and Lake Erie, 1 car of corn. 2 of oats, 3 of flour. By Pittsburg and Western, I car of oats, I of hay. Wheat is moving upward, and, though our quotations are advanced, it would be impossible to lay it down from Western sources of supply at the advance. Flour is moving upward, in sym-pathy with the advance in wheat, as our quota-tions will disclose. Loose hay on wagons is a shade higher. The dread of a reaction to the present boom in cereals cances regular dealers to go slow and buy sparingly. Frices for carload lots on track: WHEAT-No. 2 red, \$1 18@1 20; No. 3, \$1 13@ 1.6. Com-No. 2 yellow shell, 52@85c; high mixed, 81@82c; mixed shell, 70@80c; No. 2
