Score another for us. It is always a pleasure to keep marking down victories for our favorites, no matter how these victories are secured.

The patrons of the local ball club who saw yesterday's game at Exposition Park may have thought the contest somewhat rocky at stages, but the fact of victory being on the side of the home players, they could not have been otherwise. The game was a very close one, and the fact of victory being on the side of the home players, they could not have been otherwise.

Not First Class. Generally speaking the game was one of the poorest played in the history of the league. The home team played very poorly, and the visitors were not much better.

Where They Seemed. In the first inning Miller got his base on balls, and Beckley followed with a single. It looked as if it was going over the fence, but Miller's error prevented this.

Some Lively Hitting. In the seventh inning five strikes by Carroll, Browning, McKean and Kelly, an error by Leaman and an out scored four runs, only one of which being earned.

MONEY FOR STRIKERS

The Coke Workers Have Hope From the Columbus Meeting. READY CASH IS NOW A CERTAINTY

Conflicting Reports as to the Number of Men Who Are at Work.

OBJECT TO SOLDIERS AT ELECTIONS

FROM A STAFF CORRESPONDENT.

SCOTTDALE, April 28.—Peter Wise, District Master Workman, today returned from Columbus, and it is believed he brought with him several thousand dollars to distribute among the needy miners and cokers, and more is to follow.

The strikers are jubilant at the outcome of the Columbus meeting, and some say that the eight-hour business is not wanted, any more.

An operator said while in conversation with THE DISPATCH representative that he believed that the filling of the May 1 strike to materialize would be but in this affair. He would not admit that the men could possibly win, but said he thought they would spend their money and hold out for nothing.

The eight-hour strike would not greatly affect the coke region as to hours, because very few of the men work longer than eight hours and some do not put in that much time.

More men are reported as having gone to work today than any day since the strike was inaugurated, but inside information shows that the figures are more than usually exaggerated by operators.

It is claimed that 40 men went to work at Altoona when there were only 10. The report is that the strike is being broken at the same rate it would be.

At Columbus, Pa., it is reported that 25,000 men are at work, and that the operators have the best of this fight just at present they ought to have given up the contest.

It is believed that the operators are not so confident as they were at Columbus, Pa., and that they are not so confident as they were at Columbus, Pa., and that they are not so confident as they were at Columbus, Pa.
