That tells the story of a gigantic purchase in Boys' and

Children's Clothing recently made by us. We were last

week offered the stocks of two of the largest manuface

turers of Boys' Clothing in New York. The price

named was such that, although we had an immense stock

on hand, we could not, in justice to ourselves and our

patrons, decline the purchase. Money never talked loud-

er, nor was it ever laid out to better advantage than in

this deal. When we came to open up the goods we found

that we had struck a regular bonanza. Hundreds of

new, this season's suits, up to the top notch of style, and

the make and trim perfect, fully equal to the goods which

cost us double the money. And we could sell them at far

higher prices and they would not be considered dear. But,

as a simple matter of so much advertising, we are going

to let you have them on just the same terms that we se-

cured them-half price. Suits with short pants and

suits with long pants, many beautiful materials, in light

stripes and mixtures, and as to the styles, nothing better

has been shown in the clothing market this season, It's a

large assortment, but even large stocks soon melt when

sold at the prices we have named on these. So, if you

mean to secure any of them, come at once. We shall not

ONE VICTORY FOR THE STRIKERS. Jr. C. U. A. M. Organize at Braddock t

Fight the Hall Bill. A BRAND NEW PREIT TREE SWINDLE

SPECIAL TELEGRAM TO THE DISPATCE. SCOTTDALE, April 29.-Yesterday, assistance coming from Columbus, was the labor people's day to rejoice. To-day the operators are taking a turn over the increase of men at work, and are making merry. The Frick Company claim the three days gone by has increased their working force fully 500 men. Yesterday and lest night brought three special trains to the region, carrying over 500 men. Today this force was augmented by the fourth special train, with 60 men. They are nearly all practical miners, and are coming to stay. The best evidence of this is that eix of the men brought their families yesterday and seven more to-day. The new families are moving into the houses vacated by the evicted families. The most of the men are being distributed between the Adelaide and Leisenring works. The company now claim 800 men at Leisenring, 240 at Adelaide and 112 at Kyle. Their shipments have in-creased over 40 cars of coke a day in the last

New Workmen for Other Plants. The Morewood works of the Southwest Company is again on the increase, more men going to work. They received two gangs numbering 80 men. The force there has increased over 100 men this week, and increased their shipments from six cars of coke this day one week ago to 17 cars to-day.

The West Overton plant of Overholt & Co., that started Monday with six men, had 17 men that started Monday with six men, had 17 men at work to-day, and charced 19 ovens. The Painter works, of the McClure Coke Company, is also increasing its force. They gave out to-day that the men now working number over 140, and have 185 ovens charged. No exictions have been made there yet, but eight of the families moved out, preferring to go peaceably to being thrown out by the Sheriff and the deputies. Several of the old employes are expected to return to work to morrow. cted to return to work to-morrow. The labor leaders, while not as jubilant to-The labor leaders, while hot a justified and a specified and lesses they are going to win. Wise, McBride and Disman held a good meeting at Tarrs to-day, and they say found the men determined to stand out until a settlement is

reached.
The big check that was looked for to-day falled to come, and, in consequence, many committees in from the works for help were sent away empty-himded. Some of them did considerable grumbling, and inturated that they may not come back again. Evidently large sums of money will have to be hurried into the tegion, or the strike will go to pieces.

Incendiary Circulars From Socialists. Other and violent circulars have been issued by the Socialists, which conclude in language are with you. Where is the coward that would graw back? Battalion, to arms! Have you not weapons enough? There are the arsenals of

This afternoon A. L. Keister, of the firm of B. F. Keister & Co., met the Scale Committee of the United Mine workers, and an amicable sottlement was quickly reached. The terms of the agreement are that last year's wages are to be paid throughout: that none but union men be furnished employment; that committees be recognized, and that no coke be sold to the Frick Company. The plant, which embraces about 50 evens, is located about two miles from this place, will be resumed to-morrow morning. This is the fourth company that has recognized them in the fight.

A car load of Italians passed through Uniontown this afternoon for the Kyle works, near Fairchance, where they will go to work tomorrow. These works have been running with a meager force for some time past, but with the new men they will be running in full temorrow. The strikers were apprised of their coming, and an outbreak is expected when the men turn in to work. Only the presence of Company C prevents an attack to-night.
