COKE SHIPMENTS INCREASING.

An Improved Enoch Arden Story in a Small Ohio Village.

MINOR NEWS FROM THE THREE STATES

SPECIAL TELEGRAM TO THE DISPATCH.

SCOTSDALE, May 6.—The funeral of John Mohove, the Slav killed at Leisnering Sunday night, took place here at 3 o'clock this afternoon. The corpse was brought overland by foot, followed by several hundred miners. When they arrived here they were miserably and very much worn. The funeral services were held in the Polish Catholic Church, conducted by Father Samojel. He made no reference to the strike, nor the cause of the shooting, fearing the men might become unduly excited. After the interment most of the men returned to their homes about 10 o'clock.

STRIKERS BECOMING TERRIBLY EXCITED AT THE WEST OVERTON PLANT OF THE A. C. OVERHILL COMPANY, over the company's levying on their goods for rent under the landlords' lease warrant. This is taking a new turn from the men. Never in the history of a strike have their household goods been sold from them, the companies always being glad enough to take the time when they are in trouble.

THE McCLURE COMPANY served 10-day eviction notices on all its employees at the Hessemer Building plant to-day. They say the work will not start for some time, but they want their homes empty so they will be ready when the new men come. The notices are terribly wrought up over the company's action.

MORE NEW MEN continue to arrive in the company. The Frick Company received three train loads of 200 Italians this evening. Most of them have their families with them. The labor claims are actively after the Italians, and claim to have induced over 60 to leave the region today.

COKE SHIPMENTS in the region continue to increase. The shipments at the Hessemer office for the week ending Saturday show a total of 1,254 cars, an increase of 272 cars over the week previous. The total for the week will reach about 600 cars over last week. The Frick Company's shipments to-day amounted to 178 cars, the highest number reached any day since the resumption. The shipments of the Standard Company have gained proportionately.

NOTICE has been received at labor headquarters that Superintendent March, who has been running the Fairchance plant at last year's wages, will reduce his men to the rate paid on the McClure-Trick sliding scale.

Wood company here have quietly organized a lodge of the Amalgamated Association and on July 1 they will make an attempt to have the firm recognize them. A similar lodge was formed several years ago and all its members were discharged by the firm, which will under no consideration employ union men.

New Labor-Saving Machinery

BRADDOCK, Pa., May 6.—A new machine has been introduced in the converting department of the W. O. Wood company here. The machine is an out-of-the-ladle into the converter. It is said to be a success, and will throw a number of men out of work.

Tri-State Briefs

Miss Mary Wheeler, one of the nine persons who shared to close together in a job

TO BREAK THE MARRIAGE BOND.

A Young Pittsburger Who Does Not Want His Wife Loses First Blood.

SPECIAL TELEGRAM TO THE DISPATCH. MEDIA, May 6.—This morning the case of James E. Wood against Mrs. A. Quick, which was partly heard yesterday, came up again before Judge Clayton for a decision on a ruling of the master, C. B. Dickinson. Young Wood, who lives in Pittsburgh, had filed a bill in equity to annul a marriage with Miss Quick, which the defendant claimed took place in March, 1898, at the residence, in Chester county, of U. S. Craft, a layman who performed the ceremony himself. At the hearing before the master on Saturday afternoon the plaintiff, by his attorney, called the defendant as in cross-examination upon her answer to the bill. E. Jones Monahan, who represented Miss Quick, strenuously objected to her taking the stand under such circumstances, and instructed her to testify or swear to the contrary. Mr. Dickinson decided in favor of the position taken by Mr. Jones, but as he had no power to compel Miss Quick to testify, the matter was reported to the judge. His honor said he knew of no authority sanctioning the position taken by the plaintiff's counsel before the master, and there was every reason why it should not be sustained. He ruled that the defendant could not be called by the plaintiff as in cross-examination upon her answer to the bill in equity, but in the manner, in his discretion, might require her to testify at the time when she is called upon to make out her case. This ruling reverses the decision of the master at the hearing on Saturday last.

MINNIE PALMER'S HUSBAND

Arrives in England but the Actress Gets Out of His Way.

BY DUNLAP'S CABLE COMPANY. LONDON, May 6.—John Rogers, 'Yours Merriily,' arrived at the Victoria Hotel today and engaged the same suite of rooms that Miss Minnie Palmer had occupied since last Saturday and had vacated half an hour before his arrival. When asked about his intentions in coming to England, Mr. Rogers smiled and said: 'The report that I have followed Minnie to England is absurd. I have come merely to look after my business. I have no intention of making friends with her that is her lookout, I shall trouble her. As I have said before, I shall through my business I shall go back to America. The detectives are shadowing Rogers while he is in London, and Minnie Palmer's address is kept a profound secret.'
