

ROME IS IN A PANIC. The Recent Explosion and Fires Laid at Anarchist Doors, DESPITE THE OFFICIAL DENIALS. Religious Bodies Hastily Provision for a Five-Days' Siege. THE LEAVEN OF REVOLUTION WORKING

LONDON, May 6.—A letter received here from Rome discloses a number of new facts in regard to the riots which took place there on May Day, and as to the general feeling of the people upon the same occasion. According to this letter, the public officials at Rome, as well as the people, have been in a state of actual panic for a week or two. This state of affairs, it appears, is due to several causes, the most prominent of which are the fall of the Ministry, headed by Premier Crispi, the accession of the Eudini Ministry to power, the strong public demand for an equalization of expenses and receipts without fear of taxation, the diplomatic troubles which have arisen between Italy and the United States and finally the explosion at Pozzo Panaleo. All these incidents have tended to bring about the feeling of panic.

Laid at the Anarchist Doors. In spite of all the denials and official statements made to the effect that the explosion at Pozzo Panaleo was not the work of Socialists or Anarchists, the Romans are convinced that the explosion was the work of Anarchists and it will require considerable and most clear evidence to the contrary to convince the people that they are mistaken. So deeply is this conviction rooted in the public breast that the people live in daily expectation of hearing that there has been an explosion in another powder magazine, or that some public building has been blown up. As this feeling of panic spread, before yesterday, which destroyed the barracks, stables and the school building, and in the meantime created so much alarm at the Vatican that the entire force of Swiss Guards was kept under arms all night, the feeling now existing in Rome can be easily imagined, especially as the city is currently suffering from a lack of food. The feeling of panic referred to in the letter from Rome is thus apparently justified, and it is not surprising that the amount of contribution to enable the pessimists, at least, to "hold their own."

Containing the letter says that the crisis which undoubtedly exists has caused a collapse of speculative enterprises, which state of affairs has, in turn, thrown thousands of workmen out of employment and in their state of enforced idleness they naturally became dissatisfied with their employers, with the Government and with the whole system under which they live. In the face of this, the workmen became ready prey for the agitators who are continually stirring away at the foundations of popular contentment. On May Day, this letter says, the natural exaltation of the workmen was worked up to fever heat, and the wildest rumors were circulated by those who had everything to gain and nothing to lose by a popular disturbance. These rumors gradually grew in importance, until it was actually believed that the Vatican was about to be stormed, and that the pope was being held prisoner. These rumors were continually repeated, and were believed by the public greater than at the Vatican and caused the various religious societies and committees of the city.

Clerical Preparing for a Siege. In this connection, it was stated that these religious bodies had hurriedly stocked their headquarters with five days' provisions, and that the houses had been strictly confined within doors. In a word, the religious communities were so alarmed at the Socialist taint in the air, that they had prepared to stand a siege in the event of a wholesale uprising upon the part of the masses. But this feeling of panic was not confined to the religious bodies. The richer families of the city were also so seriously alarmed that they adopted the same tactics as the Socialists, and also stored provisions in their homes, and were ready to face a siege, and perhaps an attack upon their residences.

A DAY OF SMALL THINGS. ROUTINE OIL NEWS SHOWS BUT LITTLE OF INTEREST.

General Review of the Nearby Fields—An important sale of West Virginia Petroleum Property—The State of the Butler County Field. News of importance from the field is very meager. In fact there is nothing to call for special comment, and unless the festive wildcat should soon raise a breeze, the oil business will grow painfully monotonous. Wildwood is very quiet, and the absence of new wells of even ordinary caliber is becoming a conspicuous feature. The operations in the southwest quarter of the field have become reconciled to the inevitable, and the visions of seepers no longer lure them on wild goose chases. The production within the past three days, too, has shown a material and rapid decline. On Saturday the runs were about 8,000 barrels, but Monday's, Tuesday's and Wednesday's runs were a trifle under 6,500 barrels.

Several important ventures are nearing completion in the Moon pool, which will in a measure determine the value of considerable territory. At McDonald there has been some interest infused into new operations by the good showing of the Royal Gas Company's saltwater well. The same old scheme of "drilling for gas" as has been reported, and judging from the way it shows white cleaning out, will probably make a five or six barrel per acre.

A View of Other Fields. The Matthews well at Noblestown was tubed yesterday, and from present indications it is scheduled to be a 25 or 30 barrel well. The production the first 24 hours may double these figures, but when the head has been exhausted the above figures will most likely represent its normal rate. The Mannington, Fairview and Mount Morris pools contribute nothing out of the ordinary to the day's doings. The Leeburg well, drilled by the Leeburg Oil Co., has now produced a 100-barrel well to a very small affair. It is the same old scheme of "drilling for gas" as has been reported, and judging from the way it shows white cleaning out, will probably make a five or six barrel per acre.

The sale of a large and valuable tract of West Virginia oil property has just been negotiated between the Mountain State Oil Company and the South Penn Oil Company. The Mountain State, which is composed of George Hukill, Captain, and James Scott, sold to the latter through their respective attorneys, Clark, 1,800 acres of territory in Monongalia county. Feeder's run district, between Mount Morris and Fairview. On this property there are eight completed wells having a daily production of two barrels and one well drilled. This territory is looked upon as well-ventured, and the consideration is said to be between \$250,000 and \$275,000.

A Review of Butler County. BUTLER COUNTY—The first week in May has witnessed the presentation of material change in the oil situation in this county, as shown by the April report. Two fair wells have been found at Jefferson Center, but they do not develop anything like the wells which have also been opened in the old Glade Run district, being on the George Dombart farm, and good for 75 barrels a day each. The field which the producers are pinning their faith to is in Cranberry township, west of of Marx. Several new rigs have gone up since the beginning of this month, and there is more drilling now than in any other portion of the county. The outlook is quite encouraging for good success.

Hope for Jefferson Center. JEFFERSON CENTER—The Fisher Oil Company has tubed its No. 2 Kessler farm, in the southwest and the well is pumping five barrels a day. There are no wells producing

from that sand in that portion of the county, and it remains to be seen how long the well will produce oil before exhausting itself. Hartman & Son's No. 13, Beverly field farm, that started with such languid Saturday, is making 15 barrels an hour. Campbell & Murphy's well, on Johnson farm, is producing 100 barrels a day. There is a theory of an east and west belt, which will be tested soon. A pool without any particular line looks most probable just now.

Production in Harmony Fields. HARMONY—This field has eight wells producing oil with an average of ten barrels apiece. Zeilenpale has 15 wells, and is producing 30 barrels in the aggregate. This production is at a cost of \$1.00 per barrel, and is figuring on the money invested in the field as a whole.

The Progress at Glade Run. THE PROGRESS AT GLADE RUN—The Forest Oil Company's No. 3, George Dombart farm, is through the 100-foot, and showing qualities for a 50-barrel well. Griesbach & Company's No. 2, George Dombart farm, started pumping Sunday, and is making 75 barrels a day.

State of the Colliery Wells. STATE OF THE COLLIERY WELLS. CALLEBY—Cooks Oil Company's No. 3 well is 80 feet in the earth, and is now showing oil. H. Forst & Co. have a new rig on the Anderson farm, 30 feet east of Price & Johnson's well on the Doust farm. R. M. Boyd & Co. are on the Anderson farm, 100 feet, but not deep enough to determine anything.

Yesterday's Runs and Prices. The oil market yesterday was a short horse and easily carried. There were no sales. Cash was entirely neglected. For June 70c was bid, with no offers. Redwood maintained its former position. Average daily runs were 61,940 average daily shipment, 31,070 average daily charter, \$2,410. Oil, 70c; gas, 4c; National Transit certificates opened at 71c; highest, 71c; lowest, 70c; closed, 71c; sales, 20,000 barrels; clearance, 4,000 barrels; shipments, 6,200 barrels; runs, 32,772 barrels.

New York, May 6.—Petroleum was extremely dull all day, the only trading being in June option, which opened and advanced 1/2 cent, but not deep enough to determine anything. Patterns & Co. on Johnson farm, 100 feet, Zeilenpale extension, took a spurt last Saturday, and increased to 100 barrels a day. It is making 80 barrels now, and has a very considerable interest in that section of territory. H. MCC.

Opening To-Day of Summer Dresses. To fine organdies, gingham, dimity, challis and China silk. LADIES' SUIT PARLOR, 29 Fifth ave.

New Opera! Slipper: latest cut, beaded toes, at \$1 and \$1.25; perfect fitting; fit and give satisfaction. At G. D. Simen's, 78 Ohio street, Allegheny, Pa.

ICE is cheap. So are refrigerators at Hopper Bros. & Co.'s, 307 Wood street, pioneers of easy payments.

TWO HUNDRED AND FIFTY pieces best moquette carpets in Harford & Smith's makes, at a price, at Welby's, 120 Federal street, 65, 67, 69 and 71 Park way.

The People's Store—Fifth Ave. Our new shoe department is now open. Come in and see it. CAMPBELL & DICK.

LENOLEUMS at prices not to be found in any other store in either city, at Welby's, 120 Federal street, 65, 67, 69 and 71 Park way.

WORKINGMEN, don't forget to-morrow is our special workingmen's day. A complete working suit for \$1.50, regular price \$3.00. This holds good to-morrow only, at Saller & Co., corner Smithfield and Diamond streets.

Metron's Comfort. Oxford ties; nice soft glazed, gold, hand torn, flexible soles, at \$1.25, at G. D. Simen's, 78 Ohio street, Allegheny, Pa.

CALL and see our goods in the morning; you get our attention. We will make it an object for you to do so. HOPPER BROS. & CO., 307 Wood street.

THE GREAT SUCCESS

Of the genuine imported JOHANN HOFF'S MALT EXTRACT. As a tonic nutritive, has caused a crowd of fraudulent imitations to come into the market. Beware of them! The genuine has the signature of "Johann Hoff" on the neck of every bottle. EISNER & MENDELSON CO., sole agents, 6 Barclay street, New York.

EISNER & MENDELSON'S JOHANN HOFF'S MALT EXTRACT. JOE FLEMING & SON, 412 Market street, Pittsburgh.

Has a successful history of three centuries in Brazil and two years' critical test in this country. Science pronounces it the first and only infallible counteractant of scrofula and specific blood poisons yet discovered.

BURDOCK BLOOD BITTERS. Removed Scrofulous Lumps from my neck. I was cured by using Burdock Blood Bitters. Sold by JOE FLEMING & SON, 412 Market street, Pittsburgh.

FOR DYSPEPSIA. Distress after Eating, Stomach Catarrh, Headache, Heartburn, and all forms of Indigestion. Prepared from the Fruit of the Papaya Palm. True formula in the tropics. Druggists sell these.

PAPOID TABLETS—FOR DYSPEPSIA. 2 Million Bottles filled in 1878. 18 Million Bottles filled in 1890.

Apollinaris. "THE QUEEN OF TABLE WATERS." More wholesome than any Aerated Water which art can supply.
