## THE COKERS STARVE,

But Hunger Doesn't Shake Their Determination to Persevere.

WORKMEN ARE COMING AND GOING.

Wintry Weather, Frosts and Snow at Some Places in the State,

A REVIVAL BUONED BY PRAYER CURES

SCOTTDALE, May 7 .- Two train leads more of 200 men came into the region te-day and were distributed around among the Frick works. The labor leaders claim to be still sending more away. Secretary Parker returned from Braddock to-day, and says he induced over 300 yesterday and to-day to refuse to come here. He had warning notices printed in various languages to distribute among the men, and thinks in a day or two they will all have found out there is a strike here and will retuse to come to the region. Officers to-day completed the work of serving over 500 ten-day eviction notices for the McClure Coke Company upon their men at the Union, Donnelly, Bessemer and Buckeye Works. The company claim they will have their Painter plant running full by the first of the week, and will then start another

first of the week, and will then start another plant.

This was a day of mass meetings in the coke regious. Meetings were held at a number of places on the Sewickley branch, and also at Mt. Pleasant. Resolutious to remain steadfast were passed at all the meetings.

Absolute starvation is staring many of the strikers' families in the face, and it almost invariably happens that they are also the unfortunates who are thrown from their houses, and they are noted as being among the most steadfast of the strikers. Many cases of the most dire need are coming up daily. For instance, a German family living near Stoneville has actually had no bread in the house for three weeks, while meants uncheard of. Labor officials are doing their best to ald these poor people, but they have not meney enough to take care of them. A letter was received today from Ohic, inclesing \$30, with the request that \$5 of it be set aside for the use of the girl who was shot by deputies at Adelaide.
