### THE BIG HANDICAP.

Latest Information About the Probable Starters for the Brooklyn.

HOW THE HORSES ARE WORKING.

Local Sunday Baseball Players Arrested and Held for a Hearing.

### GENERAL SPORTING NEWS OF THE DAY

On Friday next the first of the big spring handicaps will be run at Brooklyn, and it is natural to expect that everybody interested in horse racing is very much absorbed in the big Eastern event. Although the betting so far has not been very great, it is expected that the race will be a very exciting one. Local patrons of the turf are investing heavily on the race, and some very shrewd Pittsburgers have considerable money on Burlington. The following information regarding some of the probable starters, received from New York yesterday, may be of interest: "Prince Royal and Eon were among the early arrivals on the track at Brooklyn yesterday morning. They were given a smart warming-up gallop, and most of the spectators thought they were about to see a trial, but the cracks were blanketed and sent

back to the barn.
"About 9:30 o'clock Frank Bray brought out Burington, and after a brisk warming-up can ter took him under the shed for a rub downter took him under the shed for a rub down. When he re-appeared, Miller was in the saddle with his coat off. He cantered around and broke from the three-quarter pole, and made the first quarter in 25½s, the half-mile pole was reached in 50s, the five furiongs in 1:83½ the three-quarters in 1:16, and keeping in the same stride he covered seven furiongs in 1:81½, going the full mile in 1:44½. When he reached the stand most of the watches registered 2:16s, some making it a fraction faster. He was ridden out and pulled up somewhat leg-weary, but the move was a remarkably good one and the track was anything but fast, having been recently watered, and he must have carried fully 128 pounds.

Saunterer's Easy Mile. Saunterer's Easy Mile.

"Saunterer was worked a mile easily in 1:46% and then Greene Morris brought out Judge Morrow, with George Covington in the saddle, and the trainers looked for a fast move, but Mr.

Morris evidently didn't believe in it, and sent

him an easy mile in 1:48.
"La Tesca and Leveller were sent three-quarters in 1:19% pulled together, the mare howing considerable speed in places. She will be a hard nut to crack in her class at the com ing meeting. Charley Saunders had Graylock and Blackburn together for a main, and they negotiated three-quarters of a mile in 1:20%. "Young Phil Dwyer worked Long Dance from wire to wire in 1:50, having a wrap on him all

the way, and subsequetly Sir John covered a mile and a furiong in 2:90.
"The Western division of the Baldwin lot made their debut and were the recipients of much admiration. They were only indulged in slow work, but the experts pronounced them to be as fine a lot of 2-year-olds as have been seen at the track for many a day. The brother of

at the track for many a day. The brother of Volante is a particularly striking youngster, and favors the orack in many respects.

"Kittle Van, the sprinter, worked three-quarters of a mile in 1:18%, being held together all the way. She showed a great burst of speed at the finish, and will be worth a bet in the proper company. Tormenter and Gerty D. did strong work, and Reporter did a mile nicely in 1:36%. Void moved seven furlongs in 1:33 and Blue Rock three-quarters in 1:19%.

"At Brighton Beach Tea Tray was sent over the handicap distance and covered it in 2:12%, going well within himself, and Cousin Jeeus covered a mile in 1:45.

covered a mile in 1:45.

"Over at Sheepshead Bay there was little work worth noting, as it appeared to be an off day with the trainers. Albert Cooper sent Tournament an easy mile in 1:48, the fastest

Commenting on the race, the New York Sportsman says: The first of the great spring handicaps will be decided on the Brooklyn track on Friday next, and the work of the prominent candidates for that important event s just now a matter that agitates the sporting mind as a natural consequence. Of the horses that have been trained on the tracks hereabouts, Tea Tray, Prince Royal, Burlington, Eon, Banquet, Senorita, Carroll, Judge Mor-Eon, Banquet, Senorita, Carroll, Judge Morrow and Tenny are the most talked about. In the case of the last named it may as well be said that he is not a probable starter, unless his trainer has practiced some hitherto unknown method of preparing a horse for a mile and a quarter course, for that he has had no work for such a race is an absolute certainty. And yet, in the face of all this, reports are everywhere current that Tenny will be a starter. That the odds, which on Tuesday were 10 to 1 are now only 5 to 1, would indicate beyond a doubt that the pennillers have taken a "scare," or the horse has been backed. If the latter be true, it would be natural to infer that the backing has been done by the stable, as out-iders are not likely to play a horse whose condition is such as Tenny's was believed to be.

"The Western candidate, Teuton, who was announced to leave Louisville on Thursday, but who is reported to be already comfortably boxed at the Brooklyn track, has been working to the satisfastion of his trainer, and competent judges are of the opinion that he will be in the hunt if the day and track are good. The unknown quantities, of which have been

inknown quantities, of which there are large number, some of which have been trained on private grounds, may furnish the winner, but from present indications, the winner is among those named."

### A QUESTIONABLE DODGE.

Reilly Claims the Columbus Club Official Tampered With His Contract.

It seems that the Columbus club officials are trying what they expect to be a smart dooge on Third Baseman Reilly. The contract they claim he signed with them was presented to court at Cincinnati on Saturday with the words "national agreement" and all references thereto erased by ink.
Referring to the matter yesterday Reilly

said: "There were no crasures when I signed the contract, and I signed it being fully assured that it was like all others; that is, that it gave me all the benefits of the national agreement. Had I thought otherwise I certainly would not

have signed it."

There will be a witness to testify that the erasures had been made when Reilly signed the contract. To this the counsel for Reilly will contend in reply that if that was the case the Columbus club knew it would repudiate the agreement, because the contract was signed on a certain date, and the repudiation occurred soon after. If this was true Reilly was deceived and a fraud practiced upon him.

### CALLED A HALT.

Local Sunday Ball Players Arrested and Placed Under Ball for a Hearing. The first Sunday game of baseball between the Mansfield and the Pittsburg Amateur base-ball clubs was stopped yesterday morning by the West End police and one of each club ar-

the West End police and one of each club arrested.

As early as 8 o'clock people from Mansfield and Pittsburg began to assemble at the grounds in Higham's Hollow, Thirty-second ward, and by 10 o'clock fully 500 people had gathered at the place. There was a series of five games to be played for \$150 a side. Officers Fred Wills and James Gillenne, of the Thirty-sixth ward station, who are well posted in baseball matters, heard of the club's arrangements and with several officers, who were in citizen's clothes, were

on the ground when the call of play ball was given by the umpire. The officers decided to let them play one inning to make a good case, so at the end of the first loning, when the score stood 3 to 1 in favor of the Mansfield club and when the sides were changing. Officer Wills arrested George Roberts, the pitcher of the Mansfield club, and Officer Gilleapie arrested the first baseman, Edward Balley, of the Pittsburg club.

the first baseman, Edward Bailey, of the Pitts-burg cub.

As soon as the balance of the club saw what the officers were doing they broke for the hill, leaving coars and hats behind. The officers fearing the friends of the men who were placed under arrest would try to rescue them started directly for the nearest patrol box, which was almost one and a half miles away. They finally got to the box and sent the prisoners to the Thirty-sixth ward police station. A short time afterward their friends arrived at the station house and left a forfeit of \$50 for each of them for their appearance at a hearing this morning.

### THE GIANTS ARE HERE.

Mutrie and His Tribe of Ball Players Have Come to Do Battle.

Jim Mutrie and his Gianta are in the city, (Mutrie) won't. "Genial" James is again wearing his old-time smile, and it does a crank's heart good to see him. Nothing but the pennant will de for James, and J. Palmer has also bargained for it. A compromise may be arranged to day.

The Giants are in great shape, and they will tackle the local team this afternoon at 4 o'clock. It is likely that either Sharrot or Weich ("Smiling Mickey") will pitch. If the weather is fine a great crowd is expected.

### BIG SHOOTING EVENT.

The Tonogstown Experts Have Arranged a Tournament to Last Three Days.

SPECIAL TELEGRAN TO THE DISPATOR. Youngstown, O., May 10.-The Riverside Gun Club has arranged for a shooting tournanent to be held here June 25, 26 and 27, and ment to be held here June 25, 28 and 37, and prominent sportsmen from Ohic and Pennsylvania have accepted invitations to attend the meeting and contest for the prizes.

At the shoot yesterday afternoon, at 25 blue rocks from three traps, following was the score: H. C. Fry. 19: George Franklin, 18: H. Baldwin, 17: John Hand, Daniel Parker, Charles Allen, each 14; A. W. Jones, 16. The second shoot was won by Henry Fry, on a score of 18.

They're Home Again. The local ball toam returned home yesterday from Cincinnati. Pitcher Stratton was with them. They were all in good trim. None of the club officials could be seen relative to the battery for to-day's game or any information regarding the team.

Baseball Notes. THE Glants to-day. BUFFALO is turning out miserable crowds to WE are still in fifth place, and it is now New York's scalp we are after, SMALLEY, late of the Washingtons, has signed to play third base for Syracuse. MARK BALDWIN stated resterday that he never felt in better condition than now. If the weather is fine it is suspected that a large crowd will attend to-day's game.

NOTWITHSTANDING our aggregation of star sluggers, our team is nearly last in batting aver-ages. Gamage.

Some sneak thief stole Catcher Berger's \$100 watch Friday from the Exposition Park dressing room while Berger was out practicing. NICHOLS and Rusie are evidently in great for again. The Giants are in excellent shape and ar backing up their pitchers like winners. BIG B LL BROWN is playing in fine style behin the bat this season for the Philadelphia club, an is doing great throwing to second base. MR. J. PALMER O'NEIL, it is alleged, will pay 220,000 this season for his pitching property alone. Well, these millionaires must do something with their money and why not spend it for pitchers as well as for diamonds? -Sporting Times.

J. PALMER O'NKIL dissents from Anson's opinion that the strength of the League is in the West. Re thinks the League fight will lie among Boston, New York and Fittsburg. What Anson rocen't know about baseball Mr. U. Nell does.—Sporting Times.

It was a great hitting game. Browning and Holliday, home-run men, roade siashing hard drives, and anyone on either of the teams except Fred Carroll would have stretched his three-bagger into a homer. Fred, however, is so big and fat that he was ready to take a seat by the time he had got around to third, —Cincinnati Enquirer.

ROBERT HOLLOWAY, owner of Tenton, says his norse will not start in the Brooklyn Handleap.

Kilnain says of Slavin: "He's a very clever big fellow, but I don't think he can knock me ont in 10 rounds." CAPTAIN S. S. BROWN is quoted as saying that he thinks well of Senorita's chances for the Brooklyn Handieap. Brooklyn Handicap.

C. KEAN-We have already answered your question. The man who made the four tricks certainly does not score four points.

BETTING has already commenced on the 10-round fight between Slavin and Kilrain. Slavin is the favorite. A number of bets have been made in New York that Kilrain does not stay the 10 rounds.

THE latest tip for the Brooklyn is Russell, J. A. & A. H. Morris' 3-year-old solt by Eolus-Pilli Russell. He is said to have improved wonder fully, and Wyudham Walden, his trainer, think he has a great chance to land the rich event. he has a great chance to land the rich event.

SPEAKING of the chances of Los Angeles and Senorlia in the Brooklyn. Trainer Cooper says he does not believe that a good mare can beat a good horse in the spring. Cooper looks for the winner among the old orders, and his fancy is Burlington, with Banquet for second choice.

SPEAKING of the Brooklyn handlcap Andrew Thompson says: "I like Frince Royal: I like him when the weights came out and I like him yet." Most of the Sheepshead trainers, however, are hugging Tea Tray tekets, for they contend that the old rozue will spread-eagle his field.

Now it is said that Hamilton will ride Tea Tray

Now it is said that Hamilton will ride Tea Tray in the Brooklyn Handicap. If such an arrangement has been made, M. F. Dwyer must have a poor comion of the chances of the horse he intends starting, for it was common report, and has never been denied, that Hamilton was to ride whatever Mr. Dwyer started.

THE announcement that Tenny will positively face the starter in the Brooklyn Handicap on Friday next was the sensation of the day in racing circles. There were some long faces about town yeaterday, many of them worn by bookmakers who were caught by the will Pulsifer, but the individuals are clinquing to the hone that perhaps frince Royal, Tea Tray, Teuton, Burlington, Banquet, or some of the other candidates will be able to win and thus save the day for them.—New York Sun.

PRINCE ROTAL is credited with having worked the Brooklyn Hamilton distance lottine variously stated at from 7:10\(\frac{1}{2}\) to 2:12\(\frac{1}{2}\) Tea Tray in 2:10\(\frac{1}{2}\) Judge Morrow, 2:11: Burlington in the same notch and bon one mile in 1:41. Banquet won a six furiong dash at Guttenburg in 1:144, and that is about all the public knows about him. Carroll, Demuth, Los Angeles, Al Farrow, Senorita and others have been doing strong work, but their names have not been coupled with any watchbreaking trials.—Sportsmas.

The Western handleap horse Riley is a poor traveler. It takes him several days to recover from a trip on the cars. The interal motion makes him 'seasick.'' This was the case when he arrived at Memphis from Mobile, and it was the case when he arrived at lexington from Memphis. He was shipped from Memphis with Scoggan's horses, occupying a car with the latter, but before the journey had been completed he was alling so hadly that he had to be side-tracked and sent on subsequently by himself. He arrived at Lexington too late to recuperate, hence his defeat in the Distillers' stakes.

DEMAND FOR CREAMERY DECLINES

The Week Proved Unfortunate to Bullish Grain Dealers.

### OFFICE OF PITTSBURG DISPATCH, SATURDAY, May 8.

General Produce. The marked features of the week in proand it is needless to say that James is about as confident of carrying everything before him as J. Palmer O'Neil is certain that he (Mutrie) won't. "Genial" James is again wear-and rhubarb are lower in price and better in duce lines have been the impaired quality and declining prices of home raised garden stuff. The frosts of Monday and Tuesday served as a partial check to the growth of garden stuff, but the damage was not serious. About the only fruit that suffered serious damage were early strawborries which were in

damage were early strawberries which were in blossom. The first receipts of Tennessee strawberries came to hand within a few days, and for a day or two prices were down as low as 12c to 15c per quart. The week, however, closes with a firm demand at advanced rates. A good quality of Derries retailed to-day at 20c per quart. The first Florida potatoes of the season arrived in our markets this week and are selling at \$7 per barriel. The feature of dairy products has been the great scarcity of new Ohio cheese. Supply is not half up to demand. Eigin creamery was advanced 1½c per pound at sources of supply, but is slow at the advance. Multitudes of consumers are now able to secure batter at reason. sumers are now able to secure butter at reason-able rates nearer home and the demand for creamery has declined accordingly.

Grain and Hay. In cereal lines the week past has been in-creasingly unfavorable to bulls. Prices have been steadily declining, and the week closes with a spiritless market. A single day of the week recorded a drop of 6c per bushel on wheat. Prices here now are fully 7c per bushel below the highest point touched in April. Ear corn has declined from 5@8c per bushel during the week. Operators who bought July corn during the latter part of April, at prices well

during the latter part of April, at prices well on in the 80s, can find little comforting in the present outlook. The hay market has also weakened in the past few days, and promises to weaken more. As farmers are now in the midst of seeding, receipts of hay have not been so iarge this week as they bid fair to be next week.

That there is plenty throughout this section there is no doubt, and, if our farmers had not found a Southern outlet for their abundant hay crop, it would be selling much lower than it is. It is a rare thing under the sun when Western Pennsylvania furnishes hay to the cities of the far South, but such has been the case this season.

Hides and Calf Skins. Some dealers report a slightly improved ton change.
It is certain that light hides show no change

for the better. Quality of offerings begins to improve with warm weather.

There is no longer any difference of view between the Eastern and Western dealers as to values. Until recently markets were strongest in the West. Eastern ideas have won the day.

# MARKETS BY WIRE.

Lively Trade in Wheat and Corn-Sec Sawing Between Higher and Lower Figures-Corn Closes Weak-

Provisions Weak. CHICAGO-There was heavy trade in -whea Saturday within an irregular range, prices ruling both above and below the closing figures of yesterday. July opened at 99c, against 99% at the close yesterday. The entire trade seems to be bearish. July, which in the first minute touched 99%c, soid off in the early dealings to 97%c. When the bears took on horns and began to buy, the price shot up to \$1. Having made a hard spurt the bears turned sellers, and on their offerings there was a reaction to 89%c, and then came a rally to 89%c; but bear offerings were to heavy and a decline succeeded, the market closing at 89%c. May was rather a fancy deal, and closed about 1@1%c higher than

fancy deal, and closed about 1@1½ c higher than on yesterday.

Corn was fairly active. The feeling at the opening was fairly steady, but the local crowdiwas bearish and sold enough to cause a break in prices. The market then grew strong in sympathy with the rally in wheat, but weakened near the close. July opened at 5005% c. declined to 58c, rallied to 59½ c, and closed at 505½ c. The early selling was caused by fine weather and indications of large receipts.

Outs were unsettled. There was talk of dry weather at one time and rain at another, which kept prices moving up and down within a liberal range.

kept prices moving up and down within a lio-eral range.

Provisions started out weak with grains, de-clined still further, advanced sharply on large buying and then weakened. July pork started out at \$12, sold to \$11 85, improved to \$12 12% and reacted to \$11 90.

Eggs Firm and Butter Likely to Go

OFFICE OF PITTSBURG DISPATOR, SATURDAY, May & Country Produce—Jobbing Prices. The egg market is firm and nearby stocks

sell readily at outside quotations. Reports of short supplies come from trade centers both East and West. Strawberries are active and a shade higher. There is little doubt that nome strawberries were injured by frosts in the early part of the week, and that our main depend-ence will be on berries from a distance. Choice creamery butter holds up well for the time of the year, but markets are not so strong as in the early part of the week. Country rolls are now coming in such quantities as to almost cer-tainly bring down prices of creamery within a few days. Already Onio creamery has declined. New cheese disappears as fast as it comes in, and much more than can be secured would find
