ECZEMA ON A CHILD. Five Years Old. Scabs on Her Hands and Face Quarter Inch in Thickness. Suffering Very Great. Best Doctors Fail. Uses Cuticura with Marvelous Results.

My little girl, 5 years of age, had a breaking out on her face, hands and skin. I called in a doctor: he said it was eczema or Eczema. He left a prescription, which did not relieve her any; she kept getting worse. I called in another; he said the same thing as the first. I doctored with him six months to no effect. I then tried two eminent specialists in Newark, three months each, to no effect. I then tried a homoeopathic doctor; he said he could cure her. He gave her medicine for seven weeks; and if I had kept giving it to her another week I doubtless the work of the skin and face would have been done. I had kept giving it to her another week I doubtless the work of the skin and face would have been done. I had kept giving it to her another week I doubtless the work of the skin and face would have been done.

THE CAUSE EXPLAINED. Why So Many Weak Men and Women Are Broken on Our Streets To-day.

There seems to be more weak, debilitated and broken down people in America to-day than ever before in the history of this country. Is it a fact that the American people are growing weaker, or is it due to some local cause? There can be little doubt that it is owing almost entirely to the fearful after-effects of the Grip. This terrible and mysterious complaint, starting unaccountably and running severely, invariably leaves the person in a weak, nervous and run down condition, from which it requires much time to recover. When people are in such a state, when nature is weak and broken, what would common sense dictate should be done? Precisely what physicians say should be done, viz: assist nature, stimulate her lagging faculties, and help her up. How? By using a pure medicinal stimulant, and for this purpose there is nothing equal to pure whiskey. Doctors, scientific men and the leading thinkers of the land have declared this and have unhesitatingly agreed that there is no whiskey so pure and efficient as Duffy's Pure Malt. It stimulates healthily and builds up wasted tissues. It renews the nervous organization and assists to health. It is popular because it is so efficient. Great care should be taken, however, to secure only the genuine. Distrust any dealer who for any reason, suggests you buy something "just as good." By the judicious use of this pure stimulant the after effects of the Grip may be removed and health and strength put in place of weakness and debility. W.
