### Operators Present From All of The Pennsylvania Fields.

BRADFORD PREMIUM INCREASED

The McCurdy Again to the Front With Good Well, Also a Poor One.

### A TRUE BILL IN THE CONSPIRACY CASE

The Pittsburg Assembly of the Producer Protective Association held an important meeting last evening. There was a large attondance of the local producers and there were also present producers from all over the Pennsylvania fields. The officials of the assembly refused to say anything in regard to the meeting, but it was learned from other sources that the object of the other sources that the object of the meeting was for the purpose of taking some definite action toward toganizing the company, which has been talked of for the past year, to refine oil. None but independent producers will be admitted to hold any stock. It is proposed to built an independent refinery near Pittsburg, and lay pipe lines to all of the fields in Allegheny county. Among these present from other fields were ox-State Senator J. W. Lee, O. D. Blakeley, M. J. Welsh and G. S. Criswell: Franklin, W. D. Rider, Cambridgeton, and J. R. Goldsborough, of Bradford.

The National Transit Company yesterday and can be a barrel on Bradford oil, and also placed a premium of 5 cents a barrel on the

placed a premium of 5 cents a barrel on the oil of the Allegany county (N. Y.) field. From the Fields.

The McCurdy field led the attention of the local operators yesterday, and its record was about the same as Tuesday—one good and one light well. From the present indications the producers in this field believe that it will extend through to McDonald on a 45° line.

Gillespie Bros. No. 3, on the Jane Riddle farm, tapped the sand last night and started off at 20 barrels an hour. It is located about 50° rest north of the church. Fisher & Co.'s McCloskey farm well, a mile northwest of the McCurdy, was on top of the Gordon sand last night. It has considerable gas. The water has been cased off. The Bear Creek Refining Company and Bradley No. 2 Adams came in yesterday and is doing about eight barrels an hour. Black & Guffy's Ewing farm well, from which so much was expected, was drilled into the sand yesterday afternoon and is showing light. It was shut in until the tankage could be connected up. Black & Emerson are still fishing in the Benke and layer a bad job on hand. If they do not get the tools out in a day or two they about the same as Tuesday-one good and Monke and have a bad job on hand. If they do not get the tools out in a day or two they will drill past them. Mellon & Co.'s Palmer No. 4, is down 500 feet. Their No. 3 is about due. The Fisher Oil Compant's Riddle No. 3, is down 2,200 feet, and their No. 2 is through the 100-foot. Guffy & Murphy's Kerr No. 1 is in the Gordon, and their No. 2 is through the 100-foot. Patterson & Jones' Lloyd farm well did not increase its production vesterfoot. Patterson & Jones Lloyd farm well did not increase its production yesterday. Aiken & Co.'s No. 2, Parsons, expects to reach the sand to-day. The Bear Creek Company and Bradley's Adams No. I is in the Gordon. The Fisher well on the Stewart is dry in the third and Gordon sands and will be drilled to the fifth sand. The Fort Pitt Gas Company is building a rig for its William Burns No. 2.

Operations at Wildwood. WHIDWOOD-Ireland & Hughes' well on the Kummer farm is 400 feet deen. It is on the extreme western edge, and their well on the Bryant is on top of the sand and will be drilled in to-day. A vein of gas was struck in Boyer & Co.'s No 2. Jenuy, strong enough to clear the hole of 1,000 feet of salt water. Will Be Shot To-Day.

Moon-Captain Grace intended to shoot his well on the Doty acre yesterday, but be fore the arrangements were complete it was to be that he decided to postpone it until this morning. The Hervey Oil Company is drilling in its McCutcheon No. 2. The Day Wel! Again.

WASHINGTON-President Caldwell, of the People's Light and Heating Compuny, said yesterday that the Day well was now in the stray above the Gordon. He claims it is a bona fide 20-barrel Gantz sand well. It is an edge well in his opinion as it is only 75 feet from the Clark gasser. The People's Company made three new locations on sep-pente farms yesterday in order to hold their

Noningrows - Murphy & Jennings' well back of Noblestown is good for 25 barrels, pumping naturally. Operations Down the River,

St. Manys-The well on Friendly Island five miles above St. Marys and owned by Johnson, Storey & Duel, is making 15 barrels a day. It was under water for ten months. They are preparing to pump it. Considerable Activity at McDonald.

McDonald-A large number of rigs are gofing up in this vicinity and the indications are good for active operations all summer. The Robb well has been shot and is doing 25 barrels from the Gordon sand. The Sauters well is making 160 barrela. Wildents in Armstrong.

Anmstrong-W. H. McKee & Co. are drilling a wildcat well a mile and a half north of Armstrong's Rua. Moore & Thomas struck some gas in their wildent at upper Hillville, two miles northeast of Armstrong's Run. They failed to get oil to any extent, but will shoot it this week.

A Well at Harmonville. HARMONVILLE-The tools have been gotter out of the James McRoberts well. Oil was struck in but the well is now being drilled

The Carson farm well of Smith & Hayden, back of Temperanceville, is down 1,400 feet. That Alleged Conspiracy. MEADVILLE-The grand jury returned a true bill yesterday in the case of J. C. Mekinney et al vs Barney Forst and C. D. Greenlee. At the instance of the defendants the case was continued until the September term of court. The plaintiffs allege that the defendants obtained money by false pretenses by misrepresenting the value of oil wells in the Wildwood field for which the plaintiffs paid defendants. Forst and Greenlee, \$42,000 for a half interest. At the time of the deal the plaintiffs owned the other half of the wells in question.

Feature: of Yesterday's Market. The only market for oll yesterday was a

bid of 70% for cash. The option was negleated. New York was the highest of the outside exchanges, with 713c bid for cash, Reinsed at New York, 7.20c; at London, 5 11-151; at Antwerp, 165f. Average daily runs, 74.222 average daily shipments, 64.556; average daily charters, 27.802.

### LATE NEWS IN BRIEF.

-Hondurns rebels have been dispersed. -Manchester, N. H., cigar makers are on a -Granite cutters of Barre, Vt., will not strike. -Fifty American millers have sailed for Europe. -A general strike of Belgian ironworkers is in prospect. -Texas is holding its World's Fair Convention at Forth Worth. -United Mine Workers of Illinois are in -Salvador has appointed a commissioner for the World's Fair. -Welsh miners have resolved to continue the eight-hour agitation.

-Gold shipments continue at the rate of from \$2,000,000 to \$4,000,000 daily. -The number of striking Iowa miners is estimated at from 7,000 to 10,750. -All Hebrews are being expelled from Russian territory beyond the Caspian.

 The present crisis in Portugal is said to be entirely financial and non-political.

The Portuguese Government will provide an abundant supply of small coin. -Mme. Boulanger's application for a decree of separate estates has been granted. -Six soldiers were killed at Massowah Tuesday by the collapse of their barracks. -Coal miners in the Iowa regions are pre-paring to hold a series of great mass meet-

-Tupper proposes the compulsory inspection of all sailing vessels registered in -Medical Student Harris, who poisoned his wife in New York, has been indicted for

-Deaths from the grip in London last week, 148-21 more than the highest grip record in 1890. -The Mafia is responsible for the murder of a family of four near Carrientes, Argen-tine Republic.

—The Belgian Government has warned General Boulanger to keep his mouth shut or leave the country. —Californians are quietly working to locate the next Republican National Convention in San Francisco.

—The grip epidemic has created a panic among the Indians in Washington State, and they are fleeing to Idaho. The steamer Lucy Rowe, reported lost in the Pacific ocean, has arrived safely at her destination, the Queetscheriver.

The bill in the Massachusetts Legislature prohibiting the use of fireworks on the Fourth of July has been defeated. —Severly, the defaulting Treasurer of Chippewa county, Wis., has been sentenced to two years' imprisonment. He pleaded guilty to making way with \$20,000.

-Secret enmity is said to exist between the Brotherhood and the Order of Locomo-tive Engineers, which will probably set the two organizations by the ears again. —The Florida Hortfcultural Society has protested against the appointment of Max-well, of California, as superintendent of the hortfcultural department of the World's Fair.

-During anti-European riots t Woo Hoo, China, the antives burned the Catholic mission and many European dwellings. Woo Hoo is a treaty port on the Yanguse Kinang

Kinng.

-Prof. Harper, of Yale, who becomes president of the new University of Chicago, will be succeeded in his professorship by Edward L. Curtis, of the McCormick Theological Seminary, Chicago.

-The decision of the United States Supreme Court, holding that Pennsylvania can tax the Pullman Car Company on its mileage, will result, it is said, in the collection of about \$25,000 of back taxes by the County Treasurers of Iowa.

-Four attachments aggregating \$27,785

—Four attachments aggregating \$27,765 were granted yesterday against Levy Bros. & Co., clothing manufacturers, New York. It is understood that Δ. H. Levy has been made insane by his financial troubles. Liabilities estimated at \$750,000.

The application of Martin A. Frank for an injunction to prevent the consolidation of the Edison Electric Light Company with the Edison General Electric Light Company has been denied by Judge O'Brien, of the New York Supreme Court.

—The duel which was to have been fought on Belgian soil between M. Henri Rochefort and M. Isaacs, the sub-prefect who ordered the troops on May Day to fire upon the riot-ers at Fourmies, has been abandoned, owing to the vigilance of the Belgian police.

—A little Lockport, N. Y., girl made faces at he: priest, Father Darcy, as he passed by. The divine chased the child into the house and whipped her in the presence of her mother, to teach her better manners, he said. For this offense the priest was ar-rested and convicted of assault.

rested and convicted of assault.

—Mr. Tate, who moved to impeach Sir Hector Langevin and Hon. Thomas Mc-Grevy, in the Dominion Parliament on Monday, is reported as saying that he held back some of the most damaging testimony against them and will make further disclosures when the case comes before the committee for investigation. Mr. Tate says the result must be one of two things—the expulsion of Sir Hector and McGrevy from the House of Commons by a vote of Parliament or the downfull of the Government if Sir John Macdonald attempts to condone the offense.

It is a good thing, during the heat in summer, to give your children a good anti-acid and strengthening medicine, in order to prevent fermentation of food in the stomach, and the indigestion, fever, diarrhea and other attendant evils, which are so apt to follow. For this purpose you will not be disappointed in the use of Dr. D. Jayne's Tonic Vermifuge—an excellent anti-acid, a strengthener of the best description for either young or old, pleasant to the taste, and withal not expensive. Its timely use may save anxiety, expense, and possibly the loss of a child. Sold by all druggists.

An "Evening Leader" (Grand Rapids) Newsboy Sustains Serious Injury.

Brief History of a Brave Little Fellow's Patient Suffering.

It will be a year in November since one of he brightest faces among the Evening Leader's throng of happy newsboys was sud-denly missed from his regular daily visits at the counting rooms. His rosy cheeks and sparkling eyes, full of fun and enthusiasm, ntensified by the knowledge that he was earning money by his own efforts, made him us figure among his host of little

a conspicuous figure among his host of little competitors.

By inquiry it was learned that the little business man (whose name is Gilbert C. McDonald) had sustained painful and probably fatal injuries by falling from a fence post, striking heavily upon his head and hip, while playing near the home of his father, John McDonald, at 437 South Ionia street. Since that time up to last March the little sufferer had gradually lost the use of his limbs and body, finally becoming a confirmed and helpless invalid. In vain did anxious parents seek the medical profession for help; the best talent was powerless. Times without number were the heartbroken parents and sympathizing friends called to watch the terrible agony of the little wasted body, expecting every moment to see their precious one torn from them by the dread destroyer.

It was with this knowledge of the case, together with the fact that this same little boy is now a happy youth among his playfellows that the Leader, with a natural interest for one of its many newsboys, gives its readers a brief history of his terrible

terest for one of its many newsboys, gives its readers a brief history of his terrible sickness and miraculous recovery as related by his parents and their neighbors.

Mrs. McDonald was seen at her home yes-erday, and that lady told the story of her on's sickness and final recovery with that atterest only to be found in a mother's heart. terday, and that lady told the story of her son's sickness and final recovery with that interest only to be found in a mother's heart. Gilbert was present, and apparently enjoyed a retrospective history of himself: "Gilbert will be 12 years old in October," said Mrs. McDonald, "and were you familiar with his past sufferings, you would consider it a miracle that he is with us to-day. His sickness was caused by the accidental full from a post, striking on his head and hip, last November. After the accident he gradually lost the use of his limbs until he was unable to move hand or foot. We employed several good physicians, but he grew worse, becoming perfectly paralyzed, there was no feeling in his limbs. The doctors run pins into his legs and arms and he could not feel it. His hair stopped growing, became dry, teeth loose, and his tongue became swollen and speechless; he could not even move his eyelids. He would go into convulsions for hours and suffer the most terrible agony. Shortly before we employed the doctors who finally cured him he went into a convulsion at 5 o'clock in the morning, lasting until 9 o'clock at night. I sent for my husband at the cable company's power house, and we looked every moment to see him die. That night my husband noticed in the Evening Leader the advertisement of the Electrical and Medical Institute, and although one doctor told us that electricity would kill him he resolved to try it, as every other resource had been exhausted. He went down and consulted with the medical director of the Institute. The doctor came and examined the case and informed us that if the brain was not too badly affected he could cure him. For ten days before the doctor came he had been entirely speechless and as a dead person, at no time giving any signs of recognition. That night the doctor treated him, and the next morning he was better, speaking for the first time in ten days. You may well imagine my feeling of gratitude and joy as I saw my boy return to consciousness. The next day the doctor said: 'You

the very first treatment, and now he plays ball with his associates and has been up since the first of June. The doctors com-menced treating him about the first of March." THE PATHER TALKS.

THE FATHER TALKS.

The father, John McDonald, is a blacksmith in the employ of the cable company.
"As often as every other day I was telephoned to come home, expecting every
time to see him die. I gave up all hope of
his recovery. It was heartrending to hear
his pitiful means all through the night and
day. I read in the Leader that the Electrical and Medical Institute treated diseases of
his nature and consulted with them; you
know the result. It is most wonderful, and
I shall never cease to thank them for what
they have done for us."—Evening Leader,
Grand Rapids, Mich.

FIFTH AVE. AND SMITHFIELD ST.

And my aim is to keep a little ahead, especially in FINE Koch says lupus (eating nleer) is tubercle, and lymph cures it. No substance in existence cures lupus so rapidly as Cactus Cure. No failures, no relapses. The same with all serofulous and specific diseases, whose names are legion. First and only purely and vegetable blood purifier known. Sold by JOSEPH FLEMING & SON, Druggists, 412 Market st., Phisburg.
