THE GENDARMES OVERCOME THEM. Aroused From Her Bed She Is Sent to the

Hungarian Frontier. TROUBLE MAY FOLLOW HER EXPULSION

BELGRADE, May 19 .- Ex-Queen Natalie has been expelled from Servia. The students who rescued her from the custody of the prefect yesterday guarded the Queen all night. At 11 o'clock last night a force of gendarmes attacked the cordon of students and citizens, which was drawn around the Queen's palace, and a severe struggle folowed. Many citizens and gendarmes were severely injured during the fight, and the gendarmes were finally repulsed amidst the cheers of the students and citizens. Throughout the night the city was in a fever of ex-

After a consultation of the Ministers and Regents this morning, it was decided to ex-

Regents this morning, it was decided to expel Natalle from Servia, and instructions to that effect were given to the police. Consequently during the morning a strong force of gendarmes made a fresh attack on the Queen's palace, and succeeded in breaking through the cordon of citizens who were guarding Natalle. After a sharp fight with the Queen's defenders the gendarmes succeeded in forcing their way through the cordon and in entering the palace.

The gendarms forced their way through the cordon and in entering the palace.

The gendarms forced their way into Natalie's bedroom, and ordered her to arise, as she must instantly leave Servian territory. The Queen calmly replied that she would yield to force, and requested the students who had so gallantly defended her, and who were even then prepared to lay down their lives for her, to make no further resistance, so as to prevent any more bloodshed. The Queen was then allowed to dress herself, and, after bidding adieu to the leaders of her defenders, during which a most touching scene was witnessed, the exiled Queen was escorted to a private carriage, which was in waiting at the palace entrance, and hastily driven to the railroad station, followed by the cheers of the students and citizens of Belgrade, whose enthusiasm had to be kept within bound by the display of an overwhelming force of troops who lined the entire route to the railroad station.

At the station a special train was in waiting, and the Queen was immediately conveyed on board. No sooner was the Queen and her personal laggage on board than the train left the depot for the Hungarian frontier, and Natalie of Servia, calm, pale, but evidently suffering from intense emotion, left Belgrade, the scene of so many of her troubles and triumphs.

There is no denying that the popularity of the Queen has been greatly increased by the

troubles and triumphs.

There is no denying that the popularity of the Queen has been greatly increased by the present action of the authorities, and, on the other hand, there is no doubt that the popularity of the Ministry has decreased in proportion to the increase of the Queen's popularity. The populace is especially enraged against the Minister of War, Colonel Mileties, who is understood to have been the most active of the Ministers in insisting that Natalie should be expelied. In fact, the popular feeling against the Minister of War is so great that it is probable he will be compelled to resign.

o resign.
During the fight which took place last light between the gendarmes who attacked he body of students and citizens defending

the Queen's palace, one man was killed and 50 more or less severely wounded.

The Big McCurdy Wells Still Holding Up-The Northeast Whitesell Farm Well at Wildwood Increased to Fifty Barrels an Hour-General News.

Outside of the McCurdy and Wildwood oil fields there was nothing to interest th operator. These two fleids, however, madop for any lack of interest in other quarter The early trains to these localities carrie extra large loads of men who follo the producing business. At McCurdy they found the two big wells which were reported in the morning papers still putting out tanks full of off every few hours. The Foster Oil Company's Hackett & Shirley well, on the W. E. Riddle lot, was rated at 80 barrels a hour by the owners, while the Gillespie No. 4, on the Jane Riddle, 125 feet north, was only a few barrels behind.

All Over the Field.

McCtmy-Gillespie & Co, have made a lo-eation for their No. 5, Jane Riddle. Their No. 2 has had a streak of bad luck and will No. 2 has had a streak of bad luck and will not be in before the last of the week, and Mellon & Co. are building a rig on the Jane Riddle about 300 feet northeast of Gillespie's No. 4, on the the same farm. It will be spudding in a few days. Mellon's Riddle No. 2 is 15 feet in the sand and showing for a 100 barrel well. The Bear Creek Company and Bradley's Adams No. 1 is due to-day. Their Adams No. 2, which came in last flursday, is making 150 barrels a day. Guffey & Murphy's Kerr No. 2, which was on top of the sand Monday night, has the tools in the hole, and a long and ugly fishing job may result before they can be gotten out. Switzer & Co. have started to drill again on the Shaffer farm, nearly half a mile east of the Parsonage lot. The well was started some months ago, but the original rig was burned. They are now rendy to case. It is the farthest well to the eastward, and if good will open a large block of territory. Mellon's Scott No. 4, south of the Adams No. 2, is in the Hundred-Poot. The tools in Black & Co.'s Minke farm well, northeast of developments, were raised 50 feet from the bottom yesterday when a breakdown occurred and the fishing land to be stoppod. The owners of this well claim that they have had all the indications of the Fisher and Gillespie gushers a mile and a half southwest, and are confident that it will be a big well. It is now spraying from 10 to 12 barrels a day. The well on the Andrews farm, near the Minke, is down about 1,800 feet. Sill, O bell & Co. were to shoot their Adams well in the might. Fisher, Young & Wilson's well on the McGuskey is on top of the Gordon sund, and has a larger flow of gas. Mellon's No. 3 Dougherty is through the Hundred-Foot.

Wildwood-The Forest Oil Company's not be in before the last of the week, and Another Wildwood Surprise.

Wildwoon-The Forest Oil Company's Ringenheisen No. 6 came in vesterday mornreis an hour. It is in the northwest corner of the Ringenheisen farm, and just east of the Kohlbar and the Kretzer. The Angusta Oil Company and Bowman's No. 3 Whitesell, in the northeast, which was doing 40 barreis an hour Monday, was reported last evening to have increased to 50 barreis an hour. J. M. Guifey and Guifey & Queen's well on the Lucky farm was drilled two bits in the sand yesterday, and put about 30 barreis of oil in the tank. It is rated at a 60 or 70-barrei well. The boiler has been moved back and it will be drilled deeper to-day. The Roth Oll Cempany's L. P. Peebles No. 4 was drilled deeper yesterday and a heavy flow of gas rels an hour. It is in the northwest corner Oil Company's L. P. Peebles No. 4 was drilled deeper yesterday and a heavy flow of gas superstruck, and it made several small flows. The Metropolitan Oil Company's Kohlbar well was agitated yesterday and increased its production. Guffey's Cole farm well, west of the Heidelberg, will not be in for several days. Guffey & Queen's Kretzer No. 2 struck a heavy flow of gas at the bottom of the Eflundred-Foot, and last evening was throwing water 40 feet above the crown palley. The boiler has been moved back. There has been no improvement in the condition of the Roth Oil Company's well on the W. McIntyre, in the south.

The jury in the case of John English, who The jury in the case of John English, who was tried Monday for selling liquor without a license, yesterday morning returned a verdict of not guilty, but pay the costs. This case closed the March term of the Criminal Court, with the calendar pretty well cleaned up. There were but four weeks of court during the term the License Court courted. during the term, the License Court occupy-ing the balance of the time. During three weeks Judges White and Magee were on the bench, and the balance of the time Judge

Magee presided alone.
There were 320 cases disposed of; 265 were tried by jury, an average of 11 a day, and 8 cases were continued by consent. Ten suits were eleomargarine cases, which Judge White suggested should be determined by a

White suggested should be determined by a case stated. Bonds were forfeited in 11 cases, the prosecutors in 7 were out of the county, 15 deferddants were never arrested, and 4 are awaiting evidence on the part of the Commonwealth.

It was expected that the Blonden and Faulk murder cases would be taken up, but they were allowed to go over. The reason was that Faulk, the wife murderer, is deemed insane, and in the case of Blonden, the coal miner who killed a companion with a pick, his attorneys reported that he would plead guilty to involuntary manslaughter in June if the Court would permit him.

The record is up to any work yet done in the criminal court, taking into consideration the time involved. In the first two weeks 185 jail cases were disposed of. District Attorney Johnson was warmly congratulated by Judge White over the result of his efforts to dispose of the criminal business promptly and rapidly.

TWO DIVORCES GRANTED.

Ex-Deputy Coroner Loughrey Allows His Wife to Free Herself Again.

The divorce suit of Mrs. Mary E. Loughrey against William M. Loughrey was tried yes-terday before Judge Stowe. He would come home drunk, ill treat her, accuse her of having been unfaithful and threaten to shoot her. As no defense was made, the case was given to the jury. A verdict for the plaintiff was given, thus granting Mrs. Loughrey her divorce.

A divorce was also granted yesterday in the case of Samuel Springer against Sarah Springer; desertion was the allegation.

When disease stalks in and fells the father prostrates the mother, or selzes the children all becomes desolation. To make the home happy, keep the health secure. Poverty may come, but it can be en-dured if the health remains.

No health was ever maintained without assistance. Health, like the body, must be supported. But do not make a mistake and lo it foolishly. The best way to sustain the health is to assist it, to stimulate it. The best way to healthily stimulate is by the use of pure, unadulterated medicinal whiskey.
