WILDWOOD REVIVED.

The Northeast, Instead of the Southwest Corner, Is Now the Spot,

M'CURDY IS SIMMERING DOWN.

A Flood of Steam Extinguishes the Burning Gasser at Mt. Nebo.

VICTIMS OF THE ACCIDENT BETTER

The daily production of the Wildwood oil field is rapidly assuming its former propor-tions. Last week it had dwindled down to scarcely 5,000 barrels a day, and for a couple of days the infant McCurdy completely overslandowed it. The big wells of the present week in Northessi Wildwood, the Grif-2th and Forest Oil Company's Ringenheisen No. 6 and the old Kress No. 12 of Barnsdall & Gillespig, have brought it up to 8,000 barrels. This was the point reached Wednes-day. Although at times it has appeared to

day. Although at times it has appeared to be dying a lingering death, something has invariably turned up which gave it a new lease on life.

Since it has been pretty conclusively proved that the W. W. McIntyre in the southwest is not going to startle the trade, the operators in the field are looking to the northeast, which is now giving indications of being able to step up with a first-class record.

The Present Big Wells.

Winawoop-Black & Waterhouse's old No.1 on the Whitesell was making 25 barrels an on the Whitesell was making 23 carrels an hour yesterday afternoon. It is in the ex-treme northeast. In the same locality the Augusta Oil Company and Bowman's No. 2, on the Whitesell, are making 23 barrels an on the Whitesell, are making 23 barrels an hour. The Smith Farm Oil Company's No. 10 on the Smith Farm was doing from six to eight barrels an hour yesterday. Their No. 11, 400 feet west of the Wildwood station, is due Monday. It is one of the most important being dillied at present in that vicinity as it will determine whether there is a streak of oil running pass the station. The Augusta Oil Company's No. 3, on the Whitesell, is down 400 feet, and their No. 4 is down 200 feet. The well of Black & Materipouse, on the Hardy form, beyond developments, is down 80 feet, and Black & Co., on the Baff, a short distance away, is 700 feet deep.

Co. on the Bull, a short distance away, is 700 feet deep.

Ireland & Hughes Bryant No. 2 is hopelessly dry. Their No. 1, which has been making ten barrels a day, was shot yesterdry and the production increased. Finnegan & Douney, on the Rend, are down 1,800 feet. Griffith and the Forest Oll Company's Eingenhelsen No. 6, which came in several days ago, is still making from 35 to 40 larrels an hour. Parmstall & Gillespie's old No. 12 Kress, which was shot the first of this week, is doing 30 barrels an hour. They are cleaning out their Nos. 2 and 13 Kress, and will by to pump them. They are not doing anything at present. Barnstall & Gillespie's No. 7, on the Zingenholm, in the western edge of the beit, was being drilled in last night. The boiler was moved back yesterday morning. There was about 200 feet of oil in the hole at 3 o'clock yesterday afternoon. It will make a small well.

The Both Off Company's No. 3 Campbell, and Greeniec & Forsi's No. 1 Hazlett, are in the sand and showing light. Barnsdall & Gillespie's Zingenhelm No. 1 is notking 20 barrels a day.

Down at McCardy.

McCumy-The big gushers of three days ago have fallen off wonderfully in the last 24 hours. The Fisher Oil Company's W. E. Riddle No. 3 is doing about 29 barrels an hour, and Gillespie & Co.'s No. 1, on the Jane Biddle, is being still less. The toolshage not yet been taken out of the Minke well in the northeast. The Berr No. 2 of J. M. Guffey and M. Murphy was expected to reach the pay just night.

The Burning Gasser.

Mr. Neno-Centractor Lowdon succeeded in putting out the fire at the McGrew gasser on the Biley farm yesterday afternoon. He connected it with a sterm pipe and shoved it up in the casing head. The sterm smothered the dames. Victims of the Accident.

A. Percy McGrew, Secretary of the Colum Nebo, is convolescent and it was thought has evening that he will recover. Frank Miller, who was dangerously burned cood The stay night, is believed to be niger. He is now at his home at

Scriple Station.

B. i. Coulter, who had his skull fractured by a joint of casing fulling upon him, was conscious vesterday, and may recover. He is at the West Penn Hospital.

and May Howard, doing business as Miaco, Morris & Howard, proprietors of a theatrical company, against Charles S. Gill, proprietor of the St. Charles Hotel, is on trial before

Judge Collier. The case is an action to re-cover the value of the contents of a satchel which, it is claimed, was deposited in the hotel office for safe keeping. The company was showing at the Academy of Music, and Mr. Misco and others stopped at the St. Charles.

Mr. Miaco and others stopped at the co-Charles.

Mr. Misco had a satchel containing \$437, with which to pay off members of the com-pany, and when he went to bed he gave it to the clerk for safe keeping. He saw it de-posited in the safe, but when he went for it the next day it was gone. No one seemed to know what had become of it, and he could get no satisfaction, he claimed, so he entered the suit.

Maxwell K. Moorhead Wants His Share of

His Father's Estate.

A bill in equity for the partition of property was filed yesterday by Maxwell K. Moorhead against William J., Mary E., and

Henrietta L. Moorhead and Mrs. Jennie A. Murdock. The parties are the children and

heirs of James K. Moorhend, who died March 6, 1881. By his will be divided his estate equally between his five children. The plaintiff now wants the real estate par-

titioned.
It consists of property at the corner of Second avenue and Grant street, a lot on First avenue, on which is the foundry of the Novelry Works, a one-half interest in 174 acres in Ohio township and a two-thirds interest in a large amount of coal land in Carroll township, Washington County.
