7 St. Louis. Surely hard luck is following Johnny Ward and his aggregation of ball players on their Western trip. To have rain on Friday was bad enough, but when it came down resterday just in time to prevent the game it was extremely unfortunate. If the weather had been fine it is reasonable to say that there would have been between 5,000 and 6,000 people at the game. The fact that Stratton was going to pitch would have been a great source of attraction. And the Brooklyns are a very good team, in fact, much better in the field than on paper. John Ward was a little disconsolate yesterday when the rain stopped the game. "This is too bad," he said. We have been dogged by bad weather ever since we left home, and at times when it did us the most injary. But we will likely get over it. Our team will come out all right, and I trust that when we meet the Pittsburgs next Saturday

we'll have fine weather and I think we'll get even with them." All the Brooklyn players have a very high estimation of the Pittsburg team. Pitcher

estimation of the Pittsburg team. Pitcher Terry, who is quite a competent judge of a ball team, said that Pittsburg would win the pennant this year. Similar opinions were expressed by other players.

Tresident O'Neil was not in good humor yesterday either because of the rain. He said: "Hang it, the weather so far has caused as greater loss than has been suffered by any other club in the League. Rain has spoiled our opening days and lost us two Saturdays entirely. This is certainly loss enough. True we have had good erowds here, but we cannot afford to lose our special days and Saturdays."

cannot afford to lose our special days and Saturdays."

He continued: "We are perfectly satisfied with our team, and I am of the opinion that we will beat every other team in the League if all goes well. Of course accidents may happen, but if our team keeps playing on its injerits we will be the winners."

#### HAD LOTS OF FUN.

A Greased Ball Alleged to Have Been Intro-CLEVELAND, O., May 23.-There were many features in to-day's Cleveland-Boston game The day was cold, but a large crowd was present. First, Clarkson was in very bad form. He was wild, and filled the bases by giving the Cleveland batters lots of bases on balls. He next distinguished himself by forcing a run in. He was clearly out of con-

Secondly, a greased ball found its way into the diamond and Gruber could not do any thing with it. When it left his hand it went up in the air like a toy balloon. Umpire Powers declined to take it out of the game and a juwing match followed. In due course of time the ball found its way to Doyla on third base and he threw it into remote right field, where Vian, who was not in the game, fired it over the fence. Powers thereat fined bods.

bred it over the fence. Powers thereat fined Doyle.

Thire, Nash talked load and cut a monkey shine or two and Powers fined him. Nash secured to like that sort of thing and kept on. Then Powers ordered him off the field. More smiles by Nash. Powers called a policeman and the latter being so deliberate in his movements, Powers cooled off and Nash then, amid the merriment of all, went to but and a moment later went out on a fly. All in all it was an unique exhibition. Score.

#### AN INTERESTING CONTEST

Two Nines at Homestead Have Quite an Ex-

A very interesting game of baseball be-tween the workers at the rolls and shears in the plate mill of Carnegie, Phipps & Co.,

came off at Homestead yesterday, and after a very hard tussie resulted in a victory for the Shears.

Much rivalry has existed all season be-tween these two teams, and this, their first game, was of considerable importance.

About 200 spectators testified by their presence that there was for Homestead still a place in the ball loving public. The score at the end of the game was 16 to 12 in favor of the Shears' team, and much interest will be developed in the return game on Saturday next, Considerable talent was shown by Messrs. Brown, Slee, O'Donnell, Gasches and Beñaett. That these people will be heard of later is putting it mild. A game for \$100 a side is seriously talked about.

THE LEAGUE BACE. latters Continue to Be Quite Interesti

Among the Eight Teams. The contest for the National League pennant continues to be of a very interesting kind. During the week just ended the Western teams have done well, and as a result the three leaders are all of the West. The Pittsburg team is rapidly getting down to its form, and the Clevelands have won a few remarkable victories. The Chicago team continues to play a steady game. The Eastern teams are all somewhat out of condition. Following is the standing of the clubs up to date:

What's in the Wind?

CINCINNATI, May 23 .- There is much specu lation over the call of President Kramer for a special meeting of the Association here next week. There was a story on the street that Indianapolis parties had made direct overtures for the transfer of the club to that city. This was denied. Mayor Mosby once more says Sanday ball must stop, and Chief of Police Deltsch says the Athletics and "Kel's" men are booked for patrol wagon rides if they attempt to play next Sabbath. The Association people are very angry and may defy the police to do their worst. All that President Kramer will say is that several matters of importance are to be discussed and that Reilly is to be blacklisted with Knanss and Baldwin. Cincinnati has done poorly, save on Sunday at Pendleton, and it is to face that crisis, doubtless, that the extraordinary session is to be held. lation over the call of President Kramer for

#### Baseball Notes. WE will have the Bostons with us to-morrow. WHAT a pity. Two victories spoiled by rain.

RAIN stopped the Wellsburg and Wheeling ball game yesterday. SOME clubs have offered Staley \$1,000 more than e is getting here. THE question is, who threw that greased ball into the Cleveland game?

It is rumored that Harry Staley will not be re-leased. Harry is a great pitcher. It probably would be much better if Powers waretired from the baseball business. A VERY decided halt was called on the triumphant march of Captain Anson yesterday. THE New York papers state that Bierbauer is playing great ball, Of course he is.

THE Boston papers seem to be hard losers. After the Association team had won ten straight games the St. Louis Browns came along and defeated the Reds two games in succession, whereupon the "Hub" papers set up a fearful wall and called the "champions under Arthur Irwin" down in a most forelibe manner. This must be encouraging to Prince's min.

Local Tennis Players Making Efforts to Have a League Formed.

SOME ADVANTAGES OF THE SCHEME Lady Players Also Intend to Try and Capt-

ure the Prominent Prizes. GENERAL SPORTING NEWS OF THE DAY

During the past week there has been a movement on foot to make the Western Pennsylvania Association, of the United States Lawn Tennis Association, a big feature in lawn tennis, and a strong effort will be made to get all the tennis clubs, who have 20 or more members, to join this association; the fees will be only nominal, something like \$2 a year for each club, and the advantages of becoming a member of this association will be innumer able. A number of clubs, in addition to the five who form the associa-

tion at present, have expressed their willingness to become members, and a meeting will be held very shortly to act upon their applications. It is the desire of the promoters of this scheme to have all the tennis clubs within the radius of 60 failes from Pittshuss in the State of Pennsylvania. from Pittsburg, in the State of Pennsylvania, who have a membership as above stated, to send in their application for membership, stating the number of members in their organization, giving the names of their officers, the number of courts and how long the club has been in existence, addressed to Secretary (Western Beauticapie to State Courts). retary "Western Pennsylvania Association," care of Mr. A. G. Pratt, Wood street, Pitts-

care of Mr. A. G. Pratt, Wood street, Pittsburg, Pa. It is not necessary to have the secretary's name, and this address will answer the purpose.

The advantages of the organization of this kind are great. The principal idea in forming such an association is—first, to promote the beautiful and healthful game of lawn tennis, which was known in "ye good old times" as the game of kings and the king of games; second, to enable all members of the different clubs who are members of this association to compete in all lawn tennis topmaments of the United States which are governed by the National Association playing rules, and members of the association can compete in such open tournaments as those held at Newport, Narragansett, etc., and thus competition for the "all comers" prize at Newport will be within their reach. So, ifany of these local clubs develop a phenomenon, he will have a wide field to test his ability.

The third and last reason for forming this

So, if any of these local clubs develop a phenomenon, he will have a wide field to test his ability.

The third and last reason for forming this association is the best, namely: to enable all the lawn tennis players of Western Pennsylvanfa to form each other sacquaintance and to meet each other socially, as well as on the field; also to enable the secretaries of the different clubs to arrange tournaments, which will not conflict, and they can also arrange to have each club represented at their various big tournaments. The officers of the association will consist of a president, vice president, secretary and treasurer combined and a bourd of directors, consisting of one representative from each club. A meeting will be held the second week in June to act on applications received by the secretary.

The lady members of the East End Gymnasium grounds have become very enthusiastic over their tennis prospects, and intend to play almost every afternoon, commencing the first week in June. They have some very good players in 'Missea Nellie Vought, Edith Ramsey, Madge Gossett, Marie Hughes, Nellie Dauler and a number of other promising Misses. They intend to send representatives to compete in the ladies' doubles and singles at the Pittsburg Tennis Club, and they will probably carry off some of the honors.

Tennis Notes. THERE hasn't been any bad cases of "tenni-rm" reported this season.

CAMPBELL, who won the single championship at Newport last year, did not begin to play tennis until five years ago. BLAIRSVILLE has fallen into line with a club of members. Now let us hear from Indians. JEANNETTE also announces that they expect to be in it with two clubs; nothing like enterprise in that town.

It is reported that Mr. S. W. B. Moorhead, the local champion, may not be able to play tennis this year. He strained a tendon very badly in a base-ball game at Yale the other day. MESSES. ADAMS AND MILLER, of Bewickley, played a friendly game at Pittsburg courts on Tuesday night with Barr and Gale, the former winning threet straight sets, 6-2, 6-4 and 6-3.

All the races were well contested, but the feature of the day on which universal interest was focused was the Latonia Derby, the fourth race. Kingman came to Latonia covered with laurels, and although he was a prime favorite last night, there was doubt to-day whether he would hold up on a heavy track. That was dispelled by the race. In the start Georgetown led, with Dickerson second, all the way through the first nille. Meanwhile Kingman was last in the start, fifth at the turn, third at the judges' stand, last on entering the back stretch but at the end of the mile he took third place, held it till the home turn when he walked to front and won easily by a length, with Dickerson second and Poet Scout third, amid exultant shouts and cheers from the great mass, of excited spectators. Kingman is owned by Stone and Allen, who paid \$20 for him at a sale at Chicago. The Judges were Messrs, J. F. Robinson, Ed. C, Hopper and L. P. Tariton: the timers, Messrs. George Cadwalter and B. FIELD DAY IN ALLEGHENY. Great Preparations Being Made by Athletes of the Sister City.

That the local amateur athletes intend to make a great season is certain and no further proof of it is needed than the extensive arproof of it is needed than the extensive arrangements that are being made for the great field day on June 6 at Exposition Park. The Allegheny Athletic Association has not been very long in existence, but the directors of that organization are fully determined that it shall be heard tell of this

year.

The first big venture of the Association will be on June 6, when one of the best programmes ever submitted to the sport-loving public of Pittsburg will be gone through; of course, weather permitting. The medals to be offered as prizes are as good as any that have ever been offered in the country and that means that there will be nothing of the "tin" character about them. The directors have been exceedingly particular on this have been exceedingly particular on this point and they will profit by it in the long

The entries have not closed yet but it is known that many of the best amateur per-formers in the country will be here. The famous Athletic Club at Detroit will send a team of its best men and there are some good ones there, Champion Owen being a member of that club. The Detroit contingent in themselves should be a great source of attraction. The Cleveland club will of attraction. The Cleveland club will also be well represented and about a dozen competitors from the East End organization will be on hand. Sewickley will also send some competitors. There will also be performers from the Meadville and Washington and Jefferson Colleges. Of course, the local athletes will be on hand in strong numbers, and altogether a large number of very interesting contests will be the result.

The contests will be under the rules of the A. A. U., as the local organization is a member of that body. This fact willndd prestige to the affair and will give a guarentee that everything will be conducted on purely amateur principles. It is expected that the park will be in good condition for the occasion and if it is the starters will be very numerous.

sion and if it is the starters will be very numerous.

Referring to the field day yesterday Mr. O. D. Thompson, one of the association officials, said: "We are certainly doing everything we can possibly do to make our affair a great success. There will be some great performers here and we are offering the best kind of inducements to get them here. If everything goes off all right we will have one of the biggest field days ever held in Pennsylvania in the fall: We are sparing no expense in this instance and I am certain that we will be successful."

On Saturday next there will be a ball game at the park between, two amateur teams. The game will take place in the afternoon,

#### WHAT THE TALENT THINK.

ome Interesting Opinions Regarding the Recent Jackson and Corbett Battle. In an interesting article on the Jackson-Corbett fight the New York World gives the pinions of the following sporting men: Dick Roche—Corbett is undoubtedly great man. I fancied Jackson, but he has

gone back in the past two years. I think, however, that Slavin could whip either of Mike Donovan-It was a big victory for Jimmy. If his hands had not given out he would have won sure.
"Honest John" Kelly—I liked Jackson, but I'll have a bet on the other fellow if they

but I'll have a bet on the other fellow if they ever meet again.

Frank Stevenson—I am satisfied that Kilrain will beat either Corbett or Jackson handily. He will whip Slavin, and the rest will be easy for him. I tell you Jake was handicapped at Richburg or he would have beaten Sullivan. Wait and see, now.

Billy Edwards—Jackson was my choice, but I expected a long fight. The black is not the man he was. Too much champagne doesn't do an athlete any good. They are both game 'uns.

Tom McCormick—Corbett will whip Jackson in ten rounds if they ever come together again. Jackson is out of it altogether.

Jack Nail—It was too bad that Peter's shoulder went back on him. He would have won but for that.

"Polo Jim"—Peter will. whip Corbett in 15 rounds next time. I liked Corbett because I didn't believe Jackson could get into condition.

Pat Sheedy—Slavin will have an easy time

Pat Sheedy—Slavin will have an easy time Pat Sheedy—Slavin will have an easy time with either of them. Fancy John L. against Jackson or Corbett. Why if he was fit it wouldn't last four rounds.

Dominick McCaffrey—The result proves that neither of them is a hard hitter.

Edward Mallahan—Corbett is a wonder, indeed, but if Jackson will take care of himself for a year he will have little trouble in defeating him. Look out for this man Slavin.

Richard K. Fox—It was certainly a re-markable exhibition of science and game-ness. They are both great boxers. Jack Cusack—Sullivan would have a walk-over with either of them. Corbett should have won. This fight lets Jackson out. He's a book number now. a back number now.
Gus \Tuthill—I had some money on the black, but Corbett showed himself to be a

### ARE WORKING HARD.

The Yale Crew in Active Training for the Big Race.

New Haven, May 23 .- Amid all the excite ment of to-day's baseball game with Prince-ton, Bob Cook turned up in-town this morn-ing and had the crew out for two hours' practice before dinner. Again this after-noon he had the crew on the water, and one change was noticeable. Miles, the football player, was in the bow of the boat, instead

Although the water was unfavorable, the crew were sent over the harbor course on time. Four miles were rowed, then two, and then one mile on a spurt. The time, so it is announced, was very satisfactory, especially on the mile spurt, which is said to have been the fastest ever rowed by a Yale crew on the harbor. It is noticeable that the crew are putting in extra work daily.

According to the present programme there will be nine college crews on the Thames river this seasoy. The races so far announced are as follows: Columbia and Cornell freshmen, June 19 or 23; Harvard, Yale and Columbia freshmen, June 23 or 24; Cornell, Columbia and University of Pennsylvania, university crews, June 25; Yale and Harvard, university, June 26. The Yale-Harvard race will be rowed either at II a. M.

#### PRIDDY AND DARRIN. Both Men in Good Condition for Their Race Next Saturday.

On Saturday next the great three-mile foot on saturday next the great three-mile foot race between Peter Priddy, of Chartiers, and Harry Darrin, of England, will take place at Exposition Park. The race will be run between the hours of 11 and 12 o'clock in the morning. The track could not be

secured in the afternoon on account of ar-rangements having already been made for two ball games there.

But two such peds as Priddy and Darrin ought to attract the public in any part of the day. It is safe to say that never did two day. It is safe to say that never did two better distance runners meet in this or any other city. Both men are in active training and have been for some time past. They are both in good condition, and if the track is a good one there will be fast time made. Darrin and his trainer will arrive from New York this week and will locate near the grounds. Undoubtedly he is a great runner, and when in running costume he is a real "good looker."

Priddy was in the city yesterday and was looking "ont of sight." During a conversation he said: "I see that Darrin has been blowing off a little regarding how easy he'll beat me. He will talk differently before I'm through with him. He and his New York friends will get all their money bet as soon as they land here. I know that Darrin is a good man, and the best in England, but we can run a little ourselves here. At any rate I think I can beat him and my friends may rely on my trying to do so."

### MORE LOCAL RUMORS.

The Latest Is That Carroll and Staley Are to Go to Brooklyn.

A well defined rumor was current last evening to the effect that both Staley and Fred Carroll are to be sold to the Brooklyn club. One gentleman went as far as to say that the deal for their transfer had been completed. Of course both Mr. O'Neil and Mr. Ward denied the rumor, each declaring

that there was nothing new.

Managers Ward and Hanlon had a long conversation at the ball grounds, but neither gentleman would yield as to what was "in the wind." Ward and Staley had a long conference on the matter yesterday, and Staley submitted his terms to Ward, but the latter stated he could give no answer until Il o'clock last night. At that time Mr. Ward declared to a reporter that he knew nothing about it.

day and demanded his release, as he has re-ceived several offers from Association clubs. Staley was promised a definite answer to-morrow morning. He stated last evening that it was quite true that he had been con-ferring with Manager Ward. If there is any truth in the report that Carroll is to be released to Brooklyn there will certainly be considerable complaint by the patrons of the club. The question to be answered is: What's the matter with Car-roll?

## JACESON AND CORBETT.

What They Both Have to Say Regarding Another Battle Between Them. SAN FRANCISCO, May 23.—Jim Corbett to-day received a telegram from the New Orleans Olympic Club offering a \$12,000 purse for a fight between him and Slavin. Corbett replied that he would be in New York in two weeks and would then talk fight. He states that he will probably not engage in another contest for a year, when he will be larger and

contest for a year, when he will be larger and stronger.

Regarding another match with Corbett Peter Jackson said to-day: "I am perfectly willing to fight it out, and in fact think that is the only course open to us."

Jackson said that on leaving Australia he had promised the Sydney Gymnastic Club that as soon as Goddard put up a forfeit he (Jackson) would meet him. Jackson said he had since been informed that that club had arranged the match and he accordingly sent a letter by the last steamer affirming his willingness to keep his promise, but stating that he would not leave for Sydney until summoned by cable. He said his letter should reach Sydney to morrow. He would allow ten days for a reply, and if none was received he would agree to another match with Coybett three months from date. He further states that should Goddard hold him to a match and he (Jackson) won, he would make no other engagement, but return here and give Corbett the first match.

#### A GREAT STRUGGLE.

Yalo Defeats Princeton in the Hardest

Game They Have Ever Had. NEW HAVEN, CONN., May 23.—The Yale-New HAVES, COSS., May 23.—The Tall-Princeton championship baseball game here to-day was one of the hardest fought strug-gles for supremacy that the two teams have ever had. When defeat seemed inevitable for Yale the Princeton men became rattled, and what should have been a score of one to nothing in favor of Princeton was quickly to nothing in favor of Princeton was quickly transformed into a score of 4 to 1 favor of Yale. For seven innings the Princetons had the best of the game. Then in one inning the erratic playing of two men cost Princeton the game. In the second inning Young made a two-bagger with two men out and scored on an error by Yale. In the eighth inning King in trying to put a Yale third baseman out at first threw the ball into the crowd and the game was tied. After that the Princeton men became demoralized. Score:

#### IT WON'T BE COPIED.

Referee Brewster's Decision Will Not Be Taken as a Precedent.

CHICAGO, May 21.-There need be no fear of Referee Brewster's decision in the Myer-Bowen fight establishing a dangerous precedent, as no well-guided athletic association or well-informed stakeholder will dare to follow it. Mr. Brewster's judgment is the worst case of not-guilty-but-don't-do-it-again in the records of the ring. It is impossible to conceive a combination of circumstances that would compel a referent of decide a conthat would compel a referee to decide a conthat would compel a referee to decide a con-test a draw on fouls. The reports that have been sent out from New Orleans have Myer committing all the fouls. It may be possible that something that would reflect upon the fairness of Bowen's fighting has been held back.

fairness of Bowen's fighting has been held back.

If the contest had degenerated into a rough-and-tumble "scrap," then the referee should have stopped it and called it no fight. If Myer lost his head in the engagement this was the first time that misfortune has overtaken him since he first donned gloves. His friends in this section of the country expected him to win in a walk. The possibility that he might be jobbed out of it never entered their minds, as they had every confidence in the squareness of the Olympic Club. There is something weirdly unusual about the whole business.

### AMONG THE SPRINTERS.

Races to Be Run Shortly. Interest in sprinting is reviving in and about the city, and there are several matches

on the tapis. The second deposit in two of these was due at this office last evening, and these was due at this office last evening, and all parties concerned were on hand.

The backers of Joseph Priddy and Grant White made good their second deposit of \$100 a side. These two men run on June 13, and both are in active training. The race promises to be a good one.

The second deposit for the race between Lohman and Kramer, who run 100 yards at Recreation Park on June 20, was also put up. Each party put up \$75. These two men are also training hard.

Another Water Polo Match.

Yesterday evening Manager Fred Goodwyn, of the Natatorium, was notified by Captain Reilly, of the Pittsburg Baseball club water polo players, that it was his inten-tion to challenge a team of the Boston ball tion to challenge a team of the Boston ball tossers to a game of water polo, providing the pool at the Natatorium could be obtained for Wednesday evening next and the Boston players were, Barkis-like, "willin!" The players from the Hub are, so report has it, very fine swimmers and understand the game thoroughly. If such be the case there is little doubt but that the contest will prove most exciting. The Pittsburgers are naturally somewhat elated over their victory last Thursday evening; whether they will be able to duplicate it remains to be seen.

### Ohio's New Dog Law.

Owners of dogs, and they are legion, will be interested in the provisions of a law passed by the recent Ohio Assembly. It is intended to protect owners of valuable canines, who may, if they desire, list for taxcanines, who may, if they desire, list for taxation a dog at not less than \$100, and in case
the animal is killed or stolen, suit may be
brought to recover, the value to be fixed by
the assessor's returns. The present dog law
is also amended by this act, and in the future
all dogs not listed or paying the \$1 per capita
tax may be killed, and the owner is without
remedy.

Will Shoot for the Medal.

The annual contest for the medal of the Keystone Sportsmen's Association will take place at Manor station on Decoration Day. place at Manor station on Decoration Day. The contest promises to be a spirited one, and the winner will have to run the score up higher than that of any previous match. Another match will take place the same day at Manor under the auspices of the Manor Gun Club and the Keystone Sportmens' Association, at which a number of prizes are offered. The contest is open to all riflemen upon paying an entrance fee of \$1.

CATARRH IN CHILDREN. Children are as subject to catarrh as odults, and much of the trouble referred to other disenses, such as habitual headache, cough, worms, colle, etc., is caused by this disease. They become weak and puny, and look like little dried-up old men and women, when they should be sleek and fat and rosy. Children who have become weak and puny soon take on new life and growth under the combined local and internal treatment as practiced by Dr. Byers.

A case in point is Master Willie Hannam, aged 7, whose parents live on Stanwix st., Mt. Washington. When first brought to the office of Dr. Byers he suffered with continual headaches, coughed all the time, was always hawking and spitting to clear his throat, had pains in the chest, both ears troubled him a great deal and he frequently had spells of sickness at the stomach, etc., etc. His mother said "he just laid around all the time and didn't feel like playing." Dr. Byers directed his treatment to the nose, throat and cars, and gave him medicine internally for his stomach, and was soon rewarded by noticing an entire disappearance of all the annoying symptoms—the little fellow has now all the vim peculiar to children of his age, is feeling well and growing rapidly.
