People flocked to the place. One of the drillers ascended a tree and threw a torch into the air, when a tremendous explosion followed. The well now lights up brightly the entire countryside. #### TROUBLE IN THE FIRM.

Gawthrop Company to Be Insolvent— Mr. Gawthrop Denies All the Allegations--Yesterday in the Courts.

A bill in equity was filed yesterday by the Thomson-Houston Electric Company against the Hughes & Gawthrop Company—Paul H. Hacke, E. B. Gawthrop, C. C. Hughes, J. B. George, Ernest Gawthrop and E. F. Austin, & Co. The defendant company, it is stated, was organized with a capital stock of \$25,000. Its assets amount to \$48,000 and its liabilities are \$78,000. The plaintiffs are creditors to the extent of \$35,000, of which the Light Company holds \$25,000 and the Electric Company \$15,000. The defendants, they allege, are unable to pay the indebtedness, and intend to confess judgment to Paul H. Hacke, the President of the company, or someone in his interest, for \$21,000.

A meeting of the stockholders has been called for this purpose on next Thursday. The intention is to give preference to Hacke over other creditors, which would be unjust. An injunction is asked for to restrain them from selling or assigning their property or confessing any judgment, and to have a receiver appointed to take charge of the affairs.

Mr. Gawthrop said last evening that it was A bill in equity was filed yesterday by the

building it.
In the rear of the lot the defendant has a stable and the stairs leading to the coach-man's apartments are on Dr. Sutton's side of the line. Dr. Sutton declares that his property is being trespassed upon thereby and the steps and front porch are nuisance and an injury to his property. He asks for decree to compel their removal and to hav his front restored to its original condition.

#### APPEAL TO THE SUPREME COURT.

Arguments of the Counsel for the Hun

The paper book for the Supreme Court in the case of George Rusnok, Michael Sabol and Andrew Todt, the Hungarians who are under sentence of death for the murder of Michael Quinn during the Braddock riot, has been completed. The main point raised by the attorneys for the prisoners is that there should have been more than one judge on should have been more than one judge on the bench during the trial. They claim that the act of 1875 provides for at least two judges to sit on the bench during a homicide case, while in this instance Judge Stowe alone presided.

Another objection is that two of the jurors before whom the case was tried were on the jury that had previously convicted the prisoners of riot.
