Little Boy's Suffering From Ecze Worse Under 3 Doctors. Cured

Por one year my little boy was troubled with ecrema. After trying three eminent physicians, the disease grew worse; both cheeks became a raw sore. Then spots began to break out on his body; and I am of an opinion that if I had not tried CUTICUTA REMEDIES, my boy would to-day have been covered from head to foot with the terrible disease. After using the remedy for two months, he was entirely cored, and is now as fair as any boy. I send you this testimonial, in hopes some poor afflicted one may see this cure and optain CUTICUTA REMEDITES at once.

Shelter Island Heights, N. Y.

Skin Disease for Years I have read a good deal about the CUTICURA
REMEDIES, but I did not take any stock in them
until I saw it with my own eyes. My sister had
skin disease for a large number of years. It broke
out all over her body and face. Doctors did her no
good. Tried everything. Used one set of CUTICURAS. It has all disappeared. You can take this
ior a testimonial. MISS MARY MCCARTHY.

THE VERONA WELL PRACTICALLY DRY

There were a number of wells reported on top of the sand last night at Wildwood, Mc-Curdy and Moon. With good luck they will reach the pay to-day, and a big increase of production is expected.

McCurdy Territory.

In the Moon Territory.

Moos—The Kanawha Oli Company's No. 2, on the Mecks, will be in the last of this week or the first of next. Their No. 1, on the Hood, has been cased. They are building the rig for their Hood No. 2. Their No. 3, Mecks, is down 200 feet, Mecks No. 4 is ready ing the rig for their Hood No. 2. Their No. 3, Meeks, is down 200 feet, Meeks No. 4 is ready to drill, and the rig is going up for their Meeks No. 5. They are drilling their George Springer No. 3 and are starting the rig for their Onstott No. 2 Bradley & Murphy's well on the P. A. Stevenson farm is about due. Their No. 1 on the William Springer farm, which reached the pay late Monday night, is showing for a 30 or 46 barrel well. It will be drilled deeper, and may be good for 75 barrels. It is located in the extreme south-western part of the field, and is about eight miles from the river on the line of development. The Forest City Oil Company is taking down the rig of its No. 2 Gordon, and will locate it further to the North. The well of the same company on the Rouzer is down 500 feet. The Hervey Oil Company is ready to drill in McCutcheon No. 4 in the southwestern corner of the farm. Their McCutcheon No. 3 is nearing the top of the sand. They have commenced a well in the center of the same farm, and their well on the Gross farm is on top of the sand. Boggs & Mechlin's well on the William Springer farm is due to reach the pay this week. Albert Ferguson's well, on his own farm, will be in the first of next week. Broden & Co. are rendy to commence spudding at their No. 2, on the Stevenson heirs' farm. Forst & Greenlee's well, on the Hamburger, is expected to get the sand this week. It is located farther to the north than any other well in the field. The Orion Oil Company is building a rig on the Harper heirs' farm. It is the farthest to the southwest. The Orion is also putting up a rig on the John Springer farm. The Bridgewater Gas Company has commenced to drill their No. 1 on the McFadden farm will be in next week. His No. 2 on the Parry heirs is 400 feet deep, and the rig ts up for the No. 3 on the same farm.

Wildweed and Vicinity.

Wildwood and Vicinity. Wilnwoop-The South Farm Oil Company's No. Il should reach the sand Friday. Their No. 10 got the second pay yesterday and is doing eight barrels an hour. The No. 2 well of Waterhouse & Co. on the Whitesell will of Waterhouse & Co. on the Whitesell will get the sand early next week. Their No. 1 is doing 330 barrels a day. Bowman & Co.'s No. 2 is doing 330 barrels a day. Their No. 3 is down 700 feet and their No. 4 is down 300 feet. Waterhouse & Co. are down 1,000 feet on the Hardy, and Waterhouse & Black on the Bubb are down 600 feet. Griffith & Co.'s No. 4 on the Whitesell is 1,400 feet, their No. 15 is down 1,300 feet, and their No. 16 down 1,000 feet. Kennedy & Co.'s No. 4 on the P. & W. lot is down 1,300 feet, and their No. 16 down 1,000 feet. Kennedy & Co.'s No. 4 on the P. & W. lot is down 1,300 feet. The Diebert gasser on the Scott lot has been drilled to the third sand and their pressure greatly increased. Griffith and the Forest Oil Company have moved the rig of the No. 4 Heir, which was dry, to a location for their No. 6. Spang & Chalfant are moving their No. 1 on the Clay to De Haven, where they have 500 acres of land leased and will drill a test well. Evans & Manks. The Metropolitan Oil Company's No. 2 on the Kohlbar farm, is six feet in the sand and showing light. The Roth Oil Company's Smith farm well, in the southeast, is due to reach the sand this morning. Forst & Greenlee have made a location 400 feet south of their Harlett No. 1. They are also reported to have made a location on the Lindon next to the W. W. McIntyre. get the sand early next week. Their No. 1

A Dry Hole at McCurdy. McCunty-The Bear Creek Refining Company's well on the Rutledge farm was reported dry last night. The Orion Oil Com Black & Co.'s well on the Andrews farm, in the extreme northwest, is through the Hundred Foot. No oil or gas has been struck so far. Hewitt, Bott & Co.'s well on the McCowan farm, in the southernend of the field, is down 1,000 feet.

The Fisher & Young well, on the McClosky, is 15 feet in the Gordon sand and no oil.

Now is the time. Now is the time.

The McDonald Field. McDonald-There are 16 new wells being drilled in this field at present. The deepest is the Royal Gas Company's No. 3 on the Kay farm. It is located close to the Panhandle at the Jumbo Coal Works. The report that a 300 barrel well had been struck at McDonald was without foundation.

The Day Well Again.

Washington-The well of the People's Heat and Light Company, on the Day farm, five miles southwest of Washincton, is at the bottom of the Gantz sand. It is making about 15 barrels a day.

The Verona Wildest. Verona-The Equitable Gas Company's well on the McGregor farm, 2% miles east of this place, is through the fifth sand and dry. It is 2,511 feet deep, and will be drilled
