J. W. GIBBONS' WILL

It Makes His Niece Executrix and Gives Her Half the Estate.

PLAIN AND QUIET BURIAL ASKED.

The Bequest Was in a Letter Written Two Days Before His Death.

YESTERDAY IN THE COUNTY COURTS

The will of the late James W. Gibbons, the real estate agent of the firm of Pennock & Gibbons, was filed yesterday for probate. The will is in the shape of a letter written to Mr. Gibbons' niece, and was dated last Sat-urday. Mr. Gibbons died on Monday. It

OBJECT TO EXTRA TAX. Nineteen Brewers Appeal From the Sta Mercantile Tax Assessment

Nineteen appeals from the appraise of Mercantile Appraiser Herriot were filed yesterday by the brewers of the county. The brewers first appealed to the Appraiser from the assessment of a State mercantile tax, holding that the payment of a license fee was sufficient and covered all taxes due the

State,

The same question was raised last year and Judge Ewing practically ended the question in favor of the brewers, though their appeals were dismissed because they had not been properly made. This year the appeals were taken in the manner pointed out by the Court.

In the suit of James H. Carlin against Patton township, an action for damages for in-juries caused by his horse and wagon going over sa embankment, a verdict was given yearerday for \$450.

PATRICK GREEN yesterday entered suit against the city of Allegheny for \$1,000 dam-ages. Green is a puddler at Oliver's mill, in Woods Run. On May 4, while on his way to work, he fell into a rut on California avenue and was severely injured.

Five suits for \$1,000 each were entered yesterday against Joseph Nixon. The cases were brought by the Crescent Coal Company, Joel Kerr, William Sipe, Joseph Wal-ton & Co., and Posey, Kitchell & Co. They are all actions on accounts to recover for work performed, machinery loaned, etc.

APPETITE is generally restored to deli-eate children by the use—in tonic dose—of Dr. D. Jayne's Tonic Vermifuge; and not only an appetite, but strength and vigor as well. While essentially a strengthener, it is also an excellent vermifuge; and if these pests of childhood are present, there is no better, safer or cheaper remedy. Sold by all druggists.

It Is No Trouble,

It is no trouble to have the finest music now if one has an Zolian in the home; and that, too, without trouble of learning music, for it is not necessary to know a note of nusic to play with the greatest effect, all kinds of music, classical and popular, over-tures, sinfonies, waltzes, etc., etc. We cor-dially invite all persons to call at our ware-rooms and hear this wonderful instrument. LIGHT FIELD REPORTS

ONLY ONE OF THE MANY WELLS NOW DUE IS DRILLED IN.

The Allston No. 2 at Wildwood Starts Off at Forty Barrels—Still Wells Revived With Large Doses of Nitro-Glycerine—The Me-Curdy and Moon Fields.

Curdy and Moon Fields.

The field developments yesterday were lighter and of less consequence than they have been at any time during the month. There are wells in all of the Allegheny pools so close to the pay that some of them were expected to come in yesterday. The only large one was Forst & Greenlee's Alston No. 2, at Wildwood, which started off at 40 barrels an hour and last evening had settled down to 30 an hour. evening had settled down to 30 an hour. Before the week closes the final results from nearly a dozen wells in the county now drilling near the sand should be known.

Coraopolis Wells.

Coraopolis Wells.

Coraopolis—Black & Emerson's No. 4, on the Riter, is down 150 feet. The rig for Mellon's Chess farm well No. 6 is about Comthe Riter, is down 150 feet. The rig for Mellon's Chess farm well No. 6 is about completed-and will be drilling next week. His Cassiday No. 6 is due to reach the pay to-day, and his Kerr No. 8 should be in this week. Galley Bros.' No. 1, on the Mark Watson, is down 1,450 feet and should get the sand Friday morning. It is 700 feet east of the Coraopolis Oil Company's No. 1, on the F. Watson, and is the farthest east of any well on the river bank. They passed through 185 feet of Hundred Foot sand, in which there was a good showing of oil. Galley Bros. have located a well on the Cooper farm, about half a mile due south of Coraopolis. It is also an eastern edge well. The Forest Oil Company has had to pull the casing and ream down in its Hogbar well, on account of trouble with water. The Coraopolis Oil Company's well, on the John Watson, is good for 40 barrels. The daily runs from the Coraopolis and Moon fields are about 1,700 harrels, of which the former furnishes 1,300. Teamsters about Coraopolis are indignant over the passage of an ordinance by the Council to tax single teams \$8 a year, double teams \$12 a year and 50 cents for each load which non-resident teamsters take out of the village. They have fixed the fine for the non-payment of the 50 cents at \$6. The teamsters who haul oil well supplies have combined to fight the ordinance and will test its legality in the courts.

In the Old Pool.

Wildwood—The Keifer well, on the Price farm, was shot Tuesday night, but failed to make a producer. It has been drilled through make a producer. It has been drilled through the sand. The Metropolitan Oil Company's No. 1 has been shot and its production increased to 25 barrels an hour. Their No. 2 on the same farm, is two bits in the sand and flowing 5 barrels an hour. Barnsdall & Gillespie's No. II, on the Kress, which had stopped flowing, was shot yesterday morning, and its production increased to 500 barrels a day. Patterson & Co.'s well, on the Espy, in the western edge of the field, will be due to-day or to-morrow. The Sunith Parm Oil Company's No. Il is in the sand with a strong flow of gas. It will be drilled to the pay to-day.

New Work at McCurdy.

New Work at McCurdy.

McCunny—Forest & Co.haves rig about completed on the Miller farm, about 1½ miles in advance of the Forest Oil Company's Wright farm well in the southwest. Drilling will be commenced early next week. The Forest Oil Company has conmenced operations again at the Wright farm well and will drill it deeper. They are now in the fifth sand. It is spraying five or six barrels of oil a day. The Orion Oil Company's well on the Bell farm, in the northwest, did not find the pay yesterday as expected. The tools have been gotten out of Black & Co.'s well on the Andrews farm, and it will be pushed to the sand as rapidly as possible. The McCluskey well is still holding up its record as a first-class gasser.

The Moon Operations.

Moon-The Hervey Oil Company's No. 3, McCutcheon was expected to get the pay yesterday, but at a late hour no report had been received from it. Their Gross farm well, and Bogg & McClelins well on the William Springer are due.

In Washington County. Washington-Drilling will be commenced carly next week on the John G. Clark well early next week on the John G. Clark well adjoining the Day farm. In the Taylorstown district the A. B. Caldwell Nos. 8 and 9 are in and both good wells. No. 8 is estimated at 190 barrels and No. 9 at 65 barrels. In the Florence field the Forest Oil Company's W. S. Armour No. 5 is dry; their Abe Bailey is good for 35 barrels a day; their T. & G. Burns No. 4 is good for 15 barrels; the George Stroud is doing 25 barrels. The Lawrence Gas Company's No. 1 William Jackson is dry.

Personal.
