Surely the times are out of joint. The labor troubles are affecting business, and the weather, society circles. It is no longer considered stupid to converse about the weather, for really it is so startlingly original and eccentric that it outweighs any other subject. It has been responsible for so many changed plans that to ignore it in conversation is impossible. It, together with labor agitation, bank failures, "honest" bank cashiers and city officials, has succeeded in turning affairs quite topsy-turvy. ceeded in turning affairs quite topsy-turvy. Instead of basking in the warm rays of old Sol and the warmer smiles of congenial companions at the sca-shore, as Pittsburgers are wont to at this season of the year, or roaming about in the mountains, or enjoying the lakes, they are, with few exceptions, weating camelshair inderwear, winter clothes and top coats in the gas-heated atmosphere of their own homes. It is true that some have defied the chilliness and invited neuralgia and rheumatism by taking posses-sion of the lakeside cottages and encounter-ing the waves in a hand to hand struggle for supremacy at the senside, but the majority are staying at home and wearing out their old clothes—the latter, much to the disgust of the modists and tailors, who complain bitterly of their duil business. The chapel was beautitully decorated with cut flowers and tropical plants and the young ladies appeared is the most fascinating gowns. Their numbers on the programme were of a bewitching order, and the gentlemen had a difficult task when they endeavored to equal or excel the good impression made by the fair ones. However, the rivalry was a good-natured one, and thoroughly enjoyed by both the participants in the exercises and the listeners. A large number of Pittsburgers attended the performances, and are loud in their praises of the society and the talent of which it is composed. Among the pleasing numbers on the programme was an original poem, "The Knight of the Golden Shield," read by Miss Carrie Wetherell, the bright and clever young newspaper writer of this city; a recitation, "The Story of Some Bells," by Letitia Callers: a whistling solo, "Magnetic Waltz," by William H. PITTSBURG, DISPATCH, SUNDAY, MAY 81, 1891.

.The Little Recrui en MavourneenCuriosities, etc HARRIS' THEATER. ...Closed HARRY WILLIAMS' ACADEMY. Closed The above are the theatrical attractions for this week.

The season of 1890-91 is practically at an end, although the theaters mentioned above remain open. It has been a profitable season on the whole for Pittsburg managers and the combinations that have played here, and the public has certainly had a larger share of the better attractions than ever before, thanks mainly to the sharper com-petition engendered by the opening of the Duquesne Theater. It is true that there is still room for improvement, but the coming season promises to bring a great many more of the desirable plays and play-ers to this city, seeing that the new Davis Theater is to open its doors and offer, ac-cording to its proprietor's promises, none but first-class attractions. The lists of en-gagements at the other houses, already pub-lished, justify the belief that the season of NSU-20 will be the most brilliant Plitisburg theater goers have ever seen. The interest-ing problem is whether Plitisburg can and will support all its theaters. The public has the satifaction of knowing that in the solu-tion of this problem they are certain to be benefited, as the mangers are bound to try their very hardest to retain paironage by of-foring the best attractions they can get and catering generally to the comfort, pleasure and safety of theater-goers. of the better attractions than ever before,

There do not appear to be any great number of new stars rising above the theatrical horizon, and unhappily the greatest of all, Edwin Booth, seems to have set, although a hope is harbored in some quarters that after a period of repose, America's chiefactor will consent to reappear. The death of Lawconsent to reappear. The death of Law-rence Barrett was indeed a tremendous cal-amity if it involved Booth's retirement, and anyhow the removal of such an intelligent actor and manager, gifted with so high and catholic a taste, will be felt more severely as time rolls on. The place of Mary Ander-son, whom Hymen has evidently taken for keeps, has not been filled yet, although Julia Marlowe and Miss Gale in a manner aspire to it. The latter gives great promise and is still young: and Miss Marlowe, whom Pittsburg, for some occult reason has never seen, is undoubtedly an actress of high powersand rare artistic temperament. In the legitimate drama Pittsburg will see most of the old favorites next season. There is talk of Bernhardt's coming here and E.S.Willard, the English actor who made such a deep im-pression in other cities, is booked at one of the local theaters. The Kendals are also certainties, which is good to know.

The grand opera companies will be fewer than ever, probably, and at this time Minnie Hauck's is the only one announced, unless we count upon the shadowy Mr. Locke and his Emma Juch organization, which it is said will be on deck again next season. Ben Stern told me recently that his chief, Marcus Mayer had nearly completed arrangements for Patti for an American tour, and if she comes to this country she will certainly sing in Pittsburg. Of light opera and all the vari-ties of comic opera and burlesque we shall

So great has been the success of the initial week of drama at Harry Davis' Fifth Avenue Museum that it has been determined to continue the season indefinitely. For the tinue the season indefinitely. For the present week several new members have been added to the company and the famous Irish comedy-drama of "Kathleen Mayour-neen" will be presented. It will be given four times daily, each performance lasting one hour and one-half, and in addition to be new seenery all the original music and the new scenery all the original music and other accessories a number of famous specin Pirtsburg. DeWolf Hopper with "Wang," which New York says is very funny and well suited to Hopper, Della Fox and Co.; The McCaull Company, with Digby Bell and a good cast in "The Tar and the Tartar," which was decidedly amusing and melodi-ous when I saw it on its first performance in Chicago this spring and will have doubtless improved by age; The Aronson Casino Com-pany in "Apolio," the new comic opera of which reports conflict; Agnes Huntington in "Paul Jones" and a new opera comique-these are the best of the lot promised, but by no means all. other accessories a number of famous spec-inlists will be introduced. In the curio hall Miss Eva Florence will introduce her troupe of lady pupils in rifle practice. All of the ladies are adept in rifle shooting, and a friendly contest will take place among them at target practice, the one making the best record for the entire weak to be pre-sented with a bandsome gold medal by Man-ager Davis. Miss Eva Florence herself is recognized as the champion lady fancy rifle shot of the ecountry, and will give exhibi-tions every day in all kinds of rifle shooting. This lady is open to a challenge to any lady rifle shot in the world, and would be pleased to meet all comets during her stay here. to meet all comers during her stay here. GERALDINE ULMAR has, like other favorite of the public, found that it is one thing t mean to remain away from the stage for given length of time and quite another t adhere to the resolution. She appeared : adhere to the resolution. She appeared at the Lyrie Theater, London, May 21, in her original part in "La Cigale," although it was announced on the occasion of her marriage to Ivan Caryll a few weeks ago that she would be absent from the stage for about a year. Marie Halton has been engaged for next season at the Lyric.

DOROTHY DORS, whom Pittsburgers may remember as a solemn young woman, has been remarkably successful in London. Clement Scott says in the Telegraph that Miss Clement Souts says in the Telegraph that Miss Dorr is an actress who at once ingratiates herself with the audience by her refinement and graciousness. The Daily News raves about her "sweetly modulated voice, with its suspicion of American accent;" the Era rhapsodizes over her pleasing mobility of feature, while the critic of the Referee con-fesses that Miss Dorr's "pathetic tones went through him."

THE success achieved by "The Tar and the Tartar," at Palmer's Theater, is an estab-lished fact. The receipts for the two weeks ending Saturday night exceeded those of "Clover" by a very considerable amount. The success of this latest American comic The success of this latest American comic opera as presented by Manager Askin's ex-cellent company has stirred up the inven-tiveness of the native composer and the native playwright and inspired them with new hope, this fact being evidenced by the shower of applications Mr. Askin receives daily, asking that alleged comic operas may be presented to him for a heating. He is seriously thinking of giving a series of Wednesday matinces, at which untried comic operas may be given, so that the authors may have the benefit of a full orchestra and people. A new verse is being added weekly to the most popular topical song of the sea-son, "Things Are Not as They Used to Be,"

Musta't Mind the Expenses.

That is considered quite the proper thing to do by social leaders, who, though not participating in the dizziness across the ocean, gain by observation many valuable pointers or home consumption in the future. It costs a triffe to indulge in London costs a trille to indulge in London gargetics even of the negative nature, for in order to see well the lords and ladies of British nobility one must occupy a box at the opera and drive in Hyde Park, with foot-man and other swell attributes to the equip-age; attend the regatta at Cowes; visit Brighton and do a great many very expen-sive things, but the cost must not be counted in a matter of such superior social educa-tion.

Miss Mary Boley, a clever musical artiste, living at Sewickley, gave a high class musi-cal at her beautiful home Thursday night in honor of a party of her friends from the city. A very fine musical programme was city. A very fine musical programme was rendered, and Albert I. Christy added much pleasure to the event by his reciting. Among those who were fortunate enough to be in-vited were Lillian Reddick, Frank Ammon, Heien Reddick, Carl Braun, Milton J. Hen-ricks, Prof. Vetter, Prof. Leifelt, James Dinegon, Ben Burns, A. Sende, H. Davis, Miss Lillie Miller, Olive Price, Prof. Thuma, Miss Hart, Miss A. Hamilton, Misses Sweeney, Albert I. Christy, Adam Hall, Will Salisbury and many others. A new star of another sort, from whom we may expect a visit, is Fanny Rice, who is to travel in a new farce comedy from the French called "A Jolly Surprise." in which she will sing and dance with some other slever people. Marie Wainwright, as already told in these columns, has resolved to revive with great spectacular mount-ing "Amy Robsari," and she will receive a warm welcome here, for the public will not be likely to forget for a good while how handsomely she cast and staged "Twelfith Night." Marle Wainwright is fortunate in having the brains and good taste of Julian Magnus behind her management. Rose Coghlan is preparing for a most elab-orate and important production next sea-son, having secured a new play cutiled "Dorothy's Dilemma," by Leopold Jordan. The author freely acknowledges that one of the situations in his play is from a foreign source, but every bit of dialogue and the plot are absolutely original. Miss Coghlan considers the play one of the best she has yet read, and for the next three years will play nothing cles but "Dorothy's Dilemma," which she has secured for America, England and Australia. A pleasant entertainment was that given on Friday night at Odd Fellows' Hall, under the auspices of the C. M. B. A. Finney and Mr. Bert Kirk were especially to be commended, as both are possessed of beautiful tones, and play with considerable expression and style. The entertainment given by St. Peter's Musical and Literary Society at Masonie Hall Friday evening presented a well-rendered programme to a large and apprerendered programme to a large and appre-ciative audience. Among the performers were the following: Miss Ida C. Burgy, Miss Iacock, Prof. Bechtold, Mr. George Heide-ger, Jr., W. H. Ruhl, A. Meyer and J. Lawrence. The gems of the evening were a pinno solo, Lisz's "Fantasie in Les Hugue-nots," by Miss Ida C. Burgy, and a vocal solo, "Out on the Deep," by Mr. George Heideger, Jr.

Modjeska is to appear next season in a modern American play called "The Tragic Mask." She has four new pieces for her repertoire. "The Roses of Tyburn," a German historical play, is one of them. A new version of "Marie Antoinette" will also be acted by her. Rosina Vokes will appear here next season with the same admirable com-pany and in a repertoire of the same charac-ter as in former years, and it is to be hoped that Pittsburg will give more encourage-meet to this delightful artist and her talented confreres, Felix Morris, Courtney Thorpe and the rest. They stand for the be t ele-ment of the stage, and the most refined, and at the same most entertaining type of comedy. For some reason or other they have not met with the success they deserve here, but next season, doubtless, they will get their deserts. version of "Marie Antoinette" will also be anise Carlies G. Hinning, of los warner street, Allegheny, celebrated her 19th birth-day last Wednesday evening with an infor-mal musical, at which were given selections by the hostess, Prof. Joseph H. Smith, Prof. Vetter and the Haydn Mandolin Orchestra.

Other novelties next season in the legiti-mate drama will be Thomas W. Keene in what he calls vaguely "a semi-religious his-torical play," whatever that may be, and Frederick Warde in his new play "The Lion's Frederick Warde in his new play "The Lion's Mouth," by Carleton, of which great things are promised. Louis James will star next senson, although he is to put in June with a curious aggregation at Manager Jacob Litt's house in St. Paul, in a nautical war drama called "The Ensign," and in July will appear in "The Sondan," at Chicago. One of the odd announcements in New York is that James O'Neill has bonght "Is Marriage a Fallure," the play by Archicallo and the horse and in other cities last season. It is possible that the companies of the Eighteenth Regiment may appear in white pants during the coming encampment. One step toward improving the appearance of the men was made when the leggins were purchased some time ago, and now Colonel purchases some time ago, and now Colonel Smith is aiming to give the command a dressy appearance by the introduction of white pants. White helmets have also been talked of in the organization for some time, but the general sentiment of the officers seems to be against them. A number of the officers have already purchased very hand-some white uniforms from an Eastern firm, and it is probable all will be equipped in a like manner before the camp opens. The P. C. C. C. Rapid Blue Printing.

An engineer states that while experiment-ing with blue printing processes, more particularly with the object of getting bright blue and clear white lines, he found that after the usual washing a bath of quite dilute acid, such as hydrochloric, or still better, oxalic, would often greatly increase the clearness of the prints. He also noted that a frequent cause of dirty blues was a gradual altering of the solutions even when kept separate until the moment of using and an actual reason for the same re-sult was to be found in the poor quantity of the ammonia, citrate of iron, etc., used. that after the usual washing a bath of quite
